ELECTION BOARD DEMANDS HEARING

Demand for Public Hearing Before City Council Made by Removed Board of Election Commissioners

Mayor Gives Reasons for Removal as "Gross Carelessness and Negligence" and "Certifying to Names Known Not to Be Genuine"—Sensational Return to City of J. Omer Allard—Temporary Commission Notifies Secretary of State That Petition Does Not Contain Sufficient Number of Genuine Signatures—Hearing Before Council Tonight

The removed board of election commissioners—Messrs. Hugh C. McCosker, Thomas H. Braden, J. Omer Allard and Joseph H. Maguire—today filed formal demand for a public hearing before the city council on the mayor's charges of removal.

The demand will be presented to the council tonight and it is believed that a hearing will be held immediately and action taken on reinstatement.

The mayor, in his charges filed with the city clerk, alleges "gross carelessness and negligence in certification of names" and that each member of the commission "willfully and deliberately certified certain names as being genuine signatures without having duly examined and compared said signatures with the original signatures on file."

Each member "has certified certain names as being correct, well knowing that said names were not the genuine signatures of qualified voters of the city of Lowell."

The removed board, four strong, was in the office of the city clerk filing its demand for a public hearing, the new board, composed of Messrs. Cloutier, O'Dowd, Klerman and Gault, were in the office of the election commission checking over names and signatures attached to affidavits.

Mr. Cloutier, acting as chairman, said it would be impossible to complete their work today, tomorrow or for several days.

Mayor Brown said the secretary of the commission has received a communication from the new commission, certifying there is not a sufficient number of names on the petition.

This letter was sent last night, the mayor states, and the 354 affidavits at hand were made the basis of the statement.

"The new commission felt there were enough affidavits to warrant the

removal," he explained, "for with 354 already received, the total of names certified as correct shrinks from 2223 to 2560 and 2395 are required."

This act of the de facto commission has placed in the hands of the secretary of state two certifications, one that the petition bears a sufficient number of signatures and the other, that it does not.

The mayor announced today the city law department would proceed to bring

Record-breaking Trip Home

No dash into the northland by Peary, McMillan or Gustafson ever provided more thrills than the record-breaking trip home made by Mr. Allard, secretary of the election commission, when word came to him in far-away Canada that the action of the election commission was being seriously questioned and that the board had been removed by the mayor on serious charges.

In the northern country on a vacation, Mr. Allard was 55 miles from a railroad junction. He felt his place was in Lowell in such an emergency, and he started.

In two short hours 55 miles of Canadian roads stretched behind him and he made train connections with just five minutes to spare. He traveled all night on a Boston-bound train and arrived in Lowell early today.

"I'm here and ready to fight," said the secretary. "I understand the mayor says I ran away. Well, here I am and I claim I didn't waste any minutes in getting here, either."

JUDGE GLAD HE MARRIED ORPHAN

Don't Believe Lord Ever Made a House Big Enough for Mother-in-Law to Live In

BOSTON, Oct. 6.—"I don't believe the Lord ever made a house big enough for a mother-in-law to live in," was the exclamation from the bench of the district court here by Judge Samuel P. Abbott, after he had heard husband and wife testify in an action for non-support that they had tried unsuccessfully to live with each of their mothers-in-law. "Thank the Lord, I married an orphan," the judge added. Then he continued the case.

MUDANIA CONFERENCE NOT ENDED, BUT DEADLOCKED, SAYS LONDON

Cannot Be Resumed Until British and French Governments Have Conferred Over Situation—Lord Curzon Going to Paris to See Premier Poincare

LONDON, Oct. 6.—(By the Associated Press) The Mudania conference is not ended, it was officially stated at the conclusion of the British cabinet meeting this morning, but it is deadlocked and cannot be resumed before the British and French governments have conferred over the situation.

RAISING OF MORE BEEF CATTLE FAVORED BY GRANGERS

Middlesex North Pomona Grange Holds Fall Meeting Here—Essex Pomona Grange Members Present as Invited Guests—Lively Discussion of the High Cost of Living

More than 250 men and women members of the Middlesex-North and Middlesex-Pomona granges went on record this morning in convention in Old Fellows hall, Bridge street, favoring the raising of more beef cattle on New England farms and the establishment of more slaughter houses to fight the high cost of living.

Charles Wright of Billerica and Harry C. Dawson and George B. Kittredge of Tewksbury led the debate that called for the practically unanimous approval of the grangers. Vital facts were presented by the speakers to show that the beef industry of the country is on the wane and prices for good quality meats steadily advancing.

The farmers believe the only thing that will cut down the cost of living in the meat line, so essential to the health of the people, will be the raising of more beef cattle.

ORDERS ARREST OF McNARY

Treasurer of Closed Hanover Trust Co. of Boston to Be Brought Into Court

Action Follows Charges by Allen That Jury Was Tampered With

BOSTON, Oct. 6.—The charges by Attorney General Allen that the special grand jury which had been considering indictment of officials of the Hanover Trust Co., was tampered with were followed today by the issuance of warrants for the arrest of William S. McNary, treasurer of the closed bank, and two other persons.

PUMP AND WELL POINTS Welch Bros. Co., 73 Middle St.

TODAY'S LINEUP

YANKEES: Whit. cf., Baneroff; Dugan 1b., Groh; Ruth rf., Fritch; Pipp 1b., E. Meusel; Schang ss., Kelly; Ward 2b., Cunningham; E. Scott 3b., Smith; Hoyt p.

GIANTS: Baneroff 1b., Groh; Fritch 2b., E. Meusel; Schang 3b., Kelly; Ward 4b., Cunningham; E. Scott 5b., Smith; Hoyt p.

Umpire: McCormick (N.) behind plate; Owens (A.) first base; Klem (N.) second base; Hildebrand (A.) third base.

POLO GROUNDS, NEW YORK, Oct. 6.—(By the Associated Press) Miller Huggins shuffled the deck of the Yankees pitching staff this afternoon and then led out with his third ace, Walt Hoyt, in hopes of winning a first victory in the world series from the Giants, who are already in possession of one game. Manager John McGraw looked with critical eye over the Giants' hurlers, but gave no intimation of his choice for hurling duty until game time.

McGraw and Scott both ready to start, said McGraw, "and don't forget that 'Rube' Ryan looked pretty good in there in the first game. I am perfectly satisfied with the way my team is going and our pitching has been good."

Huggins will probably follow his fixed program of starting his first star pitcher in order, unless the Giants upset his plan by knocking some hurler unexpectedly into the discard. Huggins' plan contemplates Hoyt today, Carl Mays tomorrow and Sam Jones on Sunday. Huggins, with a five day rest, will have to go for Monday.

"I'm not worrying over my pitching," said Huggins, "but over the batting slump the club is in. If we can come out of it we should win this series."

Though the crowd has been big at the games, with every seat taken, the contest have been marked by the absence of the early rush to the ball park and today was no exception. Scarcely 1000 spectators were on hand when gates to the unreserved upper stand and bleachers were opened today, and after they had been seated the early arrivals trickled in slowly.

The day was warm and clear. It was cooler than yesterday, and perfect baseball weather.

The Giants were the home folks today and were first on the field for batting practice. The Giants with few exceptions, regard Hoyt as the most troublemaker pitcher they will have to face in this series, remembering the 27 innings he faced them a year ago without giving them an earned run.

There were the usual pre-game preliminaries for the education of the crowd—a band concert, and buffoonery by Nick Altrock and Al Schuch, all of which is part and parcel of a world's series.

First Inning

Yankees: Scott took Witt's bunt and threw him out at first. Dugan hit a high fly to Fritch. Fritch tossed out Ruth at first. No runs, no hits, no errors.

Giants: Hoyt took Baneroff's bunt and beat him to the bag. Groh singled into right field. Fritch singled over second. Groh going to the middle bag. Menard lined out to Ward, who doubled Fritch at first with a quick throw to Pipp. No runs, no hits, no errors.

Second Inning

Yankees: Pipp singled sharply into right field. Menard fouled out to Kelly. Schang flied to Cunningham. Pipp stole second. Baneroff threw out Ward at first. No runs, no hits, no errors.

Preview of "Oliver Twist," An Epic of the Screen

LON CHANEY AS FAGIN, JACKIE COOGAN AS OLIVER TWIST AND GLADYS BROCKWELL AS NANCY SIKES IN THE PICTURIZATION OF THE DICKENS STORY.

NEW YORK, Oct. 4.—Would that Dickens were alive that he might see the children of his brain pass before him in the film version of "Oliver Twist!"

If ever cold creatures of type became incarnate they have in this film masterpiece.

Here is a photoplay that will go far and wide to convert the iconoclasts who throw stones at the screen as a medium of artistic expression.

Here is a photoplay destined to live forever with those who see it. Jackie Coogan becomes Oliver Twist for this generation. They are one and the same.

The whole of the production was the only accompaniment for the play as I sat in a little dark room for the first preview given of the film, but it needed no other emotional stimulation. The kick is in the film.

Dickens' memorable story is too well known to be retold here. It is too well known to be tampered with by a film director, and Frank Lloyd, who directed "Oliver Twist," realized this. He stuck to the book and thus the action of the photoplay is episode rather than cumulative.

Dickens expressed the theory in the book that the affairs of certain characters should be left in suspense while the fortunes of others were dealt with and Lloyd followed that procedure in the photoplay. It is a unique bit of directing.

I believe that Jackie Coogan will never have a greater role than he had in "Oliver Twist." That was written with the intent of giving full play to his peculiar talents.

Of course, the big part in "Oliver Twist" is Jackie's and he shows again that uncanny maturity of perception, that complete sympathy with the part.

he plays. But his part is not dwell upon to the distribution of other roles.

Fagin, Bill Sikes, Nancy, the Artful Dodger, Sowerberry, Mr. Bumble, Noah Claypole, Mrs. Corney, Toby Cratchit, Mr. Brownlow, Monks, Charley Bates, Mr. Grimwig and even Bill Sikes' dog are given opportunity to fully register their parts. They all ring so true that they appear to have popped into life from the pages of the book to parade before the camera.

The one big moment of the film comes when Oliver Twist is scrubbing the floor of Sowerberry's kitchen.

Noah Claypole asks him who his mother was. The boy's eyes fill with tears as he looks up and confesses that he does not know. Then Noah says, "I guess she was a bad un." As you watch this prodigious actor you feel that he has in fact been stabbed to the heart.

Then anger flashes and his fists clench as he rushes to attack the bully. So genuine is the acting that you feel that Jackie really lived that moment. That he took the situation as a personal one.

The big laugh comes when Jackie walks behind Sowerberry, the under-laker, a miniature of the immortal man to whom he has been apprenticed. In long trousers, cutaway coat and stove-pipe hat with crepe streaming from it, he walks solemnly along with hands plausibly folded before him, as if he were a creature as you ever saw. The comedy seems to lie in the reaction to the pathos of the situation.

MONKEY PUR

Monkey fur is effectively combined with broad silk by Paris designers. White apron for makes striking contrast for black satin gowns and coats.

SUMMARY OF EARLY MORNING A. P. NEWS

Mudania conference of allied and Turkish nationalist commanders deadlocked over evacuation of Thrace and helliose attitude of Turks and Greeks threaten success of meeting.

British cabinet hurriedly meets in late session and is disturbed by irreconcilable attitude of Turks indicated in garbled message from General Harrington.

Delegation of Greek deputies visits American charge d'affaires in Athens and asks influence of United States in keeping Turks out of Thrace.

United States government sues former Dayton Wright airplane Co., seeking to recover \$2,406,247.41 declared to have been paid fraudulently to company by government officers.

Edward Payson Weston, noted walker, reaches New York on tramp from Buffalo and at 81 says it is his last hike.

United States weather bureau declares elements are not acting right and explains that contrary winds and barometric pressure are responsible for prolonged drought over wide areas of country.

Edward Young Clarke of Atlanta, acting imperial wizard of the Ku Klux Klan, indicted by federal grand jury on charges of using mails to defraud.

At least 30 persons known to have perished in Quabbin and Ontario forest fires, thousands made homeless and property loss is millions.

American Bankers close formal session, urging more liberal policy on

problems of inter-allied debt and repatriations.

Inquiry into murders of Rev. Edward Wheeler Hall and Mrs. Eleanor R. Mills shows that woman wore gifts from rector when both were slain.

Representatives of the Constitutional Liberty league and Anti-Saloon league will debate prohibition throughout Massachusetts.

Shoe workers arrested in Haverhill charged with creating a riot. Bottles flew and one policeman was knocked out.

Men, women and children flee from forest fires in Maine.

General Pershing is guest for week-end of Henry White, former American ambassador to Great Britain at Lenox, Mass.

Plans were made last night at a preliminary meeting of a number of musicians to hold a benefit concert for the revival of the Lowell Orchestral society.

These present at the meeting, expressed the greatest interest in the proposed plan. Since the war, when many of the members went into the service, the society has been inactive. These old members feel the time is ripe now for reorganization and the first steps have been taken to bring this about. T. A. D. Sullivan was elected president and Miss Bernice Russell chosen secretary-treasurer. The society wants a number of good musicians so that the work of rehearsals can get under way in a few weeks.

WARD GETS LIFE SENTENCE

LITCHFIELD, Conn., Oct. 6.—Shirley Ward, who shot and killed Mrs. Flora C. Benedict at her home in North Kent last May, was sentenced to life imprisonment by Judge William M. Maltbie here yesterday, after he pleaded guilty to a charge of second degree murder.

SPECTACULAR GUN FIGHT ON BANKS OF RIVER

PEORIA, Ill., Oct. 6.—The bullet-riddled body of Henry Miller, river front habitue, was in a morgue here yesterday and Frank L. Boswell, railroad detective, was in a hospital with a bullet in his leg, casualties of a spectacular gun fight on the banks of the Illinois river Wednesday night.

Miller, routed by a gas bomb hurled by police into his shack, where he barricaded himself after shooting Boswell, fell amid the rattle of riot guns when he staggered into view, choking from the gas fumes but still showing fight. He was shot down as he leveled his pistol at his besiegers.

Gas bombs were used when the police failed in their attempt to route Miller by setting fire to the shack. The barricaded man succeeded in extinguishing the flames while hidden inside the rude building.

Boswell, in making his rounds, passed Miller's shack Wednesday night. The detective said yesterday that Miller fired two shots after telling Boswell to mind his own business.

Boswell ran for the shelter of a railroad car but dropped with one of Miller's bullets on his left leg.

William Reiss and McKinley Hill, neighbors of Miller, braved the fire of Miller's gun and carried Boswell to safety while railroad detectives and police rushed to the scene.

light. He was shot down as he leveled his pistol at his besiegers.

DANCER DETAINED AT ELLIS ISLAND

When Isadora Duncan, American dancer, and Serge Yesselin, whom she married abroad, reached Ellis Island, immigration officials held the pair while state department investigated the husband's citizenship. He's said to be a subject of soviet Russia.

EXHAUSTIVE NEW MAP OF NATION AND WORLD

WASHINGTON, Oct. 5.—Uncle Sam is slowly progressing on a new map of the country, to be part of a new world map, based upon a simple system proposed by American representatives in 1908, and accepted at international conferences. It will be the result of years of effort by map makers who

"Use for home health" — said our Doctor

"Dr. Green is so interested in all his patients. When Dorothy had scarlet fever, he told us how important it was to keep the bedclothes and utensils used in her room thoroughly disinfected. We washed everything in Sylpho-Nathol.

"And now, that Dot's well again," said Dr. Green as he was leaving after his last visit, "keep on using Sylpho-Nathol around the house. It's an effective sanitary measure that safeguards the family against disease."

"Doctors realize more than most people that merely keeping a house free from dust and dirt doesn't keep it free from germs. All the scrubbing and scouring in the world won't get rid of the germs that lodge and breed in floor cracks, in crevices and crannies around plumbing, in garbage cans and sink drains, in dark attic corners, in cellars and around laundry tubs—and goodness knows how many other places."

Sylpho-Nathol is pleasant to use. Its clean, friendly smell doesn't linger. Sylpho-Nathol is safe. Though 4 1/2 times stronger than carbolic acid, it is as safe to have in the house as a cake of soap. It cannot hurt the skin nor injure household things. There is nothing messy or complicated about it. A teaspoonful in a quart of warm water makes a clean-smelling, pearly-gray antiseptic solution that's ready for immediate action.

Sylpho-Nathol should be used regularly in mop water; in the scouring water for garbage cans, and as a sprinkle that keeps flies as well as odors away from such places. It should be poured down sink drains and sprinkled in the cellar. Of course, it should be used regularly around the bathroom fixtures and as a flush for the closet bowl.

Your grocer, or druggist, sells Sylpho-Nathol in four handy sizes, 15c, 35c, 65c, and \$1.25. If he hasn't it, he can get it easily. Just ask for it by the name—"Sylpho-Nathol."

have devised a system of cartography whereby the same scale of distances could be used in a world map, with lettering and symbols uniform. The American map is expected to be completed in 10 or 12 years.

Each country will map the territories and waters under its own jurisdiction, and the geological survey of the United States interior department is making the maps of this country. The globe is to be divided into 144 sections. Each section is designated by a distinctive letter and number combination, in addition to a name derived from the locality mapped. Each sheet, covering one section, will cover six degrees of longitude and four degrees of latitude. The sheets are numbered from 1 to 50, beginning at the 180th meridian of longitude, and circling the globe to the eastward; and are lettered from A to V, north and south, with the equator as a starting point. The north and south polar regions are to be shown in circular sections from the 88th parallel of latitude, and lettered Z-North and Z-South.

The main purpose of the international map, which will be drawn on the scale of one to one-millionth, is to furnish a complete world map of uniform drawing, thus obviating different scales of distances, and to enable map makers and readers of every country to understand the maps of every other, even though they do not understand any but their own tongues. There will be shown only the outlines of land and water, with depths of water and heights of land; stream and river systems, or drainage, in the map maker's parlance, roads, rail and trolley lines, towns and cities and contours.

While the scale, which is approximately 15 miles to the inch, will allow of very inclusive work, many details of small towns and streams will be omitted.

To show heights and depths, a scheme of hypsometric colors has been adopted. This will grade from a very light green, for shallow waters, to the familiar tints of deep blue, for the increasing depths of seas; and from light yellow, for low countries and valleys, to a deep brown red for heights. The metric system was adopted for all measurements, and high points, peaks and mountains will be shown in metres. Streams and rivers will be shown in blue, roads in red, cities and rail lines in black. The names of features will be shown in the color of that feature, to obviate confusion.

The projection is based upon a modified polyconic system, wherein meridians of longitude are all in straight lines. The lines of latitude will be only slightly curving on each sheet, because of the large scale. The system is of advantage in the adjustment of adjoining sheets.

As many political boundaries will be shown as the density of the data included permits. For instance, the map of the United States will show state, county, reservation, land grant and other land office lines. The control, that is, positions determined astronomically and by triangulation, to insure accuracy, drainage, including rivers, streams, creeks, swamps, canals and other water bodies, and culture, that is, towns, cities, railways, roads and highways, all constitute a "base map" which is compiled as the first step in the work and which will be made available by the survey for state and other maps. The completed map, to size about 30 by 20 inches, is cop-

per engraved in the most delicate and strong detail, and will be available at the survey. It is reduced in size to form a scale of eight miles to the inch. The production is by photolithography. The sections thus far completed have required six months to compile. The work, however, for lack of extra ap-

propriation, is being done concurrently with other map work. It is estimated that the cost for the international map will be from \$15 to \$35 per thousand square miles of area. The survey, desirous of having the most accurate and up-to-date data upon the map, gathers the material from dozens of sources,

and does not consider an area completed until every source of information has been drawn upon. These include: the survey's regular information gathered in the making of the national topographic map, which was started 50 years ago, other governmental map making sections, state and

county maps, private maps and army and navy charts.

The details of the international map were accepted by nine world powers at conferences in 1908 and 1913. While it is popularly known as the One-Millionth Map of the World, its correct

title is the International Map of the World on the Scale of 1:1,000,000.

BLACK SERGE

Black serge makes the smartest of coat dresses when combined with broad bands of fur. Frequently, too, it is ornamented with gold or scarlet braid.

PRETTY COOKING SETS

COUNCIL ACCEPTS CERTIFICATION ON PLAN B CHARTER PETITION

City Clerk Instructed to Notify Secretary of State—Red Hot Meeting at City Hall Last Evening—Plan B Charter Petition the Storm Center—Election Commissioner Braden Unlimbers Heavy Guns—Mayor and City Solicitor Charge Fraud in Connection With Petition—Sharp Exchanges Between Mayor and Council Members

Last night, at the close of a meeting so heavily surcharged with municipal electricity that it gave off showers of sparks at the slightest contact, the city council, by a unanimous roll call vote, accepted the certification of the removed board of election commissioners relative to a sufficiency of names attached to the petition for Plan B charter and instructed the city clerk to so notify the secretary of the commonwealth.

It was a meeting for the book. Nothing like it has been staged this year, despite the fact that the council has engaged in more than a few tense sessions. Plan B charter petition was the storm center and so completely did this matter overshadow all others that the meeting made no attempt to follow the prearranged method of procedure, but transformed itself into an informal hearing for the removed com-

missioners, with Thomas H. Braden the Big Bertha.

Braden Fights For Commission

No more impressive or effective barrage ever was laid down on the Flinders front than that which came from the self-commanded Braden battery.

"Your board of election commissioners was not for sale, gentlemen of the council," he thundered. "They could not be bought by intimidations of reappointment to office, and we handled the Plan B petitions as we would yours—as we handled and checked the papers of Col. Gaston, Henry Cabot Lodge and Sherman L. Whipple."

The meeting was addressed by Mayor George H. Brown, City Solicitor Edward J. Tierney and Cornelius J. Desmond, Jr., son of the man who fathered the petition and was most active in its circulation. The mayor and solicitor made fervent pleas for co-operation

by the council. They charged fraud by the wholesale and retail and each reviewed at great length the history of the petition, from the hour it was filed until the time of meeting, including the removal of the election commission and the appointment of a new board, composed of Patrick F. Kieran, Lorenzo A. Gough, Joseph A. Cloutre and Paul M. O'Dowd.

Sharp Exchanges Continuous

From the moment Mayor Brown entered the council chamber there were sharp exchanges between him and several members of the council, particularly Messrs. Gallagher, McFadden, Moriarty and Sullivan, and it was nearly 11:30 o'clock before the council adjourned to meet again tonight at 8 o'clock, at which time it is expected that a formal hearing will be given Messrs. McKasker, Braden, Maguire and Alford, the ousted commissioners.

City Solicitor Tierney tried hard to have the council postpone any action until tonight, but its unanimous vote on acceptance of the old board's certification was a sweeping and conclusive refusal.

Meeting in Detail

The meeting was called at 8:05 o'clock, with Councilors McMahon and Queney absent. Both came in later. Both came in later.

There were several remonstrants to a petition of the Lowell Electric Light Corp. for the erection of a pole in Adams street, near Lagrange street. The petition was referred to committee and the wire inspector.

Thomas H. Braden remonstrated against a petition of the N. E. Tel. and Tel. Co. for a pole location in Pleasant street. With other remonstrants, he favored the laying of all necessary wires underground.

A hearing was held on petition of the Telephone Co. for the erection of six poles in Walnut street. In remonstrance.

CASES SETTLED OUT OF COURT

The triple action of tort against J. Edward Allen of Jillette, which was being tried at the civil session of the superior court, was brought to a sudden halt this morning, when counsel for all parties interested informed the court that a settlement had been reached out of court. Inasmuch as there was no other case ready for trial, adjournment was taken until Monday morning.

The plaintiffs in the Allen case were George B. Fuller, who endeavored to recover \$25,000 for the death of his wife, Helen A. Fuller, which he claimed occurred as a result of injuries sustained when the woman was struck by an automobile owned by the defendant; Elizabeth Briggs and Elizabeth Scobie, who alleged personal injuries in the same accident and who were suing for \$5000 and \$2000, respectively. The case went to trial Wednesday afternoon.

SOLDIERS SEEK MISSING TRUCK

An automobile truck loaded with personal effects of two infantrymen from Camp Devens, is reported to the police as "missing" driver and all.

Corp. Harry McTaggart and Serg. Frederick Simonson of Company A, 18th U. S. Infantry, picked up their camp effects, including valuable clothing, treasured gifts and army materials of their own purchase, and packed them for shipment to Boston several days ago. A truck driver, who gave his name as "Dernstein" and said he lived in Everett, took charge of the soldiers' equipment and hustled away with it down the Boston highway. He hasn't been seen since, and the police of several cities and towns cannot locate the truck.

McTaggart and Simonson are doing a little detective work on their own hook now, and the truckman may be found if the soldiers hit the right trail.

CO-EDS UP IN ARMS OVER NEW RULING

MADISON, Wis., Oct. 5.—Co-eds of the University of Wisconsin are up in arms because a new city ordinance classifies the famous junior promenade and the military ball, the most important social events of the school year, as public dances, and a ruling by the dean of women prohibits co-eds from attending public dances under penalty of expulsion.

The question will be settled within a week when students, deans and city officials get together.

INCREASE IN DRUG LAW CONVICTIONS

WASHINGTON, Oct. 5.—An increase of approximately 100 per cent. during the past year in the convictions obtained for violation of the federal narcotic laws was reported in a statement issued today by Prohibition Commissioner Hayes. The administration of the narcotic laws is under a division of the prohibition unit.

STRUCK BY AUTOMOBILE

Philippe Gillinson, a boy residing at 365 Pine street, received slight injuries late yesterday afternoon when he was struck by an automobile in Florence ave. Marcus F. Pierce of 28 Tyler park, driver of the car, claims that at about 5:30 o'clock while he was driving his car through the avenue, Gillinson, who with other children was playing in the street, ran into the mudguard of the car and was knocked down. He took the lad to his home.

PUBLIC SERVICE BOARD MEETING

Former Solicitor William D. Regan, counsel for the Cawley Coal Co., appeared before the public service board at a meeting held late yesterday afternoon, in an endeavor to secure the cancellation of a contract for cement, between his clients and the city of Lowell on the ground that the city failed to carry out its part of the contract.

The contract is for 4500 barrels of cement, more or less, and was made in the early part of the year. Mr. Regan contended that already the company has delivered about 4800 barrels to the city, or 300 barrels more than the amount specified in the contract. He stated that it is now impossible for the Cawley Coal Co. to make further deliveries because of an embargo in Pennsylvania, where the cement is bought. Mr. Regan stated that in his opinion the contract is now void because of the failure on the part of the city to carry out its part of the agreement. In that it has failed to pay on the 15th of each month for the

cement delivered during the preceding month. He stated, however, that his clients are willing to act as brokers for the city to secure additional cement without any profit to them.

Chairman Murphy of the board said the city was in need of cement and if it could not get it from the Cawley Coal Co., it would have to go into the open market for it. Mayor Brown, who was present at the meeting, could not remember any bill of the Cawley Coal Co. being held up and Chief Clerk Clinton Tuttle of the street department stated that as far as he can remember, no bill of the company has been held up. The matter was taken under advisement by the board, but Chairman Murphy stated that the board would buy cement from other sources.

The grievance committee of the Municipal Employees' union appeared before the board and through one of its members, Charles Higgins, filed a complaint against William Hunt, who is in charge of the storerooms of the water department. Mr. Higgins claimed that Mr. Hunt had been discourteous and abusive towards him, and after hearing both sides in the story, Chairman Murphy made it clear that the board wanted every man treated courteously, be he superintendent or laborer.

A plan for steel plates to be placed on the Landberg street bridge was accepted. The P. V. Cox Co. was awarded the contract for the repair of scufflers on the Central bridge at a cost of \$437. Numerous petitions for pole locations, sewer extensions and street improvements were read and it was voted to take a view on Thursday, October 12.

Daniel Donahue, who has been employed by the water department for the past three years, and whose discharge has been ordered by the civil service commissioner, was given a hearing. It was brought out that although Mr. Donahue was first hired as an officer, he was later shifted to the position of night watchman. Some time ago he was ordered by the civil service commissioner to take an examination for the position of watchman, but he failed to pass. Owing to the fact that the man had been employed in the department for three years and that his transfer was not at his request, the board voted to request the civil service to be allowed to keep him on the job but give him an officer's pay. At 6:30 o'clock the board adjourned until Saturday afternoon at 4 o'clock.

RAILROADS BADLY IN NEED OF TIES

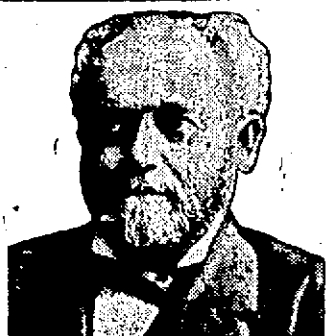

The fuel problem isn't worrying the railroads so much just now as the problem of securing new railroad ties of good hardy chestnut, white and red oak wood.

Notices are being posted all over the rural districts about Lowell and along up the lines that hit the northern territory woodlands, announcing that many railroad ties are desired right away and will be accepted when properly piled close to the rail lines and pass the usual inspections.

The railroads are paying good prices today for quality ties, and many farmers are busy bringing in the timber after properly shaping them for the truck men and repair gangs.

The Boston & Maine railroad quotes today these prices for good ties shaped up to suit the inspectors:

White oak ties and chestnut ties, 8 feet 6 inches long, grade 3, \$1; grade 4, \$1.20; grade 5, \$1.35. The white oak and chestnut 5-footers, grade X, bring .50; grade 1 bring .65, grade 2, .75.

A Successful Man

Among the notable professional men of this country who achieved great success along strictly legitimate lines was Dr. R. V. Pierce. Devoting his attention to the specialty of women's diseases, he became a recognized authority in that line.

Over 50 years ago this noted physician gave to the world a prescription which has never been equaled for the weaknesses of women. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature rarely intended for hatching, headache, weakness, pains and for the many disorders common to women in all ages of life. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere sell it in both tablet and fluid form.

Send 10c to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for trial pkg. Write for free medical advice.—Adv.

grade 3, .95, grade 4, \$1.10, and grade 5, \$1.25.

Red oak ties, 8 feet long, bring varying prices from .35 to .85 apiece.

The ties have to be absolutely free from defects, splits, "shakes," decay or numerous knots or holes. They must be well manufactured, cut square at the ends, and have tops and bottoms parallel. All bark must be removed entirely.

The railroad proposes to limit the number of "X" ties furnished. A. W. Munster is the purchasing agent for the road, and announces that dealers must assume all risks for loss of ties placed on the railroad property by them until they are paid for.

The announcement changes the prices for cross ties posted March 29, 1921.

CHARGED WITH CRUELTY TO HIS DAUGHTER

DETROIT, Mich., Oct. 6.—John Sall, a factory worker, today faced a charge of cruelty to a minor, following the finding in the attic of his home of his 13-year-old daughter, Wanda, whose wrists had been chained to a rafter. The girl was so imprisoned, Sall told

Introducing Who's Who in FALL CLOTHING

"It Does Make a Difference Where You Trade"

This season has developed for the younger men two distinctive suits—either the pleated Norfolk or the Jazz model. For the more conservative, the coats are a trifle straighter and may be had in two, three or four-button models.

In overcoats the raglan shoulder is the base for all the finer models. The coats are cut very full and roomy. The patterns are unusually attractive.

Our clothing today is priced lower than the merchandise that we are buying for later delivery. Take advantage of this, because clothing will positively advance in price.

SUITS \$25 to \$50

Overcoats, tailored by Kuppenheimer, Fashion Park, Burberry and our own privately tailored overcoats.

\$25 to \$80

BOYS' DEPARTMENT

All suits have two pairs of pants. We can't get suits made of iron, but we have suits made of good, sturdy, strong cloths.

\$10, \$12.50, \$15 to \$25

Special sale of all worsted slip-on shawl collar sweaters.

Boys' Sweaters, \$5.69

the police, because he had been told she conducted herself improperly at school. He decided to chain her to the rafter three hours a day, believing that more humane than whipping. When found by detectives, the girl was near a state of coma and her wrists were cut and bruised by the chain. She was sent to the St. Ann community house for medical attention.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Lustre At Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray, and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two its natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger.—Adv.

TO HALT GREAT LOSSES

Annual Saving of \$33,000,-
000 by Organized Safety
Work on Railways

CHICAGO, Oct. 6.—An annual saving of \$33,000,000 can be effected in the electric railway industry by thorough organized safety work, declared the report of the safety committee of the American Electric Railway association, submitted at its convention here today.

"The estimated cost of accidents on electric railways during the last year has been \$14,435,000, or 4.5 per cent of the industry's gross revenue of \$320,000,000," said the report. "Accidents cost some companies 17 per cent of their revenue, while one company, the Quebec Railway, Light and Power, has reduced its cost to .34."

One and eight-tenths of one per cent, the accident expenditure of the Chicago and North Shore railroad, was pointed to by the committee as the probable average cost to a road with a well organized safety department. On this basis, the national accident cost to roads could be cut from \$14,000,000 to \$11,000,000, it was declared.

"Continuous organized safety work will reduce the number of suspensions and labor turnover," W. H. Boyce, of New Brighton, Pennsylvania, chairman of the safety committee, declared. "To operate your property economically, you must adopt a sane, systematic and continuous program of safety."

BRITISH-AMERICAN CLUB

Members of the British-American Social club observed the eighth anniversary of the founding of the club with an entertainment at the Free church in Middlesex street last evening. There was a large attendance and the evening's program, which consisted of the following numbers, was presided over by President William Axon. Mr. Axon, remarks: Mrs. Arthur Taylor, piano selections; Mrs. A. Taylor and W. S. Dawson, whistling duets; Miss Nora Smart, vocal selections; Mrs. E. Clegg, readings; J. Kilborn, vocal selections; Harry Lovitt, readings; Mrs. A. Jamison, vocal selections. Refreshments were served by G. Marshall, Mr. Stratton and G. Hawkins.

Don't Neglect
Your Skin

Ladies—A few days' treatment with CARTER'S LITTLE LIVER PILLS will do more to clean up the skin than all the beauty treatments in creation. An imperfect complexion is caused by a sluggish liver. Millions of people, old, young and middle-aged, take them for Biliousness, Dizziness, Sick Headache, Upset Stomach and for Sallow, Unfair and Blemished Skin. They end the misery of Constipation.

JEFF DAVIS' OLD COACHMAN

BY N. E. A. SERVICE
HANDSHORO, Miss., Oct. 6.—Legion are the men who served Abraham Lincoln, but Anderson Boyd's claim to fame is entirely opposite.

Boyd was coachman for Jefferson Davis, when the president of the confederacy lived at Beauvoir, Miss.

One of the fast disappearing type

BOYD

of old southern darkey, Boyd sighs for "the good old days."

"Ain't many more, gentlemen like Marso Davis," he sighs. "World's sure going to fade away."

"I'd like just once more to be driving down the street with my old high hat on, a yellow ribbon in the middle of my whip, and these high steps of Marso Davis trotting proud. And then I'd sure teach a lesson to those trifling blacks that leans back in the cushions and seats white folks around in their automobiles."

"When they'd come along behind me, honking for me to get out of their road, I'd just crack my whip at them and make them stay a respectful distance from a white gentleman."

A faded print of the confederate president is Anderson's prize possession.

MARRIAGE A LA MODE

In Germany among the poorer classes if one cannot give a wedding gift to the bride one offers to pay for his own food at the nuptial feast.

Sometimes the ceremonies last several days, during which all guests remain at the bride's home.

As the bride leaves a pitcher of water at each door in the morning it is customary for the guest to drop in a coin for her.

Tom Sims Says

To get your name in Who's Who you have to know what's what.

The late bird catches the sleep.

All poor people are not poor financially.

Trains of thought are usually delayed by excess baggage.

Every plugged nickel is familiar with collection plates.

United we stand around, divided we fall for lots of things.

All that glitters is not coal.

You can look up to these girls in longer skirts.

The most expensive pipe to smoke is the stove pipe.

Thanksgiving Day in Europe will be when the Turk is killed.

The electric fan has stopped, but the football fan blows harder.

In foreign politics king is seldom high.

The greatest question of the age is "How old is she?"

Seedless (in 15 oz. red pkg.)—18c

Seeded and Seedless (11 oz.)—15c

Sun-Maid
Raisins

ADVERTISING A DUTY

Best Method by Which Public
Utilities May Overcome
Public Prejudice

CHICAGO, Oct. 6.—Advertising—day after day, week after week, month after month—as the best method by which public utilities may overcome public prejudice, was strongly urged by W. H. Sawyer, president of the East St. Louis & Suburban Railway Co., speaking here before the American Electric Railway association convention.

"Few really going, progressive concerns in any other business spend less than 1 per cent of their gross earnings on advertising, many spend 5 per cent," he declared. "The average street railway company can, to good advantage, as a business proposition conducive to the welfare not only of the company but of the community served, spend one per cent of its gross earnings on paid advertising."

"I believe in consistent advertising, not defensive advertising brought about by necessity, but advertising calculated to prevent the need of a stone wall defense. I want our customers to know the condition of their street railway company; I want them to know it all the time so that when any question arises they are fully informed."

"Advertising is not the solution of all our troubles. We may still be unfairly and unduly attacked but advertising is a duty which we owe to our public, our customers, and it is good business."

"I am using paid newspaper space to give the public the facts. I use a considerable amount of it and I doubt if I am using enough."

Mr. Sawyer's address was part of a public relations advertising symposium. Others who talked included M. C. Brush, Philadelphia; H. B. Flowers, Baltimore; Britton I. Bond, Chicago; Byron G. Collier, New York City; J. P. Barnes, Louisville, and P. S. Wright, Atlanta.

cause they are light-headed.

RETREATING GREEKS MAKE DESPERATE STAND

Greek rear guard, closely pursued by the forces of Mustapha Kemal Pasha, turns and attacks its pursuers in an effort to hold them while the main body of the Greek army retreats to safety. In the foreground Greek soldiers are seen rushing on the enemy. In the rear smoke clouds arise from bursting shells and bombs.

INFANT MORTALITY ON
DECREASE IN ENGLAND

LONDON, Oct. 6.—Only a little while ago alarmists were indulging in all sorts of dire predictions concerning the future of England because, it was alleged, not enough babies were being born. The great middle class, called the backbone of the country, was declared by some pessimists to be doomed to speedy extinction unless it produced more babies.

Now these lamentations have ceased.

Some far-seeing and logical statisticians point out that the future of a country is not determined so much by the number of babies born as by the number of babies which survive the first year of life and grow up. Looked at from that angle England is not doing so badly in this all important matter.

During the month of August it is pointed out that the death rate of children under one year of age was only 41 per 1000 births. In 1919 London's rate for the same period was 55. Compared with the beginning of this century the baby-saving figures give still greater cause for rejoicing among those who reckon the future of England depends, above all things, on babies. The first four weeks of August, this.

1901 gave an infant mortality rate for London of 267—more than six times that of 1922 which proves, it is argued, that if babies can save England, England will be saved.

NEW PHYSICAL DIRECTOR

Clarence A. Towne, new physical director at the Y.M.C.A. has taken up his duties at the head of the boys' department. The new instructor comes here well recommended and has had several years' training in Red Cross and Y.M.C.A. work. He was associated with the Somerville Y.M.C.A. for two years and seems well qualified to carry on the extensive program as outlined by Ernest H. Hale who recently left the department to prepare for

FIRE PREVENTION WEEK

MEANS NOTHING TO US

WHY?—Because in our House Wiring business we employ only expert workmen and we use nothing but high grade electrical fixtures and supplies that have been approved by fire underwriters. When you sign up a contract with us for the wiring of your dwelling house or office, you are following the advice given you during fire prevention week by fire chiefs and other experts, for our work is absolutely fire-proof, as all of it is done under proper supervision and according to the rules of fire underwriters. We do not handle in any way foreign electrical supplies or fixtures. Our immense stock consists solely of American made goods, and that is a guarantee that the supplies used by us in house wiring are the best on the market as far as quality is concerned, and they do not come within the criticism of fire chiefs.

House Wiring is Our Specialty

We employ the largest force of electricians in Lowell and we keep our men busy at all times. Why?—Because our work is the best in quality and the cheapest in prices. During the many years that slipped by since we ventured in the electrical business in Lowell we have wired more houses than any of our competitors. Our business has doubled and tripled during the past two or three years because we have always been honest and courteous in our dealings.

Our Easy Payment Plan

"I would have my house wired for electricity, but I haven't got the ready cash," is what you hear from many. If you intend to have your home wired, and you should, do not let financial matters interfere. Call at our store, sign up a contract, select your fixtures and make a small payment. The remainder may be paid in monthly payments to suit your purse. There are hundreds of homes in this city that have been wired on our easy monthly payment plan and hundreds of the contracts have already been paid for. We want your business first and then we will arrange money matters. Enjoy the comforts of an electrically illuminated home while paying for it.

Largest Stock of Fixtures

In connection with our wiring department we carry the largest and most varied stock of fixtures this side of Boston, and we may state right here that the quality and quantity of our stock is such that we are supplying many local electrical contractors. It matters not what it is, if it is an electrical fixture, we have it.

"JACK DAW'S ADVENTURES"

"I don't want to join your gang," Jack told his new found friend, "but I'll be glad to go down and meet another boy. I haven't been nippy boys in the past weeks."

Finally they came to where Stony McGlynn was sitting. Bill introduced Jack. "This is little Willie," said he. Both boys thought Jack looked like a mild little boy.

In a moment Stony jumped up and asked Jack if he had any money. "Come on, Willie, give us your spare change," he demanded. "Better do as he tells you," snapped Bill.

And then Jack surprised them! "I'll give you both a good licking," he shouted. "You're first, Stony. Then I'll punish Bill for bringing me here." Continued.

DYE STOCKINGS OR SWEATER IN DIAMOND DYES

"Diamond Dyes" add years of wear to worn, faded shirts, waists, coats, stockings, sweaters, coverings, hangings, draperies, everything. Every package contains directions so simple any woman can put new, rich, fadeless colors into her worn garments or draperies even if she has never dyed before. Just buy Diamond Dyes—no other kind—then your material will come out right, because Diamond Dyes are guaranteed not to streak, spot, fade, or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.—Adv.

PLAN BIG RECEPTION TO MRS. MACSWINEY

The committee in charge of the reception to Mrs. Muriel MacSwiney, who is to speak in Associate hall Sunday evening, met last night and completed final details for the event. It was announced that Mrs. MacSwiney is to address an audience in Lawrence in the afternoon of the same day, after which she will come to this city for her engagement in the evening. The Associate hall meeting will open at 8 o'clock and in addition to the principal speaker, there will be brief addresses by Nurse Lynda Kearns of the Irish republican army, Capt. Thomas O'Connor of the I.R.A., and L. J. Madden of New York.

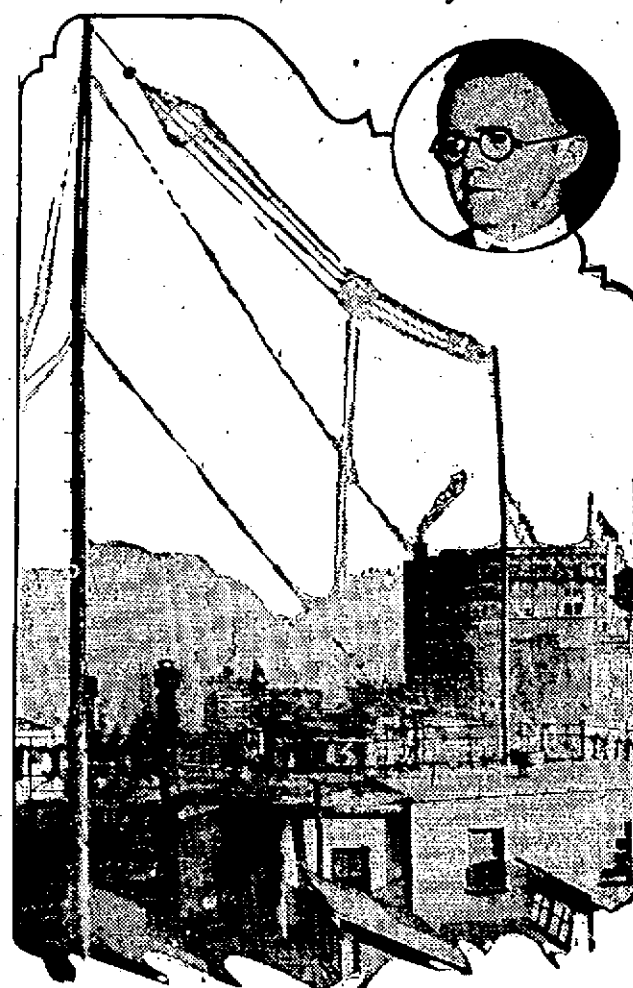

Mrs. MacSwiney, who is touring the country to raise funds for the depend-

ents of the Irish republican prisoners, is a familiar figure to all followers of the Ireland of today. She is the wife of the late lord mayor of Cork, who died in Brixton prison as the result of a hunger strike rather than submit to foreign rule. For 50 days Mrs. MacSwiney remained at her husband's side and in her talk here Sunday will recount those trying hours. With the signing of the Irish treaty by Irish delegates to London, Mrs. MacSwiney took the stand in opposition to the Free State.

Nurse Lynda Kearns, has also been active in Irish affairs of late years, having taken up the fight with her countrymen in 1916. Since the signing of the treaty she has been identified with the Irish republican army as a nurse, and was a participant in the battle in which Cathal Brugha was killed. She is an interesting speaker. Sunday's meeting is open to the public in general.

Radio Photographs

Radio Saves City

ATLANTA JOURNAL'S BROADCASTING STATION AND LAMBDA KAY (INSERT), WHO USED THE STATION TO SUMMON FIREMEN AND SAVE THE GEORGIA CAPITAL A DISASTROUS FIRE.

By N.E.A. Service.

ATLANTA, Ga., Oct. 5.—"Radio saved Atlanta from destruction," declares Fire Chief William D. Cody, commenting on the latest accomplishment of the radio in rising to the emergency.

Fire broke out in a block of retail stores in the city's chief shopping district, a few hundred yards from the Atlanta Journal building. It gained great headway before it was discovered, and threatened the entire business section of the city.

Lambda Kay, radio director for the Journal, was conducting the paper's regular into evening program. He sent out a bulletin on the fire, and

followed with other announcements of its progress.

From all parts of the city firemen who were off duty for the night rushed to join their companies battling the blaze. They had heard Kay's broadcasted announcement of the seriousness of the fire and rushed to aid their comrades.

The extra firemen enabled the department to check the fire.

"Radio saved Atlanta," says Chief Cody. "If I had not secured the services of all my men the flames might not have been checked, and Atlanta's business district would have suffered one of the worst fires in its history. As it was, the flames were confined to the block in which they originated. I am going to have every fireman in Atlanta install a radio set in his home so that in future I can notify them all at once."

Autumn Millinery Shows the Hand of Paris

Fashion in her most lavish moment designed them—for never was there such a profusion of coloring in models, in fabrics, in trimmings, in every shape that is in vogue for autumn wear—plenty of blacks, too. And perhaps the nicest part about them is that their smartness gives no indication of their low prices.

Manslaughter Charge
Continued

His case was continued to October 19 and he was held in \$2000 until that time.

Walsh was the operator of an auto which killed a Belle Grove child about two weeks ago. The child was playing with other children near the Lawrence-Lowell road when the auto, which contained Walsh and three other men, struck the child, causing injuries from which it died a few hours later.

Walsh was arrested and charged with manslaughter. There seems to be a peculiar angle to the charge of operating an auto to endanger the lives of the public. It appears that Walsh did not possess a motor vehicle license of any kind and that he was operating the car upon the license of its owner, who was with him at the time. According to Eugene Loup, inspector for the motor vehicle department for this section of motor vehicle charge will be held against the person upon whose license Walsh was driving. The owner of the license can be charged with the motor vehicle violation but not with the criminal charge of manslaughter.

When the case was called, Atty. General of Ayer, who represents Walsh, asked that some rapid disposition be

made of the case as his client was unable to secure bail. The clerk of court reported that the report of the medical examiner was not ready. The court said that he did not wish to cause suffering to the defendant by keeping him locked up, especially when it was pointed out that his company had been transferred from Camp Devens to another camp.

The clerk was instructed to get in touch with the medical examiner and to see if the case could not be speeded up. After a telephonic conversation with Medical Examiner Thomas B. Smith, the clerk announced that the report on the accident would be ready by Tuesday and that the inquest would be held immediately afterwards.

Heavy Rain Brings Relief
Continued

the town of Halesbury and several smaller settlements.

Finding of 33 bodies in the fire-scarred wreckage that a week ago was Halesbury, and the knowledge that many more people are missing have made relief organizations fear the death toll may go as high as 60.

Train loads of tents, food, bedding and other supplies are arriv-

ing now to aid the 5000 homeless who have wandered sick and miserable into Cobalt. There is a rumor that the government will put temporary buildings in Halesbury for the winter.

Showers Predicted

WASHINGTON, Oct. 6.—Marked changes in atmospheric pressures across the country east of the Mississippi river upset the dope in the weather bureau today and showers generally in the eastern states will shortly break the long drought that has gripped most of the country.

Fire Still Raging

JACKMAN, Me., Oct. 6.—There was no halting early today of the forest fire which started in cut over land north of here three days ago and raged through the piles of slash, forcing woodsmen and their wives and children to flee eight and ten miles to safety points. The flames have made deep inroads through the Acrostook county forests eastward along the north shore of the Moose river. Extra fire fighters are being rushed to the vicinity.

Says It Made a New Person Of Him

Thousands of people needlessly endure a half-sick, nervous run-down condition when they might enjoy sturdy, robust health and all its manifold blessings if they only knew what to do. People in this condition find Tanlac soon ends their trouble and builds up abundant strength, energy and vitality. Robert P. Barnes, 27 Sawyer street, Boston, Mass., says: "For several years I have been in a badly run-down condition. I suffered agony from indigestion and at times I thought it would kill me. But Tanlac has made me feel like my old self again. My stomach acts like a new one, and I feel so good that my work is a pleasure to me now."

Nervousness and a run down, tired out feeling are but symptoms of a hidden cause, which usually lies in the stomach. Tanlac enables you to digest your food properly, eliminate waste and regain your old time strength and vigor. Get a bottle today at any good druggist.—Adv.

Mudania Conference
Continued

tain the concessions of the note without the conditions.

The officials decline to give to detail what the Turks were demanding.

The cabinet debated the situation in its entirety but the main point appeared to be the question of Thrace. It is understood that the British view should be that there should be some consideration given the Greek minority population there.

There seems to be no difficulty over the question of the Chios area, which the British have been occupying.

On broad lines the British policy, it was stated, is the same as it has been

since the Greek debacle, which means that the British are opposed to the Turks crossing the straits before the peace conference.

It is considered possible several days may elapse before it can be determined whether the divergencies between the British and the Turks can be reconciled so they can enter the peace conference.

It was expected a message would be framed for dispatch to General Harrington, the British commander-in-chief on the scene.

Before Lord Curzon started for Paris he was asked why he was going.

"To discuss matters with friends, the allies," the foreign secretary replied.

To a question as to what would be the subject of such discussion he responded it would naturally be the near east.

"But I cannot speak of these difficulties until they are removed," he added.

Asked if the United States was to be drawn in, Lord Curzon said he had no information so far.

The foreign secretary was smiling and very pleasant mannered and seemed in quite an optimistic frame of mind.

REINFORCEMENTS AT CONSTANTINOPLE

CONSTANTINOPLE, Oct. 6.—(By the Associated Press) The continued arrival of British naval and military units has had a further reassuring effect on the Christian population of Constantinople.

Applications for passports have decreased somewhat and reservations on the Orient Express are again obtainable. The steamship companies are still maintaining inflated prices for outward passage.

The business situation in Constantinople continues depressed. The entire importing business is paralyzed and the retail stores report trade 70 per cent below normal. Local merchants have cancelled outstanding orders with American, British and French firms, the total of cancellations being estimated at \$3,000,000.

MOTHER!Clean Child's Bowels with
"California Fig Syrup"

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup. Adv.

KEMAL GREETES FRIENDS IN CONSTANTINOPLE

ANGORA, Oct. 6.—(By the Associated Press) Mustafa Kemal Pasha has sent the following message "to the people of Constantinople."

"I offer greetings to my friends in Constantinople, and hope to meet them personally soon. Peace will be concluded with the realizations of our national aspirations.

"The whole world is now with us. Humanity applauds us. The nation's spirit even of Great Britain favors our cause, and many of her public men who hitherto have misguidedly opposed us have seen the truth and changed their sentiments towards us."

BULGARIA WILL REMAIN NEUTRAL

SOFIA, Bulgaria, Oct. 6.—Bulgarian will remain neutral in the near east controversy under all circumstances, the parliament was told by Minister of the Interior Darkazoff. The parliament voted approval of the government's policy.

Bulgaria, said the minister, demands an autonomous Thrace as the only way to preserve peace in the Balkans, and she asks to be allowed to participate in the peace conference as an interested party, because of her promised Aegean outlet, her interest in the freedom of the straits, and the large number of Thracian refugees in Bulgaria.

"Thrace for the Thracians," declared the minister, "would make it a Balkan Switzerland."

A \$1000 MESSAGE TO MEN

READ IT—FINE POINTS AND ALL. TO MANY IT WILL PROVE MORE INTERESTING READING THAN THE LEADING NEWS ARTICLES ON THE FIRST PAGE OF TODAY'S PAPER.

IT IS A MESSAGE TO MEN—BUT IT ALSO IS OF INTEREST TO WOMEN

Why I Am Spending \$1000 to Advertise This Event

I am spending this amount in newspaper advertising because by so doing I can sell better clothes for less money than if I did not advertise. Instead of making 20 to 30 garments a week at a profit of \$10 to \$15 a garment, as do some of the non-advertising tailors, I will sell five times this amount. The more I sell, the greater my buying power, my overhead is less, my growth is faster. I am establishing a clientele and good will that are worth real money. If I spend \$1000 for advertising and at the same time save you from \$7.50 to \$12 on a suit of clothes or overcoat and also make a small profit on each garment I sell, is it not good logic to spend the money in that way? If you have any doubt as to my ability to save you money, then do this: Come in and get a sample of woollens. See how well I am making the clothes, then ask any tailor to duplicate in quality and workmanship what I offer you. This test will convince you that it pays to respond to any announcements, and it pays me to tell you about my offer.

Signed, MITCHELL.

By a fortunate deal I have become the owner of more than 3000 yards of fine quality woollens including imported Carr's Melton overcoatings. These were bought from one of the largest woolen houses in New England—a firm that specializes in quality goods such as are featured by the high-priced tailors. At regular prices in unbroken bolts I would have had to pay not less than \$10,500 for what I bought. Because they were not full bolts and because I was one of the few tailors in New England that could and would use the quantity offered, I bought this brand new stock of fall woollens at a ridiculously low price. THIS IS MY FOURTEENTH WINTER IN LOWELL and as you know I make men's clothes only, yet I do want the women, wives, mothers and sweethearts to come in and see what I have to offer. Most women know more about cloth than men do. They will back me up in the assertion that quality is woven into every inch of the warp and filling of every piece. The more you know about woollens the greater will be your astonishment that I can and will make a made to order suit or overcoat from such materials for as low as \$25.00.

MADE TO ORDER SUITS AND OVERCOATS

More than 300 all wool and worsted patterns to choose from, including silk and wool chevots, serges, homespuns, tweeds, tartan plaids, club checks, pencil stripes and mixtures, including eighteen styles of the famous Gilbertville overcoatings, plaid backs, for dress or auto wear. None but the best trimmings will be used. Hand button-holes with pure silk thread on all except trousers.

\$25**You Run No Risks—I Do Not Even Ask for a Deposit**

Recently at a New York Hotel there was a meeting of men interested in staging an industrial exposition. The principal speaker, a man of more than ordinary sagacity, said (in effect) "If a community, firm or individual wishes to get back to normalcy within a reasonable length of time it is necessary that the ordinary ways of doing things be supplanted by extraordinary methods, to wake people to action (and action is what is most needed right now.) It is necessary that unusual means be used."

In this sale I am doing two most unusual things. First, I am selling Suits and Overcoats at \$25.00, made of identically the same quality materials that are used in the making of garments selling at from \$32.50 up to \$37.50. Second, I will take orders and make them up without a deposit whether you are a man out of a job or a retired millionaire. You can order a garment without putting a dollar for a deposit. If the suit is not satisfactory, after it is made, simply say so and I will keep it. I assume all risk of loss. Such is my confidence in the clothes I make and the people I deal with.

Signed, MITCHELL.

Orders Now Being Booked for October and November Delivery

Besides the above, I am offering several hundred patterns of the very finest woollens, including several imported patterns at from \$30.00 to \$35.00. I am also continuing my sale of U. S. Army Blue Melton overcoating. A \$30.00 value. Made to your measure for \$19.75

The Fame of This Event Has Spread Through Middlesex County

The announcement of this sale appeared for the first time 10 days ago. The response was gratifying and many of the orders booked were from men who for years have been spending from \$40.00 to \$50.00 for a suit of clothes. Many business men of Lowell and surrounding towns took advantage of this most unusual offer. Among those of this city who left their measure were men in all walks of life, including the wage earner and the salaried man, as well as the big fellow who sits on a swivel chair before a mahogany desk and controls large industries in our city. Place your order now for later delivery.

Signed,

MITCHELL.

OVERCOATS—Ready-to-Wear at Popular Prices

These Coats were made in my own shops during the dull Summer months of August and September. All hand tailored, some imported fabrics, satin and silk 1-4 lined—the very latest styles. See the new two-piece Raglan, for young men, and this conservative Chestertfield for the plain dresser. Come in, try one on. You don't have to buy—a pleasure to show you.

Signed,

MITCHELL.

GREEKS READY TO TAKE FIELD

Col. Plastiras Says Army Prepared to Fight in Defense of Thrace

Greeks Not Permitted to Participate in Armistice Conference

CONSTANTINOPLE, Oct. 5, 19 a. m. (By the Associated Press) After conferring for most of the night with the high commissioners and military experts here, the allied generals this morning prepared to leave again for Mudania for a resumption of the armistice conference.

Related despatches from Turkish sources in Mudania telling of the arrival of Colonel Plastiras, chief Greek delegate to the armistice conference, say the Greeks are not given the privilege of active participation in the conference, but are acquainted by the allies' representatives with all decisions taken, as an act of courtesy.

Colonel Plastiras is quoted as declaring the Greek army is prepared to take the field at once in defense of Thrace.

France to Protest
PARIS, Oct. 5. (By the Associated Press) The French government has instructed its minister at Athens to protest against the Greek government's having sent reinforcements to the Greek army in Thrace.

Pomona Grange Meeting

Continued

never better. The early festivities were in charge of Lecturer Mrs. Grace Naylor of the North Pomona. After the usual grange exercises, Mrs. Ida Fari Miller, worthy flora of the Massachusetts State Grange spoke. There was a piano solo by Mrs. Leslie Putnam of Chelmsford, readings by Mrs. Alice B. Colburn of Braintree and a paper, "My Most Successful Meeting," read by Mrs. Maude Gage, lecturer of Bitterton grange.

The lively discussion of the high cost of living and methods recommended for raising meat cattle on New England farms, followed. At 12:30 o'clock, nearly 300 members and invited guests went downstairs to partake of a fine farmers' dinner consisting of baked beans, cold meats, potato salad, cranberry sauce, hot coffee, rolls and eight different kinds of real pie like mother used to make. The able committee providing this splendid meal for the grange hosts was headed by Mrs. Fred F. Fletcher of Chelmsford grange and Mrs. Charles Gills of Burlington.

This afternoon at 2:30, the members sat down to listen to an excellent program of music and speaking. Mrs. Lillian Knight of Reading, lecturer of the Middlesex-Edge Pomona, was in charge of this social hour. The program included solos by Mrs. Banchette Whitcomb Carter and a lecture by Mrs. Miller again, her subject this time being "Indian Basketry."

The afternoon sessions were open to the public, and were largely attended.

Demand for Public Hearing

Continued

mandamus action to restrain the secretary of state from taking steps to place the charter question on the state ballot. "This will not be done at once," said His Honor, "for we have a week or two in which to do it."

The mayor has brought up the question of whether the removed commission has any right to a hearing before the city council. He claims such a hearing should be held before him, as mayor, and given on his renson that previously the commission had addressed to the municipal council, but that inasmuch as all executive powers formerly vested in the council now are vested in the mayor, he is the proper person to conduct such a hearing. "If this should be so, it is pointed out, the mayor would be in the position of removing the board, filing charges therefor, conducting the hearing and rendering a decision."

"What does the mayor think he is running here, an autocracy?" asked one member of the removed commission.

Mayor Says Councils Vote Void

Commenting upon the action of the council last night in accepting the certification of the removed commission as to a sufficiency of names on the petition and instructing the city clerk to so notify the secretary of state, the mayor says it is null and void. "I understand the vote is to be sent to the secretary without my approval

and this renders it of no value," he said.

Mr. McOsler Makes Statement

An interesting episode in connection with the removal of the board by the mayor directly concerns Chairman McOsler. At some time yesterday afternoon, just after he had received his notice of removal, he was called on the telephone by City Solicitor Tierney and asked to come to city hall to sit as chairman of a new board of election commissioners.

"But I have been removed from office," said Mr. McOsler, "how can I serve on a new board?" he asked.

"You are not removed until a successor has been appointed," replied the solicitor.

"I have the notice of removal right in my hand now," answered Mr. McOsler, "and that is plain enough for me. I have been removed." Mr. McOsler then read his removal notice to the solicitor and the conversation ended.

CASES IN THE DISTRICT COURT

Fred McEnaney was adjudged guilty of larceny in district court this morning by Judge Thomas J. Enright and sentenced to serve one year in the house of correction. The sentence was suspended for six months during which time the defendant is to make restitution. The sentence was given on four counts. In passing judgment on the case the court said that he had planned to give a six months sentence for each count, but owing to the fact that the company from which the money was taken, did not wish to press the charges he would let the young man off with three months' sentence on each count.

Thomas A. McCann, charged with the larceny of foodstuffs, through alleged fraudulent methods, was given a five months' sentence to the house of correction. Sentence was suspended for one month.

The case of Frank A. Dooley, charged

Youth Held for Assault With Intent to Kill

MANCHESTER, N. H., Oct. 6.—William H. Coburn, 17, arrested following the shooting of Mrs. Edmee Coburn, his stepmother, three weeks ago, pleaded not guilty in city court here today to a charge of assault with intent to kill, was bound over to the January term of superior court and was remanded to jail without bail. The woman is recovering.

with drunkenness and assault upon an officer was continued to Oct. 18. Geo. Fitts, found guilty of having in his possession obscene pictures, was fined \$100. He was given until Oct. 21 to pay the fine.

Joseph Alphonse was fined \$25 for operating a motor vehicle so as to endanger the lives of the public. He was given three weeks to pay same.

2 French Officers Killed in French Syria

CAIRO, Oct. 5. (By the Associated Press)—Two French officers were killed during an attack on the automobile of Islim Pasha, governor of Hauran, in French Syria, as the governor's party was leaving the capital yesterday, according to a report from reliable sources. Islim Pasha was wounded in the leg and his chauffeur and secretary were injured.

Suit Against State of Vera Cruz

VERA CRUZ, Oct. 6.—Suit has been filed by the Transcontinental Oil Co., against the state of Vera Cruz to test the constitutionality of the recent decree putting into effect taxation of oil production and of the property of oil companies. The company asks an injunction against the decree.

Reinforcements for Mexican Oil Regions

VERA CRUZ, Oct. 6.—The gunboat Zaragoza sailed yesterday for Tampam with 500 soldiers to reinforce the federal military in the oil regions, where renewal of rebel activities is reported. Additional reinforcements will leave Sunday on the steamship Nacional.

AT LAST--FAT WOMEN'S DAY IS HERE

By MARGARET ROHE
NEW YORK, Oct. 6.—On body of the trip, this and 48-inch waist, no more you'll need to roll and pant to suit the public taste. No more you'll need to diet and eschew all fattening fare. Or luscious pies and chocolate cake no more you need beware.
For Mrs. Sears, Elizabeth, the New York president of Women's League, professional and business, has just sent the dictum forth that stout and fat and portly women are much better

RAILROADS FACE BIG CAR SHORTAGE

WASHINGTON, Oct. 6.—The nation's transportation system is threatened with a breakdown as a result of unprecedented activity in the commercial world.
Railroad executives, representing eastern and western roads, meeting here yesterday, were confronted with preliminary reports coming to them and to the interstate commerce commission which show that all records

in car loading in every kind of freight will be smashed during the current week. The previous high point in railway transportation was in October of 1920. Reports of increasing car shortage present a problem which the railway world is attempting to solve.
While the government is unable to find a way of stopping the swelling tide of freight, it is frankly admitted that shippers would be doing themselves and the country a favor by playing golf or doing some equally harmless thing for the next two weeks, so the roads could handle the kinds of freight whose transportation is imperative.
Railroad executives are working out plans in conjunction with the car service division of the interstate commerce commission. Since the tide of freight is increasing daily, it may be necessary to apply new and more drastic embargoes upon non-essential freight.
The record of loadings for the week ending Sept. 23 was 96 per cent of the greatest loading period, which was in 1920, and the increasing bulk of freight offerings convinces both the government and railroad executives that this week will smash all known records. The total number of cars loaded that week was 973,291, or an increase of 27,372 over the week before.
Old age is comparatively tearless.

mercy commission. Since the tide of freight is increasing daily, it may be necessary to apply new and more drastic embargoes upon non-essential freight.
The record of loadings for the week ending Sept. 23 was 96 per cent of the greatest loading period, which was in 1920, and the increasing bulk of freight offerings convinces both the government and railroad executives that this week will smash all known records. The total number of cars loaded that week was 973,291, or an increase of 27,372 over the week before.
Old age is comparatively tearless.

LEADER OF BANDIT GANG SENT TO PRISON

BOSTON, Oct. 6.—Frank J. Tartaglia, leader of the Wilmington bandit gang, was sentenced to four to six years in state's prison, yesterday afternoon, by Judge Franklin T. Hammond, in the superior criminal court, East Cambridge.
Asst. Dist. Atty. James C. Reilly has recommended that Tartaglia be sentenced to the Concord reformatory.
Tartaglia had pleaded guilty to three

counts of breaking and entering, while five other members of the gang had pleaded guilty to three counts of receiving stolen property.
In the cases of four of these defendants, Judge Hammond followed the recommendations of the assistant district attorney, as to sentences.
The cases of James J. McLaughlin, 20, of 217 Beantown street, East Boston, and Sylvanus Cobb, 13, of 230 Chelsea street, East Boston, both inmates of the Concord reformatory at the present time, were placed on file.
Jeremiah Cappello, 21, of 324 Chelsea street, East Boston, was sentenced to six months in the house of correction.
Ralph Cobb, 21, of 230 Chelsea street,

East Boston, was placed on probation for two years.
The case of Frank Tartaglia, father of the youthful gang leader, was continued until today for sentence. In this instance Asst. Dist. Atty. Reilly had recommended probation.

Five Arrested at Haverhill When Police Broke Up Parade of Workers

Haverhill, Oct. 6.—The cases of five members of the Shoe Workers Protective union who were arrested last night after the police had tried to disperse a parade of union workers, were continued in district court today and the defendants were held in bail on charges of disturbing peace.

The homes of Sidney Moore and John Alken, both of whom are employed in the J. H. Winchell shoe factory were stoned late last night.

The Shoe Workers' Protective union is endeavoring to obtain jurisdiction over operatives in four plants here, most of whom are members of the Boot and Shoe Workers' union and called a walkout of its members in those plants last Wednesday.

FOURTH DEGREE KNIGHTS INSTALL OFFICERS

Installation of the recently elected officers of the Bishop Delany General Assembly, Fourth Degree, Knights of Columbus, took place last night with impressive ceremonies. Hon. Louis Watson of Boston, master of the fourth degree in this district, was the installing officer and he was assisted by his suite. Mr. Watson also made an interesting address.

The officers installed were: Arthur J. O'Neill, faithful navigator; John T. Ducky, faithful captain; William H. Gallagher, faithful admiral; Andrew Molloy, faithful pilot; John McQuade, faithful scribe; Frank J. Finnegan, faithful controller; Michael J. Quinn, faithful purser; John J. Flannery, inside sentinel; Eugene Fontaine, outside sentinel; William H. Gallagher and Andrew Molloy, delegates to state convention; Dr. Hugh Walker and Thomas J. O'Donnell, alternates. Votes of thanks were tendered retiring officers.

Arrangements were completed by the assembly for its annual communion Sunday at the 8 o'clock mass at St. Michael's church, next Sunday. Following the mass there will be a breakfast at Associate building where the members will be addressed by James C. Reilly, assistant district attorney, and an entertainment program carried out. Plans were also made for the Sir Knights' participation in the Columbus day program at St. Peter's church next Thursday morning.

Remarks were made by John E. Hart, grand knight; Rev. Francis Mullin, Andrew Molloy, P.F.N., William H. Gallagher, P.F.N., and Thomas J. Reane.

A luncheon was served the assembly members following last evening's ceremonies.

COMMENCING SUNDAY AT THE
MERRIMACK SQ. THEATRE

It was her Doctor's idea

MARY Josephine Murray gained only three-quarters of a pound the first three months she lived in this world. Then her doctor recommended Borden's Eagle Brand Milk. "She commenced to gain at once," Mrs. Murray reports, and six months later she had become a normal, healthy child. On her first birthday she weighed 23 lbs., 5 oz.

"Our doctor always speaks of her as a fine, healthy specimen of babyhood," writes Mary's mother. "She is such a good, happy baby and sleeps all night long."

Naturally, her doctor's sensible advice as well as her mother's care have contributed largely to Mary's wonderful health, even though her mother feels that she owes it all to Eagle Brand. But many thousands of other mothers have found Eagle Brand the best food for their babies. And a great many doctors recommend it—just as Mary's doctor did—in difficult feeding cases

where the child was underweight or not gaining as it should. A child's health is so largely dependent on its food, that no mother can afford to experiment. Nurse your baby, if you can, of course, but if for any reason mother's milk fails, don't risk foods of which you are not sure.

Borden's Eagle Brand Milk has been the standard for a great many years. For it is nothing but milk—pure country milk combined with sugar. It is the natural food when mother's milk is not available. Your grocer has Eagle Brand. You'll find it always pure and uniform.

HAS PURCHASED STORE IN SHERBROOKE

Arthur E. Pelletier of 104 School street, proprietor of Pelletier's Infant Wear store in Central street, will leave next Wednesday for Sherbrooke, Que., where he will make his home. Mr. Pelletier has purchased the depart-

ARTHUR E. PELLETIER

ment store of Pelletier & Ledoux, in the Canadian city, and will look after the business himself. The Central street store will be continued by his father.

Mr. Pelletier is a native of this city and is well and favorably known here. For several years he was engaged in business with his father in Merrimack street and a few years ago he opened the Central street store. Last week he went to Sherbrooke and purchased the Pelletier & Ledoux store, one of the largest establishments of its kind in that city. The store was opened in 1914 by Fortunat Pelletier and Ovide Ledoux, two former Lowell men. In 1917 Mr. Pelletier retired from the business and from that time up to the time of his death last February, Mr. Ledoux conducted the store. The purchase of the store involves about \$15,000.

Mr. Pelletier is a member of Club Lafayette, Club F. I. G. de la C. M. A. C., Club Citoyens-Américains, Knights of Columbus and other fraternal and social organizations. He was married in Sherbrooke a couple of years ago. His friends wish him success in his new venture.

MATRIMONIAL

Mr. Edward C. Lakin, of North Chelmsford and Miss Bernice A. Leland of this city were married Oct. 4 at the home of the bride's father, Mr. Edison Leland, 221 Vermont avenue. The ceremony was performed by Rev. A. C. Lyon. Miss Mildred Leland, a sister of the bride, acted as maid of honor, while the bridesmaid was Miss Ruth Carter. The best man was Mr. Leroy Lakin, a brother of the groom. After an extended honeymoon trip the couple will make their home at 17 Columbia street.

BEAMERS' UNION MEETING TONIGHT

A meeting of the members of the Beavers' union will be held this evening at 7:30 o'clock in Trades & Labor hall in Central street. The meeting is being called by Organizer Thomas J. Ragan of the United Textile Workers

of America, at the request of several members of the organization. The purpose of the meeting is to discuss the advisability of the union returning to the United Textile Workers of America. It will be remembered that at last Friday's meeting of the Beavers' union the members voted to secede from the U.T.W. of A. Later the president of the union, Walter G. Roche, stated that the union had voted to secede because it did not endorse the manner in which the textile strike in this city was being conducted. He also stated that the union would remain an independent body for the present, but later it may affiliate with the Amalgamated Textile Workers. Organizer Ragan stated today that last evening several members of the Beavers' union requested him to call a meeting of the union members for this evening for the purpose of discussing the matter and it is expected that another vote will be taken by which the organization will return to the U.T.W. of A.

BENNY SWIM HANGED

Slayer Put to Death With
Two Men Trying Three
Times to Do the Job

WOODSTOCK, N. H., Oct. 6.—Benny Swim, convicted murderer, who was temporarily reprieved until a hangman could be found who would spring the trap, was hanged today with two men trying three times to do the job. Swim was convicted of shooting his cousin, Mrs. Olive Swim Trenholme, in a "true love act" shooting at Benton Ridge.

He was first ordered hanged on July 15. Pleading insanity, however, he won a reprieve until Sept. 15, but on that date no hangman could be found. Today two men who gave the same fictitious name of "Al. A. Doyle" sprung the trap. The first man tried it twice but it failed to work, but the second finally worked it successfully.

JUNIOR TWILIGHT LEAGUE

The contestants for the winning teams in each division of the league are to be presented next Wednesday evening in the boys' rooms at the Y.M.C.A. All members of the league are invited to be present.

POST WAR MARVELS

Shells and Tractors That
Seem to Think for Them-
selves Demonstrated

WASHINGTON, Oct. 6.—Shells and tractors that seem to think for themselves and other post-war marvels of ordnance development were demonstrated today at the Aberdeen, Maryland, proving grounds in connection with the annual meeting of the Army Ordnance Association and affiliated engineering societies.

Shells with fuses devised to withstand the shock of firing yet withholding their detonation until they touched the cloth of an airplane wing vied for honors with equally deft projectiles of 2000 pounds whose fuses wait until 16 inches of armor steel has

Heals Old Sores

Peterson's Ointment

To the millions of people who use Peterson's ointment for piles, eczema, salt rheum, chapped skin, sore feet and chafing, Peterson says: "Tell me your suffer from old sores that it's mighty healing power is wonderful." All drug-gists, 25c, 50c, \$1, \$2.50, \$5.—Adv.

been penetrated before they explode their destructive charges. The former were developed for destruction of fragile aircraft and the latter for use against battleships and fortifications. Another airplane development will be shown tonight when fuses will be dropped having sufficient power to light a whole field of action below for six or seven minutes with a glare equivalent to that of 10,000 ordinarily electric bulbs. A reconnaissance tractor carrying a crew of two, designed to maintain 12 miles an hour in rough country and across any stream with its boat-shaped body and screw propeller attracted considerable attention. Self-propelled ammunition carts capable of supplying front lines where no roads are available and the application of the radio telephone to tank warfare and improvements in anti-tank guns also were demonstrated.

10¢

"CASCARETS" TO CLEAN BOWELS

When Sick, Bilious, Headachy, Constipated, for
Sour Stomach, Gases, Bad Breath, Colds

As soon as the bowels begin acting freely, just take one or two Cascarets. If your stomach is sour or if you are constipated, Cascarets will clean your bowels. When you feel sick, dizzy, upset, or have a headache, Cascarets will clean away the poison and bowels feel fine! Clean your bowels—then feel fine! Cascarets are sold in boxes of 10, 25 and 50 cents. Any drugstore—Adv.

GALLI-CURCI CONCERT THIS EVENING

Madame Galli-Curci arrived in this city last night and took up quarters at the New American House, where she will remain until after her concert in the Memorial Auditorium tonight. She came here from Albany, N. Y., and was met at Ayer by the local manager of her concert. With the singer were her husband, James Samuels, her manager, Lawrence Evans, Manuel Berenguer, flutist, and her maid.

The diva will remain in Lowell until tomorrow afternoon when she will go to Boston to prepare for a concert there Sunday afternoon. In order to have the concert go as smoothly as possible the management has requested that all holders of tickets be in their seats before 8 o'clock. The doors will open at 8:45 o'clock.

CENTRALVILLE SOCIAL CLUB ENTERTAINS

The whist and social conducted last evening by the Centralville Social club was a big success. The affair was conducted in the assembly hall of the club in West Sixth street and was attended by over 200 people. In the early part of the evening whist was played and at the close of the game suitable prizes were awarded the winners.

The evening's program was in charge of Emilio Galarneau and those who took part in the entertainment were Miss Alice Levy, Miss Bernadette Grepe, piano selections; Miss Georgina Grepe, vocal selections; Miss Alice Levy, Miss Agnes Grepe, violin selections; Henri Chandonnet, comic songs. The judges at whist, who also acted as scorers were Misses Bernadette Galarneau, M. Goudin, J. Dugas and A. Gionet.

During the evening a miniature midway was conducted in the lower hall of the building and this part of the affair helped materially to swell the receipts of the event. The committee in charge consisted of Virgil Levy, chairman; Henri Galarneau, W. Chamberland, Henri Cayer and Joseph Galarneau.

NEW TARIFF LAW PLEASES THE SOUTH

WASHINGTON, Oct. 6.—The Southern Tariff association met today to give public expression to the gratitude of the south for the new tariff law which includes most of the products of that section on the dutiable lists. An announcement of the purposes of the two day meeting by John Kirby of Texas, the organization's president, characterized the convention as a "victory congress" commencing the "fair and generous treatment" accorded the southern producers. The new customs law, the statement asserted, had been the salvation of southern industries generally and added that the 60 industries and more than 6000 banks affiliated with the association desired the country to know of their appreciation of the work of congress.

SPECIAL SESSION OF PROBATE COURT

A special session of the probate court was held at the courthouse in Gorham street this morning with Justice John C. Leggett on the bench. Several wills including that of Thomas F. Green, of this city, were allowed and the administration petition of Agnes Cassidy was granted.

The following divorce cases were heard: Mildred E. Greenhaugh vs. Leonard Greenhaugh; Lyndon Felling vs. Ada G. Felling; Emergentine Riley vs. Edwin P. Riley; Charles E. Beauhau vs. Marie E. Beauhau; Dorothy Prescott vs. Arthur C. Prescott.

LUNENBURG SCHOONERS IN TRIAL SPINS

HALIFAX, N. S., Oct. 6.—The Hineson, Mahaska and Margaret K. Smith, the three Lunenburg entries for the Nova Scotia fishing schooner championships took to the harbor for trial spins again today, after freshening up a little yesterday. The Lallave entry, Canada, ran into calms while sailing for Halifax and is expected to appear today.

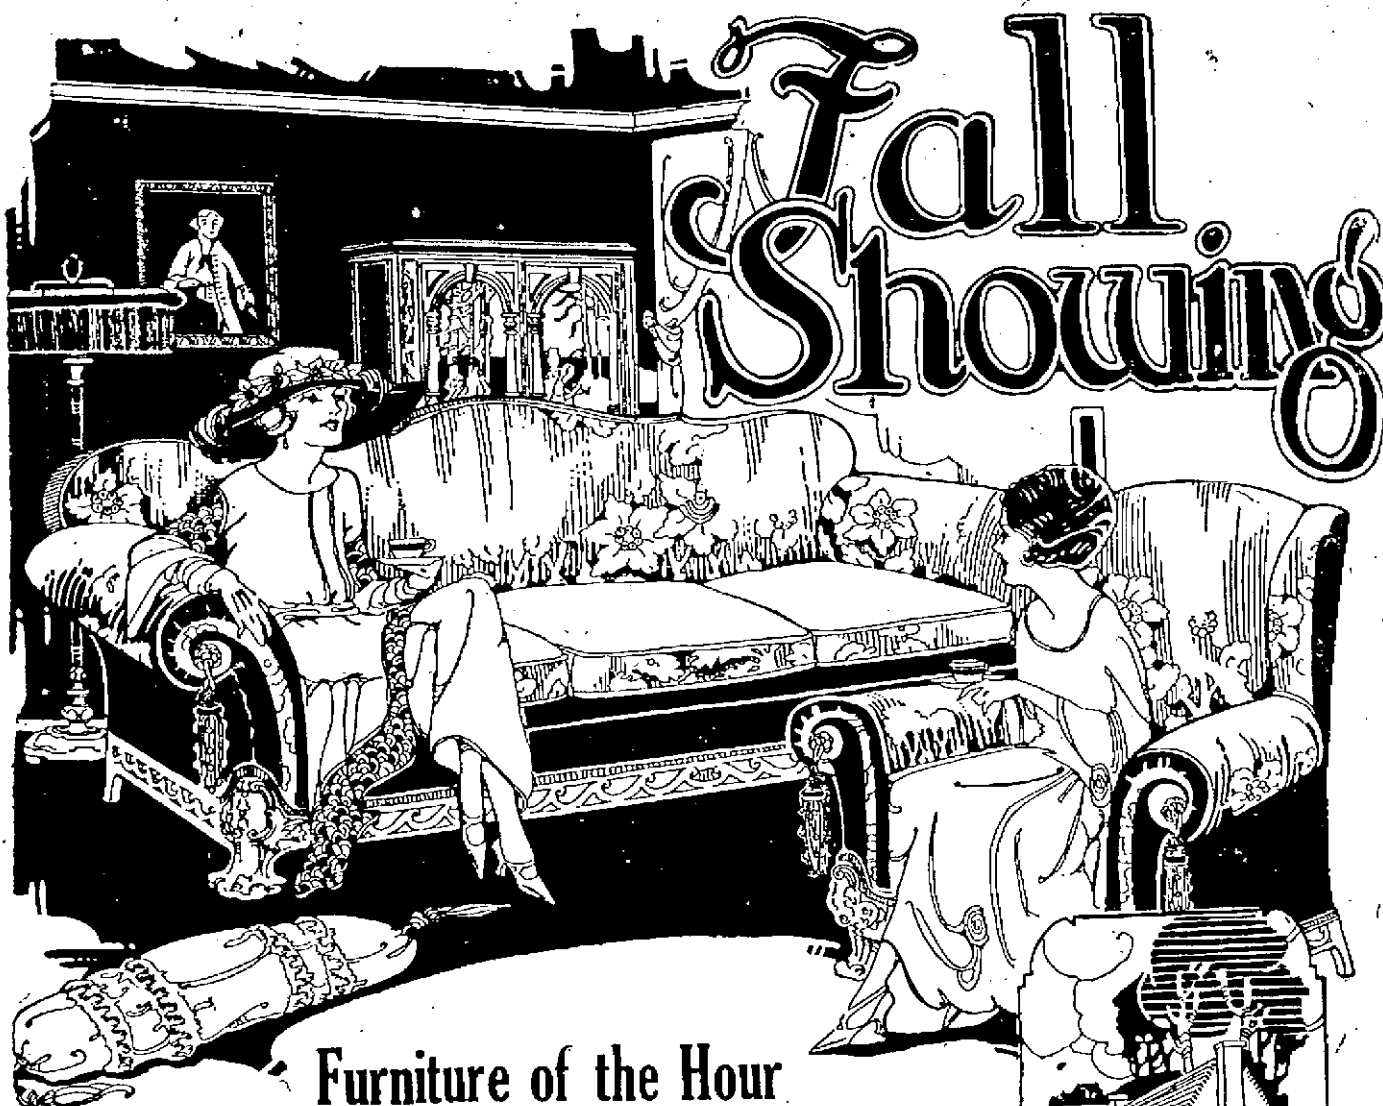

The three schooners had a long trial in light winds yesterday but their work gave promise of fast, well sailed races on Saturday and Monday.

Forging Ahead

We take a firm stand in the belief that our duty to the many friends and customers we have had the pleasure of having dealings with in the past and at the present time, lies not in the plan of merely selling furniture, but in a more wider sense, the important task of being looked up to as a prominent builder and maker of genuine American Homes.

To bear this in mind and differentiate between the two courses of business which are always open; thinking of us in the latter sense as interpreted, this will give you a true insight to the genuine thoughts behind the policies of this business.

This Organization has been forging ahead year after year—not alone because our values have been worth while seeking, but because OUR SERVICE, in the guise of practical information, has enabled many a young couple to start housekeeping on the right plan without any costly experimenting. In announcing this Fall Showing, our desire is two-fold; first, to have you acquainted with the very newest of Furniture which is now being shown; secondly, to have you take advantage of this Fall selling and avail yourself of the numerous dainty items which you are sure to want very shortly. Come in any time at your leisure—your inspection is invited.

Furniture of the Hour

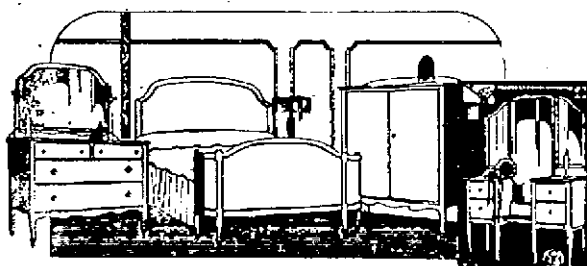

In a Most Comprehensive and Complete Showing Extraordinary Values

As is always the case, there are certain little features which make this showing stand out from all others at any other time. As a result of enlarging and acquiring more floor space, our store presents an altogether new appearance. Pieces and complete suites of furniture, representing the craftsmanship of America's finest cabinet makers, are all here, presenting a full display in a choice of patterns and finishes that is truly remarkable. An early visit is suggested.

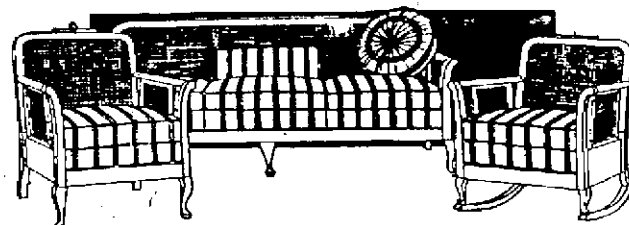

TABLE, BUFFET AND 6 CHAIRS

In the distinctive Queen Anne style, an oblong or round top extension style table, 54-in. buffet and one arm and five straight chairs, all pieces finished in dull walnut. We'll be glad to show this set to you. Taken complete is priced **\$125** at

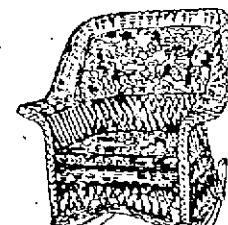

FOUR LARGE BEDROOM PIECES IN AMERICAN WALNUT, \$148.00

Genuine American Walnut Bedroom Suite, consisting of bow-end bed, dresser, large Vanity dresser and chiffonette, with genuine mahogany interior. An especially large suite at a low price... **\$148**

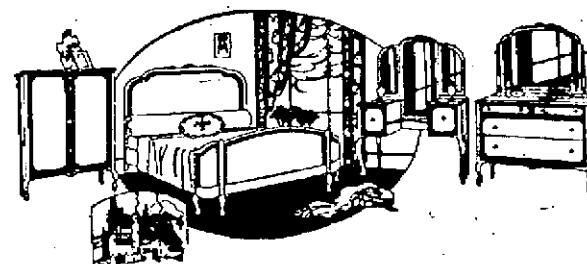

3-PIECE CANE SUITE

Dull mahogany finish, sofa, chair, rocker and pillow **\$149**

REED ROCKER

Genuine Reed, upholstered seat and back, walnut finish... **\$8.95**

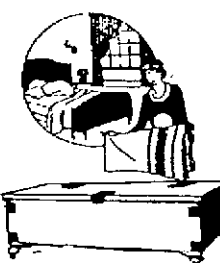

FOUR ATTRACTIVE PIECES—THIS QUEENLY BEDROOM SUITE, \$270.00

To judge this bedroom suite from the illustration alone would or could not do it the justice it deserves. However, we'll tell you that in addition to its perfectly grade construction, the beauty of each piece is especially marked, in that note of feeling and color is brought forth in the adaptiveness of the contrasting color combination in its decorative panels to the suite as a whole. The set includes bow-end bed, dresser, full Vanity table and chiffonette. **\$270** Finished in high grade walnut.....

New Metal Table Lamps

Electro plated metal table lamps afford outlet for unusual beauty in the home at a very little expense. Lamps complete for gas or electricity, are priced **\$7.00** as..... You shouldn't fail to see these values.

CEDAR CHESTS

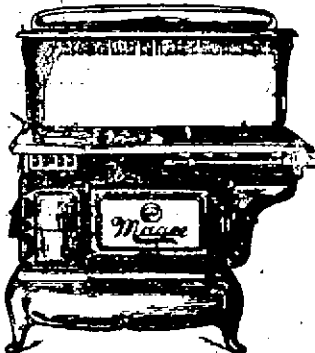

Cedar chests at this price are too often to be had—we call your attention to this time to this unusual value because these chests, of genuine cedar construction offer a much better value than generally offered at the price above quoted. Some with lock, steel castors and cedar handles. Natural Finish..... **\$15.00**

TAPESTRY SUITE

3 OVERSTUFFED PIECES, \$99.00

As pictured, the wing-back chair, davenport and arm chair make this suite. All have full spring construction, removable spring filled seats and strong bottoms. The general contour of pleasing proportions makes this a very handsome suite. The frame is solidly constructed and finished a deep mahogany, **\$99.00**

TURKS REFUSE U. S. CONSUL RECOGNITION

SMYRNA, Oct. 6 (by the Associated Press).—The exact status of the American consul general here will come before the national assembly at Ankara this week for discussion.

It has been a matter of increasing importance for the last 10 days, owing to the desire of the consular officers to visit the Turkish prison camps to ascertain whether any American citizens are among the Greek civilians rounded up in Smyrna and its vicinity.

At least 50 of such alleged cases have been reported to the consulate or the relief committee, and it is important that the complainants be found before their deportation into the interior, where they would be extremely difficult to trace.

The question at issue is whether the American consular officials previously accredited to the Greek regime shall automatically assume a similar relation to the new government. It was hoped that the Turkish nationalists would concede this as a temporary working basis, but thus far the local authorities have declined to recognize the consulate general officially, stating they must have a ruling from the Ankara cabinet.

The 50 Americans said to be confined in Turkish prison camps are virtually all naturalized citizens, whose "exant status in most cases will require considerable investigation.

DOUGHNUTS

By BERTHA E. SHAPLEIGH
Of Columbia University

1/2 cups sugar
1/2 tablespoon butter
2 eggs
1 cup sweet milk
2 cups flour
1 teaspoon soda
2 teaspoons cream tartar
1 teaspoon salt
1 teaspoon nutmeg

Beat together the sugar, butter and eggs. Add milk and flour sifted with soda, cream tartar, salt and nutmeg. Mix thoroughly, and add from one-half to one cup flour or sufficient flour to make a stiff dough which will drop from the spoon.

Place in ice box or in a cold place over night or for several hours.

Roll out and fry.

Many cooks find it difficult to make doughnuts when they keep their shape when cut, are too stiff.

The housekeeper who gives this recipe makes the best tasting and best keeping doughnuts the writer has ever eaten. She attributes her success to the small amount of flour used and the standing for a long enough time to make it possible to handle a soft dough.

COAL TEAMSTERS' UNION

Thirty-five candidates were initiated at a recent meeting of the Coal Teamsters' union and the organization voted the sum of \$100 for the relief of the local textile strikers. Routine business was transacted and it was announced that the nomination of officers will take place at the next meeting.

ERMINE AND VELVET

A short coat of ermine, with wide, flowing sleeves is worn with a black velvet skirt with ermine tails outlining the pocket. This makes an unusually quaint and picturesque costume.

THE MIZPAH CLASS

The Mizpah class of the Chelmsford Street Baptist church held its regular monthly meeting, Wednesday evening at the home of Mrs. Fred Petrie, 48 Crescent street. Mrs. James Driver assisted in entertaining. The following officers were elected for the year: President, Mrs. Adeline Boyer; vice-president, Mrs. Ella Watson; secretary, Mrs. Laura Maylor; treasurer, Mrs. Elizabeth Robinson; chairman of the membership committee, Mrs. A. B. Clark; flower committee, Mrs. Ella Watson; press committee, Mrs. Sylvia Bishop.

Last Day--Saturday

to consult with Miss M. E. Dowd
Expert Corsetiers from the Modart Corset Company
Who Has Advised Hundreds of Women

Saturday is the last day of our demonstration on correct corsetry.

There is still time to see Miss Dowd at our Corset Section. To those who have attended this demonstration no words are necessary, except to congratulate them upon taking advantage of it.

To those who have not availed themselves of this privilege we can only urge you to come in today, the last day.

Remember, you are cordially invited to accept this invitation in the spirit in which it is given without cost or obligation.

Chalifoux's
CORNER

AMUSEMENT NOTES

By the Theatre's Own Press Agents.

H. F. KURTUS PRIMATIUS

Nothing better in the way of vaudeville has been shown here in a long time than the two headliners of the present week, Al and Fanny Steadman in their humorous "Planocypers" and the Beaumont Sisters in their songs of the very best of topical attractions. The monolog of Joseph K. Watson is a laugh-causer of the very first order, while the fifty little sketches of Lewis & Norton is one of the season's latest novelties. Piano and vocal music by Olga and Alan Parado make a high

HUNTER KILLED IN FACE OF BAN IN MAINE

DOVER-FOXCROFT, Me., Oct. 6.—Charles M. Hill, William's farmer and lumberman, was shot and instantly killed when hunting near Ellsworth yesterday by Charles Patten of Bar Harbor, who mistook Hill for a deer. The bullet entered the neck.

Hill and Patten were members of a party of five men in camp for a week's hunting, the other members of the party being Pearl Skillings of Dexter, Lyman Soverano and Lylo Howard of Milo.

Yesterday morning the men, unaware of Governor Baxter's proclamation of Wednesday, making a closed game season because of forest fires, left camp and separated, agreeing to come together at the noon hour. Hill and Patten were closing in toward the agreed meeting place when Patten fired the fatal shot.

The victim of Maine's second fatal shooting since the hunting season opened Monday, has been prominent in affairs in Williamstown, being chairman of the board of selectmen.

Sheriff Roscoe M. Macomber of Guilford and Deputy Sheriff Amos Delano arrested Patten, who will be given a hearing here today or Saturday charged with carelessness and negligently taking a human life while in pursuit of wild game, the charge being brought under the special Maine hunting statute.

Patten is caretaker on a summer estate in Bar Harbor.

placed on the bill, and La Follie's trio of Spanish court dancers are sensational features. Russ & Ford, instrumentalists, also make a splendid showing on the bill.

OPERA HOUSE

Good musical comedy is always highly entertaining. That's the one big reason why Tommy Levene and P. Q. Murray's big musical comedy success, "Oh, U Baby" company, which is to open the season at the Opera House next week, should prove a real attraction to the lovers of good entertainment hereabouts. Owner Schaeke has been able to book some of the best road attractions procurable, and his opening is a ten strike. The coming attraction has a set of clever comedians, a carload of special scenery, and an extensive and handsome wardrobe. The first performance will be given on Wednesday, and twice daily thereafter. The tickets are now selling, and it's advisable to secure your reservations at once and avoid possible disappointment. Get in on the first performance, and prices are for the matinees 15, 25 and 35 cents, and for nights 25, 35 and 50 cents, with a few reserved seats at 75 cents. The tickets may be procured at the Central street box office.

RIALTO THEATRE

"The Still Alarm," one of the greatest melodramas of modern times depicting gigantic and daring fire scenes, is the feature of the week end program at the Rialto theatre this week. It is supported by a Franklin Farnum picture entitled "When East Comes West," also Episode five of "The Jungle Goddess," Harold Lloyd in "Hey There," and the Pathe News. This program is one of the most spectacular that has been shown at the Rialto theatre for many weeks.

THE STRAND

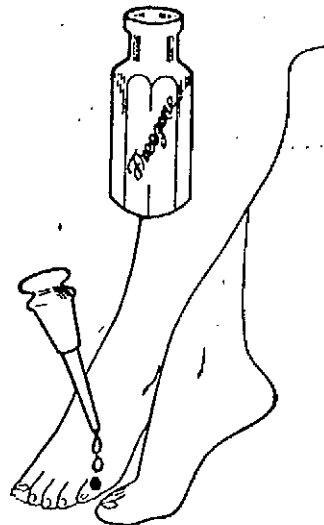

The name William Farnum is synonymous with good human nature, so that it's not unusual to expect that his newest offering, "Moonshine Valley," will be vigorous and stirring. It is being shown at the Strand today and tomorrow. Shirley Mason, dainty and reflecting unusual personal charm, will tell you whether or not long or short engagements is the proper thing. See her in her newest picture creation, "Truly Yours." It terms over with joy and romance.

EFFECTIVE GIRDLE

A wide band of rhinestones makes an effective girdle for a frock of silver lace, combined with pale gray crepe. The relieving bit of color is supplied by a flame-colored fan.

HARVEST SUPPER AT HIGHLAND CHURCH

The harvest season was opened socially last night by the Highland Congregational church with their annual harvest supper. The Ladies' Church Aid society, under the direction of Mrs. Hilsdell and Mrs. Pratt, served supper at 5.45 o'clock and this was followed by a delightful entertainment in charge of Miss Marion Bradley.

The entertainment was in the form of a series of tableaux in which about a dozen members of the church appeared. The first was an illustrated reading entitled "Wanted a Wife" and was quite humorous. Those who participated were Alice Ingham, Carl Marshall, Marion McMaster and Robert McMaster. The second consisted of a number of confounding operations on a sick man. Those who took part were Marion McMaster, Lettie McMaster, Pearl Daly and Robert Trinker. The third tableau was a series of reflections on the rainy season of 1922 and dealt on rheumatism. Robert Trinker, Elwood Peters, Lettie McMaster, Alice Ingham and Marion Willson took part.

The Original Food-Drink for All Ages. Quick Lunch at Home, Office & Fountain. Rich Milk, Malted Grain Extract in Powder & Tablet forms. Nourishing-No cooking. Avoid Imitations and Substitutes.

The final tableau was entitled "Too Much Company" and concerned a pretty high school girl who had so many callers she didn't know what to do with them. Those who took part were Marion McMaster, Elwood Peters, Robert Trinker, Charles Emerson and Samuel McMaster.

Miss Clara Fenton played piano selections during the intermissions.

ANOTHER HEARING ON MINIMUM WAGE LAW

The following letter, which has to do with a further hearing on the minimum wage law by the state commission on unemployment and minimum wage, was received yesterday by Frank N. Stimpson, secretary of the Trades & Labor council:

Dear Sir:

A further public hearing will be given by the above commission on the subject of the minimum wage law, and its operation in Massachusetts, in room 370, State House, Boston, on Wednesday, Oct. 11, at 10 a. m.

As the former hearing was confined almost entirely to hearing those who favored the minimum wage law, an opportunity will be given at the second hearing to those opposed to the law.

However, if time remains, the commission will be glad to hear from any who favor the law and who wish to be heard further on the subject.

Will you kindly see that notice of the hearing is brought to the attention of such of your local branches as may be interested.

Very truly yours,
JOHN D. WRIGHT,
Secretary.

DISCUSS TEXTILE SCHOOL ATHLETICS

A rousing meeting in the interest of athletics was held by the students of Lowell Textile school in Southwick hall yesterday afternoon. Coach Arthur Hall of the football team and Lester H. Cushing, faculty manager of athletics, spoke on the prospects of this year's eleven.

The entire student body was in attendance and the meeting opened with a number of cheers under the direction of Cheer Leader Philip Connell. Faculty Manager Cushing was the first to speak and he introduced the new coach. During the course of Mr. Hall's talk he told of his experiences with other football teams, told of the prospects of Lowell Textile's team this year, and asked for the wholehearted support of the student body during the present grid season.

WOMEN PASTORS PROBABLE

SYDNEY, N. S. W., Oct. 6.—The prospect of women preachers occupying pulpits in many New South Wales churches has arisen as the result of a proposal, which is to come before the next Anglican Provincial synod, that women be permitted to conduct church services under certain conditions.

The proposed ordinance suggests that the archbishop or bishop of a diocese may issue a license to a deaconess to perform any of the following duties: to prepare candidates for baptism and confirmation; in church, in the absence of the pastor, to read morning and evening prayer and the litany, except such portions as are assigned to the priest only and to instruct and to exhort the congregation and to conduct services for women and children.

PURPLE VELVET

A high class-fitting choker collar and long, light sleeves distinguish a gown of purple velvet from the less conservative models. Exquisite hip drapery is the only attempt at ornamentation.

HERE'S FIRST RUN SCORED IN WORLD SERIES OPENING GAME

Picture shows the high point of excitement in the sixth inning when Dugan of the Yankees crossed the plate with the first run of the 1922 world series on Babe Ruth's double. Dugan at extreme right, scoring; Catcher Snyder of the Giants at his left. At extreme left is Umpire Klem, and behind him is Pipp of the Yankees, next to bat. In the background is Eddie Bennett, mascot of the Yankees.

A DIRECT BRANCH OF OUR MAIN STORE IN BOSTON

WHY?

Made to Order

Why do we enjoy the largest popular priced retail tailoring business in BOSTON and all NEW ENGLAND?

Why---do thousands and thousands of our customers come back to purchase our clothes year after year?

Service---the best of fabrics, the finest tailoring and linings, a perfect fit---all this coupled with Quality and Business Dependability is the answer.

Ready to Wear

We always carry in our Stores, at all times, a most complete stock of everything in the Suiting and Overcoating line; fancy novelties and staple materials. No man is too HARD for US to suit or fit. Why not give us a chance at your next suit or overcoat. We are FEATURING beautiful silk worsteds in

SUITS \$25 \$27^{.50} \$30

HERE IS HOW THE BIG LEAGUERS RELAX

Giants Beguile Idle Hour at Pinochle

LEFT TO RIGHT: KING, WENDELL, LUCAS, (STANDING), CUNNINGHAM, GROH (STANDING), GASTON, MEUSEL

Sharpening their wits and improving their team work on right on, on the part both of the New York Yankees and the Giants, the contending teams for the world's baseball championship, as well during "bumming hours" as when the players are on the diamond. This photograph of a group in the Giants' clubhouse looks like the last word in strip poker—Cunningham down to his cap—but it isn't. And while the Giants are running in a morning pinochle game on one of their home days, the Yankees are off-setting it with a bridge evening in a hotel room in some town they happen to be playing in.

Don't Run to Poker

Neither team runs to poker. The men crave something braver and more exciting than the card game.

The members of a big league ball team, when on friendly terms among themselves, like the Yankees and the Giants, "hook" pretty much together. They find more fun in their own clubhouse when at home or in the hotel apartment of some one of their number, if they're traveling, than they're able to discover elsewhere.

A bit of lunch, a deck of cards on the table, a "bunch" of good kidders around and everything's set for a happy hour.

Outdoors Are Barred

Outdoors are barred, so if Wendell wants to be well dressed, or if Heine Groh prefers to appear in his loose-leaf underwear, or if Scotty, of the Yankees, feels like wearing his pajamas, each one of them is perfectly free to consult his own fancy and nobody else's.

Gambling is strictly taboo.

The players favor the card-gambling rule as well as the magnates, for gambling often leads to personal feuds and personal feuds in baseball clubs seldom lead to world series money.

Yankees Spend an Evening Over Bridge

LEFT TO RIGHT: McMANALLY, SCOTT, JOE BUSH, WHITELY WITT

SECOND GAME REAL THRILLER

Wild Scenes Following Calling of Game in Tenth With Teams Tied 3 to 3

Crowd Hoots Umpires and Landis—Entire Gate Receipts Go to Charity

Today's Game Ruled Number 3 With Giants "At Home"

NEW YORK, Oct. 6. (By the Associated Press.)—Giants and Yankees, having attempted to appease thousands of fans who weren't a whit satisfied when the second world series game was called by umpire in the tenth inning with the score tied, 3-3, by giving the entire day's receipts to disabled soldiers and charity, returned today to the business of settling the championship.

The umpires said it was too dark to play when they called the halt, but there were few fans who agreed with them about the conditions of daylight. It may have been too dark, maybe Jimmie Hildebrand was fooled by Cooperstown, which plays queer tricks with its shadows sometimes. Anyway, there was quite a difference of opinion in the matter.

Some three or four thousand of the fans couldn't forget their dissatisfaction. They had watched the Yankees fight a long, uphill battle after Irish left the game. It is several years since bleachers had counted three runs for the Giants in the very first inning, and they wanted to see a finish. They couldn't understand why this wish should not be granted them. And they fussed.

Landis and Umpires Hooted

They yelled at the umpires until the umpires found cover. Then, because there was no one else left on which to vent their feelings, they turned to Commissioner Landis, the boss of all major league baseball and they said to him many things. Commissioner Landis didn't have anything to do with calling the game, but he made a nice target for their bombardment of criticism. Having talked themselves out of the winners of the clubs and players didn't want anybody to think the game had been called deliberately, so that they could play another game and take in more money, so after consultation with Landis, they decided they wouldn't keep one red cent.

Pitching Possibilities

And so the third game, with the Giants "at home" again is on today. McGraw's men still have the edge, having won the first game, and today they will play behind pitcher "Deacon" John Scott, who displayed quite some twirling cunning during the latter part of the season. Miller Huggins has selected Walter Hoyt, the youth who caused the Giants no end of worry in the 1921 series, in an effort to even things.

Ryan and McQuillan are in shape and ready to assist Scott, should the Yankee batters take too kindly to his delivery. Carl May, with his six-wait style warmed up yesterday when it looked as if Shawkey might not go so well and he is allotted the same job today.

McGraw Elated Over Pitchers

McGraw is elated over the showing of his pitchers. "They said they weren't in a class with those of the Yankees. Nehf, Ryan and Barnes haven't been so good since they left the team." Barnes had a lot to encourage him at the very start of yesterday's game, when Meusel's homer gave him three runs, but Jess had to be good in those ten innings to keep the Yankees down. They got back one of the three runs in their half of the first when Baneroff, after making a good stop on Dugan's rap, leaved over George Kelly's head. Dugan went to second on the misplay, took third on Ruth's misplay and scored on a trip around the bases. Doubles by Ruth and Meusel accounted for the tying run in the eighth.

Shawkey Great After First

Shawkey's work after the first inning was all to the good. He was still in the game in the second, after being pulled through and for the re-

maining seven innings allowed but three hits, one of them being Baneroff's single in center in the tenth. The newest conception of hope has it that the Yankees, despite the one game lost, have an equal chance with the Giants to win the series. The argument for this is that the Giants used two of their best pitchers and have won one game while the Yankees have used two of their best pitchers and have lost one game. This leaves the Yankees with two pitchers rated among the topnotchers, Hoyt and May, while Meusel, Scott and Ryan, the remaining regulars of the Giants' staff are not regarded so highly.

The strong Trojan football team of Lowell will travel to Lawrence, Sunday afternoon, to play the O.S. A.C. of that city. The game will be played at O'Sullivan park and as this will be the first game of the season for the Trojans, a large crowd of local followers is expected to make the trip down the river.

The Ponies Sports are without a game for Sunday and would like to meet any 120-125 pound team in the city on the Lakeview avenue gridiron. For games, see Manager Lynch at the corner Stanley street and Lakeview ave., any night between 6:30 and 8:30 o'clock.

FOOTBALL NOTES

The Indian Second team, formerly the Indian Third team, will play a game with any 120-130 pound team in the state, October 12. The Indians will line up against the O.S. A.C. of Lowell on the old Fair grounds at 3 p. m. The Indian team consists of Torrey, Pirth, Horson, MacInerney, Burnell, Hulslander, Dowd, Grant, Turner, O'Neill, Mussey, Foster, Peverill, Davidson, H. Herson and Donnelly.

The crowd remained strangely apathetic and generally impassive until the last two innings. Veteran spectators who travel across the continent more to watch the smoke of battle than to see a pitching duel, pronounced it one of the most undermanned gatherings ever collected at a major sporting event.

LITTLE ENTHUSIASM AT SERIES GAMES

NEW YORK, Oct. 6. (By the Associated Press.)—All the ingredients of an old time carnival day were distributed about the Polo grounds yesterday for the second game of the world series, but the crowd departed leaving them unimpaired. The stage was set for a panorama as fascinating and as human as a gladiatorial combat in a Roman coliseum, but the curtain never went up.

The crowd remained strangely apathetic and generally impassive until the last two innings. Veteran spectators who travel across the continent more to watch the smoke of battle than to see a pitching duel, pronounced it one of the most undermanned gatherings ever collected at a major sporting event.

LOWELL HIGH WILL CLASH WITH CONCORD

Tomorrow Coach Jim Liston and his squad of 30 Lowell high footballers will journey to Concord, N. H., where they will battle on the gridiron with the high school team of that city. The boys will make the trip to the capital city by truck, leaving Lowell about 10:30 o'clock tomorrow morning. The return trip will be made shortly after the close of the game.

The lineup that will wait the umpire's whistle will probably be as follows: Hilten is McManally (capt.), H. Bailey, J. Cunningham, C. Sullivan, E. Ryan, R. Clark, R. Sheehan, 1b, 1f Day, qb, J. Donahue, Chas. qb. Coach Liston will have several second string backs on the side lines and he plans to use some of them during the game. He says that Lowell will have no fancy plays for this game but will resort to straight football with line plunges predominating.

Concord high has a fine team this year and two weeks ago rolled up 60 points against Keene high school. While Keene may not have a good team this season, they have a plain indication that Concord has a strong team as this big score was rolled up in about 45 minutes of play. Because of Lowell's auspicious opening Coach Liston feels that his charges will be able to down the upstarts and looks for another victory.

Sheehan, Dean, McManally and Hilten, who played a fine brand of football last Friday, are expected to come through again tomorrow and give the opposing backs something to worry about. The looking of the Lowell boys was hard, fierce and sure in the first game and they have been coached in this line all week so that the Concord backs are due for a rough afternoon. Coach Liston, who was trained in this stunt by Major Cunningham, has instructed his boys in the same way as hard tackling has a demoralizing effect on the opposing team's spirit.

Manchester high plays Lowell high on Columbus day at Spaulding park and the coach has made special preparation for this game. It is several years since Lowell team has beaten Manchester but he confidently expects to do it this year. He has outlined three or four new plays for this game that are bound to fool the visitors. Liston considers this game one of the big ones on the schedule and is pointing his team toward a victory.

TEXTILE SCHOOL TO MEET PROVIDENCE

The Textile school football team will introduce its wares to local followers for the first time this season when Providence college will be entertained on the Moody street campus tomorrow afternoon. Among the Textile players whom the supporters place a great deal of reliance in, Capt. Garrison Lombard of Saco, Me., can play any position in the line with equal skill. Lombard is also a basketball player of note and has the distinction of having held the captaincy of the two major sports. He will graduate next spring with the degree of bachelor of textile engineering.

SPORTING NOTES

Big crowds are turning out every afternoon at the Polo grounds to follow the world series games as given play by play on the big electric board. The games can be followed here just as well as if the spectators were in the stands on the Polo grounds, New York. The board is a mass of electric bulbs, and as a play occurs the light flashes and travels the course of the play or the ball. When a hit is registered the big bell rings and the blow is good for two bases. It changes a second time, a home run brings a continuous ring, and as the lights show the man circling the bases a line idea of just what happens at the game is obtained. It is a marvelous board and is proving entirely satisfactory to all those who attend the games. Each day at 2 o'clock as the games start, the news comes in wire, brings the news to the rink, and from this point until the last man is out, a correct and detailed description of the game is presented.

A delegation of Lowell friends and well wishers will accompany Billy Murphy of the Aero to Boston on Tuesday night to cheer him on to victory in his bout with Johnny Lucas. Connie Lynch is in charge of the local arrangements and he is making plans to conduct a "big party."

Phinney Doyle's signed contract for his bout with Johnny Downes on the holiday has been received by "Deak" Dodge. Doyle is training every day for the bout and feels confident of winning over his South Boston rival.

Jack Williams, in a letter to The Sun, says: "South Boston Johnny Downes is the happiest boy in these parts, knowing he has a chance to even scores with Phinney Doyle on Thursday, October 12, in the same ring that he was deprived of a knockout by Referee Phinney. All he asks for in the coming contest is somebody who can count 'ten' as he will be presented with an opportunity in the first round. Several other promoters have tried hard to clinch this match, but it was of no avail, as Downes insists on knocking Doyle out. In Lowell, Cecil Dodge, the promoter, has been requested to set aside three hundred seats for Downes' friends."

Capt. Sam Whitecock, of the "Comet" bowling team, which is to roll the Olympics tomorrow night, will meet his opponent from the following well known bowlers: E. Grady, R. Shouhin, R. Thurber, C. Flynn, J. Hayden, J. Barrett and C. Brigham.

They told Manager McGraw of the Giants they wouldn't come back to his solo grounds for anything in the world. They hurled mean words upon the umpire, saying that anybody with good eyes could see it was still light enough to keep on playing.

Finally the mob turned its fountains of advice upon the writers working in the press box. They wanted the world informed what an awful thing it is to see a ball game that nobody wins.

NECK BROKEN BUT WHAT OF THAT?

A little thing like a broken neck is nothing to keep Harry Herbert of Syracuse university out of athletics.

During last fall's Syracuse-Colgate gridiron encounter, after playing a whitewash game as quarterback until injured, he was carried from the field, in the first half, with a fractured cervical vertebrae. In other words, a broken neck.

At first it was thought he could not live, then that he could never hold his head erect again. But after a long time in a plaster cast he got out and during the summer, being an all-around athlete, played a few games of basketball. Now he is going out to meet the Louisville Colgate championship lacrosse team at Syracuse.

He will wear a special helmet to protect his neck.

ANGRY FANS

NEW YORK, Oct. 6. (By A. P.)—A most sensational and unusual scene developed in front of Commissioner Kane's saw M. Landis' box immediately after the calling of yesterday's world series game. Several hundred fans rushed to the front of the enclosure and demanded to know the reason for the stopping of the play and which club tickets would be good today.

Commissioner Landis jumped from his chair and endeavored to explain the situation. The assembled rosters refused to listen to his remarks and began to boo and shout. The noise and confusion attracted rapidly increasing number of fans and shouts of "Right fight!" filled the air. The police, attracted by the commotion rushed up to the baseball commissioner. "Keep away from me, I can get through any crowd in New York."

Landis, whose face was twitching from excitement, saw his case in the air and attempted to push the crowd away from him with one hand while he held his wife with the other. Landis did not seem disturbed by the excitement and laughed at the episode. The police started to walk away while Landis endeavored to elbow his way through the deep ring of fans surrounding him. The commissioner finally forced his way across the field and into the clubhouse, out of the line of sight of the spectators.

Landis, who was refused at the clubhouse, but when Commissioner Landis reappeared he was asked by an Associated Press representative "if he had any statement to make."

"Statement about what?" he asked. "When it was explained the mob scene, Landis asked: "That happens to people every day, doesn't it?" and hurried away without waiting for a reply.

The 37,020 spectators who paid to see yesterday's thrilling encounter were angered when the umpire ruled it was a no knock-out. The fact came to see a knockout, these fans roared, and as they swarmed over the field they screamed their disgust to the high heavens and to every person they encountered who was of any importance in baseball affairs.

They told Manager McGraw of the Giants they wouldn't come back to his solo grounds for anything in the world. They hurled mean words upon the umpire, saying that anybody with good eyes could see it was still light enough to keep on playing.

Finally the mob turned its fountains of advice upon the writers working in the press box. They wanted the world informed what an awful thing it is to see a ball game that nobody wins.

The Fullback's Good!

NEW fall ulsters display the full back. Gives the coat swing. And character. And roominess. The models now here are as light as a feather, but warm as toast! You cannot match them at the price anywhere!

Picture shows Whitey Witt, Yankee center fielder, kicking up a cloud of dust as he slid into third base on his triple in the sixth inning of the first game of the world series. In front of the bag is Heinie Groh, Giants third baseman. Umpire Owens at left, calling Witt safe. In the foreground is Coach O'Leary of the Yankees.

MANY LOWELLIANs AT BROCKTON FAIR

Yesterday was Lowell day at the Brockton fair. Several hundred Lowellians, motored to the scene of attractions and were unanimous in declaring the fair a big success. They were particularly interested in the horse races which were exceptionally good. The only trouble they experienced was getting their automobiles out of the jam of machines that packed the 10-acre parking space. The number of machines parked there was estimated at 10,000.

The feature of the harness racing program for the hundreds of regular followers of the horse, who struggled for a vantage point in the curbs of humanity was the victory of the giant racer, H. H. Swift, in a \$5000 purse, the winner's share of which looked like the start and even until well along into the second heat, to be an incentive for just a nice workout for the Hartford gelding, Almaden Onward.

The wonder horse owned by Thomas McWilliams of Portsmouth, N. H., won with a lot to spare in 2:10 1/4, 2:09 1/4, 2:11 1/4, the favorite getting second money because he won the first heat. H. H. Swift was not the only surprise winner, the two-year-old Trumpet being the only favorite to come through. Starting the racing Will Mcnamara landed the 2:16 trot, in which three heats had been raced Wednesday with the Boston gelding. This ultimate winning handily in 2:14 1/2, 2:15 1/2. Then along came the four-year-old Mr. Kent from Comsewogue farm, Monroe, N. Y., tipping over Admiral Swift in a five-heat contest. In which 1:58 1/2, won the first and fifth heats, but was outkicked in the summary by Mr. Kent.

Trumpet, the son of Elvash, 2:03 1/4, and Mary Tipton, 2:13 1/4, which State Post handles for Charles Welland of New York, was the best of the two-

year-old trotters. This made his eighth win over the half-mile track. Two Massachusetts bred racers stood first and second when the 2:15 class was postponed because of darkness. Patsy Chatham took two heats, then lost the third to King Challenger which was bred on the fair grounds by Supt. Harry C. Briggs.

PETER THE BREWER WINS TRANSYLVANIA STAKE

LEXINGTON, Ky., Oct. 6.—The \$5000 Transylvania stake for 2:05 trotters, feature of the card at the trots yesterday, furnished a big upset, the heavy favorite, Great Britain, being beaten by the Michigan 4-year-old Peter the Brewer, driven by Nat Ray and owned by E. Stout of Pontiac, Mich. In winning the colt equalled the record of the stake of 2:02 1/2, made two years ago by Peter Manning, this also being the fastest trotting heat race this season.

A bad start in the first heat and a break in the second robbed the favorite of whatever chance he might have had of winning, but it is doubtful if he could have beaten the colt from the Ray stable on even terms yesterday. The Cox candidate, E. Colorado, trotted a great race and landed second money.

The auction selling on the Transylvania was heavy, Great Britain bringing \$500, Peter the Brewer \$150, Ecuador \$60, E. Colorado \$50, Prince George \$35, The Great Rose \$25, Bill Shurren and Peter Coley \$25 each and the field \$10. The scoring was prolonged for the first heat and the favorite was far back on a break when the word was given.

Kilo Watts set the pace, but Peter the Brewer, Bill Sharen and E. Colorado hooked up in the last eighth and finished as named in 2:02 1/2. Great Britain got away well in the final heat but went to a break at once, and this time the finish was between Peter the Brewer and E. Colorado, with the colt winner in 2:03 1/4.

The 2:03 trot was won by the favorite, Pluto Watts, a four-year-old from the Roland Harrington stable, driven by Will Dickerson. The youngster was much the best and took a new record of 2:05 1/2 in the second heat.

A favorite to be upset was Plavon in the 2:03 trot, the Brooklyn mare Wilaska beating him in straight heats, the first in 2:05 1/4, Russell Ongale and Walter M. were equal chasers for the 2:17 pace, but were beaten by the outsider, Peter Cleo.

Hagen is open champion of Great Britain. Sarazen is the first youth in history to hold the national professional and national open titles at the same time.

The final round of 36 holes will be played tomorrow on the Westchester-Biltmore links at Rye, N. Y. The winner will receive 60 per cent of a purse of \$3000 and the loser will get the rest. Hagen, like Sarazen, is familiar with the fairways and pitfalls of both courses.

TRACK OPENING AT SHAWSHEEN VILLAGE

Everything is in readiness for the mammoth field day and track events that will mark the formal opening of the new running cinder path and athletic field in Shawsheen Village Saturday afternoon. Athletes for miles around are looking forward to the occasion with a view to participating as some of the most valuable and beautiful cups, medals and other prizes will be awarded the winners in the many events to be held. The entire affair is under the auspices of the Shawsheen Athletic association.

The occasion of the field day and track events is the formal opening of the elegant new cinder track and grand athletic field, located off Biltmore street, in the rear of the Biltmore Spa and beside the gracefully winding Shawsheen river. The site is ideal in every way and the throngs that will flock to the spectacular races will readily place their stamp of approval on the entire grounds. For weeks the track and athletic field have been in course of preparation for Saturday's events. The track is a quarter mile one, circular in form, entirely encircling a baseball and football field as level as a billiard table. The track is amply wide for any number of contestants and has been rolled and made firm. It is one of the finest cinder paths and athletic fields in the entire east and promises to be a mecca for athletic admirers and contestants. Mighty fast marks and even new records are looked for on the new track.

NOTICE—Mr. Henry McDonald, formerly of McDonald Bros., has come to us as assistant manager and will be pleased to meet his old friends.

given to disabled soldiers and charities of New York City. Commissioner Landis announced last night. The total receipts amounted to \$120,000, a record for a world series game.

In a statement issued to newspapermen, who had been called to his hotel room, Commissioner Landis gave a direct explanation for the decision. He referred, however, to the fact that "many spectators" were dissatisfied with the game. He made no reference to the misstatement accorded him by a large number of fans when he was leaving the field.

His statement follows: "Under baseball law the umpires are charged with the sole authority of calling a game on account of darkness. In exercise of this authority yesterday's game was called by them at the end of the 16th inning. Many spectators were of the opinion that the game might have continued.

"Of course, the umpires on the field are in much better position to judge conditions than any question whether this decision was erroneous, the two New York clubs, acting for themselves and their fans, have decided, with the approval of the commissioner, that the entire receipts of yesterday's game shall be turned over to funds for the benefit of the disabled soldiers and to the charities of New York city."

This will give the players, the clubs and the baseball commission a share in the next three games. The records made in yesterday's game, however, will be included in the records of the series.

SOCCER FOOTBALL

A fast soccer game is expected on the Aiken street playground Saturday afternoon, when the Mass. Cotton Seconds meet the Y.M.C.C. in a Merrimack Valley League contest. The Y.M.C.C.'s are made up of Portuguese players who know how to bring out all the fine points of the game. They will also be strengthened for this game and will have five new men from Hudson in the lineup. This game also means a lot to the Mass. team, who have strengthened considerably by signing up Partinton (formerly of

Manchester Blues) and P. Currie (formerly of Clan McPherson's of Lawrence). The game will start at 3:30 sharp and a big crowd is expected to be on hand. All Mass. players are requested to be on the ground at 1:30 sharp.

A. G. LAWRENCE DEAD
BOSTON, Oct. 6.—Arthur C. Lawrence, head of the A. C. Lawrence Leather company, died here yesterday in his 74th year. He had been vice president of the National Leather Co. and of the New England Shoe & Leather association.

Dickerman & McQuade

Mr. Man

Would you put solid rubber tires on your sedan just because they were cheaper?

Ridiculous!

But lots of men will wear any old kind of clothes just because they are "cheaper," sacrificing ease, comfort and appearance for a couple of dollars.

Get to the heart of this quality talk

What makes cigarette quality anyhow?

Chiefly it's a matter of tobacco quality—the kinds and grades of tobaccos used.

The extra enjoyment you get from Chesterfields is due to just that thing—finer tobaccos of better grade than in any other cigarette at the price.

The good taste of your first Chesterfield will prove it.

Urge U. S. Representative on Commission

NEW YORK, Oct. 5.—Appointment of an official American representative on the reparations commission and immediate declaration by the American government of the principles under which it will co-operate with foreign countries in the rehabilitation of Europe, were recommended today in the final report of the committee on resolutions of the American Bankers' Association convention.

Southern Roads and Brotherhoods Agree

WASHINGTON, Oct. 5.—Railroads of the southeastern section of the United States and brotherhood organizations of conductors, firemen and trainmen today signed an agreement settling all outstanding differences between them and extending present wages and working regulations until October 31, 1923.

B. & O. Signs Up With Brotherhoods

CLEVELAND, Oct. 5.—(By the Associated Press)—The Baltimore & Ohio railroad system has signed an agreement with brotherhood organizations of trainmen and conductors extending present wage and working conditions for one year, it was officially announced at Brotherhood of Railroad Trainmen headquarters here today.

GREEKS READY TO RESIST TURKS

Great Wave of Patriotic Fervor Sweeping Over Greek Army in Thrace

Discuss Possibility of Turning Defeat by Turks Into Victory

ADRIANOPLE, Oct. 5 (By the Associated Press).—The great wave of patriotic fervor which is sweeping over the Greek army in Thrace is the most remarkable development of the past week here.

The revolution in Greece and the abdication of King Constantine had an immediate reaction on the soldiers, who seemed before this to have lost all their fighting spirit. The troops now are apparently rejuvenated and eager for battle.

The choice of the most popular military leader, Colonel Plastiras, as the army's representative at Mudania, was learned of with enthusiasm by the troops, among whom the fiery colonel is an idol.

Among the Greeks the universal talk is of the possibility of turning defeat into victory by a successful resistance of Turkish invasion.

Some of the most brilliant of the Venizelist officers are refusing the colors in eastern Thrace and a number of Greeks from Crete have arrived here during the past week.

GOV. ALLEN ADDRESSES AMERICAN BANKERS

NEW YORK, Oct. 5.—Governor Allen of Kansas today addressed the third and last general session of the American Bankers' association convention defending the Kansas industrial relations court and praising the federal reserve system. With its court, he declared, Kansas during the coal strike produced 50 per cent. of its normal output. This, he said, enabled the state not only to meet its own needs, but export fuel.

At the same time, he continued, the court, through negotiations with operators, kept the price of coal 50 cents below what it otherwise would have been.

The recent railroad strike, the governor asserted, cost the fruit and agricultural industry on the Pacific coast \$70,000,000, according to estimates of commercial organizations.

Gov. Allen expressed regret that the government could not find some stabilizing influence for industry as powerful as the federal reserve system is in the financial field.

BRIEF BUT IMPORTANT WIRE DESPATCHES

HANGOR, Mo., Oct. 5.—The forest fires which have been sweeping through valuable timberlands in the northern part of the state were reported here today as under control, with the possible exception of the one near Jackson, from which section no report had been received.

BOSTON, Oct. 5.—An effort to exclude the New York Produce Exchange and the New York Merchants' association as petitioners in the attempt of New England business interest to obtain the elimination of differentials in freight rates unfavorable to this section, was made today at the hearing before Examiner Charles F. Gerry of the Interstate Commerce commission.

AUGUSTA, Me., Oct. 5.—Smoke from forest fires in northern and northwestern Maine, in the Province of Quebec and possibly from those in Ontario, with which the air was heavily charged in western and central Maine yesterday was not in evidence today due to a shift of the wind to the southwest.

FLORENCE CRITTENTON RESCUE LEAGUE

Mabel G. Armstrong, field secretary for the Florence Crittenton Rescue league and special police woman, makes the following report of the league's work for the month of September:

During the month of September there have been 54 homes visited, 77 calls at the office, seven visits to doctors and hospitals, six placings of girls in homes and institutions where they will be given proper care and training, three court cases cared for, 12 conferences with workers and 15 visits to the dance halls, both in and about Lowell.

NEW SULTAN

Sultan Mohammed VI is considering relinquishing his throne to his cousin and heir apparent, Prince Abd ul-Medjid, shown here.

CHICAGO, Oct. 5.—(By the Associated Press) Counsel for the striking railway shop crafts today were given another 24 hours to file their answer to the government's suit for a nationwide permanent injunction.

SAN FRANCISCO, Oct. 5.—Miss Lillian Gatlin, the only woman member of the National Aeronautic association, will leave Crissy field, here, today, for a transcontinental air trip, as a memorial to the gold star mothers of aviators who lost their lives in the war.

City Council Votes to Accept Plan B Charter

stances, a petition, bearing 20 signatures, was filed with the council by J. P. Connors.

A number of persons who desire service on Walnut street also spoke, and Pres. Bagley read a list of 26 householders on the street who favor the petition.

Councilor Sadler was considerable applause from the gallery when he spoke in favor of the petition.

Attorney Thomas L. Reynolds, speaking for remonstrants, urged the council to view the street in question before acting on the petition.

Notification of Certification
Pres. Bagley read the formal notification from City Clerk Stephen Flynn relative to the certification of a petition for Plan B charter by the election commissioners.

City Solicitor Edward J. Tierney then addressed the council relative to the petition and said that while the law provides the city clerk shall notify the secretary of state as to the certification of a sufficient number of names, the election commission instead notified this state official.

Mr. Tierney reviewed the history of the petition and stated the mayor now has affidavits enough to nullify the petition for the reason that there is not a sufficient number of correct names on the papers to allow it to appear on the state ballot as a referendum.

He also reviewed the events of the present day, including the removal of the board of election commissioners and the mayor's new appointees.

He suggested the council take some action on the matter prior to October 7, which is the last day for filing such a petition with the secretary of the commonwealth. It is to appear on the state ballot on Nov. 7.

Tierney Asks Council to Wait
Mr. Tierney said the new board is at work re-checking names on the petition and that the work should be completed by Friday night and he asked the council to defer action until that time, when an adjourned meeting should be held.

Councilor McPadden asked if the secretary of state has not already accepted the certification of the election commission and has proceeded to place the question on the state ballot.

Councilor Moriarty asked whether it had always been a custom to check up a petition with original signatures and raised the question of the possibility of a person's signature changing in the course of the years.

Mr. Tierney said he did not know what the practice had been.

Councilor Moriarty, then, asked permission to address the council but Pres. Bagley said he could not allow him to do so.

Desire to Hear Other Side of Case
It was the unanimous feeling of the council, however, to hear the other side of the matter and Thomas H. Braden, one of the removed board, who was in the room, was asked to address the council.

Mr. Braden stated every care had been exercised by the commission in its work of certification.

"We used our best judgment at all times and treated the petition as we have all others," said Mr. Braden.

"If we came upon names that did not look good to us, we threw them out. You will find that 237 names were not certified to, for the reason that in some particular they raised a doubt in our minds."

At all times we checked the names and conducted our certification with the 1922 check list.

Board of Honest Men
"Gentlemen," he continued, "your board of election commissioners is an honest board. It has as its chairman one of the most honest men that ever lived, Mr. Hugh C. McOsker—honest even to enemies."

We handled the Plan B charter petition as we handled the papers of Gaston, Lodge and Whipple. We certified a sufficient number of names as correct and have no excuses whatsoever," he said in conclusion.

Mr. Desmond Allowed to Speak
On suggestion of Councilor Queenan, the council assented to allow Cornelius J. Desmond, Jr., son of the man who filed the petition, to speak before the body.

Mr. Desmond stated his father has assured him that at least 2000 of the signatures on the papers were secured by him personally and the others by reputable citizens.

At all times he gave attention, he continued, "that the papers were placed at the South common and asked him if it would not have been possible for Mr. Brown, Mr. Tierney and Mr. MacBrayne to send people there to sign names other than their own, but he said he had never heard of it."

Mr. Desmond suggested that another petition, having approximately 2000 signatures was on file at the office of the city clerk.

Clerk Flynn said no such additional petition was in his office or had been placed in his hands.

Additional Names Not Used
It was then suggested that this petition had been filed with the election commissioners.

Mr. Braden was asked if this were so and he said the commission had received another petition, but had taken no action upon it for the reason that a sufficient number of names was secured from the first petition.

Several of the councilors questioned Mr. Braden and City Solicitor Tierney on the matter until the petitioners were told to open the books and get to the real truth of this matter," declared Mr. Braden.

"Let me suggest that you get a copy of orders that were in the pocket of the man who was sent to us today as a temporary member of the board—orders, if passed, that would have the effect of rescinding our certification. And keep in mind, gentlemen, that the mayor wanted us to do this with one of our members out of the city on a vacation."

Adventures of the Twins

TWELVE TOES COMES TO LIGHT FINGERS' AID

"HERE'S A MAGIC BEAN, LIKE THE ONE JACK THE GIANT KILLER PLANTED."

Light Fingers was the tricky little fairy who had stolen the Fairy Queen's automobile.

While rolling along the Milky Way he fell out of the machine and rolled off down to the earth.

He got up and rubbed his head and tried to think what had happened.

"Oh, I know now!" he cried. "It's the Twins! The last thing I saw before I fell out of the sky was the Twins hopping into the automobile and driving off."

"First thing you know they'll be back at the Fairy Queen's Palace in Fairyland and then won't I catch it, I thought!"

"I stole the automobile for Twelve Toes, the fairer, who wanted it dreadfully, and now I've got to go and tell him that I lost it. Oh me, oh my! I bet he'll turn me into a worm or something, he'll be so mad."

Light Fingers went slowly, ever so slowly, to the cave where Twelve Toes lived.

When he got there he asked permission to address the body.

He went over the matter at great length, and said at the close of his investigation he would present proof of 2000 fraudulent signatures.

Councilor Gallagher seriously questioned this number and said it was highly improbable.

The mayor said the new board appointed by him was at work re-checking the names on the petition.

"They will present an astounding condition of affairs when they have completed their work," declared his honor.

"You don't expect us to place as much evidence in your new board as in the one you have removed, do you?" asked Councilor Gallagher.

McPadden Questioned Mayor
Councilor McPadden questioned the mayor at length, and the latter made a statement charging that Patrick J. Nestor had been deprived of a nomination in the recent state primary election, and said:

"If I am correct, the man who profited thereby is a close friend of the councilor who is doing so much talking."

The mayor stated the election com-

mission had refused to recertify the names on the petition.

"When did we refuse to recertify them?" broke in Mr. Braden.

"You refused to serve with Mr. Cloutier, did you not?" asked the mayor.

"He carried a letter from me to the board which was not read. You adjourned without taking any action."

At this point in the controversy the city solicitor sent for copies of the letter in question and the votes referred to by Mr. Braden. The letter was read to the council by the mayor.

Gallagher Also Takes a Hand
Councilor Gallagher asked the mayor what he would say if he should tell him that three men who had signed affidavits to the effect they had signed the petition, really had signed it.

"Why, that would be just a human frailty," replied the mayor; "but if you will give me the names of these men I will look them up and investigate their further."

"You will get no names from me," replied Councilor Gallagher.

Fitted For Any City Job
Councilor Moriarty asked why Mr. Cloutier seemed to be fitted for almost every job in the city service, but received no reply.

Considerable discussion followed relative to the bi-partisanish of the election commission, and the mayor said the law requires a full membership of the board at all times.

"The constitution is a working majority of four, does it not?" asked Mr. Braden.

"Well, I just want to tell the council that at 7:30 o'clock tonight, I went into the election commission's office and found three members of the new board at work there," said Mr. Braden.

"Perhaps one of the men was out in the other office, or somewhere," explained his honor.

Recess Welcomed
President Bagley declared a five-minute recess at 10:15 o'clock.

When the council reconvened it unanimously voted a roll call to accept the certification of the mayor's board as to the sufficiency of signatures attached to the petition and instructed the clerk to so notify the secretary of state.

After three hearings on garage petitions, the council adjourned at 11:25 o'clock to meet again tomorrow night at 8 o'clock.

Demand for Public Hearing Before City Council Made by Removed Board of Election Commissioners

The deposed board of election commissioners, Messrs. Hugh C. McOsker, Thomas H. Braden, J. Omer Allard and Joseph H. Maguire, today filed formal demand for a public hearing before the city council on the mayor's charges of removal.

The demand will be presented to the council tonight and it is believed that a hearing will be held immediately and action taken on reinstatement.

The mayor, in his charges filed with the city clerk, alleges "gross carelessness and negligence in certification of names" and that each member of the commission "willfully and deliberately certified certain names as being genuine signatures without having carefully examined and compared said signatures with the original signatures on file." and that each member "has certified certain names as being correct, well knowing that said names were not the genuine signatures of qualified voters of the city of Lowell."

No dash into the northland by Perry, McMillan or Gustafson ever provided more thrills than the record-breaking trip home made by Mr. Allard, secretary of the election commission, when word came to him in far-away Canada that the actions of the election commission were being seriously questioned and that the board had been removed by the mayor on serious charges.

In the northern country on a vacation, Mr. Allard was 85 miles from a railroad junction. He left his place in Lowell in such an emergency, and he started.

In two short hours 85 miles of Canadian roads stretched behind him and he made train connections with just five minutes to spare. He traveled all night on a Boston-Buffalo train and arrived in Lowell early today.

"I'm here and ready to fight," said the secretary. "I understand the mayor says I ran away. Well, here I am and I claim I didn't waste any minutes in getting here, either."

While the removed board, four strong was in the office of the city clerk filing its demand for a public hearing, the new board, composed of Messrs. Cloutier, O'Dowd, Kieran and Gouin, were in the office of the election commission checking over names and signatures attached to affidavits.

Mr. Cloutier, chairman, said it would be impossible to complete their work today, tomorrow or for several days.

Mayor Brown said the secretary of the commonwealth has received a communication from the new commission stating there is not a sufficient number of names on the petition.

This letter was sent last night, the mayor states, and the 354 affidavits at hand were made the basis of the statement.

The new commission felt there were enough affidavits to warrant the statement, he explained, "for with 354 affidavits received, the total names certified as correct persons from 3223 to 2859 and 2995 are required."

This act of the de facto commission has placed in the hands of the secretary of state two certifications, one that the petition bears a sufficient number of signatures and the other, that it does not.

The mayor announced today the city law department would proceed to bring

MUDANIA CONFERENCE NOT ENDED, BUT DEADLOCKED, SAYS LONDON

Cannot Be Resumed Until British and French Governments Have Conferred Over Situation—Lord Curzon Going to Paris to See Premier Poincare

LONDON, Oct. 6.—(By the Associated Press) The Mudania conference is not ended. It was officially stated at the conclusion of the British cabinet meeting this morning, but it is deadlocked and cannot be resumed before the British and French governments have conferred over the situation.

Lord Curzon, the British foreign secretary, will leave immediately for Paris to see Premier Poincare.

It was also officially stated that from the British point of view the Turks were demanding more than was offered in the allied note, and on the other hand that they were not accepting the conditions of that note. It was asserted that the Turks want to ob-

ORDERS ARREST OF McNARY
Treasurer of Closed Hanover Trust Co. of Boston to Be Brought into Court

Action Follows Charges by Allen That Jury Was Tampered With

BOSTON, Oct. 6.—The charges by Attorney General Allen that the special grand jury which had been considering indictment of officials of the Hanover Trust Co., was tampered with were followed today by the issuance of warrants for the arrest of William S. McNary, treasurer of the closed bank, and two other persons.

Henry H. Chmielewski, former president of the Hanover and Charles Pizzi, a former employee of the company were the other men named in warrants. McNary and Chmielewski appeared in superior court to answer to the contempt charges.

GLENCLIFF, N. H., Oct. 6.—With rains reported from the north country, Governor Brown, who was here today, deferred issuing the proclamation prepared to declare the hunting season suspended because of forest fire dangers. It was said the edict might be issued during the day if the rains did not prove to be substantial, but that it might be withheld entirely if the down-fall warranted.

RANDOR, Me., Oct. 6.—Unlooked for aid in fighting the forest fires in the northern part of the state came today in a light fall of snow which visited several sections. Rain is also reported to have fallen in sections where there have been fires and the situation is greatly improved. The Great Northern Paper company, reports that a new fire has broken out in the vicinity of Scraggly Brook, near Ship Pond but this has not yet reached serious proportions.

A new fire has broken out in the vicinity of Scraggly Brook, near Ship Pond but this has not yet reached serious proportions.

JUDGE GLAD HE MARRIED ORPHAN

Don't Believe Lord Ever Made a House Big Enough for Mother-in-Law to Live In

BOSTON, Oct. 6.—"I don't believe the Lord ever made a house big enough for a mother-in-law to live in," was the exclamation from the bench of the district court here by Judge Samuel P. Abbott, after he had heard husband and wife testify in an action for non-support that they had tried unsuccessfully to live with each of their mothers-in-law. "Thank the Lord, I married an orphan," the judge added. Then he continued the case.

POLO GROUNDS, NEW YORK, Oct. 6.—(By the Associated Press) Miller Huggins shuffled the deck of the Yankees pitching staff this afternoon and then led out with his third ace, Walt Hoyt, in hopes of winning a vital victory in the world series from the titans, who are already in possession of one game.

Manager John McGraw looked with critical eye over the Giants' hurlers, but gave no indication of his choice for hurling duty until game time.

"I have McGraw and Scott both ready to start," said McGraw, "and don't forget that 'Rosey' Ryan looked pretty good in the first game. I am perfectly satisfied with the way my team is going and our pitching has been good."

Huggins will probably follow his fixed program of starting his five star pitching staff in order, unless the Giants upset his plan by knocking some hurler unexpectedly into the discard. Huggins' plan contemplates Hoyt today, Carl Mays tomorrow and Sam Jones on Sunday. Bush, with a five-day rest, will then be fit for Monday.

"I'm not worrying over my pitching," said Huggins, "but over the batting slump the club is in. If we can come out of it we should win this series."

Though the crowd has been big at the games, with every seat taken, the contests have been marked by the absence of the early rushes to the ball park and today was no exception.

Scarcely 1000 spectators were on hand when gates to the unreserved upper stand and bleachers were opened. Today, and after they had been seated the early arrivals trickled in slowly.

The day was warm and clear. It was cooler yesterday, and perfect baseball weather.

The Giants were the home folks today and were first on the field for batting practice. The Giants with few exceptions, regard Hoyt as the most troublesome pitcher they will have to face in this series, remembering the six innings he faced them a year ago without giving them an earned run.

There were the usual pre-game preliminaries for the edification of the crowd—a band concert, and ballyhoos by Nick Altrock and Al Schacht, all of which is part and parcel of a world's series.

First Inning
Yankees: Scott took Witt's bait and threw him out at first. Dugan hit a high fly to Young. Frisch tossed out Pipp at first. No runs, no hits, no errors.

Giants: Hoyt took Baneroff's bait and beat him to the bag. Groh singled into right field. Frisch singled over second. Groh going to the middle bag. Meusel lined out to Ward, who doubled Frisch at first with a quick throw to Pipp. No runs, no hits, no errors.

Second Inning
Yankees: Pipp singled sharply into right field. Meusel fouled out to Kelly. Schang flied to Cunningham. Pipp stole second. Baneroff threw out Ward at first. No runs, no hit, no errors.

Giants: Young lifted a high fly into left field for a single, and when he tried to stretch it, was out. Meusel to Ward. Scott threw out Kelly at first. Cunningham got a single into right. Smith forced Cunningham. Ward to Scott. No runs, two hits, no errors.

Third Inning
Yankees: Scott flied out to Young. Frisch took Hoyt's hopper and threw him out. Witt walked. Witt was caught asleep off first. Smith to Kelly. The crowd gave Witt the big laugh. No runs, no hits, no errors.

Giants: Scott singled over second base. Ward booted Baneroff's second and the ball rolled into the left field. Scott going to third. Hoyt took Groh's grounder and Scott was run down. Hoyt to Dugan. Baneroff went to third and Groh to second on the play. Baneroff scored on Frisch's sacrifice fly to Witt. Groh going to third. Groh scored on Meusel's liner into right for one base.

Fourth Inning
Yankees: Packer batting for Hoyt. Kelly took Packer's roller and touched first. Witt flied to Cunningham. Groh took Dugan's hot grounder and threw him out. No runs, no hits, no errors.

Giants: Jones went into the box for the Yankees. Young singled into center. His third hit. Kelly sacrifices. Jones to Pipp. Cunningham walked. Smith

RAISING OF MORE BEEF CATTLE FAVORED BY GRANGERS

Middlesex North Pomona Grange Holds Fall Meeting Here—Essex Pomona Grange Members Present as Invited Guests—Lively Discussion of the High Cost of Living

More than 250 men and women members of the Middlesex-North and Middlesex-North Pomona granges went on record this morning in convention in Odd Fellows hall, Bridge street, favoring the raising of more beef cattle on New England farms and the establishment of more slaughter houses to fight the high cost of living.

Charles Wright of Billerica and Harry C. Dawson and George B. Kittredge of Tewksbury led the debate that called for the practically unanimous approval of the grangers. Vital facts were presented by the speakers to show that the beef industry of the country is on the wane and prices for good quality meats steadily advancing.

The farmers believe the only thing that will cut down the cost of living in the meat line, so essential to the health of the people, will be the raising of more beef cattle.

Young forced Meusel, Ward to Scott. Two runs, two hits, one error.

Fourth Inning
Yankees: Groh threw out Dugan at first. Ruth was hit by a pitched ball. Pipp fanned. Babe Ruth started to steal second and when the pitcher threw to second base he tagged safely back to first. Frisch made a mess of Meusel's grounder and when Ruth tried for third, he went out. Frisch to Groh. In going to third Ruth almost knocked Groh down and the crowd booed him. No runs, no hits, one error.

Giants: Kelly got a single which went was a knock down. Kelly went out stealing. Schang to Scott. Dugan threw out Cunningham at first. Smith got a long single. He took no chance with Bob Meusel's arm. Scott whiffed. No runs, two hits, no errors.

Fifth Inning
Yankees: Schang went out. Kelly to Scott. Ward sent up a high one which Cunningham took. Scott fouled out to Groh. No runs, no hits, no errors.

Giants: Baneroff fanned. Groh bunted, but Dugan came in fast and threw him out. Frisch walked. Frisch went out stealing. Schang to Scott. No runs, no hits, no errors.

Sixth Inning
Yankees: Hoyt got a single to right. Witt forced Hoyt. Baneroff to Frisch. Dugan flied to Meusel. Ruth Smith batted for Ward and coasted and hit him. Ruth went out to Kelly unassisted. No runs, one hit, no errors.

Giants: Meusel flied out to his brother in left field. Young shot a single over Scott's head. Kelly fouled out to Pipp. Cunningham went out. Ward to Pipp. No runs, one hit, no errors.

Seventh Inning
Yankees: Frisch threw out Pipp at first. Meusel got a single behind the pitcher. Schang got a double into right. Meusel going to third. Elmer Smith batted for Ward and coasted and hit him. Ruth went out to Kelly unassisted. No runs, one hit, no errors.

Giants: Meusel flied out to his brother in left field. Young shot a single over Scott's head. Kelly fouled out to Pipp. Cunningham went out. Ward to Pipp. No runs, one hit, no errors.

Eighth Inning
Yankees: Packer batting for Hoyt. Kelly took Packer's roller and touched first. Witt flied to Cunningham. Groh took Dugan's hot grounder and threw him out. No runs, no hits, no errors.

Giants: Jones went into the box for the Yankees. Young singled into center. His third hit. Kelly sacrifices. Jones to Pipp. Cunningham walked. Smith

ing of beef cattle on all New England farmlands and the erection of suitable slaughtering houses, to enable the farmers to dispose of meat animals at a fair profit and yet provide the food markets with enough good meats to smother high prices and "put the beef trust on the run," as one Pomona granger put it before the morning meeting closed for the grange dinner.

It was the initial meeting of the fall and winter season of the Middlesex-North Pomona grange, opening at 10:45 o'clock this morning, with a large number of Essex Pomona members present as invited guests. The towns represented at today's rally include Lynnfield, Melrose, North Reading, Reading, Saugus, Stoneham, Wilmington, Winchester and Woburn, besides Lowell and vicinity.

"Neighbors' Day" was the way the program read, and the attendance was

WONG CARRIED NARCOTIC

Opium Found in Possession of Man Arrested on Charge of Larceny

Wong Ling was arrested shortly after 1 o'clock this morning by Officer William Liston in an alleyway off the Cardinal O'Connell parkway. He appeared in court this morning before Judge Thomas J. Enright charged with the larceny of some electric light bulbs and two parcels of mail. The case was continued until next Wednesday and he was held in \$300 until that time.

According to the arresting officer, an additional charge of carrying narcotics may be placed against him before that time as a small round box, said to have contained about 12 grains of opium, was found in the arrested man's possession.

Police Officer Wm. A. Liston noticed a shadow slinking down an alleyway off Market street. As the alleyway was open at both ends, he called to Officer Cullen who was not far away and Cullen stationed himself at one end of the alley. Liston ran into the alley and there found Wong who was clad in a long overcoat.

The officer interrogated him as to what he was doing in the alleyway at such an hour, and upon making an examination discovered the light bulbs, about a half dozen in number, and two packages of mail. It is said that the mail was taken from the top of a box in a business block in Merrimack square.

A more thorough examination of Wong revealed the fact that he was carrying a small, round box filled with a black powder. Officer Liston took the powder, had it analyzed and said

(Continued to last page)

sent a high one to McNally. Scott fouled to Dugan. No runs, one hit, no errors.

Ninth Inning
Yankees: Frisch threw out Ruth. Baneroff robbed Pipp of a hit and threw him out.

Baneroff tossed out Meusel at first. No runs, no hits, no errors.

Final score: Giants 3, Yankees 0.

See next edition for complete details of game and official box score.

Preview of "Oliver Twist," An Epic of the Screen

LON CHANEY AS FAGIN, JACKIE COOGAN AS OLIVER TWIST AND GLADYS BROCKWELL AS NANCY SIKES IN THE PICTURIZATION OF THE DICKENS STORY.

NEW YORK, Oct. 4.—Would that Dickens were alive that he might see the children of his brain pass before him in the film version of "Oliver Twist!"

If ever cold creatures of type became incarnate they have in this film masterpiece.

Here is a photoplay that will go far and wide to convert the iconoclasts who throw stones at the screen as a medium of artistic expression.

Here is a photoplay destined to live forever with those who see it. Jackie Coogan becomes Oliver Twist for this generation. They are one and the same.

The whirl of the projection was the only accompaniment for the play as I sat in a little dark room for the first preview given of the film, but it needed no other emotional stimulation. The kick is in the film.

Dickens' memorable story is too well known to be retold here. It is too well known to be tampered with by a film director, and Frank Lloyd, who directed "Oliver Twist," realized this. He stuck to the book and thus the action of the photoplay is episodic rather than cumulative. Dickens expressed the theory in the book that the affairs of certain characters should be left in suspense while the fortunes of others were dealt with and Lloyd followed that procedure in the photoplay. It is a unique bit of directing.

I believe that Jackie Coogan will never have a greater role than he had in "Oliver Twist." That was written with the intent of giving full play to his peculiar talents.

Of course, the big part in "Oliver Twist" is Jackie's and he shows again that uncanny maturity of perception, that complete sympathy with the part.

he plays. But his part is not dwelt upon to the diminution of other roles.

Engle, Bill Sikes, Nancy, the Artful Dodger, Sowerberry, Mr. Bumble, Noah Claypole, Mrs. Corney, Toby Cratchit, Mr. Brownlow, Monks, Charley Bates, Mr. Grimwig and even Bill Sikes' dog are given opportunity to fully register their parts. They all ring so true that they appear to have popped into life from the pages of the book to parade before the camera.

The one big moment of the film comes when Oliver Twist is scrubbing the floor of Sowerberry's kitchen. Noah Claypole asks him who his mother was. The boy's eyes fill with tears as he looks up and confesses that he does not know. Then Noah says, "I guess she was a bad un." As you watch, this prodigious actor you feel that he has in fact been stabbed to the heart.

Then anger flashes and his fists clench as he rushes to attack the bully. So genuine is the acting that you feel that Jackie really lived that moment, that he took the situation as a personal one.

The big laugh comes when Jackie walks behind Sowerberry, the undertaker, a miniature of the mournful man to whom he has been apprenticed. In long trousers, cutaway coat and stovepipe hat with crepe streaming from it, he walks solemnly along with hands pliously folded before him, as lugubrious a creature as you ever saw. The comedy seems to lie in the reaction to the pathos of the situation.

MONKEY FUR
Monkey fur is effectively combined with broadened silk by Paris designers. White monkey fur makes striking trimming for black satin gowns and coats.

SUMMARY OF EARLY MORNING A. P. NEWS

Mudan conference of allied and Turkish nationalist commanders deadlocked over evacuation of Thrace and bellicose attitude of Turks and Greeks threaten success of meeting.

British cabinet hurriedly meets in late session and is disturbed by irreconcilable attitude of Turks indicated in garbled message from General Harrington.

Delegation of Greek deputies visits American charge d'affaires in Athens and asks influence of United States in keeping Turks out of Thrace.

United States government sues former Dayton Wright airplane Co., seeking to recover \$2,408,207.41 declared to have been paid fraudulently to company by government officials.

Edward Dawson Weston, noted walker, reaches New York on tramp from Buffalo and at 81 says it is his last hike.

United States weather bureau declares elements are not acting right and explains that contrary winds and barometric pressure are responsible for prolonged drought over wide areas of country.

Edward Young Clarke of Atlanta, acting imperial wizard of the Ku Klux Klan, indicted by federal grand jury on charges of using mails to defraud.

At least 30 persons known to have perished in Quebec and Ontario forest fires, thousands made homeless and property loss is millions.

American Bankers discuss formal session, urging more liberal policy on

problem of inter-allied debt and reparations. Inquiry into murders of Rev. Edward Wheeler Hunt and Mrs. Eleanor R. Mills shows that woman wore gifts from rector when both were slain. Representatives of the Constitutional Liberty league and Anti-Saloon league will debate prohibition throughout Massachusetts.

Shoe workers arrested in Haverhill charged with creating a riot. Bottles flew and one policeman was knocked out. Men, women and children flee from forest fires in Maine.

General Pershing is guest for week-end of Henry White, former American ambassador to Great Britain at Lenox, Mass.

LOWELL ORCHESTRAL SOCIETY
Plans were made last night at a preliminary meeting of a number of musicians about Lowell for the revival of the Lowell Orchestral society. Those present at the meeting expressed the greatest interest in the proposed society. Since the war, when many of the members went into the service, the society has been inactive. These old members feel the time is ripe now for reorganization and the first steps have been taken to bring this about. T. A. D. Sullivan was elected president and Miss Bernice Russell, chosen secretary-treasurer. The society wants a number of good musicians so that the work of rehearsals can get under way in a few weeks.

WARD GETS LIFE SENTENCE
LITCHFIELD, Conn., Oct. 6.—Sidney Ward, who shot and killed Mrs. Flora L. Bennett at her home in North Kent last May, was sentenced to life imprisonment by Judge William M. Mattie here yesterday, after he pleaded guilty to a charge of second degree murder.

SPECTACULAR GUN FIGHT ON BANKS OF RIVER

PEORIA, Ill., Oct. 5.—The bullet-riddled body of Henry Miller, river front habitue, was in a morgue here yesterday and Frank L. Boswell, railroad detective, was in a hospital with a bullet in his leg, casualties of a spectacular gun fight on the banks of the Illinois river Wednesday night. Miller, routed by a gas bomb hurled by police into his shack, where he barricaded himself after shooting Boswell, fell amid the rattle of riot guns when he staggered into view, choking from the gas fumes but still showing

fight. He was shot down as he leveled his pistol at his besiegers. Gas bombs were used when the police failed in their attempt to route Miller by setting fire to the shack. The barricaded man succeeded in extinguishing the flames while hidden inside the rude building.

Boswell, in making his rounds, passed Miller's shack Wednesday night. The detective said yesterday that Miller fired two shots after telling Boswell to mind his own business. Boswell ran for the shelter of a railroad car, but dropped with one of Miller's bullets on his left leg.

William Reiso, and McKinley Hill, neighbors of Miller, braved the fire of Miller's gun and carried Boswell to safety while railroad detectives and police rushed to the scene.

MISCELLANEOUS SHOWER
About fifty or more friends of Miss Alice Dion, who for many years has delighted Lowell audiences with character songs and who is about to become the bride of Paul J. Angelo Esq., a prominent local attorney and formerly identified in many musical activities, tendered her a linen shower last evening. A short musical entertainment was enjoyed, and refreshments served. Miss Dion was the recipient of many pleasing and beautiful gifts and though taken completely by surprise, responded fittingly. The party broke up at a late hour wishing the bride-to-be happiness and success.

WOODEN BEADS
Wooden beads are used extensively on this season's garments—one of the most original uses is on winter coats where they are arranged with mathematical precision about an inch apart over the entire surface.

DANCER DETAINED AT ELLIS ISLAND

When Isadora Duncan, American dancer, and Serge Yessensin, whom she married abroad, reached Ellis Island, immigration officials held the pair while state department investigated the husband's citizenship. He's said to be a subject of soviet Russia.

EXHAUSTIVE NEW MAP OF NATION AND WORLD

WASHINGTON, Oct. 6.—Uncle Sam is slowly progressing on a new map of the country, to be part of a new world map, based upon a simple system proposed by American representatives in 1908, and accepted at international conferences. It will be the result of years of effort by map makers who

have desired a system of cartography whereby the same scale of distances could be used in a world map, with lettering and symbols uniform. The American map is expected to be completed in 19 or 22 years.

Each country will map the territories and waters under its own jurisdiction, and the geological survey of the United States interior department is making the maps of this country.

The globe is to be divided into 142 sections. Each section is designated by a distinctive letter and number combination, in addition to a name derived from the locally mapped. Each sheet, covering one section, will cover six degrees of longitude and four degrees of latitude. The sheets are numbered from 1 to 60, beginning at the 180th meridian of longitude, and circling the globe to the eastward; and are lettered from A to V, north and south, with the equator as a starting point. The north and south polar regions are to be shown in circular sections from the 85th parallel of latitude, and lettered Z-North and Z-South.

The main purpose of the international map, which will be drawn on the scale of one to one-millionth, is to furnish a complete world map of uniform drawing, thus obviating different scales of distances, and to enable map makers and readers of every country to understand the maps of every other, even though they do not understand any but their own tongues.

There will be shown only the outlines of land and water, with depths of water and heights of land; stream and river systems, or drainage, in the map maker's parlance, roads, rail and trolley lines, towns and cities and contours.

While the scale, which is approximately 16 miles to the inch, will allow of very inclusive work, many details of small towns and streams will be omitted.

To show heights and depths, a scheme of hypsometric colors has been adopted. This will grade from a very light green, for shallow waters, to the familiar tints of deep blue, for the increasing depths of seas; and from light yellow, for low countries and valleys, to a deep brown red for heights. The metric system was adopted for all numerals, and high points, peaks and mountains will be shown in meters. Streams and rivers will be shown in blue, roads in red, cities and rail lines in black. The names of features will be shown in the color of that feature, to obviate confusion.

The projection is based upon a modified polyconic system, wherein meridians of longitude are all in straight lines. The lines of latitude will be only slightly curving on each sheet, because of the large scale. The system is of advantage in the adjustment of adjoining sheets.

As many political boundaries will be shown as the density of the data included permits. For instance, the map of the United States will show state, county, reservation, land grant and other land office lines. The control, that is, positions determined astronomically and by triangulation, to insure accuracy, drainage, including rivers, streams, creeks, swamps, canals and other water bodies, and culture, that is, towns, cities, railways, roads and highways, all constitute a "base map" which is compiled at the first step in the work and which will be made available by the survey for state and other maps. The completed map, in size about 30 by 20 inches, is copper engraved in the most delicate and strong detail, and will be available at the survey. It is reduced in size to form a scale of eight miles to the inch. The production is by photolithography. The sections thus far completed have required six months to compile. The work, however, for lack of extra ap-

propriation, is being done concurrently with other map work. It is estimated that the cost for the international map will be from \$15 to \$35 per thousand square miles of area. The survey, desirous of having the most accurate and up-to-date data upon the map, gathers the material from dozens of sources, and does not consider an area completed until every source of information has been drawn upon. These include the survey's regular information gathered in the making of the national topographic map, which was started 50 years ago, other governmental map making sections, state and county maps, private maps and army and navy charts.

The details of the international map were accepted by nine world powers at conferences in 1909 and 1913. While it is popularly known as the One-Millionth Map of the World, its correct title is the International Map of the World on the Scale of 1:1,000,000.

Black serge makes the smartest of coat dresses when combined with broad bands of fur. Frequently, too, it is ornamented with gold or scarlet braid.

BLACK SERGE

COUNCIL ACCEPTS CERTIFICATION ON PLAN B CHARTER PETITION

City Clerk Instructed to Notify Secretary of State—Red Hot Meeting at City Hall Last Evening—Plan B Charter Petition the Storm Center—Election Commissioner Braden Unlimbers Heavy Guns—Mayor and City Solicitor Charge Fraud in Connection With Petition—Sharp Exchanges Between Mayor and Council Members

Last night, at the close of a meeting so heavily surcharged with municipal electricity that it gave off showers of sparks at the slightest contact, the city council, by a unanimous roll call vote, accepted the certification of the removed board of election commissioners relative to a petition for Plan B charter and instructed the city clerk to so notify the secretary of the commonwealth.

It was a meeting for the book. Nothing like it has been staged this year, despite the fact that the council has engaged in more than a few tense sessions. Plan B charter petition was the storm center and so completely did this matter overshadow all others that the meeting made no attempt to follow the prearranged method of procedure, but transformed itself into an informal hearing for the removed com-

missioners, with Thomas H. Braden the big Bertha.

Braden Fights For Commission

No more impressive or effective barrage ever was laid down on the Planners front than that which came from the self-commanded Braden battery.

"Your board of election commissioners was not for sale, gentlemen of the council," he thundered. "They could not be bought by intimidations of re-appointment to office, and we handled the Plan B petitions as we would yours—as we handled and checked the papers of Col. Gaston, Henry Cabot Lodge and Sherman L. Whipple."

The meeting was addressed by Mayor George H. Brown, City Solicitor Edward J. Tierney and Cornelius J. Desmond, Jr., son of the man who fathered the petition and was most active in its circulation. The mayor and solicitor made fervent pleas for co-operation

by the council. They charged fraud by the wholesale and retail and each reviewed at great length the history of the petition, from the hour it was filed until the time of meeting, including the removal of the election commission and the appointment of a new board, composed of Patrick F. Kiernan, Lorenzo A. Gouin, Joseph A. Cloutre and Paul M. O'Dowd.

Sharp Exchanges Continuous

From the moment Mayor Brown entered the council chamber there were sharp exchanges between him and several members of the council, particularly Messrs. Gallagher, McFadden, Moriarty and Sadler, and it was nearly 11:30 o'clock before the council adjourned to meet again tonight at 8 o'clock, at which time it is expected that a formal hearing will be given Messrs. McKelvey, Braden, Maguire and Allard, the ousted commission.

City Solicitor Tierney tried hard to have the council postpone any action until tonight, but its unanimous vote on acceptance of the old board's certification was a sweeping and conclusive refusal.

Meeting in Detail

The meeting was called at 8:05 o'clock, with Councilors McFadden and Queenan absent. Both came in later. Both came in later.

There were several remonstrants to a petition of the Lowell Electric Light Corp. for the erection of a pole in Adams street, near Lagrange street. The petition was referred to committee and the wire inspector.

Thomas Higgins remonstrated against a petition of the N. B. Tel. and Tel. Co. for a pole location in Pleasant street. With other remonstrants, he favored the laying of all necessary wires underground.

A hearing was held on petition of the Telephone Co. for the erection of six poles in Walnut street. In remon-

CASES SETTLED OUT OF COURT

The triple action of tort against J. Edward Allen of Billerica, which was being tried at the civil session of the superior court, was brought to a sudden halt this morning, when counsel for all parties interested informed the court that a settlement had been reached out of court. Inasmuch as there was no other case ready for trial, adjournment was taken until Monday morning.

The plaintiffs in the Allen case were George B. Fuller, who endeavored to recover \$25,000 for the death of his wife, Helen A. Fuller, which he claimed occurred as a result of injuries sustained when the woman was struck by an automobile owned by the defendant; Elizabeth Briggs and Elizabeth Seabie, who alleged personal injuries in the same accident and who were suing for \$6000 and \$2000, respectively. The case went to trial Wednesday afternoon.

SOLDIERS SEEK MISSING TRUCK

An automobile truck loaded with personal effects of two infantrymen from Camp Devens, is reported to the police as "missing" driver and all.

Corp. Harry McTaggart and Sergt. Frederick Simonson of Company A, 13th U. S. Infantry, picked up their camp effects, including valuable clothing, treasured gifts and army materials of their own purchase, and packed them for shipment to Boston several days ago. A truck driver, who gave his name as "Herglehn" and said he lived in Everett, took charge of the soldiers' equipment and hustled away with it down the Boston highway. He hasn't been seen since, and the police of several cities and towns cannot locate the truck.

McTaggart and Simonson are doing a little detective work on their own hook now, and the truckman may be found if the soldiers hit the right trail.

CO-EDS UP IN ARMS OVER NEW RULING

MADISON, Wis., Oct. 6.—Co-eds of the University of Wisconsin are up in arms because a new city ordinance classifies the famous junior promenade and the military hall, the most important social events of the school year, as public dances, and a ruling by the dean of women prohibits co-eds from attending public dances under penalty of expulsion.

The question will be settled within a week when students, deans and city officials get together.

INCREASE IN DRUG LAW CONVICTIONS

WASHINGTON, Oct. 6.—An increase of approximately 100 per cent. during the past year in the convictions obtained for violation of the federal narcotic laws was reported in a table issued today by Prohibition Commissioner Haynes. The administration of the narcotic laws is under a division of the prohibition unit.

STRUCK BY AUTOMOBILE
Philippe Gillinson, a boy residing at 365 Pine street, received slight injuries late yesterday afternoon when he was struck by an automobile in Florence ave. Marcus F. Pierce of 88 Tyler park, driver of the car, claims that at about 5:30 o'clock while he was driving his car through the avenue, Gillinson, who with other children was playing in the street, ran into the mudguard of the car and was knocked down. He took the lad to his home.

PUBLIC SERVICE

BOARD MEETING

Former Solicitor William D. Regan, counsel for the Cawley Coal Co., appeared before the public service board at a meeting held late yesterday afternoon, in an endeavor to secure the cancellation of a contract for cement, between his clients and the city of Lowell on the ground that the city failed to carry out its part of the contract.

The contract is for 4500 barrels of cement, more or less, and was made in the early part of the year. Mr. Regan contended that already the company has delivered about 4800 barrels to the city, or 300 barrels more than the amount specified in the contract. He stated that it is now impossible for the Cawley Coal Co. to make further deliveries because of an embargo in Pennsylvania, where the cement is bought. Mr. Regan stated that in his opinion the contract is now void because of the failure on the part of the city to carry out its part of the agreement, in that it has failed to pay on the 15th of each month for the

cement delivered during the preceding month. He stated, however, that his clients are willing to not sue brokers for the city to secure additional cement without any profit to them.

Chairman Murphy of the board said the city was in need of cement and if it could not get it from the Cawley Coal Co., it would have to go into the open market for it. Mayor Brown, who was present at the meeting, could not remember any bill of the Cawley Coal Co. being held up and Chief Clerk Clinton Tuttle of the street department stated that as far as he can remember, no bill of the company has been held up. The matter was taken under advisement by the board, but Chairman Murphy stated that the board would buy cement from other sources.

The grievance committee of the Municipal Employees union appeared before the board and through one of its members, Charles Higgins, filed a complaint against William Hunt, who is in charge of the storerooms of the water department. Mr. Higgins claimed that Mr. Hunt had been discourteous and abusive towards him, and after hearing both sides of the story Chairman Murphy made it clear that the board wanted every man treated courteously, he be superintendent or laborer.

A plan for steel plates to be placed on the Ludlow street bridge was accepted. The P. W. Cox Co. was awarded the contract for the repair of the bridge at a cost of \$187. Numerous petitions for pole locations, sewer extensions and street improvements were read and it was voted to take a view on Thursday, October 12.

Daniel Donahue, who has been employed by the water department for the past three years, and whose discharge has been ordered by the civil service commissioner, was given a hearing. It was brought out that although Mr. Donahue was first hired as an officer, he was later shifted to the position of night watchman. Some time ago he was ordered by the civil service commissioner to take an examination for the position of watchman, but he failed to pass. Owing to this fact that the man had been employed in the department for three years and that his transfer was not at his request, the board voted to let him keep his position. At 8:30 o'clock the board adjourned until Saturday afternoon at 4 o'clock.

RAILROADS BADLY IN NEED OF TIES

The fuel problem isn't worrying the railroads so much just now as the problem of securing new railroad ties of good hardy chestnut, white and red oak wood.

Notices are being posted all over the rural districts about Lowell and along up the lines that hit the northern territory woodlands, announcing that many railroad ties are desired right away and will be accepted when promptly piled close to the line and pass the usual inspection.

The railroads are paying good prices today for quality ties, and many farmers are busy bringing in the timbers after properly shaping them for the track men and repair gangs.

The Boston & Maine railroad quotes today these prices for good ties shaped up to suit the inspectors:

White oak ties and chestnut ties, 8 feet 6 inches long, grade 3, \$1; grade 4, \$1.20; grade 5, \$1.35. The white oak and chestnut 8-footers, grade X, bring \$1.50, grade 1 bring .65, grade 2, .75.

A Successful Man

Among the notable professional men of this country who achieved great success along strictly legitimate lines was Dr. R. V. Pierce. Devoting his attention to the specialty of women's diseases, he became a recognized authority in that line.

Over 50 years ago this noted physician gave to the world a prescription which has never been equaled for the weaknesses of women. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable matter and is not only safe but intended for backache, headache, weakness, pains and for the many disorders common to women in all ages of life. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic to good that druggists everywhere sell it in both tablet and fluid form.

Send 10c to Dr. Pierce's Invalids Hotel in Buffalo, N. Y., for trial pkg. Write for free medical advice.—Adv.

grade 3, .95, grade 4, \$1.10, and grade 5, \$1.35.

Red oak ties, 8 feet long, bring varying prices from .35 to .55 apiece.

The ties have to be absolutely free from defects, splits, "shakes," decay or numerous knots or holes. They must be well manufactured, cut square at the ends, and have tops and bottoms parallel. All bark must be removed entirely.

The railroad proposes to limit the number of "X" ties furnished. A. W. Munster is the purchasing agent for the road, and announces that dealers must assume all risks for loss of ties placed on the railroad property by them until they are paid for.

The announcement changes the prices for cross ties posted March 20, 1921.

CHARGED WITH CRUELTY TO HIS DAUGHTER

DETROIT, Mich., Oct. 6.—John Sall, a factory worker, today faced a charge of cruelty to a minor, following the finding in the title of his home of his 13-year-old daughter, Wanda, whose wrists had been chained to a rafter. The girl was so imprisoned, Sall told

Introducing Who's Who in FALL CLOTHING

"It Does Make a Difference Where You Trade"

This season has developed for the younger men two distinctive suits—either the pleated Norfolk or the Jazz model. For the more conservative, the coats are a trifle straighter and may be had in two, three or four-button models.

In overcoats the raglan shoulder is the base for all the finer models. The coats are cut very full and roomy. The patterns are unusually attractive.

Our clothing today is priced lower than the merchandise that we are buying for later delivery. Take advantage of this, because clothing will positively advance in price.

SUITS \$25 to \$50

Overcoats, tailored by Kuppenheimer, Fashion Park, Burberry and our own privately tailored overcoats.

TO HALT GREAT LOSSES

Annual Saving of \$33,000,-
000 by Organized Safety
Work on Railways

CHICAGO, Oct. 5.—An annual saving of \$33,000,000 can be effected in the electric railway industry by thorough organized safety work, declared the report of the safety committee of the American Electric Railway Association, submitted at its convention here today.

"The estimated cost of accidents on electric railways during the last year has been \$44,436,000, or 4.6 per cent of the industry's gross revenue of \$968,000,000," said the report. "Accidents cost some companies 17 per cent of their revenue, while one company, the Quebec Railway, Light and Power, has reduced its cost to .34."

One of the accident expenditures of the Chicago and North Shore railroad, was pointed to by the committee as the probable average cost to a road with a well organized safety department. On this basis, the national accident cost to roads could be cut from \$44,000,000 to \$11,000,000, it was declared.

"Continuous organized safety work will reduce the number of suspensions and labor turnover," W. H. Boyce, of New Brighton, Pennsylvania, chairman of the safety committee, declared. "To operate your property economically, you must adopt a sane, systematic and continuous program of safety."

BRITISH-AMERICAN CLUB
Members of the British-American Social club observed the eighth anniversary of the founding of the club with an entertainment at the Free church in Middlesex street last evening. There was a large attendance and the evening's program, which consisted of the following numbers, was presided over by President G. William Axon: Mr. Axon, remarks; Mrs. Arthur Taylor, piano selections; Mrs. J. A. Taylor and W. S. Dawson, whistling duets; Miss Nora Smyth, vocal selections; Mrs. E. Cleary, readings; J. Kilborn, vocal selections; Harry Levitt, readings; Mrs. A. Jameson, vocal selections; Refreshments were served by G. Marshall, Mr. Stratton and G. Hawkins.

Don't Neglect Your Skin

Ladies—A few days' treatment with CARTER'S LITTLE LIVER PILLS will do more to clean up the skin than all the beauty treatments in creation. An imperfect complexion is caused by a sluggish liver.

Millions of people, old, young and middle age, take here for Biliousness, Headache, Stomach and Bowel, Impure and Itchy Skin. They end the misery of Constipation.

Small Pill—Small Dose—Small Price

JEFF DAVIS' OLD COACHMAN

BY N. E. A. SERVICE
HANDSBORO, Miss., Oct. 6.—Legion are the men who served Abraham Lincoln, but Anderson Boyd's claim to fame is entirely opposite.

Boyd was coachman for Jefferson Davis, when the president of the confederacy lived at Beauvoir, Miss. One of the fast disappearing type

BOYD

of old southern darkey, Boyd sighs for "the good old days."

"Ah! many more gentlemen like Marse Davis," he sighs. "World's sure going to hell with this. I'd like just once more to be driving down the street with my old high hat on, a yellow ribbon in the middle of my whip, and these high steppers of Marse Davis trailing proud. And then I'd sure teach a lesson to those trifling blacks that learn back in the cushions and seats white folks around in their automobiles."

"When they'd come along behind me, honking for me to get out of their road, I'd just crack my whip at them and make them stay a respectful distance from a white gentleman."

A faded print of the confederate president is Anderson's prize possession.

MARRIAGE A LA MODE

In Germany among the poorer classes if one cannot give a wedding gift to the bride one offers to pay for his own food at the nuptial feast.

Sometimes the ceremonies last several days, during which all guests remain at the bride's home.

As the bride leaves a pitcher of water at each door in the morning it is customary for the guest to drop in a coin for her.

Sun-Maid Raisins should cost you no more than the following prices:

Seeded (in 15 oz. blue glass) — 20c
Seedless (in 15 oz. red glass) — 18c
Seeded and Seedless (in 15 oz.) — 15c

Sun-Maid Raisins

ADVERTISING A DUTY

Best Method by Which Public Utilities May Overcome Public Prejudice

CHICAGO, Oct. 5.—Advertising—day after day, week after week, month after month—as the best method by which public utilities may overcome public prejudice, was strongly urged by W. H. Sawyer, president of the East St. Louis & Suburban Railway Co., speaking here before the American Electric Railway Association convention.

"Few really going, progressive concerns in any other business spend less than 1 per cent of their gross earnings on advertising, many spend 5 per cent," he declared. "The average street railway company can, to good advantage, as a business proposition conducive to the welfare not only of the company but of the community served, spend one per cent of its gross earnings on paid advertising."

"I believe in consistent advertising, not defensive advertising brought about by necessity, but advertising calculated to prevent the need of a stone wall defense. I want our customers to know the condition of their street railway company; I want them to know it all the time so that when any question arises they are fully informed."

"Advertising is not the solution of all our troubles. We may still be unfairly and unduly attacked but advertising is a duty which we owe to our public, our customers, and it is good business."

"I am using paid newspaper space to give the public the facts. I use a considerable amount of it and I doubt if I am using enough."

Mr. Sawyer's address was part of a public relations advertising symposium. Others who talked included M. C. Brush, Philadelphia; H. B. Flowers, Baltimore; Britton I. Hord, Chicago; Aaron G. Collier, New York City; J. D. Barnes, Louisville, and P. S. Arkwright, Atlanta.

cause they are light-headed.

RETREATING GREEKS MAKE DESPERATE STAND

Greek rear guard, closely pursued by the forces of Mustapha Kemal Pasha, turns and attacks its pursuers in an effort to hold them while the main body of the Greek army retreats to safety. In the foreground Greek soldiers are seen rushing on the enemy. In the rear smoke clouds arise from bursting shells and bombs.

INFANT MORTALITY ON DECREASE IN ENGLAND

LONDON, Oct. 6.—Only a little while ago alarmists were indulging in all sorts of dire predictions concerning the future of England because, it was alleged, not enough babies were being born. The great middle class, called the backbone of the country, was declared by some pessimists to be doomed to speedy extinction unless it produced more babies.

Now these lamentations have ceased.

Some far-seeing and logical statisticians point out that the future of a country is not determined so much by the number of babies born as by the number of babies which survive the first year of life and grow up, looked at from that angle England is not doing so badly in this all important matter.

During the month of August it is pointed out that the death rate of children under one year of age was only 41 per 1000 births. In 1913 London's rate for the same period was 55. Compared with the beginning of this century the baby-saving figures give still greater cause for rejoicing among those who reckon the future of England depends, above all things, on babies. The first four weeks of August, 1921, gave an infant mortality rate for London of 257—more than six times that of 1923 which proves, it is argued, that if babies can save England, England will be saved.

NEW PHYSICAL DIRECTOR

Clarence A. Towne, new physical director at the Y.M.C.A. has taken up his duties at the head of the boys' department. The new instructor comes here well recommended and has had several years' training in Red Cross and Y.M.C.A. work. He was associated with the Somerville Y.M.C.A. for two years and seems well qualified to carry on the extensive program as outlined by Ernest H. Hale who recently left the department to prepare for his. The first four weeks of August, 1921, gave an infant mortality rate for London of 257—more than six times that of 1923 which proves, it is argued, that if babies can save England, England will be saved.

FIRE PREVENTION WEEK MEANS NOTHING TO US

WHY?—Because in our House Wiring business we employ only expert workmen and we use nothing but high grade electrical fixtures and supplies that have been approved by fire underwriters. When you sign up a contract with us for the wiring of your dwelling house or office, you are following the advice given you during fire prevention week by fire chiefs and other experts, for our work is absolutely fire-proof, as all of it is done under proper supervision and according to the rules of fire underwriters. We do not handle in any way foreign electrical supplies or fixtures. Our immense stock consists solely of American made goods, and that is a guarantee that the supplies used by us in house wiring are the best on the market as far as quality is concerned, and they do not come within the criticism of fire chiefs.

House Wiring is Our Specialty

We employ the largest force of electricians in Lowell and we keep our men busy at all times. Why?—Because our work is the best in quality and the cheapest in prices. During the many years that slipped by since we ventured in the electrical business in Lowell we have wired more houses than any of our competitors. Our business has doubled and tripled during the past two or three years because we have always been honest and courteous in our dealings.

Our Easy Payment Plan

"I would have my house wired for electricity, but I haven't got the ready cash," is what you hear from many. If you intend to have your home wired, and you should, do not let financial matters interfere. Call at our store, sign up a contract, select your fixtures and make a small payment. The remainder may be paid in monthly payments to suit your purse. There are hundreds of homes in this city that have been wired on our easy monthly payment plan and hundreds of the contracts have already been paid for. We want your business first and then we will arrange money matters. Enjoy the comforts of an electrically illuminated home while paying for it.

Largest Stock of Fixtures

In connection with our wiring department we carry the largest and most varied stock of fixtures this side of Boston, and we may state right here that the quality and quantity of our stock is such that we are supplying many local electrical contractors. It matters not what it is, if it is an electrical fixture, we have it.

"JACK DAW'S ADVENTURES"

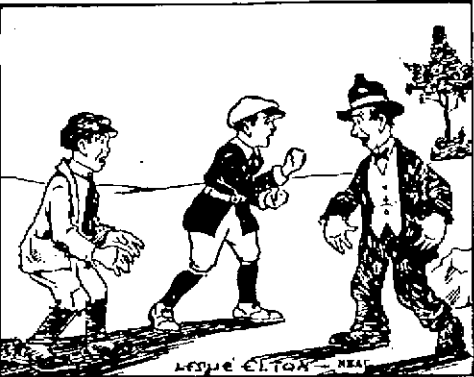

"I don't want to join your gang," Jack told his new found friend, "but I'll be glad to go down and meet another boy. I haven't seen many boys in the past weeks."

Finally they came to where Stony McGlynn was sitting. Bill introduced Jack. "This is little Willie," said he. Both boys thought Jack looked like a mild little boy.

In a moment Stony jumped up and asked Jack if he had any money. "Come on, Willie, give us your spare change," he demanded. "Better do as he tells you," snapped Bill.

And then Jack surprised them! "I'll give you both a good licking," he shouted. "You're first, Stony. Then I'll punish Bill for bringing me here." Continued.

DYE STOCKINGS OR SWEATER IN DIAMOND DYES

"Diamond Dyes" add years of wear to worn, faded skirts, waists, coats, stockings, sweaters, coverings, hangings, draperies, everything. Every package contains directions so simple any woman can put new, rich, fadeless colors into her worn garments or draperies even if she has never dyed before. Just buy Diamond Dyes—no other kind—then your material will come out right, because Diamond Dyes are guaranteed not to streak, sun-fade, or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.—Adv.

PLAN BIG RECEPTION TO MRS. MACSWINEY

The committee in charge of the reception to Mrs. Muriel MacSwiney, who is to speak in Associate hall Sunday evening, met last night and completed final details for the event. It was announced that Mrs. MacSwiney is to address an audience in Lawrence in the afternoon of the same day, after which she will come to this city for her engagement in the evening. The Associate hall meeting will open at 8 o'clock and in addition to the principal speaker, there will be brief addresses by Nurse Lynda Kearns of the Irish republican army, Capt. Thomas O'Connell of the I.R.A., and L. J. Madden of New York.

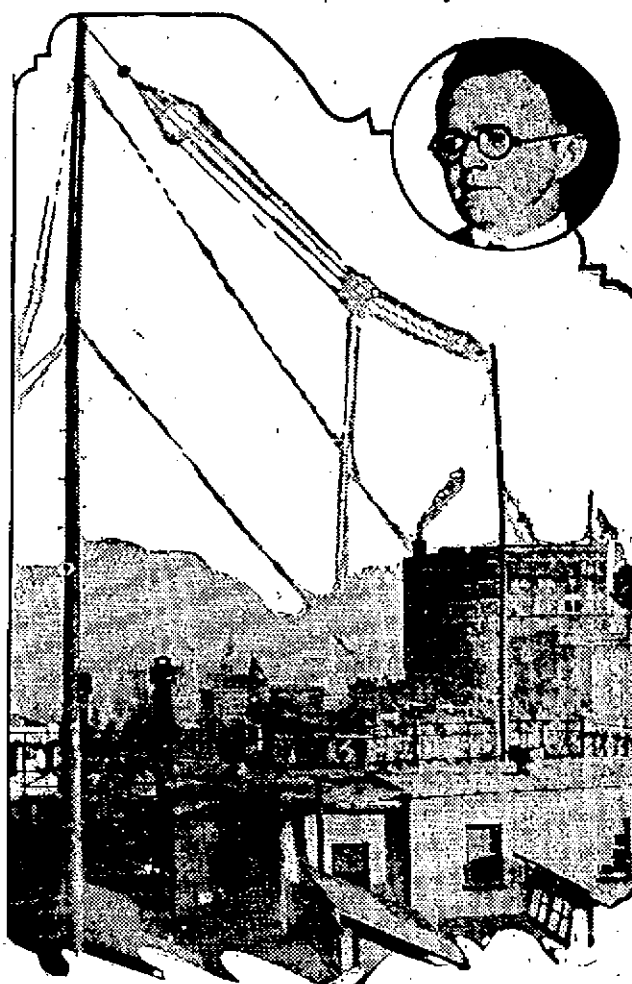

Mrs. MacSwiney, who is touring the country to raise funds for the depend-

ents of the Irish republican prisoners, is a familiar figure to all followers of the Ireland of today. She is the wife of the late lord mayor of Cork, who died in Brixton prison as the result of a hunger strike rather than submit to foreign rule. For 50 days Mrs. MacSwiney remained at her husband's side and in her talk here Sunday will recount those trying hours. With the signing of the Irish treaty by Irish delegates to London, Mrs. MacSwiney took the stand in opposition to the Free State.

Nurse Lynda Kearns, has also been active in Irish affairs of late years, having taken up the fight with her countrymen in 1916. Since the signing of the treaty she has been identified with the Irish republican army as a nurse and was a participant in the battle in which Cathal Brugha was killed. She is an interesting speaker. Sunday's meeting is open to the public in general.

Radio-graphs

Radio Saves City

ATLANTA JOURNAL'S BROADCASTING STATION AND LAMBDIN KAY (INSERT), WHO USED THE STATION TO SUMMON FIREMEN AND SAVE THE GEORGIA CAPITAL A DISASTROUS FIRE.

By N.E.A. Service.

ATLANTA, Ga., Oct. 6.—"Radio saved Atlanta from destruction," declares Fire Chief William H. Cody, commenting on the latest accomplishment of the radio in rising to the emergency.

Fire broke out in a block of retail stores in the city's chief shopping district, a few hundred yards from the Atlanta Journal building. It gained great headway before it was discovered, and threatened the entire business section of the city.

Lambdin Kay, radio director for the Journal, was conducting the paper's regular late evening program. He sent out a bulletin on the fire, and

followed with other announcements of its progress.

From all parts of the city firemen who were off duty for the night rushed to join their companies battling the blaze. They had heard Kay's broadcasted announcement of the seriousness of the fire and rushed to aid their comrades.

"The extra firemen enabled the department to check the fire," "Radio saved Atlanta," says Chief Cody. "If I had not secured the services of all my men the flames might not have been checked, and Atlanta's business district would have suffered one of the worst fires in its history. As it was, the flames were confined to the block in which they originated. I am going to have every fireman in Atlanta install a radio set in his home so that in the future I can notify them all at once."

Autumn Millinery Shows the Hand of Paris

Fashion in her most lavish moment designed them—for never was there such a profusion of coloring in models, in fabrics, in trimmings, in every shape that is in vogue for autumn wear—plenty of blacks, too. And perhaps the nicest part about them is that their smartness gives no indication of their low prices.

FEATURING MODELS AT **\$4.98 and \$5.98**

Manslaughter Charge
Continued

He. His case was continued to October 19 and he was held in \$2000 until that time.

Walsh was the operator of an auto which killed a Belle Grove child about two weeks ago. The child was playing with other children near the Lawrence-Lowell road when the auto, which contained Walsh and three other men, struck the child causing injuries from which it died a few hours later.

Walsh was arrested and charged with manslaughter. There seems to be a peculiar angle to the charge of operating as to endanger the lives of the public. It appears that Walsh did not possess a motor vehicle license of any kind and that he was operating the car upon the license of its owner, who was with him at the time. According to Eugene Louprel, inspector for the motor vehicle department for this section of motor vehicle charge will be held against the person upon whose license Walsh was driving. The owner of the license can be charged with the motor vehicle violation but not with the criminal charge of manslaughter.

When the case was called, Atty. Carney of Ayer, who represents Walsh, asked that some rapid disposition be

made of the case as his client was unable to secure bail. The clerk of courts reported that the inquest had not been held and that the report of the medical examiner was not ready. The court said that he did not wish to cause suffering to the defendant by keeping him locked up, especially when it was pointed out that his company had been transferred from Camp Devens to another camp.

The clerk was instructed to get in touch with the medical examiner and to see if the case could not be speeded up. After a telephonic conversation with Medical Examiner Thomas B. Smith, the clerk announced that the report on the accident would be ready by Tuesday and that the inquest would be held immediately afterwards.

Heavy Rain Brings Relief
Continued

the town of Hallowbury and several smaller settlements.

Finding of 33 bodies in the fire-scarred wreckage that a week ago was Hallowbury, and the knowledge that many more people are missing have made relief organizations fear the death toll may go as high as 60.

Train loads of tents, food, bedding and other supplies are arriv-

ing now to aid the 5000 homeless who have wandered sick and miserable into Cobalt. There is a rumor that the government will put temporary buildings in Hallowbury for the winter.

Showers Predicted

WASHINGTON, Oct. 6.—Marked changes in atmospheric pressures across the country east of the Mississippi river upset the dope in the weather bureau today and showers generally in the eastern states will shortly break the long drought that has gripped most of the country.

Firemen Raging

JACKMAN, Me., Oct. 6.—There was no halting early today of the forest fire which started in cut over land north of here three days ago and raged through the piles of slash, forcing woodsmen and their wives and children to flee eight and ten miles to safety points. The flames have made deep inroads through the Acroostook county forests eastward along the north shore of the Moose river. Extra fire fighters are being rushed to the vicinity.

Says It Made a New Person Of Him

Thousands of people needlessly endure a half-sick, nervous run-down condition when they might enjoy sturdy, robust health and all its manifold blessings if they only knew what to do. People in this condition find Tanlac soon ends their trouble and builds up abundant of strength, energy and vitality. Robert E. Barnes, 27 Sawyer street, Boston, Mass., says: "For several years I have been in a badly run-down condition. I suffered agony from indigestion and at times I thought it would kill me. But Tanlac has made me feel like my old self again. My stomach acts like a new one, and I feel so good that my work is a pleasure to me now."

Nervousness and a run down, tired out feeling are but symptoms of a hidden cause, which usually lies in the stomach. Tanlac enables you to digest your food properly, eliminate waste and regain your old time strength and vigor. Get a bottle today at any good druggist.—Adv.

Mudania Conference
Continued

tain the concessions of the note without the conditions.
The officials decline to give in detail what the Turks were demanding. The cabinet debated the situation in its entirety but the main point appeared to be the question of Thrace. It is understood that the British view should be that there should be some consideration given the Greek minority population there.
There seems to be no difficulty over the question of the Chianak area, which the British have been occupying. On broad lines the British policy it was stated, is the same as it has been since the Greek debacle, which means that the British are opposed to the Turks crossing the straits before the peace conference.
It is considered possible several days may elapse before it can be determined whether the divergences between the British and the Turks can be reconciled so they can enter the peace conference.
It was expected a message would be framed for dispatch to General Harbord, the British commander-in-chief on the scene.
Before Lord Curzon started for Paris he was asked why he was going.
"To discuss matters with friends, the allies," the foreign secretary replied.
To a question as to what would be the subject of such discussion he responded it would naturally be the near east.
"But I cannot speak of these difficulties until they are removed," he added.
Asked if the United States was to be drawn in, Lord Curzon said he had no information on that point.
The foreign secretary was smiling and very pleasant mannered and seemed in quite an optimistic frame of mind.

REINFORCEMENTS AT CONSTANTINOPLE

CONSTANTINOPLE, Oct. 6.—(By the Associated Press) The continued arrival of British naval and military units has had a further reassuring effect on the Christian population of Constantinople.

Applications for passports have decreased somewhat and reservations on the Orient Express are again obtainable. The steamship companies are still maintaining inflated prices for outward passage.

The business situation in Constantinople continues depressed. The entire importing business is paralyzed and the retail stores report trade 70 per cent below normal. Local merchants have cancelled outstanding orders with American, British and French firms; the total of cancellations being estimated at \$3,000,000.

MOTHER!

Clean Child's Bowels with
"California Fig Syrup"

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.—Adv.

KEMAL GREETES FRIENDS IN CONSTANTINOPLE

ANGORA, Oct. 6.—(By the Associated Press) Mustafa Kemal Pasha has sent the following message "to the people of Constantinople."

"I offer greetings to my friends in Constantinople, and hope to meet them personally soon. Peace will be concluded with the realization of our national aspirations.

"The whole world is now with us. Humanity applauds us. The saner spirits even of Great Britain favor our cause, and many of her public men who hitherto have misguidedly opposed us have seen the truth and changed their sentiments towards us."

BULGARIA WILL REMAIN NEUTRAL

SOFIA, Bulgaria, Oct. 6.—Bulgarian will remain neutral in the near east controversy under all circumstances, the parliament was told by Minister of the Interior Danailoff. The parliament voted approval of the government's policy.

Bulgaria, said the minister, demands an autonomous Thrace as the only way to preserve peace in the Balkans, and she asks to be allowed to participate in the peace conference as an interested party, because of her promised Aegean outlet, her interest in the freedom of the straits, and the large number of Thracian refugees in Bulgaria.

"Thrace for the Thracians," declared the minister, "would make it a Balkan Switzerland."

A \$1000 MESSAGE TO MEN

READ IT—FINE POINTS AND ALL. TO MANY IT WILL PROVE MORE INTERESTING READING THAN THE LEADING NEWS ARTICLES ON THE FIRST PAGE OF TODAY'S PAPER.

IT IS A MESSAGE TO MEN—BUT IT ALSO IS OF INTEREST TO WOMEN

By a fortunate deal I have become the owner of more than 3000 yards of fine quality woollens including imported Carr's Melton overcoatings. These were bought from one of the largest woolen houses in New England—a firm that specializes in quality goods such as are featured by the high-priced tailors. At regular prices in unbroken bolts I would have had to pay not less than \$10,500 for what I bought. Because they were not full bolts and because I was one of the few tailors in New England that could and would use the quantity offered, I bought this brand new stock of fall woollens at a ridiculously low price. THIS IS MY FOURTEENTH WINTER IN LOWELL and as you know I make men's clothes only, yet I do want the women, wives, mothers and sweethearts to come in and see what I have to offer. Most women know more about cloth than men do. They will back me up in the assertion that quality is woven into every inch of the warp and filling of every piece. The more you know about woollens the greater will be your astonishment that I can and will make a made to order suit or overcoat from such materials for as low as \$25.00.

Why I Am Spending \$1000 to Advertise This Event

I am spending this amount in newspaper advertising because by so doing I can sell better clothes for less money than if I did not advertise. Instead of making 20 to 30 garments a week at a profit of \$10 to \$15 a garment, as do some of the non-advertising tailors, I will sell five times this amount. The more I sell, the greater my buying power, my overhead is less, my growth is faster. I am establishing a clientele and good will that are worth real money. If I spend \$1000 for advertising and at the same time save you from \$7.50 to \$12 on a suit of clothes or overcoat and also make a small profit on each garment I sell, is it not good logic to spend the money in that way? If you have any doubt as to my ability to save you money, then do this: Come in and get a sample of woollens. See how well I am making the clothes, then ask any tailor to duplicate in quality and workmanship what I offer you. This test will convince you that it pays to respond to any announcements, and it pays me to tell you about my offer.

Signed, MITCHELL.

MADE TO ORDER SUITS AND OVERCOATS

More than 300 all wool and worsted patterns to choose from, including silk and wool chevots, serges, homespuns, tweeds, tartan plaids, club checks, pencil stripes and mixtures, including eighteen styles of the famous Gilbertville overcoatings, plaid backs, for dress or auto wear. None but the best trimmings will be used. Hand button-holes with pure silk thread on all except trousers.

You Run No Risks—I Do Not Even Ask for a Deposit

Recently at a New York Hotel there was a meeting of men interested in staging an industrial exposition. The principal speaker, a man of more than ordinary sagacity, said (in effect) "If a community, firm or individual wishes to get back to normalcy within a reasonable length of time it is necessary that the ordinary ways of doing things be supplanted by extraordinary methods, to wake people to action (and action is what is most needed right now.) It is necessary that unusual means be used."

In this sale I am doing two most unusual things. First, I am selling Suits and Overcoats at \$25.00, made of identically the same quality materials that are used in the making of garments selling at from \$32.50 up to \$37.50. Second, I will take orders and make them up without a deposit whether you are a man out of a job or a retired millionaire. You can order a garment without putting a dollar for a deposit. If the suit is not satisfactory, after it is made, simply say so and I will keep it. I assume all risk of loss. Such is my confidence in the clothes I make and the people I deal with.

Signed, MITCHELL.

Orders Now Being Booked for October and November Delivery

Besides the above, I am offering several hundred patterns of the very finest woollens, including several imported patterns at from \$30.00 to \$35.00. I am also continuing my sale of U. S. Army Blue Melton overcoating. A \$30.00 value. Made to your measure for \$19.75

The Fame of This Event Has Spread Through Middlesex County

The announcement of this sale appeared for the first time 10 days ago. The response was gratifying and many of the orders booked were from men who for years have been spending from \$40.00 to \$50.00 for a suit of clothes. Many business men of Lowell and surrounding towns took advantage of this most unusual offer. Among those of this city who left their measure were men in all walks of life, including the wage earner and the salaried man, as well as the big fellow who sits on a swivel chair before a mahogany desk and controls large industries in our city. Place your order now for later delivery.

Signed, MITCHELL.

GREEKS READY TO TAKE FIELD

Col. Plastiras Says Army Prepared to Fight in Defense of Thrace

Greeks Not Permitted to Participate in Armistice Conference

CONSTANTINOPLE, Oct. 5, 16 a. m. (By the Associated Press.) After conferring for most of the night with the high commissioners and military experts here, the allied generals this morning prepared to leave again for Mudania for a resumption of the armistice conference.

Related despatches from Turkish sources in Mudania telling of the arrival of Colonel Plastiras, chief Greek delegate to the armistice conference, say the Greeks are not given the privilege of active participation in the conference, but are acquainted by the allies' representatives with all decisions taken, as an act of courtesy.

Colonel Plastiras is quoted as declaring the Greek army is prepared to take the field at once in defense of Thrace.

France to Protest
PARIS, Oct. 5.—(By the Associated Press.) The French government has instructed its minister at Athens to protest against the Greek government's having sent reinforcements to the Greek army in Thrace.

GUESS WHAT
Leader of the Ku Klux Klan addressing his followers? No, the veiled statue of Edmund Burke, British friend of the American colonies, which will be unveiled at Washington, Oct. 12.

Pomona Grange Meeting

Continued
never better. The early festivities were in charge of Lecturer Mrs. Grace Naylor of the North Pomona. After the usual grange exercises, Mrs. Ida Farr Miller, worthy flora of the Massachusetts State Grange spoke. There was a piano solo by Mrs. Leslie Putnam of Chelmsford, readings by Mrs. Alice B. Colburn of Duxbury, and a paper, "My Most Successful Meeting," read by Mrs. Maude Gage, lecturer of Billerica grange.

The lively discussion of the high cost of living and methods recommended for raising meat cattle on New England farms, followed. At 12:30 o'clock, nearly 300 members and invited guests went downstairs to partake of a fine farmers' dinner consisting of baked beans, cold meats, potato salad, crab-apple salad, hot coffee, rolls and eight different kinds of real pies like molasses used to make. The able committee providing this splendid meal for the grange hosts was headed by Mrs. Fred F. Fletcher of Chelmsford grange and Mrs. Charles Gills of Burlington.

This afternoon at 2:30, the members sat down to listen to an excellent program of music and speaking. Mrs. William Knight of Reading, lecturer of the Middlesex-Essex Pomona, was in charge of this social hour. The program included solos by Mrs. Bessie Whitechurch Carter and a lecture by Mrs. Miller again, her subject this time being "Indian Basketry."

The afternoon sessions were open to the public, and were largely attended.

Demand for Public Hearing

Continued
mandamus action to restrain the secretary of state from taking steps to place the charter question on the state ballot. "This will not be done at once," said his Honor, "for we have a week or two in which to do it."

The mayor has brought up the question of whether the removed commission has any right to a hearing before the city council. He claims such a hearing should be held before his removal, and given as his reason that previously the commission had addressed to the municipal council, but that inasmuch as all executive powers formerly vested in the council now are vested in the mayor, he is the proper person to conduct such a hearing.

If this should be so, it is pointed out, the mayor would be in the position of removing the board, filing charges therefor, conducting the hearing and rendering a decision.

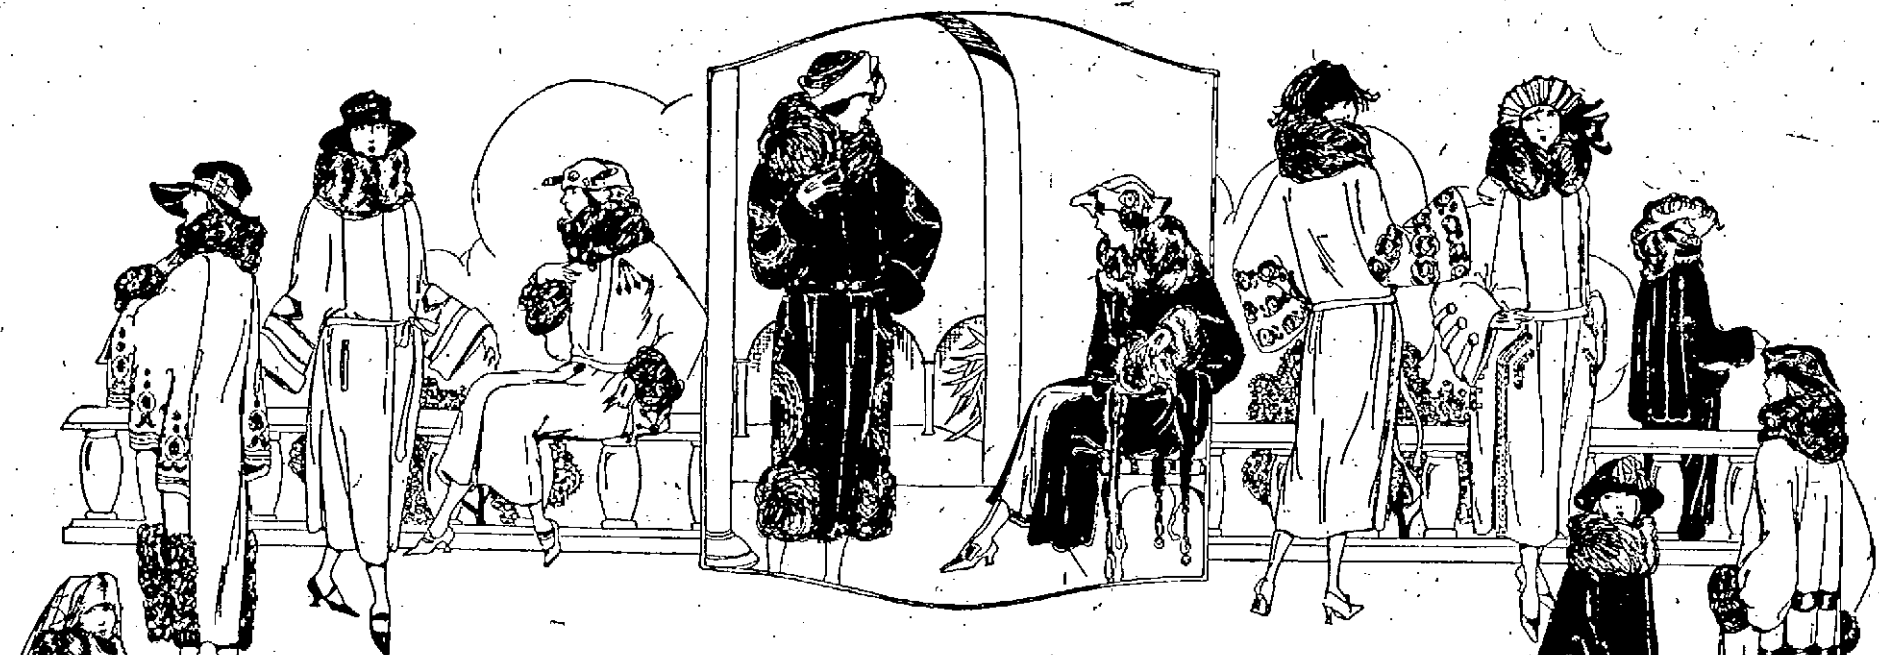

What does the mayor think he is running here, an autocracy? asked one member of the removed commission.

Mayor Says Councils Vote Void
Commenting upon the action of the council last night in accepting the certification of the removed commission as to a sufficiency of names on the petition and instructing the city clerk to so notify the secretary of state, the mayor says it is null and void.

"I understand the notice to be sent to the secretary without my approval."

and this renders it of no value," he said.

Mr. McOsker makes statement

An interesting episode in connection with the removal of the board by the mayor directly concerns Chairman McOsker. At some time yesterday afternoon, just after he had received his notice of removal, he was called on the telephone by City Solicitor Tierney and asked to come to city hall to sit as chairman of a new board of election commissioners.

"But I have been removed from office," said Mr. McOsker, "how can I serve on a new board?" he asked.

"You are not removed until a successor has been appointed," replied the solicitor.

"I have the notice of removal right in my hand now," answered Mr. McOsker, "and that is plain enough for me I have been removed." Mr. McOsker then read his removal notice to the solicitor and the conversation ended.

CASES IN THE DISTRICT COURT

Fred McEnaney was adjudged guilty of larceny in district court this morning by Judge Thomas J. Enright and sentenced to serve one year in the house of correction. The sentence was suspended for six months during which time the defendant is to make restitution. The sentence was given on four counts. In passing judgment on the case the court said that he had planned to give a six months sentence for each count, but owing to the fact that the company from which the money was taken, did not wish to press the charges he would let the young man off with three months' sentence on each count.

Thomas A. McCann, charged with the larceny of foodstuffs, through alleged fraudulent methods, was given a five months' sentence to the house of correction. Sentence was suspended for one month.

Youth Held for Assault With Intent to Kill

MANCHESTER, N. H., Oct. 6.—William H. Coburn, 17, arrested following the shooting of Mrs. Edmee Coburn, his stepmother, three weeks ago, pleaded not guilty in city court here today to a charge of assault with intent to kill, was bound over to the January term of superior court and was remanded to jail without bail. The woman is recovering.

with drunkenness and assault upon an officer was continued to Oct. 18. Geo. Pitts, found guilty of having in his possession obscene pictures, was fined \$100. He was given until Oct. 21 to pay the fine.

Joseph Alphonse was fined \$25 for operating a motor vehicle so as to endanger the lives of the public. He was given three weeks to pay same.

STATION, BOSTON

FIRST GUSHER ON THE TEAPOT DOME

CASPER, Wyo., Oct. 4.—The first gusher to be brought in on the Teapot Dome, United States naval reserve, 40 miles from Casper, came in yesterday with an estimated daily flow of about 20,000 barrels. If the estimate is correct this will be the largest well in Wyoming.

The Teapot Dome reserve recently was leased to an oil company by the federal interior department.

2 French Officers Killed in French Syria

CAIRO, Oct. 5.—(By the Associated Press.)—Two French officers were killed during an attack on the automobile of Islim Pasha, governor of Hauran, in French Syria, as the governor's party was leaving the capital yesterday, according to a report from reliable sources. Islim Pasha was wounded in the leg and his chauffeur and secretary were injured.

Suit Against State of Vera Cruz

VERA CRUZ, Oct. 6.—Suit has been filed by the Transcontinental Oil Co., against the state of Vera Cruz to test the constitutionality of the recent decree putting into effect taxation of oil production and of the property of oil companies. The company asks an injunction against the decree.

Reinforcements for Mexican Oil Regions

VERA CRUZ, Oct. 6.—The gunboat Zaragoza sailed yesterday for Tampam with 500 soldiers to reinforce the federal military in the oil regions, where renewal of rebel activities is reported. Additional reinforcements will leave Sunday on the steamship Nacional.

AT LAST--FAT WOMEN'S DAY IS HERE

By MARGARET ROILE
NEW YORK, Oct. 6.—Oh lady of the triple chin and 48-inch waist, no more you'll need to roll and pant to suit the public taste. No more you'll need to diet and eschew all fattening fare. Of luscious pies and chocolate cake no more you need beware.

Mrs. Sears, Elizabeth, the New York president of Women's League, professional and business, has just sent the dictum forth that stout and fat and portly women are much better

RAILROADS FACE BIG CAR SHORTAGE

WASHINGTON, Oct. 6.—The nation's transportation system is threatened with a breakdown as a result of unprecedented activity in the commercial world.

Railroad executives representing eastern and western roads, meeting here yesterday, were confronted with preliminary reports coming to them and to the interstate commerce commission which show that all records

in car loading in every kind of freight will be smashed during the current week. The previous high point in railway transportation was in October of 1920. Reports of increasing car shortage present a problem which the railway world is attempting to solve.

While the government is unable to find a way of stopping the swelling tide of freight, it is frankly admitted that shippers would be doing themselves and the country a favor by playing golf or doing some equally harmless thing for the next two weeks, so the roads could handle the kinds of freight whose transportation is imperative.

Railroad executives are working out plans in conjunction with the car service division of the Interstate Commerce commission. Since the tide of freight is increasing daily, it may be necessary to apply new and more drastic embargoes upon non-essential freight.

The record of loadings for the week ending Sept. 23 was 96 per cent of the greatest loading period, which was in 1920, and the increasing bulk of freight offerings convinces both the government and railroad executives that this week will smash all known records. The total number of cars loaded that week was 873,291, or an increase of 27,372 over the week before.

Old age is comparatively fearless.

counts of breaking and entering, while five other members of the gang had pleaded guilty to three counts of receiving stolen property.

In the cases of four of these defendants, Judge Hammond followed the recommendations of the assistant district attorney, as to sentences.

The cases of James J. McLaughlin, 20, of 217 Remington street, East Boston, and Sylvanus Cobb, 19, of 299 Chelsea street, East Boston, both inmates of the Concord reformatory at the present time, were placed on file.

Jeremiah Cappello, 21, of 324 Chelsea street, East Boston, was sentenced to six months in the house of correction.

Ralph Cobb, 21, of 290 Chelsea street,

LEADER OF BANDIT GANG SENT TO PRISON

BOSTON, Oct. 6.—Frank J. Tartaglia, 18, leader of the Wilmington bandit gang, was sentenced to from four to six years in state's prison, yesterday afternoon, by Judge Franklin T. Hammond, in the superior criminal court, East Cambridge.

Asst. Dist. Atty. James C. Reilly has recommended that Tartaglia be sentenced to the Concord reformatory.

Tartaglia had pleaded guilty to three

counts of breaking and entering, while five other members of the gang had pleaded guilty to three counts of receiving stolen property.

In the cases of four of these defendants, Judge Hammond followed the recommendations of the assistant district attorney, as to sentences.

The cases of James J. McLaughlin, 20, of 217 Remington street, East Boston, and Sylvanus Cobb, 19, of 299 Chelsea street, East Boston, both inmates of the Concord reformatory at the present time, were placed on file.

Jeremiah Cappello, 21, of 324 Chelsea street, East Boston, was sentenced to six months in the house of correction.

Ralph Cobb, 21, of 290 Chelsea street,

East Boston, was placed on probation for two years.

The case of Frank Tartaglia, father of the youthful gang leader, was continued until today for sentence. In this instance Asst. Dist. Atty. Reilly had recommended probation.

THAT'S TELLING THOSE SKINNY DAMES, A THING OR TWO.

than the skinny and the slender ones, by far, when it comes right down to business and a question of success. The biggest girl's the biggest hit in business, so says "Fatty."

"The reason is, although more pounds she has, also more poise, persuasive personality and charm that never elays are hers and what is best of all a cheerful disposition is always owned by 'Fatty' and it seems her constant mission to lighten little business cases and brighten business frets, then for her very presence, no substantial makes folks get the very good impression that her firm's substantial too. She's good broad understanding (you can tell that by her shoes).

They Listen to Her

The moment that she enters any office she'll command by reason of impressive bulk on each and every hand immediate attention. She'll impress by very size and inspire the greatest confidence in even the way guys.

Whereas the little slender wings of femininity are not a bit impressive in a business way, you see. Before they put their sales across, their personality they've got to put across and overcome, you'll all agree, their slight and insignificant that's not apt to be a handicap when overshadowed by some portly she.

There's just one thing, says Mrs. Sears, against the woman plump, and that's the way she had to dress. It made her look a chump. All clothes for small and willowy type females were designed with nary thought for billowy and bulky bellies in mind.

And the Result

So consequently plump 'uns looked grotesque in styles meant that simply emphasized their bulk and didn't help a bit to minimize their bumps with lines becoming and de rigueur that used discretion to restrain a little too much figure.

But now that blight for females fads removed. Their future's bright. The latest fashion shows all show some fashions that are right for perfect forty-eight, designed to make the stoutest swaggers even though nearly any surplus pounds of flesh she's doomed to stagger.

Hip, hip, hurrah! let all hips sway, let joy be unconfined and also waists and also chine for in these styles designed to set her bulky beauty off, the fat girl, and the lean, by Mrs. Sears is now proclaimed the perfect business queen.

Five Arrested at Haverhill When Police Broke Up Parade of Workers

HAVERRHILL, Oct. 5.—The cases of five members of the Shoe Workers Protective union who were arrested last night after the police had tried to disperse a parade of union workers, were continued in district court today and the defendants were held in bail on charges of disturbing peace.

The homes of Sidney Moore and John Aiken, both of whom are employed in the J. H. Winchell shoe factory were stoned late last night.

The Shoe Workers' Protective union is endeavoring to obtain jurisdiction over operatives in four plants here, most of whom are members of the Boot and Shoe Workers' union and called a walkout of its members in those plants last Wednesday.

FOURTH DEGREE KNIGHTS INSTALL OFFICERS

Installation of the recently elected officers of the Fishon Delany General assembly, Fourth Degree, Knights of Columbus, took place last night with impressive ceremonies. Hon. Louis Watson of Boston, father of the fourth degree in this district, was the installing officer. He was assisted by his suite. Mr. Watson also made an interesting address.

The officers installed were: Arthur J. O'Neill, faithful navigator; John P. Buckley, faithful captain; William H. Gallagher, faithful admiral; Andrew Molloy, faithful pilot; John McQuade, faithful scribe; Frank J. Finnegan, faithful controller; Michael J. Quinn, faithful purser; John J. Flannery, inside sentinel; Eugene Fontaine, outside sentinel; William H. Gallagher and Andrew Molloy, delegates to state convention; Dr. Hugh Walker and Thomas J. O'Donnell, alternates. Votes of thanks were tendered retiring officials.

Arrangements were completed by the assembly for its annual communion Sunday at the 8 o'clock mass at St. Michael's church next Sunday. Following the mass there will be a breakfast at Associate building where the members will be addressed by James C. Kelly, assistant district attorney, and an entertainment program carried out. Plans were also made for the St. Knights' participation in the Columbus day program at St. Peter's church next Thursday morning.

Remarks were made by John E. Hart, grand knight; Rev. Francis Mullin, Andrew Molloy, P.E.N., William H. Gallagher, P.E.N., and Thomas J. Beane. A luncheon was served the assembly members following last evening's ceremonies.

OUTRIS

Drawn from actual photograph of Mary Josephine Murray, daughter of Mrs. R. Bruce Murray, 2270 Lincolnton Pike, Philadelphia, Pa.

It was her Doctor's idea

MARY Josephine Murray gained

only three-quarters of a

pound the first three months she

lived in this world. Then her doctor

recommended Borden's Eagle

Brand Milk. "She commenced to

gain at once" Mrs. Murray reports,

and six months later she had be-

come a normal, healthy child. On

her first birthday she weighed 23

lbs., 5 oz.

"Our doctor always speaks of her

as a fine, healthy specimen of baby-

hood" writes Mary's mother. "She

is such a good, happy baby and

sleeps all night long."

Naturally, her doctor's sensible

advice, as well as her mother's care

have contributed largely to Mary's

wonderful health, even though her

mother feels that she owes it all to

Eagle Brand. But many thousands

of other mothers have found Eagle

Brand the best food for their

babies. And a great many doctors

recommend it—just as Mary's doctor

did—in difficult feeding cases

where the child was underweight or not gaining as it should.

A child's health is so largely dependent on its food, that no mother

can afford to experiment. Nurse your

baby, if you can, of course, but if

for any reason mother's milk fails,

don't risk foods of which you are

not sure.

Borden's Eagle Brand Milk has been the

standard for a great many years. For it is

nothing but milk—pure country milk com-

bined with sugar. It is the natural food

when mother's milk is not available.

Your grocer has Eagle Brand. You'll find

it always pure and uniform.

ARISTOCRACY OF BRAINS

The proposition to establish an aristocracy of education will not get very far in this country. We all remember the simile drawn by Addison where he compares education to the art of sculpture that produces a statue from a block of marble. The statue lies hidden in the block, the sculptor only finds it. So he says, statesmen, the scholar or the poet may be concealed in the plebeian and can be revealed only through the process of education. To come down to examples more familiar, it frequently happens that a man who works in the city sewers has much greater natural endowments than some who have had all the advantages of education and special training. Some of our college presidents would restrict the higher education to those who are so gifted as to make rapid progress and apply their education effectually afterwards. That would be very well for the favored ones, but the educators know quite well that it is impossible to determine just what young man will benefit most by a college education or "who has brains" and who has not.

It will be remembered that some of the most noted men in history were dull students at school. Very often it happens that a youth endowed with rare talent in one direction, seems very obtuse in others. That has been the case with men of genius in all ages. It is well remembered, also, that it is not always the most brilliant students who are the most successful in after life. The school men would have all the students move forward on the lock-step plan; but it is not practical, because no two individuals have equal capacity for learning. The higher institutions of learning must be held open to all comers and those who cannot imbibe instruction will soon drop out. The experience will reveal to them the fact that their intellectual endowments are not of the kind required by men who enter the learned professions. Thus they will find their intellectual level by the natural process of elimination and only the fit will remain, but to attempt to separate the wheat from the chaff in any other way, would be preposterous. Every man has a right to avail of the opportunities of education and to remain at college just as long as he pays his way. None of the colleges nowadays are working for charity, and the charges in some are so high that only people of means can enter. That is a sort of discrimination that militates against the most talented students who do not happen to have the necessary funds. In a land where education is supposed to be as free as air, it sounds strange for any educator to claim that too many men are going to college, and that the institutions of higher learning should be confined to the "aristocracy of brains." If natural endowments could be measured or weighed on entrance so that each student could be justly rated, then the remark of the president of Dartmouth might have some practical value. But as every student has a right to avail of all the opportunities for self-advancement, the doors of colleges must remain open alike to all who can pass the entrance examinations. If there is to be any aristocracy of brains in this country it must be held open to all aspirants and won only by the deserving, just as places are won in the halls of fame.

OUR ENTHUSIASTIC P. M. G.

Some of the press notices emanating from the headquarters of Postmaster General Hubert Work in Washington are so fascinating and readable, that we do not wonder why so many newspaper editors print some of these effusions in their entirety.

A Boston contemporary has a column story from Mr. Work's office, which calls for comment from many other circles. Mr. Work is one of the most prolific "ready letter-writers" and outdistances his predecessors in this respect. Just now, with probably nothing else to do for the moment, Mr. Work is busily circulating information about blue-print plans for a cross-continental air mail service, which he predicts will cover the land regularly every 28 hours.

Considering the tremendous cost of the present small air service equipment and its failure every now and then, increasing the general expense, it would seem as if Mr. Work had better bend his energies for the present toward invigorating the regular mail service of the country.

There is much yet to be done before the land mail distributing service reaches the highest mark of efficiency. To be sure, the service has been vastly improved over that of former years, but it is by no means perfect, nor will it be if government officials in Washington continue to play with uncertain machinery for the transmission of the mail.

The service has not yet reached that high level promised some time ago, and the postoffice authorities in Washington ought not to have any difficulty in finding work enough to do with the system as it exists at the present time. The air mail service will never be successful and will never even pay its own way, until riding through space is made much safer and more reliable than it is today.

THE KU KLUX KLAN

The cardinal principles of the Ku Klux Klan are bigotry, sectionalism and intolerance; and its religion, if it has any, is one of insane hatred. All these qualities are wrapped in cabalistic symbolism and misnamed patriotism. The Imperial Kligrar and the Chief Klazgale deal out imprecations upon the denominations they oppose, and represent themselves as the sole defenders and the highest exemplars of true Americanism. It would be well to look up what some of these cowardly gut-throats were doing during the World war. No true American could

belong to an organization that would substitute the marauding of tar and feather for the courts of law. We have had societies of the same kind under different names in the past; but in due time they disappeared and left but maledictory memories behind.

This religious fanaticism breaks out about once every twenty-five years and spreads like a plague until the members begin to see through its absurd inequities and realize what fools they made of themselves. Then the whole delusion is dispelled and the wild ghosts of dissonant minds vanish like fog before the morning sun. The Ku Klux Klan will run its course. The influences behind it and in it are the same as were active in the other societies that embarked on similar crusades.

UPHOLDS WAGE ORDER

The order of the Kansas Industrial court for a minimum wage of \$11 a week of 48 hours for women in Kansas factories and industries has been upheld in every particular by Judge George H. Whitcomb of the Shawnee county district court. All efforts to break down the minimum wage for women workers and children in industry were defeated as a whole. Any attempt to break down minimum wage laws and lengthen hours for the weaker forces in the industrial lines, deserves defeat, as was the case in Kansas last week.

This decision was the first the state has been able to obtain under the minimum wage laws and the powers of the industrial court to fix wages and hours for women workers. Previous litigation was clouded by technicalities thrown into the case by those who desired a clean-state settlement of the case. This has come at last. Now the methods used by other states, including Massachusetts in taking care of women and children who labor, will be inquired into, so that other improvements may be provided for under the Kansas law.

AMERICANS IN THE EAST

The world is not surprised now to read of the tremendous tasks performed by the United States and its people in the Smyrna relief problems. Americans appeared to be almost everywhere in the stricken region, providing food, clothing, fuel or transportation to safe places, and also taking care of the sick and injured. Nothing like it has been seen before in a long time. One dispatch announced that "Americans aided 31,000 refugees crazed by hunger, who were throwing themselves into the sea." Another states that "Americans are trying to take care of 150,000 people, with more expected." Relief workers all through the stricken zones were headed by Americans, as a rule.

There is nothing very strange about the presence of Americans in Turkish waters. They simply had to be there when there was work to do, and everybody knows what has been done since the Turks swept through the Greek city and laid it in ruins. Luckily, we have more Americans and more American food supplies already on the way to carry on the noble work.

BANKERS IN SESSION

The 45th annual convention of the American Bankers' association has enough important matters listed on its annual program to extend the convention period another week if it wanted to. With more than 7,000 delegates present, all may sooner or later be expected to take part in such discussions as national and international home and foreign finances, strikes, and future of labor unions, agriculture and the promotion of thrift. These are to be the chief topics for discussion. It looks like a program that will require something more than ordinary debate. There ought to be a forum for some of these interesting subjects. Then the newspapers would perhaps print more about the convention proceedings, which are sure to be of live interest anyhow to bankers and business men in general.

CROSSING ACCIDENTS INCREASE

In spite of the greatest campaign against railroad highway crossing accidents ever conducted by the Pennsylvania railroad, these accidents increased by 30 per cent over last year's figures, during June, July and August. During those three months there were 107 crossing accidents in which 71 persons were killed and 115 injured. What was true of the Pennsylvania road in this respect is also true of many of the other railroads throughout the country. It is due to the increase in the number of automobiles and the continued recklessness and incompetence of drivers.

VENIZELLOS PLEADS IN VAIN

King Constantine through mismanagement brought humiliation upon Greece and caused her to lose the territory that Venizelos won for her through his wise statesmanship. It is too late now to have Venizelos plead for the retention of Thrace, which is to be turned over to Turkey as one of the conditions by which the Turk can be pacified.

The Boston chamber of commerce sends out a notice relative to an alleged convention of editors to meet in Boston, October 25 to 28. The chamber refers to a movement to raise funds for the entertainment of the visitors; but asserts that the Boston editors don't know anything of the proposed convention. One would suppose that the editors would be the very last body of men any fakir would think of using in a fraudulent game.

It would be a fine thing if experts in handwriting could take this petition

for Plan B and detect some of the forgers so as to show where the gull lies. It is not entirely new to defeat a referendum petition by forged signatures. There is reason to believe that it was done once before under somewhat similar conditions.

It seems that the campaign against the censorship of moving pictures is the only one that is being conducted with skill and ceaseless energy. Brigadier General Charles H. Cole is now heading this campaign in Massachusetts.

Even the rat catchers of Boston are on strike and while the cat's away the mice, or more properly the rats, can play. It is said that continual efforts are necessary to prevent the rodents from becoming an actual menace.

Waste paper is now in great demand for the raw material in the various paper mills. Most householders want to keep what they have for lighting wood fires pending the change to coal fires.

It would seem that the stormy petrel is roosting at city hall.

SEEN AND HEARD

Don't get those bakers' and bankers' conventions mixed up, that is, in the convention reports.

Prohibition on the high seas is largely a question of how much extra money you have on the first trip over.

And matrimony is sometimes a lengthy sentence with too many words in it.

Perhaps Thomas has gone back to board those still frenzied financiers in their Wall street dens.

Wonder what some of those New Yorkers who are now catering to Royalty would do if another war should start?

Melons, endives, limes and avocados are now on the market for the home diets. How do you like your avocados, fried or boiled?

They're still selling those nice bright red and black and red-striped outing shirts for the fall game gun-toters. Bought your hunter's target yet?

Two members of one of the New York baseball teams were actually born in Gotham. Why try to crowd the victors any farther when all admit New York is home to those who win.

Very queer bird
What a queer bird the frog are.
When he sits he stands, almost.
When he hops he flies, almost.
He ain't got no sense hardly.
He ain't got no tail hardly, either.
He sits on what he ain't got, almost.
(Composition by a foreigner in a Chicago night school.)

A Thought
Go, bury thy sorrow, the world hath its share;
Go bury it deeply, go hide it with Heav'n's growing a-weary with heavier woe.
Now drop 'mid the darkness; go, comfort them, go.
—HARRIET B. STOW.

The Band of Today
In the land of the banana,
Where the natives say, "Mannana,"
They may look in richer sunshine than will fall upon my way,
But whatever sky be shown me,
I'm blind that I have thrown me
In the hills of old New England where the watchword is, "Today!"
—CLAUDE WEEKS AVERY.

Today's Word
Today's word is rises. It's pronounced kri-sen, accent on the first syllable and both the s and the e long. It is the plural of rise, which means the decisive moment or turning point. It comes from the Latin, though originally taken from the Greek, "to separate." It's used like this—"Many crises arose which called for quick action by President Lincoln."

Duck Measurement
A man on horseback, approaching a river which he did not know, asked a youngster playing on the bank if the water were deep. "No," said the boy, and the rider went into the river, only to find that it was exceedingly deep and that he and his horse had to swim for their lives. When he managed to struggle ashore he turned furiously to the boy and said: "I thought you said it wasn't deep!" "I didn't think it was," was the reply. "It only takes grandfather's ducks up to their middles."

And That Was All
A soldier just managed to make his train jumping on after it started. A man seated in the car undertook to be funny at the young man's expense by offering to his pipe, "Young man," he said, "follow me and you shall be out of ten cases of men suffering from paralysis of the tongue, nine are due to smoking." "Maybe," replied the soldier, "and allow me to inform you that out of ten cases of people with broken noses, nine are caused by the habit of meddling with the business of other folks."

The Straphangers
It was the usual scene in an "L" train during the rush hour and a chivalrous man got up and offered his seat to a lady. One of the straphangers turned to a friend, who was standing by him, and said: "Do you know, I've been riding in these trains for nearly 10 years, and I've never given up my seat to a lady yet." The friend was a gallant fellow. "Well, that's surely not much to boast about," he said, severely. "You would have done just the same." "I couldn't," the first said. "No, no, I shouldn't," I should have given up my seat like a gentleman." "No, you wouldn't," said his friend, away from him. "You see, the fact is, I've never had a seat."

A Portrait
His eyes can be quite old and stern, but I have often watched them yearn over an animal in pain.
And I have seen him through the rain carry young lambs into the fold.
If a September night turns cold, he leaves his sleep, and in the gloom covers the bushes that might bloom.
I know that when he sees grow dim the first young bud will glow to him.
For in the spring I see him kneel upon the field earth, and feel with gentle hands among the leaves.
No glistening rim of frost deceives his instinct for arbutus flowers.
He stings, during his working hours, in a young vetch a rowing song.
And swears the jaggling work along.
To the delighted earth he brings aboutspring love of living things.
So when he climbs into his nest, meet the rising sun, they kiss his feet!
—MILDRED WESTON, in "Poetry" Magazine for May.

18 BILLIONS IN GOLD

875,000,000 Fine Ounces
Produced Since Columbus Discovered America

WASHINGTON, Oct. 6.—Since Columbus discovered America, the world has produced 875,000,000 fine ounces of gold valued at \$18,000,000,000. It was estimated today by the commerce department that about \$3,000,000,000 of this world gold production, the department declared, are in circulation as money or in banks and public treasuries; \$2,000,000,000 in the United States treasury; while the other \$13,000,000,000 has been used in the industrial arts or has disappeared in the 430 years since the keeping of accurate gold statistics began.

COTTON MANUFACTURERS ARE OPTIMISTIC

The general market improvement in the cotton goods markets is clearly reflected in the conversations and sentiments expressed at the convention of the National Association of Cotton Manufacturers now in progress in Atlantic City. Noted mill men give it as their private opinion that prices on most goods are due to go higher, although limitations by conditions are recognized. Reports from the convention show that confidence is general regarding the future of business. Talks with respect to the cotton yarn goods market make plain the disappointment at the lack of response by goods in this category to the market improvement, however. Comb yarns and similar finer goods, it is pointed out, while considered stronger, have not enjoyed any advance in price, as has been true in coarser yarn goods. Several important millmen at the convention say they do not look for any pyrotechnics in cotton, adding they would not sell goods ahead without covering on raw material at the same time.

In his report of the Atlantic City convention delegates, the Daily News Record yesterday contained a despatch giving in detail the tentative program for research work in the cotton industry. Among the signers of this report is Albert D. Milliken. Reporting on behalf of the research committee, President S. Blanchard declared that serious competition that must be expected from other countries necessitates the rebuilding of research efforts. The program outlined for this work is as follows:

"Arrangements have been made for the use of a good laboratory and equipment by the research department of the association, and at the coming meeting of the research committee a program will be outlined. It is hoped that with the co-operation of a number of mills in the association, problems of actual interest will be jointly studied, under practical conditions and under the general direction of Russell T. Fisher, formerly with the bureau of standards, and who is now established at the headquarters of the association as assistant secretary in charge of research."

"It is felt that with the laboratory facilities referred to we shall be able to check and compare results and arrive at conclusions which will be helpful to members of the association. In view of the serious competition with which we are faced and the very large and fundamental way in which research is being undertaken elsewhere, especially in Great Britain, it is hoped that members of the National Association of Cotton Manufacturers will all co-operate heartily to make the research work a success."

"Respectfully submitted,
President S. Blanchard, chairman;
Albert D. Milliken, Harry L. Bailey, Morgan Butler, Edward W. Callahan, James B. Coburn, W. O. Jellene, John A. Perkins, Albert B. Pierce, P. A. Reid and William E. Winchester. Research committee."

TOOK PHOTOGRAPHS OF FORTIFICATIONS

TOKIO, Oct. 5. (By the Associated Press).—Richard M. Andrews, arrested following the search of his residence by the police, is suspected of having taken photographs of the fortification of Yokosuka, according to information received here. The home of Andrews, who is one of the prominent American residents of Japan, was searched, and he was charged with operating a motor boat without a license. He was later taken to court where he was subjected to a secret examination. One of those who testified in the search of his residence told him the charge against him was really a criminal one. Cameras and photographs were taken by the searchers.

The police apparently believe Andrews took the photographs while making a trial trip in his motor boat. Andrews denied having photographed the fortifications. It is said that he is charged with having taken the photographs in conjunction with Japanese confederates.

MOVE TO KEEP COAL AT \$14.50 A TON

TRENTON, N. J., Oct. 6.—In an effort to keep coal at \$14.50 a ton in New Jersey, Gov. Edwards today asked the Pennsylvania coal commission to insist on a rule that not more than \$3.50 a ton be charged for household coal at the mines. Gov. Miller of New York and other executives of eastern states will follow, it was announced.

"It is a serious situation," declared Gov. Edwards, "because some of the independent operators have been asking \$14.50 at the mines. Many of our dealers are depending upon the independent mines for their supply."

COURT ST. ANTOINE C. O. F. MEETING

A largely attended meeting of Court St. Antoine, C.O.F., was held last evening in C.M.A.C. hall in Pawtucket street. Several new members were initiated, routine business was transacted and a feature of the meeting was the installation of the recently elected officers. Deputy High Chief Ranger Louis LaJolie and his suite of Haverhill officiated at the installation, and those included into office were as follows: Grandmaster, J. H. Grogono; J. N. Grogono, past chief ranger; Arthur N. Doulas, recording secretary; Joseph Magras, financial secretary; Hildred Genereux, treasurer; J. H. Grogono, orator; Armand Beauchene, Eusebe Asselin and Armand Letec, trustees; Joseph Giguere and A. J. Ferron, conductors and sick wardens; Albert Monaghan and Wilfrid Roy, sentinels. Present at the meeting was Vice High Chief Ranger Simeon Viger of Lawrence, who spoke at length on the welfare of the order. At the close of the business session a social hour was enjoyed, during which entertainment numbers were given and refreshments were served. It was announced that the Annual high mass of requiem for the deceased

Berton Braley's Daily Poem DIPLOMACY

When Armageddon ended, we sighed, "The Turk is through. We've driven out of Europe that bloody-handed crew. Whose massacres and slaughters once sickened all the world, The ancient Moslem menace afar from us is hurled! No longer shall our history with Turkish deeds be black! But—the diplomats got busy, and now the Turk is back!

"The fine old-fashioned diplomats who brought about the war, Who brewed the European mess which we are paying for; Who caused some twenty-million deaths, who plunged the world in flame— With just the same old box of tricks play just the same old game. We thought the war had freed us from the ugly Moslem pack, But the diplomats got busy—and now the Turk is back!

The diplomats, they never learn, they never seem to change, They play the same old chessmen which they shift and rearrange, They scheme and plot and gamble with the destinies of men, And when they've ruined half the world they start to plot again. Suave and sly and smooth of speech, they're ruled by outworn rules, They look like learned gentlemen, but act like knaves and fools. Lord save us from the diplomats, there's woe along their track, The clever, stupid diplomats who brought the Moslem back!

members will be held at St. Jean Baptiste church, next Thursday at 8 o'clock. The members are requested to meet at the C.M.A.C. hall at 8:30 o'clock to march to the church in a body.

IN SMYRNA
Dr. Wilfred Post of Princeton, in charge of medical work for the Near East Relief, stayed in burning Smyrna, administering relief until the flames drove him and his family from the city.

Some Things We Can Do

Our desire is to see how much—not how little—we can give our customers for their money.

Don't interpret this as a burst of philanthropy. It isn't. It's plain, common-sense business, because a satisfied customer is the best possible advertisement.

Every telephone becomes a part of the universal Bell System the moment it is installed. The service that may be afforded a patron, however, is largely dependent upon his knowledge of the telephone's varied possibilities. We can suggest some of these, leaving to him the privilege of availing himself of them.

Does he know how to make an Emergency Fire or Police Call?

Does he know what we are glad to do in the way of emergency installations in cases of quarantined illness?

Does he know the economics of Station-to-Station Calls as distinguished from other toll calls?

Does he know what we will do to help forward an urgent message relative to sickness or death?

Does he know we will try to get a message to a subscriber whose full address is unknown to him?

Does he know what our Public Station service can do in reaching non-subscribers by messenger?

If, perchance, the reader does not know of these and other possibilities, I wish he would pay me a visit. I may be able to make the telephone much more valuable to him, and perhaps without one cent of additional cost.

C. J. LEATHERS, Manager.

GALLI-CURCI CONCERT THIS EVENING

Madame Galli-Curci arrived in this city last night and took up quarters at the New American House, where she will remain until after her concert in the Memorial Auditorium tonight. She came here from Albany, N.Y., and was met at Ayer by the local manager of her concert. With the singer were her husband, Homer Samuels, her manager, Lawrence Evans, Manuel Berenguer, artist and her maid.

The diva will remain in Lowell until tomorrow afternoon when she will go to Boston to prepare for a concert there Sunday afternoon. In order to have the concert go as smoothly as possible the management has requested that all holders of tickets be in their seats before 8 o'clock. The doors will open at 8:45 o'clock.

Attention is called to the fact that all seats are numbered with the aisle to be used and the public is requested to use the proper entrance. The temporary stage seats and extra floor chairs are not reserved. They contain numbers but are not reserved. First come, first served. Holders of tickets marked "gallery" are asked to remember that the gallery is at the rear part of the stage, the place occupied by the Lowell Choral Society on the night of the dedication.

CENTRALVILLE SOCIAL CLUB ENTERTAINS

The whist and social conducted last evening by the Centralville Social Club was a big success. The affair was conducted in the assembly hall of the club in West Sixth street and was attended by over 200 people. In the early part of the evening whist was played and at the close of the game suitable prizes were awarded the winners.

The evening's program was in charge of Emile Galarneau and those who took part in the entertainment were Miss Alice Levy, Miss Bernadette Crepe, piano selections; Miss Georgianna Crepe, vocal selections; Miss Blanche Levy, Miss Agnes Crepe, violin selections; Henri Chandonnet, comic songs. The judges at whist, who also acted as scorers were Misses Bernadette Nadeau, M. Grondin, J. Dugas and A. Gionet. During the evening a miniature midway was conducted in the lower hall of the building and this part of the affair helped materially to swell the receipts of the event. The committee in charge consisted of Virgil Levy, chairman; Henri Nadeau, W. Chamberland, Henri Cayer and Joseph Nadeau.

NEW TARIFF LAW PLEASURES THE SOUTH

WASHINGTON, Oct. 6.—The Southern Tariff association met here today to give public expression to the gratitude of the south for the new tariff law which includes most of the products of that section on the dutiable lists. An announcement of the purposes of the two day meeting by John Kirby of Texas, the organization's president, characterized the convention as a "victory congress" commencing the "fair and generous treatment" accorded the southern products. The new customs law, the statement asserted, had been the salvation of southern industries generally and added that the 60 industries and more than 6000 banks affiliated with the association desired the country to know of their appreciation of the work of congress.

SPECIAL SESSION OF PROBATE COURT

A special session of the probate court was held at the courthouse in Gorham street this morning with Justice John C. Leggett on the bench. Several wills including that of Thomas P. Green, of this city, were allowed and the administration petition of Agnes Cassidy was granted.

The following divorce cases were heard: Mildred E. Greenhalge vs. Leonard Greenhalge; Lyndon Filling vs. Ada G. Filling; Emergentine Riley vs. Edwin P. Riley; Charles E. Bonduelle vs. Marie E. Bonduelle; Dorothy Prescott vs. Arthur C. Prescott.

LUNENBURG SCHOONERS IN TRIAL SPINS

HALIFAX, N. S., Oct. 6.—The Bluenose, Mashaka and Margaret K. Smith, the three Lunenburg entries for the Nova Scotia fishing schooner championships took to the harbor for trial spins again today, after freshening up a little yesterday. The late afternoon Canadian rain into calms while sailing for Halifax and is expected to appear today.

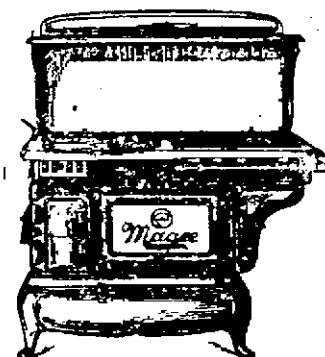

The three schooners had a long trial in light winds yesterday but their work gave promise of fast, well sailed races on Saturday and Monday.

Forging Ahead

We take a firm stand in the belief that our duty to the many friends and customers we have had the pleasure of having dealings with in the past and at the present time, lies not in the plan of merely selling furniture, but in a more wider sense, the important task of being looked up to as a prominent builder and maker of genuine American Homes.

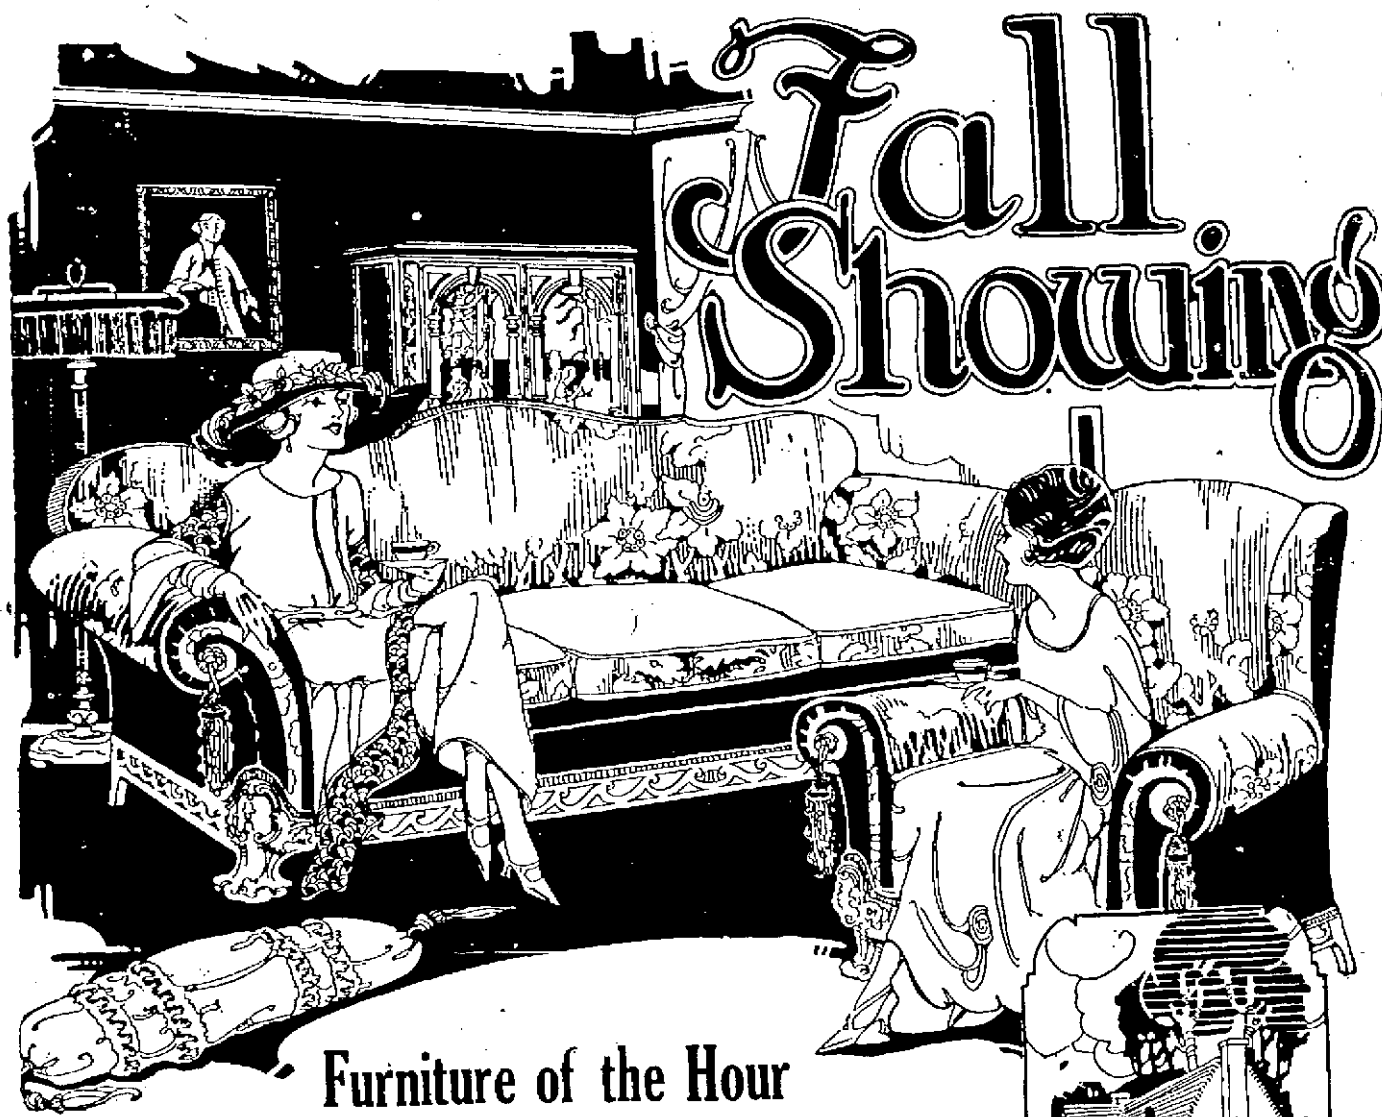

To bear this in mind and differentiate between the two courses of business which are always open: thinking of us in the latter sense as interpreted, this will give you a true insight to the genuine thoughts behind the policies of this business.

This Organization has been forging ahead year after year—not alone because our values have been worth while seeking, but because OUR SERVICE, in the guise of practical information, has enabled many a young couple to start housekeeping on the right plan without any costly experimenting. In announcing this Fall Showing, our desire is two-fold; first, to have you acquainted with the very newest of Furniture which is now being shown; secondly, to have you take advantage of this Fall selling and avail yourself of the numerous dainty items which you are sure to want very shortly. Come in any time at your leisure—your inspection is invited.

Furniture of the Hour In a Most Comprehensive and Complete Showing Extraordinary Values

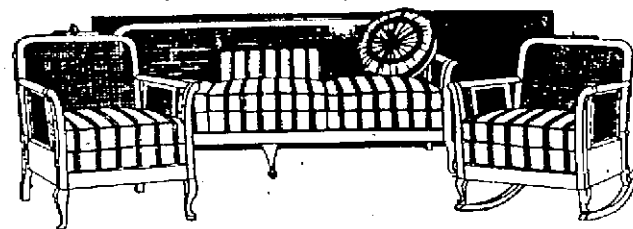

As is always the case, there are certain little features which make this showing stand out from all others at any other time. As a result of enlarging and acquiring more floor space, our store presents an altogether new appearance. Pieces and complete suites of furniture, representing the craftsmanship of America's finest cabinet makers, are all here, presenting a full display in a choice of patterns and finishes that is truly remarkable. An early visit is suggested.

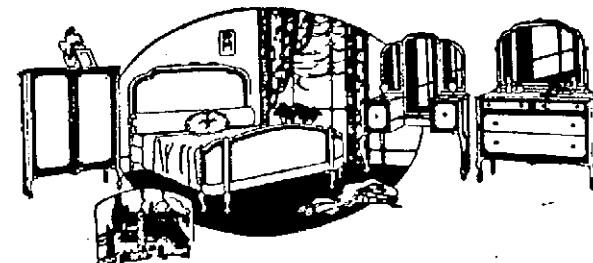

TABLE, BUFFET AND 6 CHAIRS
In the distinctive Queen Anne style, an oblong or round top extension style table, 54-in. buffet and one arm and five straight chairs, all pieces finished in dull walnut. We'll be glad to show this set to you. Taken complete is priced **\$125** at

FOUR LARGE BEDROOM PIECES IN AMERICAN WALNUT, \$148.00
Genuine American Walnut Bedroom Suite, consisting of bow-end bed, dresser, large Vanity dresser and chifferebe, with genuine mahogany interior. An especially large suite at a low price... **\$148**

3-PIECE CANE SUITE
Dull mahogany finish, sofa, chair, rocker and pillow **\$149**

FOUR ATTRACTIVE PIECES—THIS QUEENLY BEDROOM SUITE, \$270.00

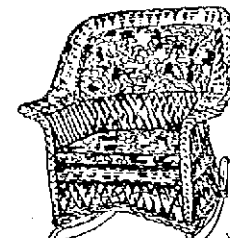

To judge this bedroom suite from the illustration alone would or could not do it the justice it deserves. However, we'll tell you that in addition to its perfectly grade construction, the beauty of each piece is especially marked, in that note of feeling and color is brought forth in the adaptiveness of the contrasting color combination in its decorative panels to the suite as a whole. The set includes bow-end bed, dresser, full Vanity table and chifferebe. **\$270** Finished in high grade walnut.....

CEDAR CHESTS
Cedar chests at this price are too often to be had—we call your attention at this time to this unusual value because these chests, of genuine cedar construction offer a much better value than generally offered at the price above quoted. Some with lock, steel casters and cedar handles. Natural Finish..... **\$15.00**

TAPESTRY SUITE
3 OVERSTUFFED PIECES, \$99.00
As pictured, the wing-back chair, davenport and arm chair make this suite. All have full spring construction, removable spring filled seats and strong bottoms. The general contour of pleasing proportions makes this a very handsome suite. The frame is solidly constructed and finished in deep mahogany, **\$99.00**

REED ROCKER
Genuine Reed, upholstered seat and back, walnut finish... **\$8.95**

New Metal Table Lamps
Electro plated metal table lamps afford outlet for unusual beauty in the home at a very little expense. Lamps complete for gas or electricity, are priced **\$7.00** at You shouldn't fail to see these values.

TURKS REFUSE U. S. CONSUL RECOGNITION

SMYRNA, Oct. 6 (By the Associated Press).—The exact status of the American consul general here will come before the national assembly at Ankara this week for discussion.

It has been a matter of increasing importance for the last 10 days, owing to the desire of the consular officers to visit the Turkish prison camps to ascertain whether any American citizens are among the Greek civilians rounded up in Smyrna and its vicinity.

At least 60 of such alleged ones have been reported to the consulate or the relief committee, and it is important that the complaints be found before their deportation into the interior, where they would be extremely difficult to trace.

The question at issue is whether the American consular officials previously accredited to the Greek regime shall automatically assume a similar relation to the new government. It was hoped that the Turkish nationalists would concede this as a temporary working basis, but thus far the local authorities have declined to recognize the consular general officially, stating they must have a ruling from the Ankara cabinet.

The 50 Americans said to be confined in Turkish prison camps are virtually all naturalized citizens, whose exact status in most cases will require considerable investigation.

DOUGHNUTS
By BEATRICE SHAPLEIGH
Of Columbia University
1 1/2 cups sugar
1/2 cup butter
2 eggs
1 cup sweet milk
2 cups flour
1 teaspoon soda
1/2 teaspoon cream tartar
1/2 teaspoon salt
1/2 teaspoon nutmeg

Beat together the sugar, butter and eggs. Add milk and flour sifted with soda, cream tartar, salt and nutmeg. Mix thoroughly, and add from one-half to one cup flour or sufficient flour to make a stiff dough which will drop from the spoon.

Place in ice box or in a cold place over night or for several hours. Roll out and fry.

Many cooks find it difficult to make doughnuts which, if they keep their shape when cut, are too stiff. The housekeeper who gives this recipe makes the best tasting and best keeping doughnuts the writer has ever eaten. She attributes her success to the small amount of flour used and the standing for a long enough time to make it possible to handle a soft dough.

COAL TEAMSTERS' UNION
Thirty-five candidates were initiated at a recent meeting of the Coal Teamsters' union and the organization voted the sum of \$100 for the relief of the local textile strikers. Routine business was transacted and it was announced that the nomination of officers will take place at the next meeting.

ERMINE AND VELVET
A short coat of ermine, with wide, flowing sleeves is worn with a black velvet skirt with ermine tails outlining the pocket. This makes an unusually quaint and picturesque costume.

THE MIZPAH CLASS

The Mizpah class of the Chelmsford Street Baptist church held its regular monthly meeting Wednesday evening at the home of Mrs. Fred Potter, 45 Crescent street. Mrs. James Delver assisted in entertaining. The following officers were elected for the year: President, Miss Adeline Soper; vice-president, Mrs. Ella Watson; secretary, Mrs. Laura Taylor; treasurer, Mrs. Elizabeth Robinson; chairman of the membership committee, Mrs. A. B. Clark; flower committee, Mrs. Ella Watson; press committee, Mrs. Sylvia Bishop.

Last Day-- Saturday

to consult with Miss M. E. Dowd

Expert Corsetiere from the Modart Corset Company

Who Has Advised Hundreds of Women

Saturday is the last day of our demonstration on correct corsetry.

There is still time to see Miss Dowd at our Corset Section. To those who have attended this demonstration no words are necessary, except to congratulate them upon taking advantage of it.

To those who have not availed themselves of this privilege we can only urge you to come in today, the last day.

Remember, you are cordially invited to accept this invitation in the spirit in which it is given without cost or obligation.

Chalifoux's
CORNER

AMUSEMENT NOTES

By the Theatres' Own Press Agents.
H. F. KEITH'S THEATRE
Nothing better in the way of vaudeville has been shown here in a long time than the two headline acts of the present week. Al and Fanny Steadman in their humorous "Pianocamera" and the Deamont Sisters in their songs of 22 years ago are rated as among the very best of topical attractions. The monolog of Joseph K. Watson is a laugh-causer of the very first calibre, while the fifty little sketch of Lewis & Norton is one of the season's latest novelties. Piano and vocal music by Olga and Alvin Parado take a high place on the bill.

HUNTER KILLED IN FACE OF BAN IN MAINE

DOVER-FOX-CROFT, Me., Oct. 6.—Charles M. Hill, Wilburton farmer and lumberman, was shot and instantly killed when hunting near Elliotville yesterday by Charles Patten of Bar Harbor, who mistook Hill for a deer. The bullet entered the neck.

Hill and Patten were members of a party of five men in camp for a week's hunting, the other members of the party being Pearl Skillings of Dexter, Lyman Severance and Lyle Howard of Milo.

Yesterday morning the men, unaware of Governor Baxter's proclamation of Wednesday, making a closed game season because of forest fires, left camp and separated, agreeing to come together at the noon hour. Hill and Patten were closing in toward the agreed meeting place when Patten fired the fatal shot.

The victim of Maine's second fatal shooting since the hunting season opened Monday, has been prominent in affairs in Wilburton, being chairman of the board of selectmen.

Sheriff Roscoe M. Macomber of Gullford and Deputy Sheriff Amos Delano arrested Patten, who will be given a hearing here today or Saturday charged with carelessness and negligently taking human life while in pursuit of wild game, the charge being brought under the special Maine hunting statute.

Patten is caretaker on a summer estate in Bar Harbor.

place on the bill, and La Pilarica trio of Spanish court dancers are sensational features. Ross & Foss, instrumentalists, also make a splendid showing on the bill.

OPERA HOUSE
Good musical comedy is always highly entertaining. That's the one big reason why Tommy Leverett and T. G. Murray's big musical comedy success, "Oh! U Baby" company, which is to open the season at the Opera House next week, should prove a real attraction to the lovers of good entertainment hereabouts. Owner Schank has been able to book some of the best vocal talent in the country, and the opening is a ten strike. The coming attraction has a beauty chorus of Broadway beauties—all young and clever girls, about 15 to 18 years of age, in big road shows of the recent past—as well as a set of clever comedians, a car-load of special scenery, and an extensive and splendid wardrobe. The first performance will be given Monday night, and twice daily thereafter. The tickets are now selling at 25, 35 and 50 cents, and for reserved seats at 75 cents. The tickets may be procured at the Central street box office.

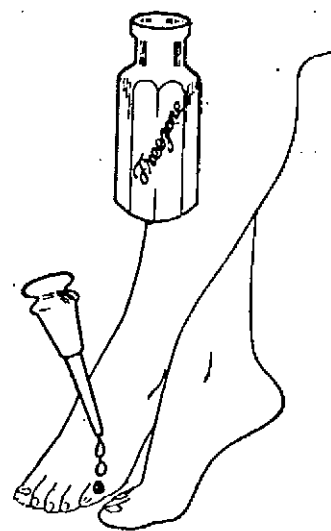

RIALTO THEATRE
"The Still Alarm," one of the greatest melodramas of modern times depicting gigantic and daring fire scenes, is the feature of the week, and program at the Rialto theatre this week. It is supported by a Franklin Farnum picture, entitled "When East Comes West," also Episode Five of "The Jungle Goddess," Harold Lloyd in "Hey There!" and the Pathé News. This program is one of the most spectacular that has been shown at the Rialto theatre for many weeks.

THE STRAND
The name William Farnum is synonymous with good he-man pictures, so that it's not unusual to expect that his newest offering, "Moonshine Valley," will be rigorous and stirring. It is being shown at the Strand today and tomorrow. Shirley Mason, dainty and reflecting unusual personal charm, will tell you whether or not long or short engagements is the proper thing. See her in her newest picture creation, "Truly Yours." It burns over with joy and romance.

EFFECTIVE GIRDLE
A wide band of rhinestones makes an effective girdle for a frock of silver lace, combined with pale gray crepe. The relieving bit of color is supplied by a flame-colored fan.

CORNS

Lift Off with Fingers

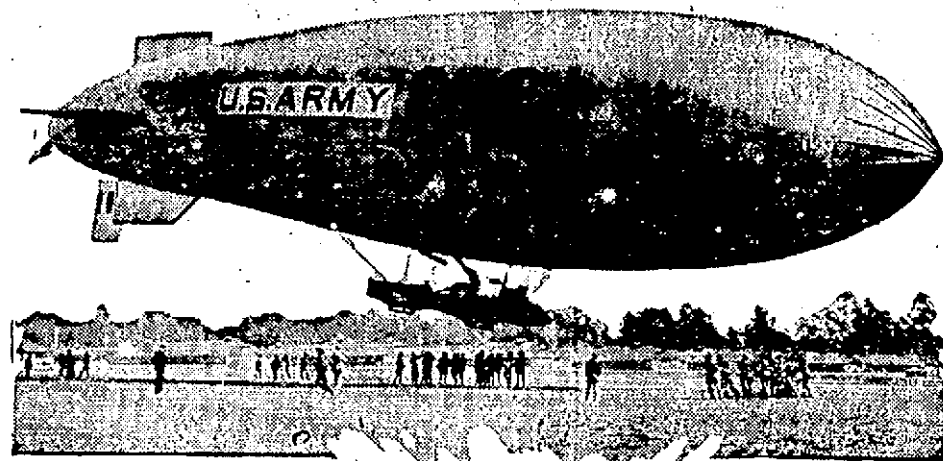

"Freezone" on an aching corn. Instantly that corn stops hurting, then shortly you lift it right off with "Angers." Truly!
Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.—Adv.

MISS CHARLOTTE M. GREEN
Announces the Opening of Her Classes in Ballroom and Fancy Dancing
Dalla technique, Monday, October 9, Beginners, 4:15 to 6 p. m. Wednesday, Oct. 11, advanced class, 4:15 to 6 p. m. Friday, Oct. 13, High School class, 4 to 6 p. m. Saturday, Oct. 14, social and interpretative class, 10 to 11 a. m.
Girls' City Club Hall, Howe Building Tel. 3555-W

WHY BE SICK?

Did it ever occur to you that the sickness you are troubled with may be directly traceable to bowel poison? Get quick relief from Dr. Gray's Tablets. Sold by druggists and recommended as the world's best medicine for 10 cents a package.—Adv.

BLIMP CROSSES CONTINENT

Here is the completion of the army's transcontinental with a dirigible, the C-2 landing at Ross Field, Cal. The big blimp made the 3035-mile flight from Langley Field, Va., without mishap. It successfully blazed the trail for an ocean-to-ocean airway.

HARVEST SUPPER AT HIGHLAND CHURCH

The harvest season was opened socially last night by the Highland Congregational church with their annual harvest supper. The Ladies' Church Aid society, under the direction of Mrs. Blaisdell and Mrs. Pratt, served supper at 6:45 o'clock and this was followed by a delightful entertainment in charge of Miss Marion Bradley.

The entertainment was in the form of a series of tableaux in which about a dozen members of the church appeared. The first was an illustrated reading entitled "Wanted a Wife" and was quite humorous. Those who participated were Alice Ingham, Carl Marshall, Marion McMaster and Robert McMaster. The second consisted of a number of confounding operations on a sick man. Those who took part were Marion McMaster, Lettie McMaster, Pearl Ealy and Robert Trinker. The third tableau was a series of reflections on the rainy season of 1922 and dealt on rheumatism. Robert Trinker, Elwood Peters, Lettie McMaster, Alice Ingham and Marion Willson took part.

The final tableau was entitled "Too Much Company" and concerned a pretty high school girl who had so many callers she didn't know what to do with them. Those who took part were Marion McMaster, Elwood Peters, Robert Trinker, Charles Emerson and Samuel McMaster.

ANOTHER HEARING ON MINIMUM WAGE LAW

The following letter, which has to do with a further hearing on the minimum wage law by the state commission on unemployment and minimum wage, was received yesterday by Frank N. Stimpson, secretary of the Trades & Labor council:

Dear Sir:

A further public hearing will be given by the above commission on the subject of the minimum wage law, and its operation in Massachusetts, in room 270, State House, Boston, on Wednesday, Oct. 11, at 10 a. m.

As the former hearing was confined almost entirely to hearing those who favored the minimum wage law, an opportunity will be given at the second hearing to those opposed to the law.

However, if time remains, the commission will be glad to hear from any who favor the law and who wish to be heard further on the subject.

Will you kindly see that notice of the hearing is brought to the attention of such of your local branches as may be interested.

Very truly yours,
JOHN D. WRIGHT,
Secretary.

DISCUSS TEXTILE SCHOOL ATHLETICS

A rousing meeting in the interest of athletics was held by the students of Lowell Textile school in Southwick hall yesterday afternoon. Coach Arthur Hall of the football team and Lester H. Cushing, faculty manager of athletics, spoke on the prospects of this year's eleven.

The entire student body was in attendance and the meeting opened with a number of cheers under the direction of Cheer Leader Philip Cannell. Faculty Manager Cushing was the first to speak and he introduced the new coach. During the course of Mr. Hall's talk he told of his experiences with other football teams, told of the prospects of Lowell Text's team this year, and asked for the whole-hearted support of the student body during the present grid season.

WOMEN PASTORS PROBABLE
SYDNEY, N. S. W., Oct. 5.—The prospect of women preachers occupying pulpits in many New South Wales churches has arisen as the result of a proposal, which is to come before the next Anglican Provincial synod, that women be permitted to conduct church services under certain conditions.

The proposed ordinance suggests that the archbishop or bishop of a diocese may issue a license to a deaconess to perform any of the following duties: to prepare candidates for baptism and confirmation; in church, in the absence of the pastor, to read morning and evening prayer and the litany, except such portions as are assigned to the priest only and to instruct and to exhort the congregation and to conduct services for women and children.

PURPLE VELVET!
A high close-fitting ohoker collar and long, tight sleeves distinguish a gown of purple velvet from the less conservative models. Exquisite hip drapery is the only attempt at ornamentation.

HERE'S FIRST RUN SCORED IN WORLD SERIES OPENING GAME

Picture shows the high point of excitement in the sixth inning when Dugan of the Yankees crossed the plate with the first run of the 1922 world series on Babe Ruth's double. Dugan at extreme right, scoring; Catcher Snyder of the Giants at his left. At extreme left is Umpire Klem, and behind him is Pipp of the Yankees, next to bat. In the background is Eddie Bennett, mascot of the Yankees.

HERE IS HOW THE BIG LEAGUERS RELAX

Giants Beguile Idle Hour at Pinochle

LEFT TO RIGHT: KING, WENDELL, LUCAS, (STANDING), CUNNINGHAM, GROH (STANDING), GASTON, MEUSEL

Sharpening their wits and improving their team work as right on, on the part both of the New York Yankees and the Giants, the contending teams for the world's baseball championship, as well during "bumping hours" as when the players are on the diamond. This photograph of a group in the Giants' clubhouse looks like the last word in scrupulousness with Cunningham down to his cap—but it isn't.

And while the Giants are running in a morning pinochle game on one of their home days, the Yankees are off-putting it with a bridge evening in a hotel room in some town they happen to be playing in.

Don't Run to Poker

Neither team runs to poker. The men crave something brainier and more exciting.

The members of a big league ball team, when on friendly terms among themselves like the Yankees and the Giants, "hook" pretty much together. They find more fun in their own clubhouse when at home or in the hotel apartment of some one of their number, if they're traveling, than they're able to discover elsewhere.

While at lunch, to check of cards on the table, a bunch of good hitters around and everything's set for a happy hour.

Outsiders are barred, so if Wendell wants to be "all dressed up" or if Heinie Groh prefers to appear in his base-leaf underwear, or if Scotty, of the Yankees, feels like wearing his pajamas, each one of them is perfectly free to consult his own fancy and nobody else's.

Gambling is strictly taboo.

The players favor the anti-gambling rule as well as the magnates, for gambling often leads to personal feuds and personal feuds in baseball clubs seldom lead to world series money.

Yankees Spend an Evening Over Bridge

LEFT TO RIGHT: McNALLY, SCOTT, JOE BUSH, WHITEY WITT

maintaining seven innings allowed but three hits, one of them being "Bannock's" single to center in the tenth. The newest conception of doing has it that the Yankees, despite the one game lost, have an equal chance with the Giants to win the series. The argument for this is that the Giants need two of their best pitchers and have won one game while the Yankees have used two of their best pitchers and have lost one game. This leaves the Yankees with two pitchers rated among the top-notchers, Root and Mays while Cunningham, Scott and Ryan, the remaining regulars of the Giants' staff are not regarded so highly.

The strong Trojan football team of Lowell will travel to Lawrence Sunday afternoon to play the Cleaves A.C. of that city. The game will be played at O'Sullivan park and as this will be the first game of the season for the Trojans, a large crowd of local followers is expected to make the trip down the river.

The Pony Seconds are without a game for Sunday and would like to meet any 120-125 pound team in the city on the Lakewood avenue gridiron that day. For games see Manager Lynch at the corner Stanley street and Lakewood ave., any night between 6.30 and 8.30 o'clock.

BOWLING

The Tarent and Suffolk teams defeated the Salem Five last evening by a score of 1310 to 1258. Other contests were held last evening between teams of the Lawrence Mfg. Co. and North Chelmsford leagues. The scores:

LOWELL HIGH WILL CLASH WITH CONCORD

Tomorrow Coach Jim Liston and his squad of 30 Lowell high footballers will journey to Concord, N. H., where they will battle on the gridiron with the high school team of that city. The boys will make the trip to the capital city by truck, leaving Lowell about 10.30 o'clock tomorrow morning. The return trip will be made shortly after the close of the game.

The lineup that will wait the umpire's whistle will probably be as follows: (Hilton is, McManmon (capt.) It. Bailey, Cavanaugh, Sullivan, Bryan, Clark, Clark, Sheehan, O'Day, Dean, Chubb, Chase, qb. Coach Liston will have several second string backs on the side lines and he plans to use some of them during the game. He says that Lowell will have no fancy plays for this game but will resort to straight football with line plunges predominating.

Concord high has a fine team this year and two weeks ago rolled up 60 points against Keene high school. While Keene may not have a goal team this score gives plain indication that Concord has a strong team as this big score was rolled up in about 15 minutes of play. Because of Lowell's auspicious opening Coach Liston feels that his charges will be able to down the upstarters and looks for another victory.

Sheehan, Dean, McManmon and Hilton, who played a fine hand of football last Friday, are expected to come through again tomorrow and give the opposing backs something to worry about. The tackling of the Lowell boys was hard, fierce and sure in the first game and they have been coached in this line all week so that the Concord backs are due for a rough afternoon. Coach Liston, who was trained in this stunt by Major Cavanaugh, has instructed his boys in the same way as hard tackling has a demoralizing effect on the opposing team's spirit.

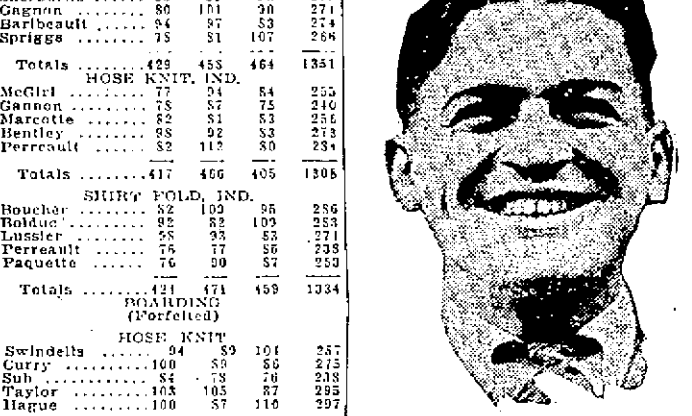

Manchester high plays Lowell high on Columbus day at Spaulding park and the coach has made special preparation for this game. It is several years since a Lowell team has beaten Manchester but he confidently expects to do it this time. At first it was outlined three or four new plays for this game that are bound to fool the visitors. Liston considers this game one of the big ones on the schedule and is pointing his team toward a victory.

ALL READY FOR SEASON OPENING

Following three weeks of constant training the cross-country team of St. John's prep is prepared to open the season of 1922. The first meeting will be with Danvers H. S. tomorrow. The meet which was scheduled for Thanksgiving day between St. John's prep and St. James high at Haverhill has been canceled. This leaves an open date for St. John's. James Crawford of Norwich, Conn., will act as starter of the first race of the season. The schedule for 1922 is as follows:

Oct. 6—Danvers H. S. at St. John's prep.
Oct. 13—Wakefield H. S. at St. John's prep.
Oct. 20—St. John's prep at Andover.
Oct. 27—Andover H. S. at St. John's prep.
Nov. 3—St. John's prep at Haverhill.
Nov. 10—Rindge Tech at St. John's prep.
Nov. 17—Open.

NECK BROKEN BUT WHAT OF THAT?

A little thing like a broken neck is not going to keep Harry Herbert of Syracuse University out of athletics. During last fall's Syracuse-Colgate gridiron encounter, after playing a chivalrous game as quarterback until he was injured, he was carried from the field. In the first half, with a fractured cervical vertebrae, in other words, a broken neck.

At first it was thought he could not live, then that he could never hold his head erect again. But after a long time in a plaster cast he got out and during the summer, being an all-around athlete, played a few games of baseball. Now he is going out for Coach Maurice Cox's championship basketball team at Syracuse.

He will wear a special helmet to protect his neck.

TEXTILE SCHOOL TO MEET PROVIDENCE

The Textile school football team will introduce the first time this season when Providence college will be entertained on the Moody street campus tomorrow afternoon. Among the Textile players whom the supporters place a great deal of reliance in is Capt. Carleton Lombard of Saco, Me., who can play any position in the equal in the college ranks. Lombard is also a basketball player of note and has the distinction of having held the captaincy of the two major sports. He will graduate next spring with the degree of bachelor of textile engineering.

SPORTING NOTES

Big crowds are turning out every afternoon at the Crescent rink to follow the exciting series of games played by play on the big electric board. The games can be followed here just as well as if the spectators were in the stands on the frozen pond, New York. The board is a mass of electric bulbs, and as a play occurs the light flashes and travels the course of the puck, and as the puck is registered the big bell rings and if the blow is good for two bases it clangs a second time. A home run brings a continuous ring, and as the lights show the man crawling the bases a time idea of just what happens as the game is obtained. It is a marvelous board and is proving a strikingly satisfactory factor to all those who attend the games. Each day at 2 o'clock as the games start in New York, the special wire, brings the news from the rink and from this point until the last man is out, a correct and detailed description of the game is presented.

A delegation of Lowell friends and well wishers will accompany Billy Murphy of the Aere to Boston, on Tuesday night to cheer him on to victory in his bout with Johnny Lucas. Connie Lynch is in charge of the local arrangements and he is making plans to conduct a "big party."

Phinney Boyle's signed contract for his bout with Johnny Downes on the holiday has been received by Boyle. Boyle is training every day for the bout and feels confident of winning over his South Boston rival.

Jack Williams, in a letter to The Sun, says:

"South Boston Johnny Downes is the happiest boy in the city, knowing he has a chance to even scores with Phinney Boyle on Thursday, October 12. In the same ring that he was deprived of a knockout by Phinney Flaherty. All he asks for in the coming contest is somebody who can count 'ten' as he will be presented with an opportunity in the first round. Several other promoters have tried hard to alienate this match, but it was of no avail, as Downes insists on knocking Boyle out. In Lowell, Coed Bruce, the promoter, has been requested to set aside three hundred seats for Downes' friends."

Capt. Sam Whitehead, of the conqueror bowling team, which is to roll the Olympics tomorrow night, will select his quintet from the following well known bowlers: F. Grady, F. Shonborn, F. Thurber, C. Flynn, J. Hayden, J. Barrett and G. Brigham.

SECOND GAME REAL THRILLER

Wild Scenes Following Calling of Game in Tenth With Teams Tied 3 to 3

Crowd Hoots Umpires and Landis—Entire Gate Receipts Go to Charity

Today's Game Ruled Number 3 With Giants "At Home"

as in First Game

NEW YORK, Oct. 6. (By the Associated Press.)—Giants and Yankees, having attempted to appease thousands of fans who weren't a whit satisfied when the second world series game was called by umpires in the tenth inning with the score tied, 3-3, by giving the entire day's receipts to disabled soldiers and charity, returned today to the business of settling the championship.

The umpires said it was too dark to play when they called the halt, but there were few fans who agreed with them about the conditions of daylight. It may have been too dark, maybe, but the Yankees were fooled by Coogan's bluff, which plays queer tricks with its shadows sometimes. Any way, there was quite a difference of opinion in the matter.

Some three or four thousand of the fans couldn't forget their dissatisfaction. They hatched the Yankees, and fought a long, uphill battle after Irish Meusel's homer into the left field bleachers had counted three runs for the Yankees in the very first inning, and they wanted to see a finish. They couldn't understand why this wish should not be granted them. And they fussed.

Landis and Umpires Hooted

They rallied at the umpires until the umpires found cover. Then, because there was no one else left on which to vent their feelings, they turned to Commissioner Landis, the boss of the game. They hatched the Yankees, and fought a long, uphill battle after Irish Meusel's homer into the left field bleachers had counted three runs for the Yankees in the very first inning, and they wanted to see a finish. They couldn't understand why this wish should not be granted them. And they fussed.

McGraw Elated Over Pitchers

McGraw is elated over the showing of his pitchers. "They said they weren't in a class with those of the Yankees," he said. "But they haven't been to awful, have they?"

Joe Bush had a lot to encourage him at the very start of yesterday's game, when Meusel's homer gave him three runs, but Jess had to go to bed in those ten days to keep the Yankees down. They set back one of the three runs in their bluff of the first when Bannock, after making a good stop on Bannock's run, heaved a long ball to the pitcher, who went to second on the misplay, took back on Bannock's infield out and scored on Pipp's tucker to Kelly, which was a big hit for the Yankees.

The Yankees' second run came in the fourth when Ward lifted the ball over the pitcher's signboards for a trip around the bases. Doubles by Root and Shonborn accounted for the tying run in the eighth.

Shawkey Great After First

Shawkey's work after the first inning was all to the good. He was still a bit wobbly in the second and third, but pulled through and for the rest

FOOTBALL NOTES

The Indian Second team, formerly the 121st Second team, would like to arrange games with any 125-130 pound team in the state. October 12, the Indians will line up against the Oakland Indians at the old fair grounds at 3 p. m. The Indian team consists of Turpey, Pith, Herson, MacInerney, Timmely, Hildebrand, Down, Grady, Turner, O'Neil, Maxwell, Foster, Fawell, Davidson, H. Herson and Donnelly.

This team is a strong contender for event.

THE O.M.L. Cadets and the Ponies of Centralville plan to stage one of the best grid battles of the fall next Sunday afternoon. It has not yet been decided where the game will take place, but it will be either at Shedd park or at the Lakewood avenue grounds. The managers are to meet again tonight and decide on the scene of the battle. Several years ago there was the greatest rivalry between the two teams and this year the Ponies are out to regain their former prestige in the amateur football world. The Ponies this year have a large squad of fine material and indications point to a very successful season. The Cadets have had a very creditable football team for several years back and this season's team bids fair to continue the good record. Sunday's game should produce the real thing in the line of football and the fans plan to turn out in large numbers to witness this struggle.

The manager of the O.M.L. Cadets football team would like to meet the manager of the Ponies eleven in front of Page's at 8 o'clock tonight.

The Indians and the O.M.L. Cadets are to meet on the gridiron at Shedd park Sunday afternoon. There is great rivalry between these two teams and a fast game is expected.

The Wildcats of Bitterton will be seen for the first time this season on the old fair grounds next Sunday afternoon. This eleven is one of the fastest in the state and their play should be well worth watching.

LITTLE ENTHUSIASM AT SERIES GAMES

NEW YORK, Oct. 6. (By the Associated Press.)—All the ingredients of an old time carnival day were distributed about the Polo grounds yesterday for the second game of the world series, but the crowd departed leaving them marveled. The stage was set for a panorama as fascinating and as human as a gladiatorial combat in a Roman coliseum, but the curtain never went up.

The crowd remained strangely apathetic and generally impassive until the last time around when the Yankees who travel across the continent more to whiff the smoke of battle than to see a pitching duel, pronounced it one of the most undramatic gatherings ever collected at a major sporting event.

WITT MAKES THREE-BAGGER IN SIXTH INNING

Picture shows Whitey Witt, Yankee center fielder, kicking up a cloud of dust as he slid into third base on his triple in the sixth inning of the first game of the world series. In front of the bug is Heinie Groh, Giants third baseman. Umpire Owens at left, calling Witt safe. In the foreground is Coach O'Leary of the Yankees.

MANY LOWELLIANS AT BROCKTON FAIR

Yesterday was Lowell day at the Brockton fair. Several hundred Lowellites motored to the scene of attractions and were unanimous in declaring the fair a big success. They were particularly interested in the horse races which were exceptionally good. The only trouble they experienced was getting their automobiles out of the jam of machines that packed the 10-acre parking space. The number of machines parked there was estimated at 10,000.

The feature of the harness racing program for the hundreds of regular followers of the horses, who struggled for a vantage point in the curbs of humanity was the victory of the giant pacer, R. H. Brett in a \$3000 purse, the winner's share of which he took, before the start and even until well along into the second heat, to be an in-

centive for just a nice workout for the Hartford gelding, Almaden Onward.

The wonder horse owned by Thomas McWilliams of Portsmouth, N. H., won with a lot to spare in 2:10 1/4, 2:09 1/4, 2:14 1/4, the favorite getting second money because he won the first heat.

R. H. Brett was not the only surprise winner, the two-year-old Trumpet being the only favorite to come through.

Starting the racing with Pleasant, the 2:16 trot, in which three heats had been raced Wednesday with the Boston gelding. The ultimate winning handily in 2:14 1/4, 2:15 1/4.

Then along came the four-year-old Mr. Kent from Consanguine farm, Yonkers, N. Y., tipping over Admiral Charles in a five-heat contest, in which the 2:15 1/4 pacer made the boys sit up by taking the second heat in 2:10 1/4 with quietness.

The half-brother to Miss Harris M. L. 153 1/4, won the first and fifth heats, but was outranked in the summary by Mr. Kent.

Trumpet, the son of Etawah, 2:03, and Mary Tipton, 2:17 1/4, which State Post handles for Charles Welland of New York, was the best of the two-

year-old trotters. This made his eighth win over the half-mile track.

Two Maryland trotters stood first and second when the 2:13 class was postponed because of darkness. Patsy Chatham took two heats, then lost the third to King Challenger, which was bred on the fair grounds by Supt. Harry C. Briggs.

PETER THE BREWER WINS PENNSYLVANIA STAKE

LEXINGTON, Ky., Oct. 6.—The \$5000 Pennsylvania stake for 2:05 trotters, feature of the card at the track yesterday, furnished a big upset, the heavy favorite, Great Britain, being beaten by the Michigan 4-year-old, Peter the Brewer, driven by Nat Ray and owned by E. Slout of Pontiac, Mich. In winning the colt, owned by the record of the stake of 2:02 1/4, made two years ago by Peter Manning, this also being the fastest trotting heat raced this season.

A bad start in the first heat and a break in the second robbed the favorite of whatever chance he might have had of winning, but it is doubtful if he could have beaten the colt from the Ray stable on even terms yesterday. The Cox candidate, E. Colorado, trotted a great race and landed second money.

The auction selling on the Pennsylvania was heavy. Great Britain bringing \$500, Peter the Brewer \$300, Escott \$200, E. Colorado \$50, Prince Lorenzo \$35, The Great Rose \$35, Bill Sharron and Peter Coley \$20 each and the field \$40. The selling was prolonged for the first heat and the favorite was far back on a break when the word was given.

Kilo Watts set the pace, but Peter the Brewer, Bill Sharron and E. Colorado hooked up in the last eighth and finished as named in 2:02 1/4. E. Colorado got away well in the final heat but went to a break at once, and this time the finish was between Peter the Brewer and E. Colorado, with the colt winning in 2:03 1/4.

The 2:03 trot was won by the favorite, Pluto Watts, a four-year-old from the Roland J. Homan stable, driven by Will Dickerson. The youngster was much the best and took a new record of 2:03 1/4 in the second heat.

A favorite to be upset was "Furn" in the 2:03 trot, the Brooklyn mare Wilaska beating him in straight heats, the first in 2:05 1/4, Russell Ongala and Walter M. were good choices for the 2:17 pace, but were beaten by the outsider, Peter Cleo.

TWO KINGS OF WORLD OF GOLF CLASH

PITTSBURGH, Oct. 6.—(By the Associated Press) Two kings of the world of golf met today on the difficult course at Oakmont in the first half of a two-day struggle of 72 holes to determine, in an unofficial way, which champion shall be hailed king-conqueror.

The contestants are Walter Hagen of New York, a veteran but still in his prime, and Eugene Sarazen of Pittsburgh, who flashed into stardom at Skokie, last July.

Hagen is open champion of Great Britain. Sarazen is the first youth in history to hold the national professional and national open titles at the same time.

The final round of 36 holes will be played tomorrow on the Westchester-Biltmore links at Rye, N. Y. The winner will receive 60 per cent of a purse of \$3000 and the loser will get the rest. Hagen, like Sarazen, is familiar with the fairways and pitfalls of both courses.

TRACK OPENING AT SHAWSHOEN VILLAGE

Everything is in readiness for the mammoth field day and track events that will mark the formal opening of the new running cinder path and athletic field in Shawshoan Village Saturday afternoon. Athletes for miles around are looking forward to the occasion with a view to participating as some of the most valuable and beautiful cups, medals and other prizes will be awarded the winners in the many events to be held. The entire affair is under the auspices of the Shawshoan Athletic association.

The occasion of the field day and track events is the formal opening of the elegant new cinder track and grand athletic field, located off Belmont street, in the rear of the Belmont Spa and beside the gracefully winding Shawshoan river. The site is ideal in every way and the throngs that will flock to the spectacular races will readily place their stamp of approval on the entire grounds. For weeks the track and athletic field have been in course of preparation for Saturday's events. The track is a quarter mile long, circular in form, entirely encircling a baseball and football field as level as a billiard table. The track is amply wide for any number of contestants and has been rolled and made firm. It is one of the finest cinder paths and athletic fields in the entire east and promises to be a mecca for athletic admirers and contestants. Mighty fast marks and even new records are looked for on the new track.

RECORD RECEIPTS GO TO CHARITY

NOTICE—Mr. Henry McDonald, formerly of McDonald Bros., has come to us as assistant manager and will be pleased to meet his old friends.

given to disabled soldiers and charities of New York City. Commissioner Landis announced last night. The total receipts amounted to \$120,554, a record for a world series game.

In a statement issued to newspapermen, who had been called to his hotel room, Commissioner Landis gave no direct explanation for the decision. He referred, however, to the fact that "many spectators" were dissatisfied with the game. He made no reference to the mistreatment accorded him by a large number of fans when he was leaving the field.

His statement follows: "Under baseball law the umpires are charged with the sole authority of calling a game on account of darkness. In exercise of this authority yes-

terday's game was called by them at the end of the 10th inning. Many spectators were of the opinion that the game might have continued.

"Of course, the umpires on the field are in much better position to judge conditions that affect play. But, regardless of any question whether this decision was erroneous, the two New York clubs, acting for themselves and their teams, have decided, with the approval of the commissioner, that the entire receipts of yesterday's game shall be turned over to funds for the benefit of the disabled soldiers and to the charities of New York city.

This will give the players, the clubs and the baseball commission a share in the next three games. The records

made in yesterday's game, however, will be included in the records of the series.

SOCCER FOOTBALL

A fast soccer game is expected on the Alken street playground Saturday afternoon, when the Mass. Cotton Socks meet the Y.M.C.A. in a Merrimack Valley league contest. The Y.M.C.A. are made up of Portuguese players who know how to bring out all the fine points of the game. They will also be strengthened for this game and will have five new men from Hudson in the lineup. This game also means a lot to the Mass. team, who have strengthened considerably by signing up Partington (formerly

Manchester Blues) and P. Currie (formerly of Clan McPherson's of Lawrence). The game will start at 3:30 sharp and a big crowd is expected to be on hand. All Mass. players are requested to be on the ground at 1:30 sharp.

A. C. LAWRENCE DEAD

BOSTON, Oct. 6.—Arthur C. Lawrence, head of the A. C. Lawrence Leather company, died here yesterday in his 74th year. He had been vice president of the National Leather Co. and of the New England Shoe & Leather association.

Dickerman & McQuade

Mr. Man

Would you put solid rubber tires on your sedan just because they were cheaper?

Ridiculous!

But lots of men will wear any old kind of clothes just because they are "cheaper," sacrificing ease, comfort and appearance for a couple of dollars.

INVESTIGATOR OF CLAIMS

List of Eligibles for Local Position Announced by Civil Service Board

(Special to The Sun) BOSTON, Oct. 6.—The state civil service department announced today the list of men and women who are eligible for appointment as investigator of claims in the service of the city of Lowell. The list is established as the result of an examination held Aug. 24 which was taken by 32 persons. Of these 15 were successful in passing and their names are placed on the list in the following order: Paul J. Cahill, 389 High street; Joseph R. Dacey, 178 Andover street; William L. Gilligan, 130 Bowdoin; Thomas B. Higgins, 138 Pleasant street; Thomas M. Higgins, 202 Concord street; John J. O'Connor, 161 Salem street; Charles J. Duffy, 35 Third street; Martin P. McCarthy, 60 Walker street; George B. Markham, 18 Burns street; William R. Syman, 21 Franklin street; Frederick A. Sandler, 49 Kennebec street; George W. Harrington, 27 Ralph street; Edward J. Mulry, 142 Wilder street; Edward J. Boyle, 100 Mt. Washington street; William H. Wilson, 9 Atlantic street; John J. Kelley, 10 North street; Chesterford, Elizabeth H. River, 271 Beacon street; Mary V. Maloney, 177 Summer street.

WANT U. S. REPRESENTED AT CONFERENCE

BOSTON, Oct. 6.—Resolutions requesting that the United States send a representative to the forthcoming conference on the Near East to share the proceedings and responsibilities attending a settlement of the Near Eastern problems, were sent to President Harding today by the executive committee of the Massachusetts Federation of Churches. The resolutions also respectfully request our government emphatically to protest to the Turkish leaders against their further persecution of the subject peoples. The resolutions added: "In a letter of transmittal to the president, Rev. E. F. Gallagher, executive secretary of the federation, said the attitude of the churches was completely misunderstood when it is assumed that the flow of funds which they ask implies approval to arms."

BOY'S QUARREL ENDS IN SHOOTING

LYNCHBURG, Va., Oct. 6.—A boy's quarrel over chestnuts they had gathered was settled with a shotgun in the hands of a 14-year-old girl here yesterday with the result that Denny Wright, 10, and Billy Simpson, 11, are suffering from gunshot wounds described by physicians as painful but not fatal. The girl, Nannie Mason, interested in the argument in defense of her brother but told the police she had fired only to frighten the other boys away. No arrest has been made.

TO PROTECT INDIANS FROM LOSSES

WASHINGTON, Oct. 6.—In order to protect land holding Indians from losses which might result from the sale of their land, the Indian Commissioner Burke not only has ordered production stopped entirely on the lands of the Osage in Oklahoma but has asked the superintendents of all other Indian reservations containing oil to co-operate in preventing over-production of it when sold at the Indian bureau today, that wherever prices went below the cost of production was declared to be the case in the Osage properties in Oklahoma the wells would be shut-down.

Three Sentenced For Strike Riots

PROVIDENCE, R. I., Oct. 6.—Judge Felix Hebert of the Fourth district court today sentenced three persons to jail, fined another \$100 and held four for the action of the Kent county grand jury, as the result of rioting at River Point and Westcott on Sept. 18 when strikers hurled stones into trolley cars and set upon and beat several workers on their way home from the mills. Several persons were injured at the time, including one soldier.

STOCK MARKET

NEW YORK, Oct. 6.—Disquieting news from the Near East induced profit-taking by recent buyers and renewed activity on the part of short interests at the opening of today's stock market. Acute weakness of Standard Oil of New Jersey, which sold off five points, resulted in heavy offerings of most of the other recently buoyant issues. Losses of 1 to nearly 3 points were registered by Standard Oil of California, Mexican Petroleum, California Petroleum and General Asphalt. Marine preferred, which was strong yesterday on reports of extra earnings for the third quarter, turned heavy today, losing 2 1/2 points in the first half hour. Other weak spots were Studebaker, Iron Products, Alameda, Baldwin and Coca Cola. There were a few exceptions to the downward trend, U. S. Rubber first preferred advancing 1 1/2 points. Woolworth and Air Reduction broke through to new high records on small gains.

Cotton Market NEW YORK, Oct. 6.—Cotton futures opened steady. Dec. 21.25; Jan. 21.13; March 21.20; May 21.10; July 20.87.

Table with 4 columns: Name, High, Low, Close. Lists various stocks including Allis-Chalmers, Am. Can., Am. Coal Oil, etc.

BOSTON, Oct. 6.—Fractional changes were the rule at the forenoon session of the local market today. Local elevated declined 1/4, and Eastern Steamship was off 1/4. Swift & Co. and Copper Range were each up 1/4.

Table with 4 columns: Name, High, Low, Close. Lists various stocks including Albee, Albee & Co., Am. T. & C., etc.

SALE OF LIQUOR ON U. S. SHIPS

Formal Opinion of Atty.-Gen. Daugherty Placed in Its Final Form

Known to Comprise Three Main Sections—Various Conjectures Advanced

WASHINGTON, Oct. 6.—The formal opinion of Attorney General Daugherty as to the legality of sale of alcoholic beverages on American ships, both private and government owned and upon other collateral questions which have arisen out of prohibition enforcement at sea, was placed in its final form today. The outlines of the completed document were understood to have been placed before the cabinet. Official information as to the decision reached by the attorney general on any of the several major points known to be covered still was lacking and various conjectures were advanced. Mr. Daugherty's opinion is known to comprise three main sections, covering transportation of liquor on government owned vessels of the Shipping Board, on privately owned American ships and on ships of foreign registry carrying American goods. The last named class will come stocks of liquor carried under the guise of "ship's stores."

BRIEF BUT IMPORTANT WIRE DESPATCHES

SAN FRANCISCO, Oct. 6.—An attempt to speak direct from San Francisco to London to the agency of the long distance land telephone and wireless telephone was to be made today by H. Gordon Selfridge, Jr., son of a London merchant.

NEW YORK, Oct. 6.—Joseph McGinn, for many years a sports reporter for The Associated Press and known to newspapermen all over the country as the dean of New York sporting writers, died today at his home in Brooklyn, after a year's illness.

BOSTON, Oct. 6.—A demurrer alleging that the shareholders and stockholders of the Mutual Finance Corporation and the First Peoples Trust were improperly joined as plaintiffs in the action brought against the H. V. Greene Co. and its subsidiaries by the Legal Aid society of Boston, was taken under advisement by Supreme Court Justice DeCoursey today. The suit against the Greene companies seeks restitution of \$1,000,000 alleged to have been paid by 60,000 investors.

NEW HAVEN, Conn., Oct. 6.—The annual convention of the New England Kiwanis clubs opened here today. Following registration of delegates, the initial session was held in Woolsey hall, Yale university, with an address by Thomas E. Babbs, Jr., of Worcester, district governor of the Kiwanians.

MANCHESTER, N. H., Oct. 6.—Another attempt to settle the textile strike which has been in effect here since February 13, was begun under municipal auspices today.

WASHINGTON, Oct. 6.—American Red Cross relief to refugees in the Near East is to be further extended. Orders have been called to the Paris branch of the society to expend \$50,000 for blankets and clothing and \$25,000 for medical supplies, to be sent to the stricken region.

M'KEE HELD IN \$5000 ON LARCENY CHARGE

BOSTON, Oct. 6.—Robert A. McKee, indicted by the special grand jury that investigated the H. V. Greene Financial companies, pleaded not guilty to a charge of larceny in superior court today. He was held in \$5000 bail.

DYE OLD DRESS OR DRAPERY IN DIAMOND DYES

Buy "Diamond Dyes" and follow the simple directions in every package. Don't wonder whether you can dye or tint successfully, because perfect home dyeing is guaranteed with Diamond Dyes even if you have never dyed before. Wash, faded dresses, skirts, waists, coats, sweaters, stockings, draperies, hangings, everything, become like new again. Just tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade or run.—Adv.

TWENTY DAYS WITHOUT A DROP OF WATER

Twenty days without even a phantom drop of rain in Lowell and vicinity—nearly a record now and a record-breaker soon if the drought continues. The weather had a tendency to cheer people up a little today, with heavy clouds overhead and not so much heat or humidity. At 8 o'clock this morning the mercury was 44 in some sections—a decided drop from that 87 figure of yesterday, when a few folks actually resurrected their summer straw hats and wore them bravely without moving a facial muscle.

Last evening the temperature dropped rapidly, a fall of 11 degrees being recorded between 9 and 10 o'clock. At midnight the mercury stood at 43, a drop of 32 degrees from the high mark of the day. Devotees of the plaza mercury hurdles are wondering if the drought record will go to smash. They were looking for raindrops all the morning, but only found the splashes left by the city and street railway sprinklers. There may be relief from the long drought by tonight or tomorrow morning. The forecasters predict unsettled weather tonight, much cooler and moderate to fresh north to northeast winds, which usually bring moisture.

WIZARD PRO TEM OF KLAN INDICTED

ATLANTA, Ga., Oct. 6.—E. Y. Clark, Imperial wizard pro tem of the Knights of the Ku Klux Klan was indicted by the United States grand jury here today on charges of "using the mails to effect schemes to defraud." He was released on bond of \$500. The charges against Mr. Clark, who Wednesday announced his resignation as pro tem head of the Klan, to take effect Nov. 10, are based, according to the true bill rendered by the grand jury on alleged use of the mails in collecting money from certain members, subordinate officers and employees of the Ku Klux Klan on the pretence that such money would be used to pay premiums to surety companies furnishing bonds for these Klansmen. In a statement last night concerning the indictment, Mr. Clark termed it "another effort on the part of the enemies of the Klan to hurt the Klan by discrediting me."

"The ones who brought the charge before the grand jury are all discharged employees," he stated.

THE STORE OF VALUES

NEW YORK, Oct. 6.—Joseph McGinn, for many years a sports reporter for The Associated Press and known to newspapermen all over the country as the dean of New York sporting writers, died today at his home in Brooklyn, after a year's illness.

HECKERS' OLD HOMESTEAD PANCAKE MIXTURE

NEW FACTS IN DOUBLE MURDER MYSTERY

NEW BRUNSWICK, N. J., Oct. 6.—Possession of new facts bearing on the killing of the Rev. Edward Wheeler Hall and Mrs. Eleanor Reinhardt Mills led investigators today to order re-examination of many persons previously interviewed.

Much significance was attached to the discovery of two letters written by Dr. Hall to Mrs. Mills. These letters were signed with the initials "D.L.T.", an abbreviation of the German sentiment: "Deine Treue Liebe" meaning: "Your true love." It was disclosed also that Mrs. Mills was buried wearing a pair of silk stockings which the doctor had given her.

TO REPRESENT GERMANY

WASHINGTON, Oct. 6.—By direction of the German foreign office, Dr. Hans R. Reiser, second secretary of the embassy here, will represent his government at the first meeting of the German-American claims commission to be held here Monday. Dr. Reiser, who is to be the permanent German commissioner, is expected to sail from Hamburg on the 17th.

SHOOTS WOMAN AND THEN ENDS HIS LIFE

FALL RIVER, Oct. 6.—Mrs. Grace Lucas of 713 Davel street, colored, wife of Charles "Honey" Lucas, an amateur marathon runner, was shot and seriously wounded in her home today by William Morse, also colored, of 215 Pleasant street. Morse then killed himself, putting a bullet in his right temple. Mrs. Lucas, who is the mother of three children, may recover. Re-examination of Mrs. Lucas to accept the man's attentions, which he continually forced on her for a period of five years, was the cause of Morse's attempt to end her life.

PONCE, PORTO RICO

Ponce, Porto Rico, looks
A very busy place
With natives there making hats
And cigars and lace.

Adventures of the Twins

TWELVE TOES COMES TO LIGHT FINGERS' AID

"HERE'S A MAGIC BEAN, LIKE THE ONE JACK THE GIANT KILLER PLANTED."

Light Fingers was the tricky little fairy who had stolen the Fairy Queen's automobile.

While rolling along the Milky Way he fell out of the machine and rolled off, down to the earth.

He got up and rubbed his head and tried to think what had happened.

"Oh, I know now," he cried. "It's the Twins! The last thing I saw before I fell out of the sky was the Twins hopping into the automobile and driving off."

"First thing you know they'll be back at the Fairy Queen's Palace in Fairyland and then won't I catch it, though!"

"I stole the automobile for Twelve Toes, the Sorcerer, who wanted it dreadfully, and now I've got to go and tell him that I lost it. Oh me, oh my! I'll be a worm in a worm or something, he'll be so mad."

Light Fingers went slowly, ever so slowly, to the cave where Twelve Toes lived.

He went in and asked permission to address the boy.

He went over the matter at great length, and said at the close of his investigation he would present proof of 2000 fraudulent signatures.

Councillor Gallagher seriously questioned this number and said it was highly improbable.

The mayor said the new board appointed by him was at work rechecking the names on the petition.

"They will present an astounding condition of affairs when they have completed their work," declared the mayor.

"You don't expect us to place as much credence in your new board as in the one you have removed, do you?" asked Councillor Gallagher.

McPadden questioned the mayor at length, and the latter made a statement charging that Patrick J. Nestor had been deprived of a nomination in the recent state primary election, and said:

"If I am correct, the man who profited thereby is a close friend of the councillor who is doing so much talking."

The mayor stated the election commission had refused to recertify the names on the petition.

"When did we refuse to recertify them?" broke in Mr. Braden.

"You refused to serve with Mr. Cloutier, did you not?" asked the mayor.

"He carried a letter from me to the board which was not read. You adjourned without taking any action."

At this point in the controversy the city solicitor sent for copies of the letter in question and the votes referred to by Mr. Braden. The letter was read to the council by the mayor.

Gallagher Also Takes a Hand

Councillor Gallagher asked the mayor what he would say if he should tell him that three men who had signed affidavits to the effect they had not signed the petition, really had signed it.

"Why, that would be just a human frailty," replied the mayor; "but if you will give me the names of these men I will look them up and investigate their further."

"You will get no names from me," replied Councillor Gallagher.

Called for Any City Job

Councillor Morley asked why Mr. Cloutier seems to be fitted for almost every job in the city service, but received no reply.

Continued discussion followed relative to the disqualification of the election commission, and the mayor said the law requires a full membership of the board at all meetings.

"Three constitutes a working majority of four, does it not?" asked Mr. Braden.

"In most instances that is so," replied the mayor, "but in this case it is different."

"Well, I just want to tell the council that at 7:30 o'clock tonight I went into the election commission's office and found three members of the new board at work there," said Mr. Braden.

"Perhaps one of the men was out in the other office, or somewhere," explained the mayor.

Twelve Toes, his head down and his finger in his mouth.

"Now what've you been doing?" demanded Twelve Toes, striding out of his cave and looking as cross as a hungry bear. "Where's that magic automobile I sent you after?"

"The whole thing, how he'd fallen out of the automobile and how Nancy and Nick had jumped in and turned the little knob on the whirling wheel between the signposts and the thingamabob and driven away."

"Oh, goodness!" stormed Twelve Toes. "That's awful! You're a clumsy fellow. But it's not too late to get it back. Here's a magic bean like the one Jack the Giant Killer planted."

"So, now I'll plant it, growing already. Soon it will reach the sky. Now you climb up and chase those twins as fast as you can."

(To Be Continued)

HIGH SCHOOL ATHLETICS NOTRE DAME ACADEMY Ad Club Plans to Arouse General Interest in High School Sports

For the first time since the opening of the new school the entire student body of the high school will gather in the gymnasium next Monday morning. The day men were busy placing 100 seats on the stage of the auditorium which will be occupied by the seniors. The school will assemble in the hall at 8.15 and the exercises will get under way about 8.30. They will last about an hour as the first period has been omitted.

Following the decision of the Ad club to rally to the support of the Lowell high school football team in order to arouse the interest of the business men and the entire city in high school athletics, a committee from the Ad club, composed of George H. Wood, Abel H. Campbell and Elmus McQuade, called on Principal Harris today to confer about the meeting of the pupils next Monday morning. The committee wished to address the pupils on the question of the revival of school spirit on a large scale, and Mr. Harris was quite pleased with the idea. As a result, the meeting will be turned over to this committee and special plans have been laid to make it a real athletic rally.

It is the plan of the committee to secure the services of some well known figure in the college athletics world to address the students on the subject of school athletics and school spirit, and at present they are trying to secure Major Cavanaugh, coach of the Boston college football team, to come here on that day. In addition, Mr. Benjamin "Booster" of the Ad club will speak to the pupils for a few minutes on the subject of school spirit and the method of arousing it. Charles J. Keyes will be on hand to lead the singing of the Booster song, and Assistant Secretary Edward W. Gallagher of the chamber of commerce will also take part in the rally. Mr. Keyes will call on the boys to sing the Booster song first and will then call on the girls to sing it and in this way will arouse a spirit of enthusiasm at this meeting that will be kept alive by future meetings of this kind. The newly chosen cheerleaders will be on hand and will conduct a practice session of the old and new high school cheers.

Such a meeting marks a new departure in the conduct of high school athletics and it is one that is bound to bring good results. For some years past, interest in the sports of the city, but also of the high school students, in high school athletics, and particularly football, has been at a low ebb. The Ad club has taken up the idea and plans to arouse interest to a high pitch and place football on a pedestal in this city that it has attained in other cities where such campaigns have been carried out.

Similar meetings will be held every Monday morning at the high school and interesting speakers, closely connected with school athletics, will be brought here to speak to the pupils. The club will also carry this work to outside organizations in an attempt to arouse the entire city.

Tuesday noon at the meeting of the Rotary club, Abel H. Campbell and Elmus McQuade will address the Rotarians on this matter and plan to secure their whole-hearted support in this undertaking. The two speakers will outline the benefits that will come to the city in the way of outside advertising through such a scheme and also the benefit that will accrue to the high school by such an enlarged scope of athletics. Charles J. Keyes will lead the Rotarians in the singing of the Booster song of the Ad club and then they will rouse the interest of this representative group of business men in the proposed plan.

In order to reach people in the various walks of life George H. Wood and Charles J. Keyes will address the Grace Church Men's club on this same subject. In this way they plan to win the support and awaken the spirit of the men in this quarter so that the idea will be taken up with a bang by the entire city.

The members of the Ad club have

The work of renovating the beautiful chapel of the girls' academy in charge of the Sisters of Notre Dame of Salem is completed and the chapel will be open for inspection to all former friends and patrons of the institution on Sunday, Oct. 8, between the hours of 9 a. m. and 5 p. m.

The Notre Dame chapel is 13 years old and today stands as an architectural structure of beauty. The altars, statuary and woodwork are very beautiful and the renovating process has completely changed the appearance of the little house of worship. The entire woodwork has been freshly painted and varnished, the statues cleaned and the priceless paintings made to look as new. It took three weeks of time to complete the work, but visitors next Sunday will appreciate the care that has been taken to make this chapel exquisite in every particular. Academy services will be conducted here throughout the school year.

DEATHS

QUINN—Michael H. O'Brien, a well known resident of this city and for years an employer of the health department, died last night at his home, 165 Walker street, aged 60 years. He was survived by a wife, Nellie (Pitts) O'Brien, a son, James T. and two daughters, Alice and Catherine; two sisters, Mrs. Ellen Brennan and Mrs. Daniel McElhinne; a niece and a nephew.

FUNERAL NOTICES

QUINN—The funeral of Michael H. O'Brien will take place from his late home Monday morning at 8.30. High mass of requiem will be sung at St. Patrick's church at 9 o'clock. Interment will be in St. Patrick's cemetery. Undertakers M. H. McDonough Sons in charge.

SULLIVAN—Died Oct. 4, John J. Sullivan. Funeral will take place on Saturday morning at 8 o'clock from his late home, 21 Barclay street. High mass of requiem will be sung at St. Peter's church at 9 o'clock. Interment will be in St. Patrick's cemetery. Undertakers M. H. McDonough Sons in charge.

FLYNN—Died Oct. 1, Hugh J. Flynn. Funeral will take place on Saturday morning at 8 o'clock from his late home, 150 Andover street. High mass of requiem will be sung at the Immaculate Conception church at 9 o'clock. Interment will be in St. Patrick's cemetery. Undertakers M. H. McDonough Sons in charge.

HILL—Died in Baltimore, Md., Oct. 5, accident, William H. Hill, Hessian, aged 27 years. Military funeral Sunday afternoon at 2.30 p. m. Interment at Clark street. All veterans of the late war are invited to attend. On Monday morning at 8.15 o'clock a mass for the repose of his soul will be celebrated at St. Patrick's church. Burial in St. Patrick's cemetery, under the direction of Undertakers James P. O'Donnell and Sons.

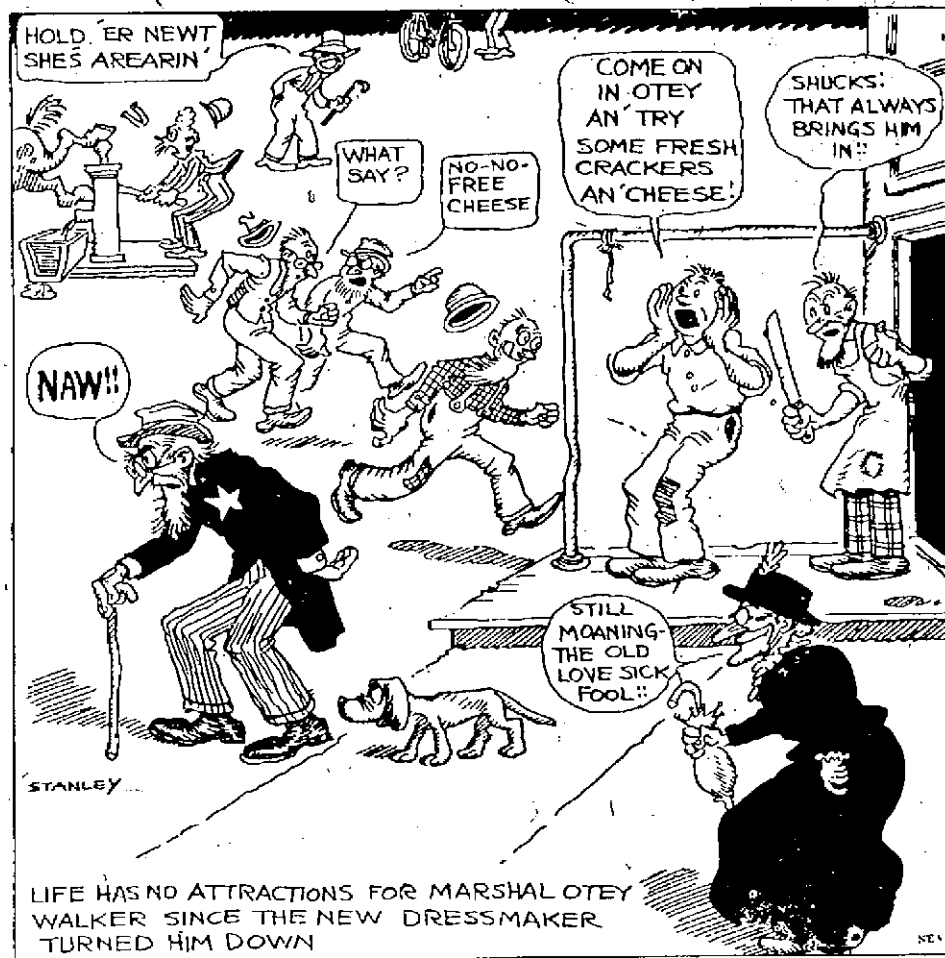

FLYNN—The funeral of Sarah Barry Flynn will take place Saturday morning at 8 o'clock from her home, Andover road, North Newbury. A solemn high mass will be celebrated at the Immaculate Conception church at 9 o'clock. Burial will be in the Lowell cemetery. Funeral in charge of Charles H. Molloy's Sons.

FUNERALS

WOOD—The funeral services of Rufus C. Wood were held yesterday afternoon and were largely attended. Rev. John C. Lowell, pastor of the Congregational church of Chelmsford, officiated. There was appropriate singing by Mr. and Mrs. Arthur M. Warren. There were many beautiful flowers. The body was taken to East Johnsbury, Vt., where services were held and burial took place today. The funeral arrangements were in charge of Undertaker William H. Sullivan.

PLINT—The funeral services of Albert A. Plint were held yesterday afternoon at this plan with the greatest enthusiasm and plan to put it across with the greatest possible success. They have not been working on this idea a week yet but the amount of work they have done in this short time augurs well for the success of the idea. It is absolutely certain that the supporters of the Lawrence team, who took their team with a wonderful show of spirit, are bound to receive a surprise on next Thanksgiving day when the two teams meet at O'Sullivan park.

HAUGADEX—The funeral of the late Miss Nora Haugadex took place yesterday morning at 8.30 o'clock from the home of her sister, Mrs. James King, 50 Pleasant street, and was largely attended by sorrowing relatives and friends. The cortege proceeded to the Immaculate Conception church where, at 9 o'clock, a funeral high mass was sung by the pastor, Rev. Francis Kenney, assisted by Rev. John Linahan as deacon and Rev. Billie Dupont as sub-deacon. The choir rendered the Gregorian chant, the solos being sustained by Miss Katherine Jennings, Miss Anna Curry presiding at the organ. There was a profusion of beautiful floral tributes and of spiritual bouquets. The choir, under the direction of Miss Etta Hoar, who also presided at the organ, rendered the Gregorian chant, the solos being sustained by Miss Katherine Jennings, Miss Anna Curry presiding at the organ. There was a profusion of beautiful floral tributes and of spiritual bouquets. The choir, under the direction of Miss Etta Hoar, who also presided at the organ, rendered the Gregorian chant, the solos being sustained by Miss Katherine Jennings, Miss Anna Curry presiding at the organ.

LIFE HAS NO ATTRACTIONS FOR MARSHAL OTEY WALKER SINCE THE NEW DRESSMAKER TURNED HIM DOWN

afternoon at his home in Tyngsboro and were largely attended. Rev. A. C. White, pastor of the Unitarian church of Tyngsboro, officiated. The cortege, composed of Harry L. Littlehale, Ralph S. Harlow, Norman R. Sherburne and Charles P. Littlehale, sang appropriate selections. There were many floral tributes. The body was taken to Danville, Vt., where burial took place today. The arrangements were in charge of Undertaker W. Herbert Blake.

SHANLEY—The funeral of Private Edward J. Shanley, a member of Battery B, 102d Field Artillery took place this morning at 8.30 o'clock from his late home, 161 Chelmsford street. The young soldier was accorded full military honors, the casket bearing the remains of the deceased soldier, and escorted by the Rev. Peter J. Heffernan, assisted by the Rev. Daniel J. Heffernan as deacon and the Rev. John M. Stanton as sub-deacon. The choir rendered the Gregorian chant, the solos being sustained by Miss May Lyman, Mr. James E. Donnelly, Miss Gertrude Quigley presiding at the organ. There was a profusion of beautiful floral tributes and of spiritual bouquets. The choir, under the direction of Miss Etta Hoar, who also presided at the organ, rendered the Gregorian chant, the solos being sustained by Miss Katherine Jennings, Miss Anna Curry presiding at the organ.

WELCH—The funeral of the late Mrs. Catherine (Walsh) Welch took place this morning at 8.30 o'clock from the home of her daughter, Mrs. L. L. Hall, Walnut street, North Billerica. High mass of requiem was celebrated at St. Andrew's church at 9 o'clock by Rev. Charles Sullivan. The choir, under the direction of Miss Etta Hoar, who also presided at the organ, rendered the Gregorian chant, the solos being sustained by Miss Katherine Jennings, Miss Anna Curry presiding at the organ.

THE OLD HOME TOWN

LIFE HAS NO ATTRACTIONS FOR MARSHAL OTEY WALKER SINCE THE NEW DRESSMAKER TURNED HIM DOWN

afternoon at his home in Tyngsboro and were largely attended. Rev. A. C. White, pastor of the Unitarian church of Tyngsboro, officiated. The cortege, composed of Harry L. Littlehale, Ralph S. Harlow, Norman R. Sherburne and Charles P. Littlehale, sang appropriate selections. There were many floral tributes. The body was taken to Danville, Vt., where burial took place today. The arrangements were in charge of Undertaker W. Herbert Blake.

SHANLEY—The funeral of Private Edward J. Shanley, a member of Battery B, 102d Field Artillery took place this morning at 8.30 o'clock from his late home, 161 Chelmsford street. The young soldier was accorded full military honors, the casket bearing the remains of the deceased soldier, and escorted by the Rev. Peter J. Heffernan, assisted by the Rev. Daniel J. Heffernan as deacon and the Rev. John M. Stanton as sub-deacon. The choir rendered the Gregorian chant, the solos being sustained by Miss May Lyman, Mr. James E. Donnelly, Miss Gertrude Quigley presiding at the organ. There was a profusion of beautiful floral tributes and of spiritual bouquets. The choir, under the direction of Miss Etta Hoar, who also presided at the organ, rendered the Gregorian chant, the solos being sustained by Miss Katherine Jennings, Miss Anna Curry presiding at the organ.

Mr. Edward O'Connor is renewing old acquaintances in Lowell after an extended absence from this city. He is employed in Maine.
The fire alarm from Box 85 at 12.55 this noon was for a ter kettle in Wyman's street. There was considerable smoke but no damage.

Donald, Robert and Samuel Erdis and Nelson Gray are auto touring in the White Mountains and Canada. Postal cards received from them en route indicate a pleasant trip enhanced by beautiful weather and gorgeous scenery.

It has just been announced that Walter Donahue of 331 Dutton street, a student at Holy Cross, has been awarded the silver medal for excellence in the French class. He also received honorable mention in his other studies.

For the late November meetings of the Lowell Ad club, Mr. Hovey, sales manager for the Frank E. Davis Fish Co. of Gloucester and E. Fred Cullen, president of the Johnson Educator Food Co., have been secured as speakers. Other prominent speakers are being lined up but no definite word can be given on them at present.

NEEDLESS ALARM
A still alarm at 10.08 this morning called a portion of the fire department to Bagshaw's old mill off Chelmsford street. Smoke issuing from the basement of the building caused someone in the neighborhood to telephone the department, but on arrival, it was found that men were taking potatoes, and there was no fire.

AVIATION ENDURANCE MAIL CARRIER WOUNDED RECORDS SMASHED

SAN DIEGO, Cal., Oct. 6.—All aviation endurance records for heavier than air craft were smashed today by Lieut. John A. Macready and Oakley Kelly, of the United States army, who at 8.30 o'clock had been aloft in the monoplane T-2 for 26 hours and 31 minutes. The previous record was 26 hours, 19 minutes and 35 seconds.

Wong Carried Narcotics

Continued
this morning that it was reported to him as 12 grains of opium. The officer said that he would probably bring the drug violation charge against Wong before the case came to trial next week.

In connection with the alleged finding of the drug, Supt. of Police Thomas R. Atkinson was questioned relative to the number of drug addicts in this city and their methods for obtaining drugs. He said that he thought the number of addicts in this city was small. He added that from time to time

Loaded Rifle Sent Through the Mails Exploded—Bullet Entered Arm

ROCHESTER, N. Y., Oct. 6.—William Alexander Burr, mail carrier of Mount Morris, near here, was wounded today when a loaded rifle, sent through the mails from Philadelphia, exploded as he was lifting the package containing it from a sack. The bullet entered his right arm, shattering the bone.

federal agents visited the city and checked up the amount of drugs sold and investigated the drug situation in detail. Also he said that the vice squad was continually on the watch for drug-users and peddlers but that few cases were brought to its attention.

Demand for Public Hearing Before City Council Made by Removed Board of Election Commissioners

The deposed board of election commissioners—Messrs. Hugh C. McOsker, Thomas H. Braden, J. Omer Allard and Joseph H. Maguire—today filed formal demand for a public hearing before the city council on the mayor's charges of removal.

The demand will be presented to the council tonight, and it is believed that a hearing will be held immediately and action taken on reinstatement.

The mayor, in his charges filed with the city clerk, alleged "gross carelessness and negligence in certification of names" and that each member of the commission "willfully and deliberately falsified certain names as being genuine signatures" without having fully examined and compared said signatures with the original signatures on file. "and that each member 'has certified certain names' as being correct, well knowing that said names were not the genuine signatures of qualified voters of the city of Lowell."

No dash into the northward by Perry, McMillan or Guatafson ever provided more thrills than the record-breaking rip home made by Mr. Allard, secretary of the election commission, when word came to him in far-away Canada that the actions of the election commission were being seriously questioned and that the board had been removed by the mayor on serious charges.

In the northern country on a vacation, Mr. Allard was 85 miles from a railroad junction. He felt his place in Lowell in such an emergency, and he started.

In two short hours 95 miles of Canadian roads stretched behind him and a made train connections with just five minutes to spare. He traveled all night on a Boston-bound train and arrived in Lowell early today.

"I'm here and ready to fight," said the secretary. "I understand the mayor says I ran away. Well, here I am and I claim I didn't make any minutes in getting here, either."

While the removed board, four strong, was in the office of the city clerk, the demand for a public hearing, the board, composed of Messrs. Cloutier, O'Dowd, Kiernan and Gould, were in the office of the election commission checking over names and signatures attached to affidavits.

Mr. Cloutier, acting as chairman, said it would be impossible to complete their work today, tomorrow or on several days.

Mayor Brown said the secretary of the commonwealth has received a communication from the new commission, certifying there is not a sufficient number of names on the petition.

This letter was sent last night, the mayor states, and the 354 affidavits at hand were made the basis of the statement.

The new commission felt there were enough affidavits to warrant the statement, he explained, "for with 354 already received, the total of names certified as correct shrinks from 3223 to 2869 and 2996 are required."

This act of the de facto commission as placed in the hands of the secretary of state two certifications, one that the petition bears a sufficient number of signatures and the other, that it does not.

The mayor announced today the city law department would proceed to bring.

MUDANIA CONFERENCE NOT ENDED, BUT DEADLOCKED, SAYS LONDON

Cannot Be Resumed Until British and French Governments Have Conferred Over Situation—Lord Curzon Going to Paris to See Premier Poincare

LONDON, Oct. 6.—(By the Associated Press) The Mudania conference is not ended, it was officially stated at the conclusion of the British cabinet meeting this morning, but it is deadlocked and cannot be resumed before the British and French governments have conferred over the situation.

Lord Curzon, the British foreign secretary, will leave immediately for Paris to see Premier Poincare.

It was also officially stated that from the British point of view the Turks were demanding more than was offered in the allied note, and on the other hand that they were not accepting the conditions of that note. It was asserted that the Turks want to ob-

JUDGE GLAD HE MARRIED ORPHAN

Don't Believe Lord Ever Made a House Big Enough for Mother-in-Law to Live In

BOSTON, Oct. 5.—"I don't believe the Lord ever made a house big enough for a mother-in-law to live in," was the exclamation from the bench of the district court here by Judge Samuel P. Abbott, after he had heard husband and wife testify in an action for non-support that they had tried unsuccessfully to live with each of their mothers-in-law. "Thank the Lord, I married an orphan," the judge added. Then he continued the case.

National League Champions Win Second Straight Over American League Rivals

POLO, N. Y., Oct. 6.—The Giants plastered their ancient enemies the Yankees, with a coating of whitewash this afternoon and won their second victory over the American League champions by a score of 3 to 0. "Deacon" John Scott, resurrected and rejuvenated after all the major league clubs had regarded his pitching arm as ruined beyond repair, stood out there on the hurling bill and made the Yankees look foolish. He had speed galore mixed in with a fine curve. Hoyt pitched a loose game for the Yankees.

Though the crowd had been big at the games, with every seat taken, the contests have been marked by the absence of the early rushes to the ballpark and today was no exception. Scarcely 1000 spectators were on hand when gates to the unreserved upper stand and bleachers were opened today, and after they had been seated the early arrivals trickled in slowly.

The day was warm and clear. It was cooler than yesterday, and perfect baseball weather.

The Giants were the home folks today and were first on the field for batting practice. The Giants with few exceptions, regard Hoyt as the most troublesome pitcher they will have to face in this series, remembering his 27 innings he faced them a year ago without giving them an earned run.

There were the usual pre-game preliminaries for the dedication of the crowd—a band concert, and buffoonery by Nick Atrock and Al Schacht, all of which is part and parcel of a world's series.

First Inning: Yankees: Scott took Witt's hint and threw him out at first. Dugan hit a high fly to Young. Frisch tossed out Ruth at first. No runs, no hits, no errors.

Giants: Hoyt took Bancroft's hint and beat him to the bag. Groh singled into right field. Frisch singled over second, Groh going to the middle bag. Meusel lined out to Ward, who doubled Frisch at first with a quick throw to Tapp. No runs, two hits, no errors.

Second Inning: Yankees: Pipp singled sharply into right field. Meusel fouled out to Kelly. Schang fled to Cunningham. Pipp stole second. Bancroft threw out Ward at first. No runs, no hits, no errors.

Giants: Young lifted a high fly into left field for a single and when he tried to stretch it, was out. Meusel to Ward. Scott threw out Kelly at first. Cunningham got a single into right. Smith forced Cunningham. Ward to Scott. No runs, two hits, no errors.

Third Inning: Yankees: Scott fled out to Young. Frisch took Hoyt's hepper and threw him out. Witt walked. Witt was caught asleep off first, Smith to Kelly. The crowd gave Witt the big laugh. No runs, no hits, no errors.

Giants: Scott singled over second base. Ward booted Bancroft's grounder and the ball rolled into the left field. Scott going to third. Hoyt took Groh's grounder and Scott was run down. Hoyt to Dugan. Bancroft went to third and Groh to second on the play. Bancroft scored on Frisch's sacrifice fly to Witt. Groh going to third. Groh scored on Meusel's liner into right for one base. Young forced Meusel. Ward to Scott. Two runs, two hits, one error.

Fourth Inning: Yankees: Groh threw out Dugan at first. Ruth was hit by a pitched ball. Pipp fanned. Babe Ruth started to steal second and when the pitcher threw to second base he darted safely back to first. Frisch

Two-base hits: Schang. Hits: Off Hoyt 11 in 7 innings; off Jones 1 in 1 inning. Sacrifice hits: Frisch, Kelly. Stolen base: Pipp. Doubtful play: Ward to Pipp. Left on bases: Yankees 4, Giants 3. First base on balls: Off Hoyt 2 (Frisch, Bancroft); off Jones 1 (Cunningham); off J. Scott 3 (Pipp, Blumer, Smith) and 1 hour, 53 minutes. Umpires: McCormick (N) at plate, Owens (A) at first, Klein (N) second, Millebrink (A) third.

Blumer Smith batted for Ward in seventh.
Baker batted for Hoyt in eighth.

made a maul of Meusel's grounder and when Ruth tried for third, he went out. Frisch to Groh. In going to third, Ruth almost knocked Groh down and the crowd booed him. No runs, no hits, one error.

Giants: Kelly got a single which Ward was barely able to knock down. Kelly went out stealing, Schang to Scott. Dugan threw out Cunningham at first. Smith got a long single. He took no chance with Bob Meusel's arm. Scott whiffed. No runs, two hits, no errors.

Fifth Inning: Yankees: Schang went out, Kelly to Scott. Ward sent up a high one which Cunningham took. Scott fouled out to Groh. No runs, no hits, no errors.

Giants: Bancroft fanned. Groh bunted, but Dugan came in fast and threw him out. Frisch walked. Frisch went out stealing, Schang to Scott. No runs, no hits, no errors.

Sixth Inning: Yankees: Hoyt got a single to right. Witt forced Hoyt. Bancroft to Frisch. Dugan fled to Meusel. Ruth up. Mingled cheers and hoots greeted him. Ruth went out to Kelly, unassisted. No runs, one hit, no errors.

Giants: Meusel fled out to his brother in left field. Young shot a single over Scott's head. Kelly fouled out to Pipp. Cunningham went out, Ward to Pipp. No runs, one hit, no errors.

Seventh Inning: Yankees: Frisch threw out Pipp at first. Meusel got a single behind the pitcher. Schang got a double into right. Meusel going to third. Blumer Smith batted for Ward. Coach Hugh Jennings and Bancroft held a consulta-

tion. Smith struck out. Bancroft threw out Scott. No runs, two hits, no errors.

Giants: McNally playing second base in place of Ward. Hoyt took Smith's roller and threw him out. Dugan robbed Scott of a hit and threw him out. Bancroft walked. On the hit and run, Groh singled into right. Bancroft going to third. Bancroft scored on Frisch's single to right. Groh going to third. Meusel went out, McNally to Pipp. One run, two hits, no errors.

Eighth Inning: Yankees: Baker batting for Hoyt. Kelly took Baker's roller and touched first. Witt fled to Cunningham. Groh took Dugan's hit grounder and threw him out. No runs, no hits, no errors.

Giants: Jones went into the box for the Yankees. Young singled into center. His third hit. Kelly sacrifices. Jones to Pipp. Cunningham walked. Smith sent a high one to McNally. Scott fouled to Dugan. No runs, one hit, no errors.

Ninth Inning: Yankees: Frisch threw out Ruth. Bancroft robbed Pipp of a hit and threw him out.

Bancroft tossed out Meusel at first. No runs, no hits, no errors.

Final score: Giants 3, Yankees 0.

WONG CARRIED NARCOTIC

Opium Found in Possession of Man Arrested on Charge of Larceny

Wong Ling was arrested shortly after 1 o'clock this morning by Officer William Liston in an alleyway off the Cardinal O'Connell parkway. He appeared in court this morning before Judge Thomas J. Enright charged with the larceny of some electric light bulbs and two parcels of mail. The case was continued until next Wednesday and he was held in \$300 until that time.

According to the arresting officer, an additional charge of carrying narcotics may be placed against him before that time as a small round box, said to have contained about 12 grains of opium, was found in the arrested man's possession.

Police Officer Wm. A. Liston noticed a shadow slinking down an alleyway off Market street. As the alleyway was open at both ends, he called to Officer Cullen who was not far away and Cullen stationed himself at one end of the alley. Liston ran into the alley and there found Wong who was clad in a long overcoat.

The officer interrogated him as to what he was doing in the alleyway at such an hour, and when making an examination discovered the light bulbs, about a half dozen in number, and two packages of mail. It is said that the mail was taken from the top of a box in a business block in Merrimack square.

A more thorough examination of Wong revealed the fact that he was carrying a small, round box filled with a black powder. Officer Liston took the powder, had it analyzed and said

RAISING OF MORE BEEF CATTLE FAVORED BY GRANGERS

Middlesex North Pomona Grange Holds Fall Meeting Here—Essex Pomona Grange Members Present as Invited Guests—Lively Discussion of the High Cost of Living

More than 250 men and women members of the Middlesex-North and Middlesex-Essex Pomona granges went to record this morning in convention in Odd Fellows hall, Bridge street, favoring the raising of more beef cattle on New England farms and the establishment of more slaughtering houses to fight the high cost of living.

Charles Wright of Billerica and Harry C. Dawson and George B. Kittredge of Tewksbury led the debate that called for the practically unanimous approval of the grangers. Vital facts were presented by the speakers to show that the beef industry of the country is on the wane and prices for good quality meats steadily advancing.

The farmers believe the only thing that will cut down the cost of living in the meat line, so essential to the health of the people, will be the raising

of beef cattle on all New England farmlands and the erection of suitable slaughtering houses, to enable the farmers to dispose of meat animals at a fair profit and yet provide the food markets with enough good meats to smash high prices and "put the beef trust on the run," as one Pomona granger put it before the morning meeting closed for the grange dinner.

It was the initial meeting of the fall and winter season of the Middlesex-North Pomona grange, opening at 10:15 o'clock this morning. With a large number of Essex Pomona members present as invited guests. The town represented at today's rally included Lynnfield, Melrose, North Reading, Andover, Saugus, Stoneham, Woburn, Weymouth, Weymouth and Woburn, besides Lowell and vicinity.

"Neighbors Day" was the way the programs read, and the attendance was

Preview of "Oliver Twist," An Epic of the Screen

LON CHANEY AS FAGIN, JACKIE COOGAN AS OLIVER TWIST AND GLADYS BROCKWELL AS NANCY SIKES IN THE PICTURIZATION OF THE DICKENS STORY.

NEW YORK, Oct. 4. Would that Dickens were alive that he might see the children of his brain pass before him in the film version of "Oliver Twist!"

If ever cold creatures of type became incarnate they have in this film masterpiece.

Here is a photoplay that will go far and wide to convert the iconoclasts who throw stones at the screen as a medium of artistic expression.

Here is a photoplay destined to live forever with those who see it. Jackie Coogan becomes Oliver Twist for this generation. They are one and the same.

The whir of the projection was the only accompaniment for the play as I sat in a little dark room for the first preview given of the film, but it needed no other emotional stimulation. The kick is in the film.

Dickens' memorable story is too well known to be retold here. It is too well known to be tampered with by a film director, and Frank Lloyd, who directed "Oliver Twist," realized this. He stuck to the book and thus the action of the photoplay is episodic rather than cumulative. Dickens expressed the theory in the book that the affairs of certain characters should be left in suspense while the fortunes of others were dealt with and Lloyd followed that procedure in the photoplay. It is a unique bit of directing.

I believe that Jackie Coogan will never have a greater role than he had in "Oliver Twist." That was written with the intent of giving full play to his peculiar talents.

Of course, the big part in "Oliver Twist" is Jackie's and he shows again that uncanny maturity of perception, that complete sympathy with the part.

he plays. But his part is not dwelt upon to the detriment of other roles. Fagin, Bill Sikes, Nancy, the Artful Dodger, Sowerberry, Mr. Humble, Noah Claypole, Mrs. Corney, Toby Crackitt, Mr. Brownlow, Monks, Charley Bates, Mr. Grimwig and even Bill Sikes' dog are given opportunity to fully register their parts. They all ring so true that they appear to have popped into life from the pages of the book to parade before the camera.

The one big moment of the film comes when Oliver Twist is scrubbing the floor of Sowerberry's kitchen. Noah Claypole asks him who his mother was. The boy's eyes fill with tears as he looks up and confesses that he does not know. Then Noah says, "I guess she was a bad un." As you watch this prodigious actor you feel that he has in fact been stabbed to the heart.

Then anger flashes and his fists clench as he rushes to attack the bully. So genuine is the acting that you feel that Jackie really lived that moment, that he took the situation as a personal one.

The big laugh comes when Jackie walks behind Sowerberry, the undertaker, a miniature of the soulful man to whom he has been apprenticed. In long trousers, cutaway coat and stove-pipe hat with crepe streaming from it, he walks solemnly along with hands piously folded before him, as a ludicrous creature as you ever saw. The comedy seems to lie in the reaction to the pathos of the situation.

MONKEY FUR
Monkey fur is effectively combined with broadened silk by Paris designers. White monkey fur makes striking trimming for black satin gowns and coats.

SUMMARY OF EARLY MORNING A. P. NEWS

Mudania conference of allied and Turkish nationalist commanders deadlocked over evacuation of Thrace and bellicose attitude of Turks and Greeks threaten success of meeting.

British cabinet hurriedly meets in late session and is disturbed by irreconcilable attitude of Turks indicated in garbled message from General Hurlington.

Delegation of Greek deputies visits American charge d'affaires in Athens and asks influence of United States in keeping Turks out of Thrace.

United States government sues former Dayton Wright Airplane Co., seeking to recover \$2,408,267.43 declared to have been paid fraudulently to company by government officers.

Edward Payson Weston, noted walker, reaches New York on tramp from Buffalo and at 84 says it is his last hike.

United States weather bureau declares elements are not settling right and explains that contrary winds and barometric pressure are responsible for prolonged drought over wide areas of country.

Edward Young Clarke of Atlanta, acting imperial wizard of the Ku Klux Klan, indicted by federal grand jury on charges of using mails in fraud.

At least 30 persons known to have perished in Quebec and Ontario forest fires, thousands made homeless and property loss is millions.

American Bankers close formal session, urging more liberal policy on

problems of inter-allied debt and reparations.

Inquiry into murders of Rev. Edward Wheeler Hall and Mrs. Eleanor B. Mills shows that woman wore gifts from pastor when both were slain.

Representatives of the Constitutional Liberty League and Anti-Saloon League will debate prohibition throughout Massachusetts.

Shen workers arrested in Haverhill charged with creating a riot. Bolites flew and one policeman was knocked out.

Men, women and children flee from forest fires in Maine.

General Pershing is guest for week-end of Henry White, former American ambassador to Great Britain at London, Mass.

LOWELL ORCHESTRAL SOCIETY
Plans were made last night at a preliminary meeting of a number of musicians in and about Lowell for the revival of the Lowell Orchestral Society.

Those present at the meeting expressed the greatest interest in the proposed plan. Since the war, when many of the members went into the service, the society has been inactive. These old members feel the time is ripe now for reorganization and the first steps have been taken to bring this about. T. A. D. Sullivan was elected president and Miss Harvill Russell, chosen secretary-treasurer. The society wants a number of good musicians so that the work of rehearsals can get under way in a few weeks.

WARD GETS LIFE SENTENCE

LITCHFIELD, Conn., Oct. 6.—Sidney Ward, who shot and killed Mrs. Flora J. Benedict at her home in North Kent last May, was sentenced to life imprisonment by Judge William M. Matthis here yesterday, after he pleaded guilty to a charge of second degree murder.

SPECTACULAR GUN FIGHT ON BANKS OF RIVER

PEORIA, Ill., Oct. 6.—The bullet-riddled body of Henry Miller, river front habitue, was in a morgue here yesterday and Frank L. Boswell, railroad detective, was in a hospital with a bullet in his leg, casualties of a spectacular gun fight on the banks of the Illinois river Wednesday night.

Boswell, in making his rounds, passed Miller's shack Wednesday night. The detective said yesterday that Miller fired two shots after telling Boswell to mind his own business.

Boswell ran for the shelter of a railroad car, but dropped with one of Miller's bullets on his left leg.

William Reiss and McKinley Hill, neighbors of Miller, braved the fire of Miller's gun and carried Boswell to safety while railroad detectives and police rushed to the scene.

Aght. He was shot down as he leveled his pistol at his assailants.

Gas bombs were used when the police failed in their attempt to route Miller by setting fire to the shack. The barricaded man succeeded in extinguishing the flames while hidden inside the rudo building.

Boswell, in making his rounds, passed Miller's shack Wednesday night. The detective said yesterday that Miller fired two shots after telling Boswell to mind his own business. Boswell ran for the shelter of a railroad car, but dropped with one of Miller's bullets on his left leg.

William Reiss and McKinley Hill, neighbors of Miller, braved the fire of Miller's gun and carried Boswell to safety while railroad detectives and police rushed to the scene.

MISCELLANEOUS SHOWER

About fifty of more friends of Miss Alice Dion, who for many years has delighted Lowell audiences with character songs and who is about to become the bride of Paul J. Angelo, Esq., a prominent local attorney, and formerly identified in many musical activities, tendered her a linen shower last evening. A short musical entertainment was enjoyed and refreshments served. Miss Dion was the recipient of many pleasing and beautiful gifts and though taken completely by surprise, responded fittingly. The party broke up at a late hour wishing the bride-to-be happiness and success.

WOODEN BEADS

Wooden beads are used extensively on this season's garments—one of the most original uses is on winter coats, where they are arranged with mathematical precision about an inch apart over the entire surface.

DANCER DETAINED AT ELLIS ISLAND

When Isadora Duncan, American dancer, and Serge Yesselin, whom she married abroad, reached Ellis Island, immigration officials held the pair while state department investigated the husband's citizenship. He's said to be a subject of soviet Russia.

EXHAUSTIVE NEW MAP OF NATION AND WORLD

WASHINGTON, Oct. 6.—Uncle Sam is slowly progressing on a new map of the country, to be part of a new world map, based upon a simple system proposed by American representatives in 1908, and accepted at international conference. It will be the result of years of effort by map makers who

"Use for home health"—said our Doctor

"Dr. Green is so interested in all his patients. When Dorothy had scarlet fever, he told us how important it was to keep the bedclothes and utensils used in her room thoroughly disinfected. We washed everything in Sylpho-Nathol.

"(And now, that Dot's well again," said Dr. Green as he was leaving after his last visit, "keep on using Sylpho-Nathol around the house. It's an effective sanitary measure that safeguards the family against disease."

"Doctors realize more than most people that merely keeping a house free from dust and dirt doesn't keep it free from germs. All the scrubbing and scouring in the world won't get rid of the germs that lodge and breed in floor cracks, in crevices and crannies around plumbing, in garbage cans and sink drains, in dark attic corners, in cellars and around laundry tubs—and goodness knows how many other places."

Sylpho-Nathol is pleasant to use. Its clean, friendly smell doesn't linger. Sylpho-Nathol is safe. Though 4½ times stronger than carbolic acid, it is as safe to have in the house as a cake of soap. It cannot hurt the skin nor injure household things. There is nothing mussy or complicated about it. A teaspoonful in a quart of warm water makes a clean-smelling, pearly-gray antiseptic solution that's ready for immediate action.

Sylpho-Nathol should be used regularly in mop water; in the scouring water for garbage cans, and as a sprinkle that keeps flies as well as odors away from such places. It should be poured down sink drains, and sprinkled in the cellar. Of course, it should be used regularly around the bathroom fixtures and as a flush for the toilet bowl.

Your grocer, or druggist, sells Sylpho-Nathol in four handy sizes, 15c, 35c, 65c, and \$1.25. If he hasn't it, he can get it easily. Just ask for it by the name—"Sylpho-Nathol."

Unless you see name "Bayer" on tablets, you are not getting the genuine Bayer product prescribed by physicians over 22 years and proved safe by millions for

Colds Headache Rheumatism
Toothache Neuralgia Neuritis
Earache Lumbago Pain, Pain

Accept only "Bayer" package which contains proper directions. Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists. Aspirin is the trade mark of Bayer Manufacture of Monocetate of Salicylic Acid.

per engraved in the most delicate and strong detail, and will be available at the survey. It is reduced in size to form a scale of eight miles to the inch. The production is by photolithography. The sections thus far completed have required six months to compile. The work, however, for lack of extra ap-

propriation, is being done concurrently with other map work. It is estimated that the cost for the international map will be from \$15 to \$35 per thousand square miles of area. The survey, desirous of having the most accurate and up-to-date data upon the map, gathers the material from dozens of sources

and does not consider an area completed until every source of information has been drawn upon. These include: the survey's regular information gathered in the making of the national topographic map, which was started 50 years ago, other governmental map making sections, state and

county maps, private maps and army and navy charts. The details of the international map were accepted by nine world powers at conferences in 1909 and 1913. While it is popularly known as the One-Millionth Map of the World, its correct

title is the International Map of the World on the Scale of 1:1,000,000. BLACK SERGE Black serge makes the smartest of coat dresses when combined with broad bands of fur. Frequently, too, it is ornamented with gold or scarlet braid.

COUNCIL ACCEPTS CERTIFICATION ON PLAN B CHARTER PETITION

City Clerk Instructed to Notify Secretary of State—Red Hot Meeting at City Hall Last Evening—Plan B Charter Petition the Storm Center—Election Commissioner Braden Unlimbers Heavy Guns—Mayor and City Solicitor Charge Fraud in Connection With Petition—Sharp Exchanges Between Mayor and Council Members

Last night, at the close of a meeting so heavily surcharged with municipal electricity that it gave off showers of sparks at the slightest contact, the city council, by a unanimous roll call vote, accepted the certification of the removed board of election commissioners relative to a sufficiency of names attached to the petition for Plan B charter and instructed the city clerk to so notify the secretary of the commonwealth.

It was a meeting for the book. Nothing like it has been staged this year, despite the fact that the council has engaged in more than a few tense sessions. Plan B charter petition was the storm center and so completely did this matter overshadow all others that the meeting made no attempt to follow the prearranged method of procedure, but transformed itself into an informal hearing for the removed com-

missioners, with Thomas H. Braden the Big Bertha.

Braden Fights For Commission

No more impressive or effective barrage ever was laid down on the Plan B front than that which came from the self-commanded Braden battery. "Your board of election commissioners was not for sale, gentlemen of the council," he thundered. "They could not be bought by intimidations of reappointment to office, and we handled the Plan B petition as we would yours."

The meeting was addressed by Mayor George H. Brown, City Solicitor Edward J. Tierney and Cornelius J. Desmond, Jr., son of the man who fathered the petition and was most active in its circulation. The mayor and solicitor made fervent pleas for co-operation

by the council. They charged fraud by the wholesale and retail and each reviewed at great length the history of the petition from the hour it was filed until the time of meeting, including the removal of the election commission and the appointment of a new board, composed of Patrick F. Kiernan, Lawrence J. Gouin, Joseph A. Cloutier and Paul M. O'Day.

Sharp Exchanges Continuous

From the moment Mayor Brown entered the council chamber there were sharp exchanges between him and several members of the council, particularly Messrs. Gallagher, McPadden, Moriarty and Sadler, and it was nearly 11:30 o'clock before the council adjourned to meet again tonight at 8 o'clock, at which time it is expected that a formal hearing will be given Messrs. McKosker, Braden, Maguire and Allard, the ousted commission.

City Solicitor Tierney tried hard to have the council postpone any action until tonight, but it was unanimously on acceptance of the old board's certification was a sweeping and conclusive refusal.

Meeting in Detail

The meeting was called at 8:05 o'clock, with Councilors McMahon and Queenan absent. Both came in later. Both came in later.

There were several remonstrants to a petition of the Lowell Electric Light Corp. for the erection of a pole in Adams street, near Lagrange street. This petition was referred to committee and the wire inspector.

Thomas Higgins remonstrated against a petition of the N. B. Tel. and Tel. Co. for a pole location in Pleasant street. With other remonstrants, he favored the laying of all necessary wires underground.

A hearing was held on petition of the Telephone Co. for the erection of six poles in Walnut street. In remonstrance.

CASES SETTLED OUT OF COURT

The triple action of tort against J. Edward Allen of Billerica, which was being tried at the civil session of the superior court, was brought to a sudden halt this morning, when counsel for all parties interested informed the court that a settlement had been reached out of court. Inasmuch as there was no other case ready for trial, adjournment was taken until Monday morning.

The plaintiffs in the Allen case were George B. Fuller, who endeavored to recover \$25,000 for the death of his wife, Helen A. Fuller, which he claimed occurred as a result of injuries sustained when the woman was struck by an automobile owned by the defendant; Elizabeth Briggs and Elizabeth Scoble, who alleged personal injuries in the same accident and who were suing for \$500 and \$200, respectively. The case went to trial Wednesday afternoon.

SOLDIERS SEEK MISSING TRUCK

An automobile truck loaded with personal effects of two infantrymen from Camp Devens, is reported to the police as "missing," driver and all. Corp. Harry McTaggart and Sergt. Frederick Simonson of Company A, 18th U. S. Infantry, picked up their camp effects, including valuable clothing, treasured gifts and army materials of their own purchase, and packed them for shipment to Boston several days ago. A truck driver, who gave his name as "Bernstein" and said he lived in Everett, took charge of the soldiers' equipment and hunted away with it down the Boston highway. He hasn't been seen since, and the police of several cities and towns cannot locate the truck.

McTaggart and Simonson are doing a little detective work on their own hook now, and the truckman may be found if the soldiers hit the right trail.

CO-EDS UP IN ARMS OVER NEW RULING

MADISON, Wis., Oct. 5.—Co-eds of the University of Wisconsin are up in arms because a new city ordinance classifies the famous Junior promenade and the military ball, the most important social events of the school year, as public dances, and a ruling by the dean of women prohibits co-eds from attending public dances under penalty of expulsion.

The question will be settled within a week when students, deans and city officials get together.

INCREASE IN DRUG LAW CONVICTIONS

WASHINGTON, Oct. 5.—An increase of approximately 100 per cent. during the past year in the convictions obtained for violation of the federal narcotic laws was reported in a statement issued today by Prohibition Commissioner Haynes. The administration of the narcotic laws in under a division of the prohibition unit.

STRUCK BY AUTOMOBILE

Philippe Gillinson, a boy residing at 265 Pine street, received slight injuries late yesterday afternoon when he was struck by an automobile in Florence ave. Marcus F. Pierce of 85 Tyler park, driver of the car, claims that at about 5:30 o'clock while he was driving his car through the avenue, Gillinson, who with other children was playing in the street, ran into the mudguard of the car and was knocked down. He took the lad to his home.

PUBLIC SERVICE BOARD MEETING

Farmer Solicitor William D. Regan, counsel for the Cawley Coal Co., appeared before the public service board at a meeting held late yesterday afternoon, in an endeavor to secure the cancellation of a contract for cement between his clients and the city of Lowell on the ground that the city failed to carry out its part of the contract.

The contract is for 4500 barrels of cement, more or less, and was made in the early part of the year. Mr. Regan contended that already the company has delivered about 4800 barrels to the city, or 300 barrels more than the amount specified in the contract. He stated that it is now impossible for the Cawley Coal Co. to make further deliveries because of an embargo in Pennsylvania, where the cement is bought. Mr. Regan stated that in his opinion the contract is now void because of the failure on the part of the city to carry out its part of the agreement, in that it has failed to pay on the 15th of each month for the

amount delivered during the preceding month. He stated, however, that his clients are willing to act as brokers for the city to secure additional cement without any profit to them.

Chairman Murphy of the board said the city was in need of cement and if it could not get it from the Cawley Coal Co., it would have to go into the open market for it. Mayor Brown, who was present at the meeting, could not remember any bill of the Cawley Coal Co. being held up and Chief Clerk Clinton Tuttle of the street department stated that as far as he can remember, no bill of the company has been held up. The matter was taken under advisement by the board, but Chairman Murphy stated that the board would buy cement from other sources.

The grievance committee of the Municipal Employees' union appeared before the board and through one of its members, Charles Higgins, filed a complaint against William Hunt, who is in charge of the storerooms of the water department. Mr. Higgins claimed that Mr. Hunt had been discourteous and abusive towards him, and after hearing both sides of the story Chairman Murphy made it clear that the board wanted every man treated courteously, he be superintendent or laborer.

A plan for steel plates to be placed on the Lundberg street bridge was accepted. The P. W. Cox Co. was awarded the contract for the repair of scuffers on the Central bridge at a cost of \$157. Numerous petitions for pole locations, sewer extensions and street improvements were read and it was voted to take a view on Thursday, October 19.

Daniel Donahue, who has been employed by the water department for the past three years, and whose discharge has been ordered by the civil service commission, was given a hearing. It was brought out that although Mr. Donahue was first hired as an oiler, he was later shifted to the position of night watchman. Some time ago he was ordered by the civil service commission to take an examination for the position of watchman but he failed to pass. Owing to the fact that the man had been employed in the department for three years and that his transfer was not at his request, the board voted to keep him on the job, but rate him as an oiler. At 5:30 o'clock the board adjourned until Saturday afternoon at 4 o'clock.

RAILROADS BADLY IN NEED OF TIES

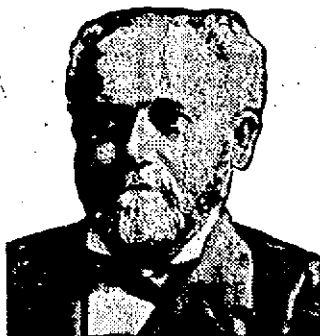

The fuel problem isn't worrying the railroads so much just now as the problem of securing new railroad ties of good hardy chestnut, white and red oak wood.

Notices are being posted all over the rural districts about Lowell and along up the lines that hit the northern territory woodlands, announcing that many railroad ties are desired right away and will be accepted when properly piled close to the rail lines and pass the usual inspections.

The railroads are paying good prices today for quality ties, and many farmers are busy bringing in the timber after properly shaping them for the track men and repair gangs.

The Boston & Maine railroad quoted today these prices for good ties shaped up to suit the inspectors:

White oak ties and chestnut ties, 8 feet 6 inches long, grade 2, \$1.10; grade 4, \$1.25; grade 5, \$1.35. The white oak and chestnut 8-footers, grade X, bring \$1.50, grade 1 bring .65, grade 2, .75.

A Successful Man

Among the notable professional men of this country who achieved great success along strictly legitimate lines was Dr. R. V. Pierce. Devoting his attention to the specialty of women's diseases, he became a recognized authority in that line.

Over 50 years ago this noted physician gave to the world a prescription which has never been equaled for the weaknesses of women. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, weakening pains and for the many disorders common to women in all ages of life. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's treatment good for all ailments everywhere sell it in both tablet and fluid form.

Send 10c to Dr. Pierce's Invalids Hotel in Buffalo, N. Y., for trial pkg. Write for free medical advice.—Adv.

Grade 3, .95, grade 4, \$1.10, and grade 5, \$1.25.

Red oak ties, 8 feet long, bring varying prices from .35 to .55 apiece.

The ties have to be absolutely free from defects, splits, "shakes," decay or numerous knots or holes. They must be well manufactured, cut square at the ends, and have tops and bottoms parallel. All bark must be removed entirely.

The railroad proposes to limit the number of "X" ties furnished. A. W. Munster is the purchasing agent for the road, and announces that dealers must assume all risks for loss of ties placed on the railroad property by them until they are paid for.

The announcement changes the prices for cross ties posted March 25, 1921.

CHARGED WITH CRUELTY TO HIS DAUGHTER

DETROIT, Mich., Oct. 6.—John Sall, a factory worker, today faced a charge of cruelty to a minor, following the finding in the attic of his home of his 13-year-old daughter, Wanda, whose wrists had been chained to rafters. The girl was so imprisoned, Sall told

Introducing Who's Who in FALL CLOTHING

"It Does Make a Difference Where You Trade"

This season has developed for the younger men two distinctive suits—either the pleated Norfolk or the Jazz model. For the more conservative, the coats are a trifle straighter and may be had in two, three or four-button models.

In overcoats the raglan shoulder is the base for all the finer models. The coats are cut very full and roomy. The patterns are unusually attractive.

Our clothing today is priced lower than the merchandise that we are buying for later delivery. Take advantage of this, because clothing will positively advance in price.

SUITS \$25 to \$50

Overcoats, tailored by Kuppenheimer, Fashion Park, Burberry and our own privately tailored overcoats.

TO, HALT GREAT LOSSES

Annual Saving of \$33,000,000 by Organized Safety Work on Railways

CHICAGO, Oct. 5.—An annual saving of \$33,000,000 can be effected in the electric railway industry by thorough organized safety work, declared the report of the safety committee of the American Electric Railway association, submitted at its convention here today.

"The estimated cost of accidents on electric railways during the last year has been \$14,136,000, or 4.6 per cent of the industry's gross revenue of \$306,000,000," said the report. "Accidents cost some companies 17 per cent of their revenue, while one company, the Quebec Railway, Light and Power, has reduced its cost to .01."

"One and eight-tenths of one per cent, the accident expenditure of the Chicago and North Shore railroad, was pointed to by the committee as the probable average cost to a road with a well organized safety department. On this basis, the national accident cost to roads could be cut from \$14,000,000 to \$11,000,000, it was declared.

"Continuous organized safety work will reduce the number of suspensions and labor turnover," W. H. Sawyer, of New Brighton, Pennsylvania, chairman of the safety committee, declared. "To operate your property economically, you must adopt a sane, systematic and continuous program of safety."

Don't Neglect Your Skin

Ladies—A few days' treatment with CARTER'S LITTLE LIVER PILLS will do more to clean up the skin than all the beauty treatments in creation. An imperfect complexion is caused by a sluggish liver. Millions of people, old, young and middle aged, take them for Biliousness, Dizziness, Sick Headache, Upset Stomach and for Sallow, Fimply and Blotchy Skin. They end the misery of Constipation.

Small Pill—Small Dose—Small Price

JEFF DAVIS' OLD COACHMAN

BY N. E. A. SERVICE
HANDSBORO, Miss., Oct. 5.—Legion are the men who served Abraham Lincoln, but Anderson Boyd's claim to fame is entirely opposite.

Boyd was coachman for Jefferson Davis, when the president of the confederacy lived at Beauvoir, Miss.

One of the last disappearing type

BOYD

of old southern darkey, Boyd sighs for "the good old days."

"Ain't many more gentlemen like Marce Davis," he sighs. "World's sure going to disintegrate."

"I'd like just once more to be driving down the street with my old high hat on, a yellow ribbon in the middle of my whip, and these high steppers of Marce Davis trotting proud. And then I'd sure teach a lesson to those trifling blacks that lean back in the cushions and snort white folks around in their automobiles."

"When they'd come along behind me, hunking for me to get out of their road, I'd just crack my whip at them and make them stay a respectful distance from a white gentleman."

A faded print of the confederate president is Anderson's prize possession.

MARRIAGE A LA MODE

In Germany among the poorer classes if one cannot give a wedding gift to the bride one offers to pay for his own food at the nuptial feast.

Sometimes the ceremonies last several days, during which all guests remain at the bride's home.

As the bride leaves a pitcher of water at each door in the morning it is customary for the guest to drop in a coin for her.

Tom Sims Says

To get your name in Who's Who you have to know what's what.

The late bird catches the sleep.

All poor people are not poor financially.

Trains of thought are usually delayed by excess baggage.

Every plugged nickel is familiar with collection plates.

United we stand around, divided we fall for lots of things.

All that glitters is not coal.

You can look up to these girls in longer skirts.

The most expensive pipe to smoke is the stove pipe.

Thanksgiving Day in Europe will be when the Turk is killed.

The electric fan has stopped, but the football fan blows harder.

In foreign politics king is seldom high.

The greatest question of the age is "How old is she?"

All red tape in Washington placed end to end reaches nowhere.

Even if you know her face well don't get too familiar with it.

Time killed stays dead.

Having to swallow insults is hard on a man's digestion.

Perhaps dizzy blondes are dizzy because they are light-headed.

There is no such thing as a chaptered joy ride.

What you see through glasses depends on what was in the glasses.

It is hard to remember to forget.

There is always rum at the top.

Use more raisins with your foods and get more energy.

Raisins furnish 1560 calories of energizing nutriment per pound. Rich in food-iron also.

A prime fruit-food that everybody would be better for.

Serve stewed as a morning dish. Use in puddings, cakes and pies. Let the children have them with oatmeal.

Sun-Maid Raisins should cost you no more than the following prices:

Seeded (in 1½ oz. blue pkg.)—20c

Seedless (in 1½ oz. red pkg.)—18c

Seeded and Seedless (11 oz.)—16c

Sun-Maid Raisins

ADVERTISING A DUTY

Best Method by Which Public Utilities May Overcome Public Prejudice

CHICAGO, Oct. 5.—Advertising—day after day, week after week, month after month—as the best method by which public utilities may overcome public prejudice, was strongly urged by W. H. Sawyer, president of the East St. Louis & Suburban Railway Co., speaking here before the American Electric Railway association convention.

"Few really going, progressive concerns in any other business spend less than 1 per cent of their gross earnings on advertising," many spend 5 per cent," he declared. "The average street railway company can, to good advantage, as a business proposition conducive to the welfare not only of the company but of the community served, spend one per cent of its gross earnings on paid advertising."

"I believe in consistent advertising, not defensive advertising brought about by necessity, but advertising calculated to prevent the need of a stone wall defense. I want our customers to know the condition of their street railway company; I want them to know it all the time so that when any question arises they are fully informed."

"Advertising is not the solution of all our troubles. We may still be unfairly and unduly attacked but advertising is a duty which we owe to our public, our customers, and it is good business."

"I am using paid newspaper space to give the public the facts. I use a considerable amount of it and I doubt if I am using enough."

Mr. Sawyer's address was part of a public relations advertising symposium. Others who talked included M. C. Brush, Philadelphia; H. B. Flowers, Baltimore; Britton I. Budd, Chicago; Aaron G. Collier, New York City; J. P. Barnes, Louisville, and F. S. Arkwright, Atlanta.

cause they are light-headed.

RETREATING GREEKS MAKE DESPERATE STAND

Greek rear guard, closely pursued by the forces of Mustapha Kemal Pasha, turns and attacks its pursuers in an effort to hold them while the main body of the Greek army retreats to safety. In the foreground Greek soldiers are seen rushing on the enemy. In the rear smoke clouds arise from bursting shells and bombs.

INFANT MORTALITY ON DECREASE IN ENGLAND

LONDON, Oct. 6.—Only a little while ago alarmists were indulging in all sorts of dire predictions concerning the future of England because, it was alleged, not enough babies were being born. The great middle class, called the backbone of the country, was declared by some pessimists to be doomed to speedy extinction unless it produced more babies.

Now these lamentations have ceased.

Some far-seeing and logical statisticians point out that the future of a country is not determined so much by the number of babies born as by the number of babies which survive the first year of life and grow up. Looked at from that angle England is not doing so badly in this all important matter.

During the month of August it is pointed out that the death rate of children under one year of age was only 41 per 1000 births. In 1919 London's rate for the same period was 55.

Compared with the beginning of this century the baby-saving figures give still greater cause for rejoicing among those who reckon the future of England depends, above all things, on babies. The first four weeks of August, 1920, gave an infant mortality rate for London of 267—more than six times that of 1922 which proves, it is argued, that if babies can save England, England will be saved.

NEW PHYSICAL DIRECTOR
Clarence A. Towne, new physical director at the Y.M.C.A., has taken up his duties at the head of the boys' department. The new instructor comes here well recommended and has had several years' training in Red Cross and Y.M.C.A. work. He was associated with the Somerville Y.M.C.A. for two years and seems well qualified to carry on the extensive program as outlined by Ernest H. Hale who recently left the department to prepare for Yale.

FIRE PREVENTION WEEK MEANS NOTHING TO US

WHY?—Because in our House Wiring business we employ only expert workmen and we use nothing but high grade electrical fixtures and supplies that have been approved by fire underwriters. When you sign up a contract with us for the wiring of your dwelling house or office, you are following the advice given you during fire prevention week by fire chiefs and other experts, for our work is absolutely fire-proof, as all of it is done under proper supervision and according to the rules of fire underwriters. We do not handle in any way foreign electrical supplies or fixtures. Our immense stock consists solely of American made goods, and that is a guarantee that the supplies used by us in house wiring are the best on the market as far as quality is concerned, and they do not come within the criticism of fire chiefs.

House Wiring is Our Specialty

We employ the largest force of electricians in Lowell and we keep our men busy at all times. Why?—Because our work is the best in quality and the cheapest in prices. During the many years that slipped by since we ventured in the electrical business in Lowell we have wired more houses than any of our competitors. Our business has doubled and tripled during the past two or three years because we have always been honest and courteous in our dealings.

Our Easy Payment Plan

"I would have my house wired for electricity, but I haven't got the ready cash," is what you hear from many. If you intend to have your home wired, and you should, do not let financial matters interfere. Call at our store, sign up a contract, select your fixtures and make a small payment. The remainder may be paid in monthly payments to suit your purse. There are hundreds of homes in this city that have been wired on our easy monthly payment plan and hundreds of the contracts have already been paid for. We want your business first and then we will arrange money matters. Enjoy the comforts of an electrically illuminated home while paying for it.

Largest Stock of Fixtures

In connection with our wiring department we carry the largest and most varied stock of fixtures this side of Boston, and we may state right here that the quality and quantity of our stock is such that we are supplying many local electrical contractors. It matters not what it is, if it is an electrical fixture, we have it.

"JACK DAW'S ADVENTURES"

"I don't want to join your gang," Jack told his new found friend, "but I'll be glad to go down and meet another boy. I haven't seen many boys in the past weeks."

Finally they came to where Stony McGlynn was sitting. Bill introduced Jack. "This is little Willie," said he. Both boys thought Jack looked like a mild little boy.

In a moment Stony jumped up and asked Jack if he had any money. "Come on, Willie, give us your spare change," he demanded. "Better do as he tells you," snapped Bill.

And then Jack surprised them! "I'll give you both a good licking," he shouted. "You're first, Stony. Then I'll punish Bill for bringing me here." Continued.

DYE STOCKINGS OR SWEATER IN DIAMOND DYES

"Diamond Dyes" add years of wear to worn, faded skirts, waists, coats, stockings, sweaters, coverings, hangings, draperies, everything. Every package contains directions so simple any woman can put new, rich, fadeless colors into her worn garments or draperies even if she has never dyed before. Just buy Diamond Dyes—no other kind then your material will come out right, because Diamond Dyes are guaranteed not to streak, spot, fade, or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.—Adv.

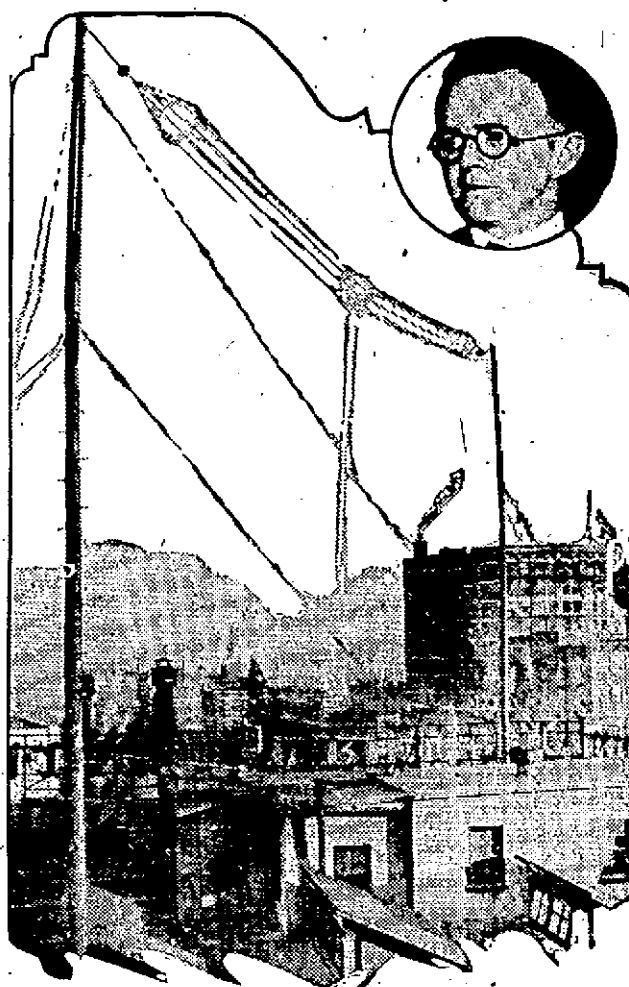

PLAN BIG RECEPTION TO MRS. MACSWINEY

The committee in charge of the reception to Mrs. Muriel MacSwiney, who is to speak in Associate hall Sunday evening, met last night and completed final details for the event. It was announced that Mrs. MacSwiney is to address an audience in Lawrence in the afternoon of the same day, after which she will come to this city for her engagement in the evening. The Associate hall meeting will open at 8 o'clock and in addition to the principal speaker, there will be brief addresses by Nurse Lynda Kearns of the Irish republican army, Capt. Thomas O'Connor of the I.R.A., and L. J. Madden of New York.

Mrs. MacSwiney, who is touring the country to raise funds for the dependents of the Irish republican prisoners, is a familiar figure to all followers of the Ireland of today. She is the wife of the late lord mayor of Cork, who died in Brixton prison as the result of a hunger strike rather than submit to foreign rule. For 30 days Mrs. MacSwiney remained at her husband's side and in her talk here Sunday will recount those trying hours. With the signing of the Irish treaty by Irish delegates to London, Mrs. MacSwiney took the stand in opposition to the Free State.

Radio Saves City

ATLANTA JOURNAL'S BROADCASTING STATION AND LAMBDIN KAY (INSERT), WHO USED THE STATION TO SUMMON FIREFMEN AND SAVE THE GEORGIA CAPITAL A DISASTROUS FIRE.

By N.E.A. Service.
ATLANTA, Ga., Oct. 5. "Radio saved Atlanta from destruction," declares Fire Chief William B. Cody, commenting on the latest accomplishment of the radio in rising to the emergency.

Fire broke out in a block of retail stores in the city's chief shopping district, a few hundred yards from the Atlanta Journal building. It gained great headway before it was discovered, and threatened the entire business section of the city.

Manslaughter Charge

Continued

He. His case was continued to October 13 and he was held in \$2000 until that time.

Walsh was the operator of an auto which killed a Belle Grove child about two weeks ago. The child was playing with other children near the Lawrence-Lowell road when the auto, which contained Walsh and three other men, struck the child causing injuries from which it died a few hours later.

Walsh was arrested and charged with manslaughter. There seems to be a peculiar angle to the charge of operating so as to endanger the lives of the public. It appears that Walsh did not possess a motor vehicle license of any kind and that he was operating the car upon the license of its owner, who was with him at the time. According to Eugene Loupret, inspector for the motor vehicle department for this section of motor vehicle charge will be held against the person upon whose license Walsh was driving. The owner of the license can be charged with the motor vehicle violation but not with the criminal charge of manslaughter.

When the case was called, Atty. Carney of Ayer, who represents Walsh, asked that some rapid disposition be

made of the case as his client was unable to secure bail. The clerk of courts reported that the request had not been held and that the report of the medical examiner was not ready. The court said that he did not wish to cause suffering to the defendant by keeping him locked up, especially when it was pointed out that his company had been transferred from Camp Devens to another camp.

The clerk was instructed to get in touch with the medical examiner and to see if the case could not be speeded up. After a telephonic conversation with Medical Examiner Thomas B. Smith, the clerk announced that the report on the accident would be ready by Tuesday and that the inquest would be held immediately afterwards.

Heavy Rain Brings Relief

Continued

the town of Hallowbury and several smaller settlements.

Finding of 33 bodies in the fire-scattered wreckage that a week ago was Hallowbury, and the knowledge that many more people are missing have made relief organizations fear the death toll may go as high as 60.

Train loads of tents, food, bedding and other supplies are arriving

ing now to aid the 5000 homeless who have wandered sick and miserable into Cobalt. There is a rumor that the government will put temporary buildings in Hallowbury for the winter.

Showers Predicted

WASHINGTON, Oct. 6.—Marked changes in atmospheric pressures across the country east of the Mississippi river upset the dope in the weather bureau today and showers generally in the eastern states will shortly break the long drought that has gripped most of the country.

Flies Still Raging

JACKMAN, Me., Oct. 6.—There was no halting early today of the forest fire which started in cut over land north of here three days ago and raced through the place of slash, forcing woodsmen and their wives and children to flee eight and ten miles to safety points. The flames have made deep inroads through the Aroostook county forests eastward along the north shore of the Moose river. Extra fire fighters are being rushed to the vicinity.

Says It Made a New Person Of Him

Thousands of people needlessly endure a half-sick, nervous run-down condition when they might enjoy sturdy, robust health and all its manifold blessings if they only knew what to do. People in this condition find Tanlac soon ends their trouble and builds up abundant strength, energy and vitality. Robert E. Barnes, 27 Sawyer street, Boston, Mass., says: "For several years I have been in a badly run-down condition. I suffered agony from indigestion and at times I thought it would kill me. But Tanlac has made me feel like my old self again. My stomach acts like a new one, and I feel so good that my work is a pleasure to me now." Nervousness and a run down, tired out feeling are but symptoms of a hidden cause, which usually lies in the stomach. Tanlac enables you to digest your food properly, eliminate waste and regain your old time strength and vigor. Get a bottle today at any good druggist.—Adv.

Mudania Conference

Continued

tain the concessions of the note without the conditions.

The officials decline to give in detail what the Turks were demanding. The cabinet debated the situation in its entirety but the main point appeared to be the question of Thrace. It is understood that the British view should be that there should be some consideration given the Greek minority population there.

There seems to be no difficulty over the question of the Chanaq area which the British have been occupying.

On broad lines the British policy it was stated, is the same as it has been

since the Greek debacle, which means that the British are opposed to the Turks crossing the straits before the peace conference.

It is considered possible several days may elapse before it can be determined whether the divergencies between the British and the Turks can be reconciled so they can enter the peace conference.

It was expected a message would be framed for dispatch to General Harrington, the British commander-in-chief on the scene.

Before Lord Curzon started for Paris he was asked why he was going.

"To discuss matters with friends, the allies," the foreign secretary replied.

To a question as to what would be the subject of such discussion he responded it would naturally be the near east.

"But I cannot speak of these difficulties until they are removed," he added.

Asked if the United States was to be drawn in, Lord Curzon said he had no information as to that.

The foreign secretary was smiling and very pleasant mannered and seemed in quite an optimistic frame of mind.

REINFORCEMENTS AT CONSTANTINOPLE

CONSTANTINOPLE, Oct. 6.—(By the Associated Press) The continued arrival of British naval and military units has had a further reassuring effect on the Christian population of Constantinople.

Applications for passports have decreased somewhat and reservations on the Orient Express are again obtainable. The steamship companies are still maintaining inflated prices for outward passage.

The business situation in Constantinople continues depressed. The entire importing business is paralyzed and the retail stores report trade 70 per cent below normal. Local merchants have cancelled outstanding orders with American, British and French firms, the total of cancellations being estimated at \$3,000,000.

MOTHER!

Clean Child's Bowels with
"California Fig Syrup"

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.—Adv.

KEMAL GREET'S FRIENDS IN CONSTANTINOPLE

ANGORA, Oct. 6.—(By the Associated Press) Mustapha Kemal Pasha has sent the following message "to the people of Constantinople."

"I offer greetings to my friends in Constantinople, and hope to meet them personally soon. Peace will be concluded with the realizations of our national aspirations.

"The whole world is now with us. Humanity applauds us. The savior spirit even of Great Britain favors our cause, and many of her public men who hitherto have misguidedly opposed us have seen the truth and changed their sentiments towards us."

BULGARIA WILL REMAIN NEUTRAL

SOFIA, Bulgaria, Oct. 6.—Bulgarian will remain neutral in the near east controversy under all circumstances, the parliament was told by Minister of the Interior Darkasoff. The parliament voted approval of the government's policy.

Bulgaria, said the minister, demands an autonomous Thrace as the only way to preserve peace in the Balkans and she asks to be allowed to participate in the peace conference as an interested party, because of her promised Aegean outlet, her interest in the freedom of the straits, and the large number of Thracian refugees in Bulgaria.

"Thrace for the Thracians," declared the minister, "would make it a Balkan Switzerland."

A \$1000 MESSAGE TO MEN

READ IT—FINE POINTS AND ALL. TO MANY IT WILL PROVE MORE INTERESTING READING THAN THE LEADING NEWS ARTICLES ON THE FIRST PAGE OF TODAY'S PAPER.

IT IS A MESSAGE TO MEN—BUT IT ALSO IS OF INTEREST TO WOMEN

By a fortunate deal I have become the owner of more than 3000 yards of fine quality woollens including imported Carr's Melton overcoatings. These were bought from one of the largest woolen houses in New England—a firm that specializes in quality goods such as are featured by the high-priced tailors. At regular prices in unbroken bolts I would have had to pay not less than \$10,500 for what I bought. Because they were not full bolts and because I was one of the few tailors in New England that could and would use the quantity offered, I bought this brand new stock of fall woollens at a ridiculously low price. THIS IS MY FOURTEENTH WINTER IN LOWELL and as you know I make men's clothes only, yet I do want the women, wives, mothers and sweethearts to come in and see what I have to offer. Most women know more about cloth than men do. They will back me up in the assertion that quality is woven into every inch of the warp and filling of every piece. The more you know about woollens the greater will be your astonishment that I can and will make a made to order suit or overcoat from such materials for as low as \$25.00.

Why I Am Spending \$1000 to Advertise This Event

I am spending this amount in newspaper advertising because by so doing I can sell better clothes for less money than if I did not advertise. Instead of making 20 to 30 garments a week at a profit of \$10 to \$15 a garment, as do some of the non-advertising tailors, I will sell five times this amount. The more I sell, the greater my buying power, my overhead is less, my growth is faster. I am establishing a clientele and good will that are worth real money. If I spend \$1000 for advertising and at the same time save you from \$7.50 to \$12 on a suit of clothes or overcoat and also make a small profit on each garment I sell, is it not good logic to spend the money in that way? If you have any doubt as to my ability to save you money, then do this: Come in and get a sample of woollens. See how well I am making the clothes, then ask any tailor to duplicate in quality and workmanship what I offer you. This test will convince you that it pays to respond to any announcements, and it pays me to tell you about my offer.

Signed, MITCHELL.

MADE TO ORDER SUITS AND OVERCOATS

More than 300 all wool and worsted patterns to choose from, including silk and wool chevots, serges, homespuns, tweeds, tartan plaids, club checks, pencil stripes and mixtures, including eighteen styles of the famous Gilbertville overcoatings, plaid backs, for dress or auto wear. None but the best trimmings will be used. Hand button-holes with pure silk thread on all except trousers.

\$25

You Run No Risks—I Do Not Even Ask for a Deposit

Recently at a New York Hotel there was a meeting of men interested in staging an industrial exposition. The principal speaker, a man of more than ordinary sagacity, said (in effect) "If a community, firm or individual wishes to get back to normalcy within a reasonable length of time it is necessary that the ordinary ways of doing things be supplanted by extraordinary methods, to wake people to action (and action is what is most needed right now.) It is necessary that unusual means be used."

In this sale I am doing two most unusual things. First, I am selling Suits and Overcoats at \$25.00, made of identically the same quality materials that are used in the making of garments selling at from \$32.50 up to \$37.50. Second, I will take orders and make them up without a deposit whether you are a man out of a job or a retired millionaire. You can order a garment without putting a dollar for a deposit. If the suit is not satisfactory, after it is made, simply say so and I will keep it. I assume all risk of loss. Such is my confidence in the clothes I make and the people I deal with.

Signed, MITCHELL.

Orders Now Being Booked for October and November Delivery

Besides the above, I am offering several hundred patterns of the very finest woollens, including several imported patterns at from \$30.00 to \$35.00. I am also continuing my sale of U. S. Army Blue Melton overcoating. A \$30.00 value. Made to your measure for \$19.75

The Fame of This Event Has Spread Through Middlesex County

The announcement of this sale appeared for the first time 10 days ago. The response was gratifying and many of the orders booked were from men who for years have been spending from \$40.00 to \$50.00 for a suit of clothes. Many business men of Lowell and surrounding towns took advantage of this most unusual offer. Among those of this city who left their measure were men in all walks of life, including the wage earner and the salaried man, as well as the big fellow who sits on a swivel chair before a mahogany desk and controls large industries in our city. Place your order now for later delivery.

Signed,

MITCHELL.

GREEKS READY TO TAKE FIELD

Col. Plastiras Says Army Prepared to Fight in Defense of Thrace

Greeks Not Permitted to Participate in Armistice Conference

CONSTANTINOPLE, Oct. 6. 10 a. m. (By the Associated Press) After conferring for most of the night with the high commissioners and military experts here, the allied generals this morning prepared to leave again for Mudania for a resumption of the armistice conference.

Related despatches from Turkish sources in Mudania tell of the arrival of Colonel Plastiras, chief Greek delegate to the armistice conference, say the Greeks are not given the privilege of active participation in the conference, but are acquainted by the allies' representatives with all decisions taken, as an act of courtesy.

Colonel Plastiras is quoted as declaring the Greek army is prepared to take the field at once in defense of Thrace.

France to Protest
PARIS, Oct. 6.—(By the Associated Press) The French government has instructed its minister at Athens to protest against the Greek government's having sent reinforcements to the Greek army in Thrace.

GUESS WHAT
Leader of the Ku Klux Klan addressing his followers? No, the veiled statue of Edmund Burke, British friend of the American colonies, which will be unveiled at Washington, Oct. 12.

Pomona Grange Meeting
Continued

never better. The early festivities were in charge of Lecturer Mrs. Grace Naylor of the North Pomona. After the usual grange exercises, Mrs. Ida Farr Miller, worthy hostess of the Massachusetts State Grange spoke. There was a piano solo by Mrs. Leslie Putnam of Chelmsford, readings by Mrs. Alice D. Colburn of Dracut, and a paper:—"My Most Successful Meeting," read by Mrs. Maudie Gage, lecturer of Hillsdale grange.

The lively discussion of the high cost of living and methods recommended for raising meat cattle on New England farms, followed. At 12:30 o'clock, nearly 300 members and invited guests went downstairs to partake of a fine farmers' dinner consisting of baked beans, cold meats, potato salad, crab-meat salad, hot coffee, rolls and eight different kinds of real pies like mother used to make. The able committee providing this delicious meal for the grange hosts was headed by Mrs. Fred F. Fletcher of Chelmsford grange and Mrs. Charles Ellis of Burlington.

This afternoon at 2:30, the members sat down to listen to an excellent program of music and speaking. Mrs. Lillian Knight of Hingham, lecturer of the Middlesex Grange, Pomona, was in charge of this social hour. The program included solos by Mrs. Bessie Whitechurch Carter and a lecture by Mrs. Miller again, her subject this time being "Indian Basketry."

The afternoon sessions were open to the public, and were largely attended.

Demand for Public Hearing
Continued

mandamus action to restrain the secretary of state from taking steps to place the charter question on the state ballot. "This will not be done at once," said Mr. Hoyer, "for we have a week or two in which to do it."

The mayor has brought up the question of whether the removed commission has any right to a hearing before the city council. He claims such a hearing should be held before him, as mayor, and gives as his reason that previously the commission had refused to the municipal council, but that inasmuch as all executive powers formerly vested in the council now are vested in the mayor, he is the proper person to conduct such a hearing.

If this should be so, it is pointed out, the mayor would be in the position of removing the board, filing charges therefor, conducting the hearing and rendering a decision.

"What does the mayor think he is running here, an autocracy?" asked one member of the removed commission.

Mayor Says Councils Vote Void
Commenting upon the action of the council last night in accepting the certification of the removed commission as to a sufficiency of names on the petition and instructing the city clerk to so notify the secretary of state, the mayor says it is null and void. "I understand the vote is to be sent to the secretary without my approval

and this renders it of no value," he said.

Mr. McOsker Makes Statement

An interesting episode in connection with the removal of the board by the mayor directly concerns Chairman McOsker. At some time yesterday afternoon, just after he had received his notice of removal, he was called on the telephone by City Solicitor Tierney and asked to come to city hall to sit as chairman of a new board of election commissioners.

"But I have been removed from office," said Mr. McOsker, "how can I serve on a new board?" he asked.

"You are not removed until a successor has been appointed," replied the solicitor.

"I have the notice of removal right in my hand now," answered Mr. McOsker, "and what is plain enough for me, I have been removed." Mr. McOsker then read his removal notice to the solicitor and the conversation ended.

CASES IN THE DISTRICT COURT

Fred McManey was adjudged guilty of larceny in district court this morning by Judge Thomas J. Enright and sentenced to serve one year in the house of correction. The sentence was suspended for six months during which time the defendant is to make restitution. The sentence was given on the case the court said that he had planned to give a six months' sentence for each count, but owing to the fact that the company from which the money was taken, did not wish to press the charges he would let the young man off with three months' sentence on each count.

Thomas A. McCann, charged with the larceny of foodstuffs, through alleged fraudulent methods, was given a five months' sentence to the house of correction. Sentence was suspended for one month.

The case of Frank A. Dooley, charged

Youth Held for Assault With Intent to Kill

MANCHESTER, N. H., Oct. 6.—William H. Coburn, 17, arrested following the shooting of Mrs. Ednae Coburn, his stepmother, three weeks ago, pleaded not guilty in city court here today to a charge of assault with intent to kill, was bound over to the January term of superior court and was remanded to jail without bail. The woman is recovering.

with drunkenness and assault upon an officer was continued to Oct. 13. Geo. Pitts, found guilty of having in his possession obscene pictures, was fined \$100. He was given until Oct. 21 to pay the fine.

Joseph Alphonso was fined \$25 for operating a motor vehicle as to endanger the lives of the public. He was given three weeks to pay same.

2 French Officers Killed in French Syria

CAIRO, Oct. 6.—(By the Associated Press)—Two French officers were killed during an attack on the automobile of Islim Pasha, governor of Hauran, in French Syria, as the governor's party was leaving the capital yesterday, according to a report from reliable sources. Islim Pasha was wounded in the leg and his chauffeur and secretary were injured.

Suit Against State of Vera Cruz

VERA CRUZ, Oct. 6.—Suit has been filed by the Transcontinental Oil Co., against the state of Vera Cruz to test the constitutionality of the recent decree putting into effect taxation of oil production and of the property of oil companies. The company asks an injunction against the decree.

Reinforcements for Mexican Oil Regions

VERA CRUZ, Oct. 6.—The gunboat Zaragoza sailed yesterday for Tuxpan with 500 soldiers to reinforce the federal military in the oil regions, where renewal of rebel activities is reported. Additional reinforcements will leave Sunday on the steamship Nacional.

AT LAST—FAT WOMEN'S DAY IS HERE

By MARGARET ROHR
NEW YORK, Oct. 6.—On lady of the triple chin and 48-inch waist, no more you'll need to roll and pant to suit the public taste. No more you'll need to diet and eschew all fattening fare. Of luscious plus and chocolate cake no more you need beware.

For Mrs. Sears, Elizabeth, the New York president of Women's League, professional and business, has just sent the dictum forth that stout and fat and portly women are much better

RAILROADS FACE BIG CAR SHORTAGE

WASHINGTON, Oct. 6.—The nation's transportation system is threatened with a breakdown as a result of unprecedented activity in the commercial world.

Railroad executives representing eastern and western roads, meeting here yesterday, were confronted with preliminary reports coming to them and to the interstate commerce commission which show that all records

in car loading in every kind of freight will be smashed during the current week. The previous high point in railway transportation was in October of 1920. Reports of increasing car shortage present a problem which the railway world is attempting to solve.

While the government is unable to find a way of stopping the swelling tide of freight, it is frankly admitted that shippers would be doing themselves and the country a favor by playing golf or doing some equally harmless thing for the next two weeks, so the roads could handle the kinds of freight whose transportation is imperative.

Railroad executives are working out plans in conjunction with the car service division of the interstate com-

merce commission. Since the tide of freight is increasing daily, it may be necessary to apply new and more drastic embargoes upon non-essential freight.

The record of loadings for the week ending Sept. 23 was 96 per cent of the greatest loading period, which was in 1920, and the increasing bulk of freight offerings convinces both the government and railroad executives that this week will smash all known records. The total number of cars loaded that week was 973,291, or an increase of 27,372 over the week before.

Old age is comparatively fearless.

LEADER OF BANDIT GANG SENT TO PRISON

BOSTON, Oct. 6.—Frank J. Tartaglia, 15, leader of the Wilmington bandit gang, was sentenced to from four to six years in state's prison, yesterday afternoon, by Judge Franklin T. Hammond, in the superior criminal court, East Cambridge.

Asst. Dist. Atty. James C. Reilly has recommended that Tartaglia be sentenced to the Concord reformatory.

Tartaglia had pleaded guilty to three

counts of breaking and entering, while five other members of the gang had pleaded guilty to three counts of receiving stolen property.

In the cases of four of these defendants, Judge Hammond followed the recommendations of the assistant district attorney, as to sentences.

The cases of James J. McLaughlin, 20, of 247 Bennington street, East Boston, and Sylvanus Cobb, 19, of 290 Chelsea street, East Boston, both inmates of the Concord reformatory at the present time, were placed on file.

Jeremiah Cappello, 21, of 324 Chelsea street, East Boston, was sentenced to six months in the house of correction.

Ralph Cobb, 21, of 290 Chelsea street,

East Boston, was placed on probation for two years.

The case of Frank Tartaglia, father of the youthful gang leader, was continued until today for sentence. In this instance Asst. Dist. Atty. Reilly had recommended probation.

Five Arrested at Haverhill When Police Broke Up Parade of Workers

HAVERHILL, Oct. 6.—The cases of five members of the Shoe Workers Protective union who were arrested last night after the police had tried to disperse a parade of union workers, were continued in district court today and the defendants were held in bail on charges of disturbing peace.

The homes of Sidney Moore and John Alken, both of whom are employed in the J. H. Winchell shoe factory were stoned late last night. The Shoe Workers' Protective union is endeavoring to obtain jurisdiction over operatives in four plants here, most of whom are members of the Boot and Shoe Workers' union and called a walkout of its members in those plants last Wednesday.

FOURTH DEGREE KNIGHTS INSTALL OFFICERS

Installation of the recently elected officers of the Bishop Delany General Assembly, Fourth Degree, Knights of Columbus, took place last night with impressive ceremonies. Hon. Louis Watson of Boston, master of the fourth degree in this district, was the installing officer and he was assisted by his suite. Mr. Watson also made an interesting address. The officers installed were: Arthur J. O'Neil, faithful navigator; John T. Buckley, faithful captain; William H. Gallagher, faithful admiral; Andrew Molloy, faithful pilot; John McQuade, faithful scribe; Frank J. Finnegan, faithful controller; Michael J. Quinn, faithful purser; John J. Flannery, inside sentinel; Eugene Fontaine, outside sentinel; William H. Gallagher and Andrew Molloy, delegates to state convention; Dr. Hugh Walker and Thomas J. O'Donnell, alternates. Votes of thanks were tendered retiring officers. Arrangements were completed by the assembly for its annual communion Sunday at the 8 o'clock mass at St. Michael's church next Sunday. Following the mass there will be a breakfast at Associate building where the members will be addressed by James C. Reilly, assistant district attorney, and an entertainment program carried out. Plans were also made for the Sir Knights' participation in the Columbus day program at St. Peter's church next Thursday morning. Remarks were made by John E. Hart, grand knight; Rev. Francis Mullin, Andrew Molloy, P.E.M., William H. Gallagher, P.E.M., and Thomas J. Geane. A luncheon was served the assembly members following last evening's ceremonies.

COMMENCING SUNDAY AT THE MERRIMACK SQ. THEATRE

THE GREATEST DRAMA OF THE AGE Mae Murray IN "Broadway Rose" NO ADVANCE IN PRICES

It was her Doctor's idea MARY Josephine Murray gained only three-quarters of a pound the first three months she lived in this world. Then her doctor recommended Borden's Eagle Brand Milk. "She commenced to gain at once" Mrs. Murray reports, and six months later she had become a normal, healthy child. On her first birthday she weighed 23 lbs., 5 oz. "Our doctor always speaks of her as a fine, healthy specimen of babyhood" writes Mary's mother. "She is such a good, happy baby and sleeps all night long." Naturally, her doctor's sensible advice as well as her mother's care have contributed largely to Mary's wonderful health, even though her mother feels that she owes it all to Eagle Brand. But many thousands of other mothers have found Eagle Brand the best food for their babies. And a great many doctors recommend it—just as Mary's doctor did—in difficult feeding cases

where the child was underweight or not gaining as it should. A child's health is so largely dependent on its food, that no mother can afford to experiment. Nurse your baby, if you can, of course, but if for any reason mother's milk fails, don't risk foods of which you are not sure. Borden's Eagle Brand Milk has been the standard for a great many years. For it is nothing but milk—pure country milk combined with sugar. It is the natural food when mother's milk is not available. Your grocer has Eagle Brand. You'll find it always pure and uniform.

HAS PURCHASED STORE IN SHERBROOKE

Arthur E. Pelletier of 104 School street, proprietor of Pelletier's infant wear store in Central street, will leave next Wednesday for Sherbrooke, Que., where he will make his home. Mr. Pelletier has purchased the depart-

ment store of Pelletier & Ledoux, in the Canadian city, and will look after the business himself. The Central street store will be continued by his father.

ARTHUR E. PELLETIER

ment store of Pelletier & Ledoux, in the Canadian city, and will look after the business himself. The Central street store will be continued by his father.

Mr. Pelletier is a native of this city and is well and favorably known here. For several years he was engaged in business with his father in Merrimack street and a few years ago he opened the Central street store. Last week he went to Sherbrooke and purchased the Pelletier & Ledoux store, one of the largest establishments of its kind in that city. The store was opened in 1914 by Fortunat Pelletier and Ovide Ledoux, two former Lowell men. In 1917 Mr. Pelletier retired from the business and from that time up to the time of his death last February, Mr. Ledoux conducted the store. The purchase of the store involves about \$35,000.

Mr. Pelletier is a member of Club Lafayette, Club Fleur-de-Lys, the C.M.A.C., Club Citoyens-Américains, Knights of Columbus and other fraternal and social organizations. He was married in Sherbrooke a couple of years ago. His friends wish him success in his new venture.

MATRIMONIAL

Mr. Edward C. Lakin, of North Chelmsford and Miss Bernice A. Leland of this city were married Oct. 4 at the home of the bride's father, Mr. Edison Leland, 224 Vermont avenue. The ceremony was performed by Rev. A. G. Lyon. Miss Mildred Leland, a sister of the bride, acted as maid of honor, while the bridesmaid was Miss Ruth Carter. The best man was Mr. Leroy Lakin, a brother of the groom. After an extended honeymoon trip the couple will make their home at 17 Columbia street.

BEAMERS' UNION MEETING TONIGHT

A meeting of the members of the Beavers' union will be held this evening at 7.30 o'clock in Trades & Labor hall in Central street. The meeting is being called by Organizer Thomas J. Regan of the United Textile Workers

of America, at the request of several members of the organization. The purpose of the meeting is to discuss the advisability of the union returning to the United Textile Workers of America.

It will be remembered that at last Friday's meeting of the Beavers' union the members voted to secede from the U.T.W. of A. Later the president of the union, Walter G. Roche, stated that the union had voted to secede because it did not endorse the manner in which the textile strike in

this city was being conducted. He also stated that the union would remain an independent body for the present, but later it may affiliate with the Amalgamated Textile Workers.

Organizer Regan stated today that last evening several members of the Beavers' union requested him to call a meeting of the union members for this evening for the purpose of discussing the matter and it is expected that another vote will be taken by which the organization will return to the U.T.W. of A.

BENNY SWIM HANGED POST WAR MARVELS

Slayer Put to Death With Two Men Trying Three Times to Do the Job

WOODSTOCK, N. B., Oct. 6.—Benny Swim, convicted murderer, who was temporarily reprieved until a hangman could be found who would spring the trap, was hanged today with two men trying three times to do the job. Swim was convicted of shooting his cousin, Mrs. Orla Swim Trenholme and her husband, Harvey Trenholme, in a "true love act" shooting at Benton Ridge.

He was first ordered hanged on July 15. Pleading insanity, however, he won a reprieve until Sept. 16, but on that date no hangman could be found. Today two men who gave the same fictitious name of "M. A. Doyle" sprung the trap. The first man tried it twice but it failed to work, but the second finally worked it successfully.

JUNIOR TWILIGHT LEAGUE
The pennants for the winning teams in each division of the league are to be presented next Wednesday evening in the boys' rooms at the Y.M.C.A. All members of the league are invited to be present.

Shells and Tractors That Seem to Think for Themselves Demonstrated

WASHINGTON, Oct. 6.—Shells and tractors that seem to think for themselves and other post-war marvels of ordnance development were demonstrated today at the Aberdeen, Maryland, proving grounds in connection with the annual meeting of the Army Ordnance Association and affiliated engineering societies.

Shells with fuses devised to withstand the shock of firing yet withholding their detonation until they touched the cloth of an airplane wing led for honors with equally deft projectiles of 2000 pounds whose fuses wait until 16 inches of armor steel has

Heals Old Sores

Peterson's Ointment

To the millions of people who use Peterson's ointment for piles, eczema, salt rheum, plantar warts, sore feet and chafing, Peterson says: "Tell any sufferer from old sores that it's mighty healing power is wonderful." All druggists, 50c, 60c, \$1, \$2.50, \$5.—Adv.

been penetrated before they explode their destructive charges. The former were developed for destruction of fragile aircraft and the latter for use against battleships and fortifications. Another airplane development will be shown tonight when fuses will be dropped having sufficient power to light a whole field of action below for six or seven minutes with a glare equivalent to that of 10,000 ordinary electric bulbs.

A reconnaissance tractor carrying a crew of two, designed to maintain 12 miles an hour in rough country and across any stream with its boat-shaped body and screw propeller attracted considerable attention. Self-propelled ammunition carts capable of supplying front lines where no roads are available and the application of the radio telephone to tank warfare and improvements in anti-tank guns also were demonstrated.

ARISTOCRACY OF BRAINS

The proposition to establish an aristocracy of education will not get very far in this country. We all remember the simile drawn by Addison where he compares education to the art of sculpture that produces a statue from a block of marble. The statue lies hidden in the block, the sculptor only finds it. So he says, statesmen, the scholar or the poet may be concealed in the plebeian and can be revealed only through the process of education.

To come down to examples more familiar, it frequently happens that a man who works in the city sewers has much greater natural endowments than some who have had all the advantages of education and special training. Some of our college presidents would restrict the higher education to those who are so gifted as to make rapid progress and apply their education effectively afterwards. That would be very well for the favored ones, but the educators know quite well that it is impossible to determine just what young man will benefit most by a college education or "who has brains" and who has not.

It will be remembered that some of the most noted men in history were dull students at school. Very often it happens that a youth endowed with rare talent in one direction, seems very obtuse in others. That has been the case with men of genius in all ages. It is well remembered, also, that it is not always the most brilliant students who are the most successful in after life. The school men would have all the students move forward on the lock-step plan; but it is not practical, because no two individuals have equal capacity for learning. The higher institutions of learning must be left open to all comers and those who cannot imbibe instruction will soon drop out. The experience will reveal to them the fact that their intellectual endowments are not of the kind required by men who enter the learned professions. Thus they will find their intellectual level by the natural process of elimination and only the fit will remain; but to attempt to separate the wheat from the chaff in any other way, would be preposterous. Every man has a right to avail of the opportunities of education and to remain at college just as long as he pays his way. None of the colleges and universities are working for charity, and the charges in some are so high that only people of means can enter. That is a sort of discrimination that militates against the most talented students who do not happen to have the necessary funds. In a land where education is supposed to be as free as air, it is a strange thing for any man to claim that too many men are going to college, and that the institutions of higher learning should be confined to the "aristocracy of brains."

If natural endowments could be measured or weighed on entrance so that each student could be justly rated, then the remark of the president of Dartmouth might have some practical value. But as every student has a right to avail of all the opportunities for self-advancement, the doors of colleges must remain open alike to all who can pass the entrance examinations. If there is to be any aristocracy of brains in this country it must be held open to all aspirants and won only by the deserving, just as places are won in the halls of fame.

OUR ENTHUSIASTIC P. M. G.

Some of the press notices emanating from the headquarters of Postmaster General Hubert Work in Washington are so fascinating and readable, that we do not wonder why so many newspaper editors print some of these effusions in their entirety.

A Boston contemporary has a column story from Mr. Work's office, which calls for comment from many other circles. Mr. Work is one of the most prolific "ready letter-writers" and outdistances his predecessors in this respect. Just now, with probably nothing else to do for the moment, Mr. Work is busily circulating information about blue-print plans for a cross-continental air mail service, which he predicts will cover the land regularly every 23 hours.

Considering the tremendous cost of the present small air service equipment and its failure every now and then, increasing the general expense, it would seem as if Mr. Work had better bend his energies for the present toward invigorating the regular mail service of the country.

There is much yet to be done before the land mail distributing service reaches the highest mark of efficiency. To be sure, the service has been vastly improved over that of former years, but it is by no means perfect, nor will it be if government officials in Washington continue to play with uncertain machinery for the transmission of the mail.

The service has not yet reached that high level promised some time ago, and the postoffice authorities in Washington ought not to have any difficulty in finding work enough to do with the system as it exists at the present time.

The air mail service will never be successful and will never even pay its own way, until riding through space is made much safer and more reliable than it is today.

THE KU KLUX KLAN

The cardinal principles of the Ku Klux Klan are bigotry, sectionalism and intolerance; and its religion, if it has any, is one of insane hatred. All these qualities are wrapped in cabalistic symbolism and misnamed patriotism. The Imperial Klondike and the Chief Klondike deal out imprecations upon the denominations they oppose, and represent themselves as the sole defenders and the highest exemplars of true Americanism. It would be well to look up what some of these cowardly cut-throats were doing during the Civil war. No true American could

belong to an organization that would substitute the martyrdom of tar and feather coating for the courts of law. We have had societies of the same kind under different names in the past; but in due time they disappeared and left but malodorous memories behind.

This religious fanaticism breaks out about once every twenty-five years and spreads like a plague until the members begin to see through its absurd iniquities and realize what fools they made of themselves. Then the whole delusion is dispelled and the wild phantasies of diseased minds vanish like fog before the morning sun. The Ku Klux Klan will run its course. The influences behind it and in it are the same as were active in the other societies that embarked on similar crusades.

UPHOLDS WAGE ORDER

The order of the Kansas Industrial court for a minimum wage of \$11 a week of 19 1/2 hours for women in Kansas factories and laundries has been upheld in every particular by Judge George H. Whitcomb of the Shawnee county district court. All efforts to break down the minimum wage for women workers and children in industry, were defeated as a whole. Any attempt to break down minimum wage laws and lengthen hours for the weaker forces in the industrial lines, deserves defeat, as was the case in Kansas last week.

This decision was the first the state has been able to obtain under the minimum wage laws and the powers of the industrial court to fix wages and hours for women workers. Previous litigation was clouded by technicalities thrown into the case by those who desired a clean-slate settlement of the case. This has come at last. Now the methods used by other states, including Massachusetts, in taking care of women and children who labor, will be inquired into, so that other improvements may be provided for under the Kansas law.

It seems that women wield a strong influence in Kansas; but the minimum wage of \$11 is not sufficient to support any woman who has no relatives to depend upon.

AMERICANS IN THE EAST

The world is not surprised now to read of the tremendous tasks performed by the United States and its people in the Smyrna relief problems. Americans appeared to be almost everywhere in the stricken region, providing food, clothing, fuel or transportation to safe places, and also taking care of the sick and injured. Nothing like it has been seen before in a long time. One dispatch announces that "Americans aided 31,000 refugees crazed by hunger, who were throwing themselves into the sea." Another states that "Americans are trying to take care of 150,000 people, with more expected." Relief workers all through the stricken zones were headed by Americans, as a rule.

There is nothing very strange about the presence of Americans in Turkish waters. They simply had to be there when there was work to do, and everybody knows what has been done since the Turks swept through the Greek city and laid it in ruins. Luckily, we have more Americans and more American food supplies already on the way to carry on the noble work.

BANKERS IN SESSION

The 45th annual convention of the American Bankers' association has enough important matters listed on its annual program to extend the convention period another week if it wanted to. With more than 7,000 delegates present, all may sooner or later be expected to take part in such discussions as national and international home and foreign finances, strikes, the future of labor unions, agriculture and the promotion of thrift. These are to be the chief topics for discussion. It looks like a program that will require something more than ordinary debate. There ought to be a forum for some of these interesting subjects. Then the newspapers would perhaps print more about the convention proceedings, which are sure to be of live interest anyhow to bankers and business men in general.

CROSSING ACCIDENTS INCREASE

In spite of the greatest campaign against railroad highway crossing accidents ever conducted by the Pennsylvania railroad, these accidents increased by 30 per cent over last year's figures, during June, July and August. During those three months there were 107 crossing accidents in which 21 persons were killed and 115 injured. What was true of the Pennsylvania road in this respect is also true of many of the other railroads throughout the country. It is due to the increase in the number of automobiles and the continued recklessness and incompetence of drivers.

VENIZELLOS PLEADS IN VAIN

King Constantine through mismanagement brought humiliation upon Greece and caused her to lose the territory that Venizelos won for her through his wise statesmanship. It is too late now to have Venizelos plead for the retention of Thrace, which is to be turned over to Turkey as one of the conditions by which the Turk can be pacified.

The Boston chamber of commerce sends out a notice relative to an alleged convention of editors to meet in Boston, October 25 to 28. The chamber refers to a movement to raise funds for the entertainment of the visitors; but asserts that the Boston editors don't know anything of the proposed convention. One would suppose that the editors would be the very last body of men any fair body would think of using in a fraudulent game.

It would be a fine thing if experts in handwriting could take this petition

for Plinn B and detect some of the forgers as to show where the guilt lies. It is not entirely new to defeat a referendum petition by forged signatures. There is reason to believe that it was done once before under somewhat similar conditions.

It seems that the campaign against the censorship of moving pictures is the only one that is being conducted with skill and ceaseless energy. Brigadier General Charles H. Cole is now heading this campaign in Massachusetts.

Even the rat catchers of Boston are on strike and while the cat's away the mice, or more properly the rats, can play. It is said that continual efforts are necessary to prevent the rodents from becoming an actual menace.

Waste paper is now in great demand for the new material in the various paper mills. Most householders want to keep what they have for lighting wood fires pending the change to coal fires.

It would seem that the stormy petrel is roosting at city hall.

SEEN AND HEARD

Don't get those bakers' and bankers' conventions mixed up, that is, in the convention reports.

Prohibition on the high seas is largely a question of how much extra money you have on the first trip over.

And matrimony is sometimes a lengthy sentence with too many words in it.

Perhaps Thomas has gone back to beat those still frenzied financiers in their Wall street nests.

Wonder what some of those New Yorkers who are now catering to royalty would do if another war should start?

Melons, endives, limes and avocados are now on the market for the home states. How do you like your avocados, fried or boiled?

There're still selling those nice bright red and black and red-striped outing shirts for the fall game gun-toters. Bought your hunter's target yet?

Two members of one of the New York baseball teams were actually seen in Gotham. Why try to crowd the victors any farther when all admit New York is home to those who win.

Very Quizzical Bird

What a queer bird the frog are. When he sits he stands almost. When he hops he flies almost. He can't get on his hands hardly. He can't get on his feet hardly either. He sits on what he can't get on, almost. (Composition by a foreigner in a Chicago night school.)

A Thought

Go, bury thy sorrow, the world hath its share; Go bury it deeply, go hide it with care. Hearts growing a-weary with heavier woes Now drop 'mid the darkness; go, comfort them, sol.

—HARRIET B. STOWE.

The Land of Today

In the land of the banana, where the natives say, "Manana," they may bask in richer sunshine than will fall upon my way. But whatever sky has shown me, I'm glad that fate has thrown me in the hills of old New England where the watchword is, "Today!"

—CLARIBEL WEEKS AVERY.

Today's Word

Today's word is arisen. It's pronounced kri-sen, accent on the first syllable and both the i and the e long. It is the plural of crisis, which means the decisive moment or turning point. It comes from the Latin, though originally taken from the Greek, "to separate." It's used like this: "Many crises arose which called for quick action by President Lincoln."

Duck Measurement

A man on horseback, approaching a river which he did not know, asked a youngster playing on the bank if the water were deep. "No," said the boy, and the rider went into the river, only to find that it was exceedingly deep and that he and his horse had to swim for their lives. When he managed to struggle ashore he turned furiously to the boy and said: "I thought you said it wasn't deep!" "I didn't think it was," was the reply. "It only takes grandfather's ducks up to their middles."

And That Was All

A soldier just managed to make his train jumping on after it started. A man seated in the car undertook to be funny at the young man's expense by referring to his pipe. "Young man," he said, "allow me to inform you that out of ten cases of men suffering with paralysis of the tongue, nine are due to smoking." "Maybe," replied the soldier, "and allow me to inform you that out of ten cases of people with broken noses, nine are caused by the habit of meddling with the business of other folks."

The Strangers

It was the usual scene in an "L" train during the rush hour and a chivalrous man got up and offered his seat to a lady. One of the strangers turned to a friend, who was standing by him, and said: "Do you know, I've been riding in these trains for nearly 10 years, and I've never given up my seat to a lady yet." The friend was a radiant fellow. "Well, that's surely not much to boast about," he said, severely. "You would have done just the same," retorted the first. "O, no, I shouldn't. I should have given up my seat like a gentleman." "No, you wouldn't," said his friend, swaying toward him. "You see, the fact is, I've never had a seat!"

A Portrait

His eyes can be quite old and stern. But I have often watched them yearn over an animal in pain. And I have seen him through the rain Carry young brims into the fold. If a September night turn cold He leaves his sleep, and in the gloom Covers the bushes that might bloom. The first young bud will show to him; For in the spring I see him kneel Upon the right earth, and feel No glistering rim of frost defies His instinct for arbutus flowers. He sings, during his working hours, In a mournful voice, a wailing song, And swears the laughing work along. To the delighted earth he brings Abounding love of living things. So when he climbs the slopes to meet The rising sun, they kiss his feet! —MILDRED WESTON, in "Poetry" Magazine for May.

18 BILLIONS IN GOLD

875,000,000 Fine Ounces

Produced Since Columbus Discovered America

WASHINGTON, Oct. 6.—Since Columbus discovered America, the world has produced 875,000,000 fine ounces of gold valued at \$15,000,000,000. It was estimated today by the commerce department.

About \$5,000,000,000 of this world gold production, the department declared, are in circulation as money or in banks and public treasuries—\$2,000,000,000 in the United States treasury—while the other \$10,000,000,000 has been used in the industrial arts, or has disappeared in the 430 years since the keeping of accurate gold statistics began.

COTTON MANUFACTURERS ARE OPTIMISTIC

The general market improvement in the cotton goods market is clearly reflected in the conversations and sentiments expressed at the convention of the National Association of Cotton Manufacturers now in progress in Atlantic City.

Noted mill men give it as their private opinion that prices on most goods are due to go higher, although limitations by conditions are recognized. Reports from the convention show that confidence is general regarding the future of business. Talked with factors in the plain cotton yard goods market make plain the disappointment at the lack of response by goods in this category to the market improvement, however. Combed yarns and similar goods, it is pointed out, while considered stronger, have not enjoyed any advances in price, as has been true in coarser yarn goods.

Several important millmen at the convention say they do not look for any pyrotechnics in cotton, adding they would not sell goods ahead without covering on raw material at the same time.

In its report of the Atlantic City convention yesterday, the Daily News Record yesterday contained a despatch giving in detail the tentative program for research work in the cotton industry, among the signers of this report is Albert D. Milliken, chairman, on behalf of the research committee. President S. Blanchard declared that serious competition that must be expected from other countries necessitates the redoubling of research efforts. The program outlined for this work is as follows: "Arrangements have been made for the use of a good laboratory and equipment by the research department of the association, and at the coming meeting of the research committee a program will be outlined. It is hoped that with the co-operation of a number of mills in the association, problems of mutual interest will be jointly studied, under practical conditions and under the general direction of Russell T. Fisher, formerly with the bureau of standards, and who is now established at the headquarters of the association as assistant secretary in charge of research.

"It is felt that with the laboratory facilities referred to we shall be able to check and compare results and arrive at conclusions which will be helpful to members of the association. In view of the serious competition with which we are faced and the very large and fundamental way in which research is being undertaken elsewhere, especially in Great Britain, it is hoped that members of the National Association of Cotton Manufacturers will all co-operate heartily to make the research work a success.

"Respectfully submitted, "President S. Blanchard, chairman; Albert D. Milliken, Harry L. Bailey, Morgan Butler, Edward W. Callahan, James E. Coburn, W. O. Jellome, John A. Perkins, Albert R. Pierce, P. A. Reid and William E. Winchester. Research committee."

TOOK PHOTOGRAPHS OF FORTIFICATIONS

TOKIO, Oct. 5. (By the Associated Press).—Richard M. Andrews, arrested following the search of his residence by the police, is suspected of having taken photographs of the fortification of Yokosuka, according to information received here.

The home of Andrews, who is one of the prominent American residents of Japan, was searched and he was charged with operating a motor boat without a license. He was later taken to court where he was subjected to a secret examination. One of those who directed the search of his residence told him the charges against him were in reality a criminal one. Cameras and photographs were taken by the searchers.

The police apparently believe Andrews took the photographs while making a trial trip in his motor boat. Andrews denied having photographed the fortifications. It is said that he is charged with having taken the photographs in conjunction with Japanese confederates.

MOVE TO KEEP COAL AT \$14.50 A TON

TRENTON, N. J., Oct. 6.—In an effort to keep coal at \$14.50 a ton in New Jersey, Gov. Edwards today asked the Pennsylvania coal commission to insist on its rule that not more than \$8.50 a ton be charged for household coal at the mines.

Gov. Miller of New York and other executives of eastern states will follow, it was announced. "It is a serious situation," declared Gov. Edwards, "because some of the independent operators have been asking \$14.50 at the mines. Many of our dealers are depending upon the independent mines for their supply."

The fine old-fashioned diplomats who brought about the war, Who brewed the European mess which we are paying for; Who caused some twenty million deaths, who plunged the world in flames—With just the same old box of tricks play just the same old game. We thought the war had freed us from the ugly Moslem pack, But the diplomats got busy—and now the Turk is back!

COURT ST. ANTOINE C. O. F. MEETING

A largely attended meeting of Court St. Antoine, C.O.F., was held last evening in C.M.A.C. hall in Pawtucket street. Several new members were initiated into the business was transacted and a feature of the meeting was the installation of the recently elected officers.

Deputy High Chief Ranger Louis Tasso and his suite of Haverhill, officiated at the installation, and those inducted into office were as follows: Onesimo Tremblay, chief ranger; Eugene Trudel, vice chief ranger; J. N. Gregoire, past chief ranger; Arthur N. Boudreau, recording secretary; Joseph Magras, financial secretary; Hildego Genereux, treasurer; J. H. Gregoire, orator; Armand Beauchemin, Eusebe Asselin and Armand Letour, trustees; Joseph Giguere and A. J. Perron, conductors and sick wardens; Albert Monro and Wilfrid Roy, sentinels.

Present at the meeting was Vice High Chief Ranger Simon Vigor of Lawrence, who spoke at length on the welfare of the order. At the close of the business session a social hour was enjoyed, during which entertainment numbers were given, and refreshments were served.

It was announced that the annual high mass of requiem for the deceased

Berton Braley's Daily Poem DIPLOMACY

When Armageddon ended, we sighed, "The Turk is through. We've driven out of Europe that bloody-handed crew. Whose massacres and slaughters once sickened all the world. The ancient Moslem menace afar from us is hurled! No longer shall our history with Turkish deeds be black." But—the diplomats got busy, and now the Turk is back!

The fine old-fashioned diplomats who brought about the war, Who brewed the European mess which we are paying for; Who caused some twenty million deaths, who plunged the world in flames—With just the same old box of tricks play just the same old game. We thought the war had freed us from the ugly Moslem pack, But the diplomats got busy—and now the Turk is back!

The diplomats, they never learn, they never seem to change, They play the same old chessmen which they shift and rearrange. They scheme and plot and gamble with the destinies of men, And when they've ruined half the world they start to plot again. Suave and sly and smooth of speech, they're ruled by outworn rules, They look like learned gentlemen but act like knaves and fools. Lord save us from the diplomats, there's woe along their track, The clever, stupid diplomats who brought the Moslem back!

(Copyright Lowell Sun, 1923)

members will be held at St. Jean Baptiste church next Thursday at 8 have developed another growth under the spell of a fair and warm Indian summer. Some growers today are offering the berries at 20 cents a quart body.

SECOND CROP OF STRAWBERRIES

CHICAGO, Oct. 6.—Chicago is enjoying its second crop of native strawberries.

Dr. Wilfred Post of Princeton, in charge of medical work for the Near East Relief, stayed in burning Smyrna, administering relief until the flames drove him and his family from the city.

Some Things We Can Do

Our desire is to see how much—not how little—we can give our customers for their money.

Don't interpret this as a burst of philanthropy. It isn't. It's plain, common-sense business, because a satisfied customer is the best possible advertisement.

Every telephone becomes a part of the universal Bell System the moment it is installed. The service that may be afforded a patron, however, is largely dependent upon his knowledge of the telephone's varied possibilities. We can suggest some of these, leaving to him the privilege of availing himself of them.

Does he know how to make an Emergency Fire or Police Call?

Does he know what we are glad to do in the way of emergency installations in cases of quarantined illness?

Does he know the economics of Station-to-Station Calls as distinguished from other toll calls?

Does he know what we will do to help forward an urgent message relative to sickness or death?

Does he know we will try to get a message to a subscriber whose full address is unknown to him?

Does he know what our Public Station service can do in reaching non-subscribers by messenger?

If, perchance, the reader does not know of these and other possibilities, I wish he would pay me a visit. I may be able to make the telephone much more valuable to him, and perhaps without one cent of additional cost.

C. J. LEATHERS, Manager.

GALLI-CURCI CONCERT THIS EVENING

Madame Galli-Curci arrived in this city last night and took up quarters at the New American House, where she will remain until after her concert in the Memorial Auditorium tonight. She came here from Albany, N. Y., and was met at Ayer by the local manager of her concert. With the singer were her husband, Homer Samuels, her manager, Lawrence Evans, Manuel Berenguer, flutist, and her maid.

The diva will remain in Lowell until tomorrow afternoon when she will go to Boston to prepare for a concert there Sunday afternoon. In order to have the concert go as smoothly as possible the management has requested that all holders of tickets be in their seats before 8 o'clock. The doors will open at 8:45 o'clock.

Attention is called to the fact that all seats are numbered with the aisle to be used and the public is requested to use the proper entrance. The temporary stage seats and extra chairs are not reserved. They contain numbers but are not reserved. First come, first served. Holders of tickets marked "gallery" are asked to remember that the gallery is at the rear part of the stage, the place occupied by the Lowell Choral society on the night of the dedication.

CENTRALVILLE SOCIAL CLUB ENTERTAINS

The whist and social conducted last evening by the Centralville Social club was a big success. The affair was conducted in the assembly hall of the club in West Sixth street and was attended by over 100 people. In the early part of the evening whist was played and at the close of the game suitable prizes were awarded the winners.

The evening's program was in charge of Emilie Galarneau and those who took part in the entertainment were Miss Alice Levy, Miss Gertrude Grepe, piano selections; Miss Georgianna Grepe, vocal selections; Miss Blanche Levy, Miss Agnes Grepe, violin selections; Henri Chandonnet, comic songs. The judges at whist, who also acted as scorers were Misses Bernadette Nadeau, M. Grandin, J. Dugas and A. Glonet.

During the evening a miniature mid-way was conducted in the lower hall of the building and this part of the affair helped materially to swell the receipts of the event. The committee in charge consisted of Virgil Levy, chairman; Henri Chandonnet, W. Chamberland, Henri Cayer and Joseph Nadeau.

NEW TARIFF LAW PLEASES THE SOUTH

WASHINGTON, Oct. 6.—The Southern Tariff association met here today to give public expression to the gratification of the south for the new tariff law which includes most of the products of that section on the tariff lists. An announcement of the purpose of the two-day meeting by John Kirby of Texas, the organization's president, characterized the convention as a "victory congress" commemorating the "fair and generous treatment" accorded the southern products. The new sections in the tariff act, he stated, had been the salvation of southern industries generally and added that the 60 industries and more than 6000 banks affiliated with the association desired the country to know of their appreciation of the work of congress.

SPECIAL SESSION OF PROBATE COURT

A special session of the probate court was held at the courthouse in Gorham street this morning with Justice John C. Leggett on the bench. Several wills including that of Thomas P. Green, of this city, were allowed and the administration petition of Agnes Cassidy was granted.

The following divorce cases were heard: Mildred E. Greenhalge vs. Leonard Greenhalge; Lyndon Felling vs. Ada G. Felling; Emergentino Riley vs. Edwin P. Riley; Charles E. Beauhieu vs. Marie E. Beauhieu; Dorothy Prescott vs. Arthur C. Prescott.

LUNENBURG SCHOONERS IN TRIAL SPINS

HALIFAX, N. S., Oct. 6.—The Bluenose, Mahaska and Margaret K. Smith, the three Lunenburg entries for the Nova Scotia fishing schooner championships took to the harbor for trial spins again today, after freshening up a little yesterday. The Laine entry, Canadian, ran into calms while sailing for Halifax and is expected to appear today.

The three schooners had a long trial in light winds yesterday but their work gave promise of fast, well sailed races on Saturday and Monday.

Forging Ahead

We take a firm stand in the belief that our duty to the many friends and customers we have had the pleasure of having dealings with in the past and at the present time, lies not in the plan of merely selling furniture, but in a more wider sense, the important task of being looked up to as a prominent builder and maker of genuine American Homes.

To bear this in mind and differentiate between the two courses of business which are always open; thinking of us in the latter sense as interpreted this will give you a true insight to the genuine thoughts behind the policies of this business.

This Organization has been forging ahead year after year—not alone because our values have been worth while seeking, but because OUR SERVICE, in the guise of practical information, has enabled many a young couple to start housekeeping on the right plan without any costly experimenting. In announcing this Fall Showing, our desire is two-fold; first, to have you acquainted with the very newest of Furniture which is now being shown; secondly, to have you take advantage of this Fall selling and avail yourself of the numerous dainty items which you are sure to want very shortly.

Come in any time at your leisure—your inspection is invited.

TURKS REFUSE U. S. CONSUL RECOGNITION

SMYRNA, Oct. 6 (By the Associated Press).—The exact status of the American consul general here will come before the national assembly at Ankara this week for discussion. It has been a matter of increasing importance for the last 10 days, owing to the desire of the consular officers to visit the Turkish prison camps to ascertain whether any American citizens are among the Greek civilians rounded up in Smyrna and its vicinity.

At least 50 of such alleged cases have been reported to the consulate or the relief committee, and it is important that the complaints be found before their deportation into the interior, where they would be extremely difficult to trace. The question at issue is whether the American consular officials previously accredited to the Greek regime shall automatically assume a similar position to the new government. It was hoped that the Turkish nationalists would concede this as a temporary working basis, but thus far the local authorities have declined to recognize the consulate general officially, stating they must have a ruling from the Ankara cabinet.

The 56 Americans said to be confined in Turkish prison camps are virtually all naturalized citizens, whose exact status in most cases will require considerable investigation.

DOUGHNUTS

By BERTHA E. SHAPLEIGH
Of Columbia University

1½ cups sugar
2 tablespoons butter
2 eggs
1 cup sweet milk
2 cups flour
1 teaspoon soda
1 teaspoon cream tartar
1 teaspoon salt
1 teaspoon nutmeg

Beat together the sugar, butter and eggs. Add milk and flour sifted with soda, cream tartar, salt and nutmeg. Mix thoroughly, and add from one-half to one cup flour or sufficient flour to make a stiff dough which will drop from the spoon.

Place in ice box or in a cold place over night or for several hours. Roll, cut and fry.

Many cooks find it difficult to make doughnuts which, if they keep their shape when cut, are too stiff. The housekeeper who gives this recipe makes the best tasting and best keeping doughnuts the writer has ever eaten. She attributes her success to the small amount of flour used and the standing for a long enough time to make it possible to handle a soft dough.

COAL TEAMSTERS' UNION

Thirty-five candidates were initiated at a recent meeting of the Coal Teamsters' union and the organization voted the sum of \$100 for the relief of the local textile strikers. Routine business was transacted and it was announced that the nomination of officers will take place at the next meeting.

ERMINE AND VELVET

A short coat of ermine, with wide, flowing sleeves is worn with a black velvet skirt with ermine tails outlining the pocket. This makes an unusually quaint and picturesque costume.

THE MIZPAH CLASS

The Mizpah class of the Chelmsford Street Baptist church held its regular monthly meeting Wednesday evening at the home of Mrs. Fred Patrie, 43 Crescent street. Mrs. James Dwyer assisted in entertaining. The following officers were elected for the year: President, Miss Adeline Soper; vice-president, Mrs. Rita Watson; secretary, Mrs. Laura Taylor; treasurer, Mrs. Elizabeth Robinson; chairman of the membership committee, Mrs. A. H. Clark; flower committee, Mrs. Rita Watson; press committee, Mrs. Sylvia Bishop.

AMUSEMENT NOTES

By the Theatre's Own Press Agents.
H. F. KETTER'S THEATRE
Nothing better in the way of vaudeville has been shown here in a long time than the two headline acts of the present week. Al and Fanny Steadman in their humorous "Planocapers" and the Beaumont Sisters in their songs of 25 years ago are rated as among the very best of popular attractions. The monolog of Joseph K. Watson is a laugh-maker of the very first calibre, while the fifty little sketch of Lawrie & Norton is one of the season's latest novelties. Piano and vocal music by Olga and Alan Parado takes a high place on the bill.

HUNTER KILLED IN FACE OF BAN IN MAINE

DOVER-FOXBOROFT, Me., Oct. 6.—Charles M. Hill, Willimantic farmer and lumberman, was shot and instantly killed when hunting near Ellsworth yesterday by Charles Patten of Bar Harbor, who mistook Hill for a deer. The bullet entered the neck.

Hill and Patten were members of a party of five men in camp for a week's hunting, the other members of the party being Pearl Skillings of Dexter, Lyman Severance and Lyle Howard of Milo.

Yesterday morning the men, unaware of Governor Baxter's proclamation of Wednesday, making a closed game season because of forest fires, left camp and separated, agreeing to come together at the noon hour. Hill and Patten were closing in toward the agreed meeting place when Patten fired the fatal shot.

The victim of Maine's second fatal shooting since the hunting season opened Monday, has been prominent in affairs in Willimantic, being chairman of the board of selectmen.

Sheriff Rufus M. Mcomber of Guilford and Deputy Sheriff Amos Delano arrested Patten, who will be given a hearing here today or Saturday charged with carelessness and negligently taking a human life while in pursuit of wild game, the charge being brought under the special Maine hunting statute.

Patten is caretaker on a summer estate in Bar Harbor.

place on the bill, and La Pillarica trio of Spanish court dancers are sensational features. Ross & Ross instrumentalists, also make a splendid showing on the bill.

Good musical comedy is always highly entertaining. That's the one big reason why Tommy Levee and P. Q. Murray's big musical comedy success, "Oh! D. D. D.," company, which is to open the season at the Opera House next week, should prove a real attraction to the lovers of good entertainment hereabouts. Owner Schaack has been able to back his company with the road attractions procurable and his opening is a ten strike. The coming attraction has a beauty chorus of Broadway beauties—the young and clever girls who have made their mark in big road shows of the recent past—as well as a set of clever comedians, a cut-throat of social scenery, and an extensive and handsome wardrobe. The first performance will be given Monday night, and twice daily thereafter. The tickets are now selling, and it's advisable to secure your reservations at once and avoid possible disappointment. Get in on the first performance. The prices are for the matinees 15, 25 and 35 cents, and for nights 25, 35 and 50 cents, with a few reserved seats at 75 cents. The tickets may be procured at the Central street box office.

HARVEST SUPPER AT HIGHLAND CHURCH

The harvest season was opened socially last night by the Highland Congregational church with their annual harvest supper. The Ladies' Church Aid society, under the direction of Mrs. H. H. H. and Mrs. Pratt, served supper at 6:15 o'clock and this was followed by a delightful entertainment in charge of Miss Marion Bradley.

The entertainment was in the form of a series of tableaux in which about a dozen members of the church appeared. The first was an illustrated reading entitled "Wanted a Wife" and was quite humorous. Those who participated were Alice Ingham, Carl Marshall, Marion McMaster and Robert McMaster. The second consisted of a number of confounding operations on a sick man. Those who took part were Marion McMaster, Lettie McMaster, Pearl Ealy and Robert Trinker. The third tableau was a series of reflections on the rainy season of 1922 and dealt on rheumatism. Robert Trinker, Elwood Peters, Lettie McMaster, Alice Ingham and Marion Willson took part.

The final tableau was entitled "Too Much Company" and concerned a pretty high school girl who had so many callers she didn't know what to do with them. Those who took part were Marion McMaster, Elwood Peters, Robert Trinker, Charles Emerson and Samuel McMaster.

ANOTHER HEARING ON MINIMUM WAGE LAW

The following letter, which has to do with a further hearing on the minimum wage law by the state commission on unemployment and minimum wage, was received yesterday by Frank N. Stimpson, secretary of the Trades & Labor council:

Dear Sir: A further public hearing will be given by the above commission on the subject of the minimum wage law, and its operation in Massachusetts, in room 370, State House, Boston, on Wednesday, Oct. 11, at 10 a. m.

As the former hearing was confined almost entirely to hearing those who favored the minimum wage law, an opportunity will be given at the second hearing to those opposed to the law.

However, if time remains, the commission will be glad to hear from any who favor the law and who wish to be heard further on the subject.

Will you kindly see that notice of the hearing is brought to the attention of such of your local branches as may be interested.

Very truly yours,
JOHN D. WRIGHT,
Secretary.

DISCUSS TEXTILE SCHOOL ATHLETICS

A routing meeting in the interest of athletics was held by the students of Lowell Textile school in Southwick hall yesterday afternoon. Coach Arthur Ball of the football team and Lester H. Cushing, faculty manager of athletics, spoke on the prospects of this year's eleven.

The entire student body was in attendance and the meeting opened with a number of cheers under the direction of Cheer Leader Philip Cannell. Faculty Manager Cushing was the first to speak and he introduced the new coach. During the course of Mr. Ball's talk he told of his experiences with other football teams, told of the prospects of Lowell Text's team this year, and asked for the whole-hearted support of the student body during the present grid season.

WOMEN PASTORS PROHIBITED
SYDNEY, N. S. W., Oct. 4.—The prospect of women preachers occupying pulpits in many New South Wales churches has arisen as the result of a proposal, which is to come before the next Anglican provincial synod, that women be permitted to conduct church services under certain conditions.

The proposed ordinance suggests that the archbishop or bishop of a diocese may issue a license to a deaconess to perform any of the following duties: to prepare candidates for baptism and confirmation; in church, in the absence of the pastor, to read morning and evening prayer and the litany, except such portions as are assigned to the priest only and to instruct and to exhort the congregation and to conduct services for women and children.

PURPLE VELVET

A high close-fitting choker collar and long, tight sleeves distinguish a gown of purple velvet from the less conservative models. Exquisite hip drapery is the only attempt at ornamentation.

HERE'S FIRST RUN SCORED IN WORLD SERIES OPENING GAME
Picture shows the high point of excitement in the sixth inning when Dugan of the Yankees crossed the plate with the first run of the 1922 world series on Babe Ruth's double. Dugan at extreme right, scoring; Catcher Snyder of the Giants at his left. At extreme left is Umpire Klem, and behind him is Pipp of the Yankees, next to bat. In the background is Eddie Bennett, mascot of the Yankees.

HERE IS HOW THE BIG LEAGUERS RELAX

Giants Beguile Idle Hour at Pinochle

LEFT TO RIGHT: KING, WENDELL, LUCAS, (STANDING), CUNNINGHAM, GHOSH (STANDING), GASTON, MEUSEL

Sharpening their wits and improving their team work go right on, on the part both of the New York Yankees and the Giants, the contending teams for the world's baseball championship, as well during "bumming hours" as when the players are on the diamond. This photograph of a group in the Giants' clubhouse looks like the last word in sporty poker—with Cunningham down to his cap—but it isn't. And while the Giants are tending to a morning pinochle game on one of their home days, the Yanks are off-etting it with a bridge evening in a hotel room in some town they happen to be playing in. Don't run to poker. Neither team runs to poker. The men crave something brainier and more exciting. The members of a big league ball team, when on friendly terms among themselves, like the Yanks and the Giants, "hook" pretty much together. They find more fun in their own clubhouse when at home or in the hotel apartment of some one of their number if they're traveling, than they're able to discover elsewhere. A bit of lunch, a deck of cards on the table, a bunch of good kickers around and everything's set for a happy hour. Outsiders are barred, no if Wendell wants to be "all horse" and if Heine Groh prefers to appear in his loose-leaf underwear, or if Scotty, of the Yanks, feels like wearing his pajamas, each one of them is perfectly free to consult his own fancy and nobody else's. Gambling is strictly taboo. The players favor the anti-gambling rule as well as the managers, for gambling often leads to personal feuds and personal feuds in baseball clubs seldom lead to world series money.

ALL READY FOR SEASON OPENING

Following three weeks of constant training in the country, the St. John's prep team is prepared to open the season of 1922. The first meeting will be with Danvers H. S. tomorrow. The meet which was scheduled for Thanksgiving day between St. John's Prep and St. John's high at Haverhill has been cancelled. This leaves an open date for St. John's. James Crawford of Norwich, Conn., will act as manager of the team for this season. The schedule for 1922 is as follows: Oct. 6—Danvers H. S. at St. John's prep. 20—Wakefield H. S. at St. John's prep. 27—St. John's prep at Andover. Nov. 3—Arlington H. S. at St. John's prep. 10—Essex County C. C. run at Ipswich. 12—Bridgewater Tech at St. John's prep. 19—Open.

SECOND GAME REAL THRILLER

Wild Scenes Following Calling of Game in Tenth With Teams Tied 3 to 3

Crowd Hoots Umpires and Landis—Entire Gate Receipts Go to Charity

Today's Game Ruled Number 3 With Giants "At Home" as in First Game

NEW YORK, Oct. 6. (By the Associated Press.)—Giants and Yankees, having attempted to appease thousands of fans who weren't a whit satisfied when the second world series game was called by umpires in the tenth inning with the score tied, 3-3, by giving the entire day's receipts to disabled soldiers and charity, returned today to the business of settling the championship. The umpires said it was too dark to play when they called the ball, but there were few fans who agreed with them about the conditions of daylight. It may have been too dark; maybe the fire lighted by the Yankees' left field bleachers had counted three runs for the Giants in the very first inning, and they wanted to see a finish. They couldn't understand why the umpires should not be granted them. And they fussed. Landis and Umpires Hooted. "They rattled at the umpires until the umpires found cover. Then, because there was no one else left on which to vent their feelings, they turned to Commissioner Landis, the boss of all major league baseball, and they said to him many things. Commissioner Landis didn't have anything to do with calling the game, but he made a nice target for their bombardment of criticism. Having talked themselves out, they went home. The owners of the clubs and players didn't want anybody to think the game had been called deliberately, so that they could play another game and take in more money. So after consultation with Landis, they decided they wouldn't keep one red cent.

Pitching Possibilities. And so the third game, with the Giants "at home" again is on today. McGraw men still have the edge, but they won't win the first game, and today they will play behind Pitcher "Deacon" John Scott, who displayed quite some twirling cunning during the latter part of the season. Miller Huggins has selected Walter Hoyt, the youth who caused the Giants no end of worry in the 1921 series, in an effort to even things. Ryan and McQuillan are in shape and ready to assist Scott, should the Yankees batters take too kindly to his delivery. Carl May, with his suit-waist style warmed up yesterday when it looked as if Shawkey might not go so well and he is allotted the same job today.

McGraw Blamed Over Pitchers. McGraw is blamed over the showing of his pitchers. "They said they weren't in a class with those of the Yanks. Neft, Ryan and Barnes haven't been so awful, have they?" asked Jess Barnes, had a lot to encourage him at the very start of yesterday's tie game, when Meusel's homer gave him three runs, but Jess had to be good in those ten innings to keep the Yankees down. They got back one of the three runs in their half of the first when Bucetti, after making a good stop on Dugan's rap, heaved over George Kelly's head. Dugan went to second on the misplay, but a third on an infield hit and scored on Phip's twister to Kelly, which went for a hit. The Yankees' second run came in the fourth when Ward lifted the ball over the bleacher signboards for a trip around the bags. Doubles by Ruth and Meusel accounted for the tying run in the eighth.

Shawkey Great After First. Shawkey's work after the first inning was all to the good. He was still a bit shabby in the second and third, but pulled through and for the remaining seven innings allowed but three hits, one of them being Barnard's single to center in the tenth. The newest conception of dope has it that the Yankees, despite the one game lost, have an equal chance with the Giants to win the series. The Giants used two of their best pitchers and have won one game while the Yankees have used two of their best pitchers and have won one game. This leaves the Yankees with two pitchers rated among the top pitchers, Hoyt and May, while Meusel, Scott and Ryan, the remaining regulars of the Giants' staff are not regarded so highly.

Yankees Spend an Evening Over Bridge

Answer through this paper or see manager at Edison Square any night at 7 or 8 o'clock p. m.

The strong Trojan football team of Lowell will travel to Lawrence Sunday afternoon to play the O'Learys A. C. of that city. The game will be played at O'Sullivan park and as this will be the first game of the season for the Trojans, a large crowd of local followers is expected to make the trip down the river.

The Pony Seconds are without a game for Sunday and would like to meet any 120-125 pound team in the city on the Lakeview avenue gridiron, that day. For games see Manager Lynch at the corner Stanley street and Lakeview ave., any night between 8.30 and 8.30 o'clock.

The O.M.I. Cadets and the Ponies of Centralville plan to stage one of the best grid battles of the fall next Sunday afternoon. It has not yet been decided where the game will take place, but it will be either at Shedd park or at the Lakeview avenue grounds. The managers are to meet again tonight and decide on the scene of the battle. Several years ago there was the greatest rivalry between these two teams and this year the Ponies are down to regain their former prestige in the amateur football world. The Ponies this year have a large squad of fine material and indications point to a very successful season. The Cadets have had a very creditable football team for several years back and this season's team bids fair to continue the good record. Sunday's game should produce the real thing in the line of football and the fans plan to turn out in large numbers to witness this struggle.

The manager of the O.M.I. Cadets football team would like to meet the manager of the Ponies tonight in front of Page's at 8 o'clock tonight.

The Indians and the O.M.I. Cadets are to meet on the gridiron at Shedd park Sunday afternoon. There is great rivalry between these two teams and a fast game is expected.

The Wildcats of Billerica will be seen for the first time this season on the old fair grounds next Sunday afternoon. This evening is one of the fastest in the state and their play should be well worth watching.

NEW YORK, Oct. 6. (By the Associated Press.)—All the ingredients of an old time carnival day were distributed about the Polo grounds yesterday for the second game of the world series, but the crowd departed leaving them unmixed. The stage was set for a panorama as fascinating and as human as a gladiatorial combat in a Roman coliseum, but the curtain never went up.

The crowd remained strangely apathetic and generally impassive until the last two innings. Veteran spectators who travel across the continent more to sniff the smoke of battle than to see a pitching duel, pronounced it one of the most unimpressive gatherings ever collected at a major sporting event.

FOOTBALL NOTES. The Indian Second team, formerly the Indian Third team, would like to arrange games with any 125-150 pound team in the state, October 12, the Indians will line up against the O'Learys of Lowell on the old fair grounds at 3 p. m. The Indian team consists of Torrey, Phip, Herson, MacGraw, Turner, O'Neil, Massey, Foster, Peverill, Davidson, H. Herson and Donnelly.

This team is a strong contender for event.

BOWLING

The Tremont & Suffolk team defeated the Selwyn club last evening by a score of 1310 to 1285. Other contests were held last evening between teams of the Lawrence Mfg. Co. and North Chelmsford leagues. The scores:

LOWELL HIGH WILL CLASH WITH CONCORD

Tomorrow Coach Jim Liston and his squad of 30 Lowell high footballers will journey to Concord, N. H., where they will battle on the gridiron with the high school team of that city. The boys will make the trip to the capital city by truck, leaving Lowell about 10:30 o'clock tomorrow morning. The return trip will be made shortly after the close of the game.

The lineup that will wait the umpire's whistle will probably be as follows: Linebackers—McMannion (capt.), Bailey, H. P. Gannon, C. Sullivan, R. Bryan, Clark, R. Sheehan, H. O'Day, R. Dean, R. Chase. Coach Liston will have several second string backs on the side lines and he plans to use some of them during the game. He says that Lowell will have no fancy plays for this game but will resort to straight football with line plunges predominating.

Concord high has a fine team this year and two weeks ago rolled up 60 points against Keene high school. While Keene may not have a good team this season gives plenty indication that Concord has a strong team as this high score was rolled up in about 45 minutes of play. Because of Lowell's auspicious opening Coach Liston feels that his charges will be able to down the upstarts and looks for another victory.

Sheehan, Dean, McMannion and Hilt, who played a fine brand of football last Friday, are expected to come through again tomorrow and give the opposing backs something to worry about. The tackling of the Lowell boys was hard, fierce and sure in the first game and they have been coached in this line all week so that the Concord boys are due for a rough afternoon. Coach Liston, who was injured in this stunt by Major Cunningham, has instructed his boys in the same way as hard tackling has a demoralizing effect on the opposing team's spirit.

Manchester high plays Lowell high on Columbus day as a special treat and the coach has made special preparation for this game. It is several years since a Lowell team has beaten Manchester but he confidently expects to do it this year. He has outlined three or four new plays for this game that are bound to fool the visitors. Lowell coaches are sure of the big ones on the schedule and in pointing his team toward a victory.

TEXTILE SCHOOL TO MEET PROVIDENCE. The Textile school football team will introduce its wares to local followers for the first time this season when they play the Providence team tomorrow on the Moody street campus tomorrow afternoon. Among the Textile players whom the supporters place a great deal of reliance in is a player named Leonard of Saco, Me., who can play any position in the line with equal skill. Lombard is also in basketball player of note and has the distinction of having held the captaincy of the two major sports. He will graduate next spring with the degree of bachelor of textile engineering.

SPORTING NOTES

Big crowds are turning out every afternoon at the Crescent rink to follow the world series games as given play by play on the big electric board. The games can be followed just as well as if the spectators were in the stands on the Polo Grounds, New York. The board is a mass of electric bulbs, and a play occurs the light flashes and travels the course of the play or the ball. When a hit is registered the big bell rings and the show is good to see. A home run brings a continuous ring, and as the lights show the man circling the bases a die light just what happens at the game is obtained. It is a marvelous board and is proving entirely satisfactory to all those who attend the games each day. At the close of the games start in New York, the special wire, brings the news to the rink, and from this point until the last man is out, a correct and detailed description of the game is projected.

A delegation of Lowell friends and well wishers will accompany Billy Murphy of the crew to Boston on Tuesday night to cheer him on to victory in his bout with Johnny Lucas. Connie Lynch is in charge of the local arrangements and he is making plans to conduct a "big party."

Phinney Boyle's signed contract for his bout with Johnny Downes on the holiday has been received by "Deak" Dodge. Boyle is training every day for the bout and feels confident of winning over his South Boston rival.

Jack Williams. In a letter to The Sun, says: "South Boston Johnny Downes is the happiest boy in these parts, knowing he has a chance to even scores with Phinney Boyle on Thursday, October 12, in the same ring that he was deprived of a knockout by Referee Phinney. All he asks for in the coming contest is somebody who can count 'ten' as he will be presented with an opportunity in the first round. Several other promoters have tried hard to clinch this match, but it was of no avail, as Downes insists on knocking Boyle out in Lowell. Cecil Dodge, the promoter, has been requested to set aside three hundred seats for Downes' friends."

Capt. Sam Whitelock, of the Comiques bowling team, which is to roll the Olympic tomorrow night, will select his quintet from the following well known bowlers: P. Brady, F. Shonhol, R. Thurber, C. Flynn, J. Hayden, J. Barrett and C. Brigham.

WILL MAKES THREE BAGGER IN SIXTH INNING

Picture shows Whitey Will, Yankee center folder, kicking up a cloud of dust as he slid into third base on his triple in the sixth inning of the first game of the world series. In front of the bag is Heinie Groh, Giants third baseman. Umpire Owens at left, calling Will safe. In the foreground is Coach O'Leary of the Yankees.

MANY LOWELLIANS AT BROCKTON FAIR

Yesterday was Lowell day at the Brockton fair. Several hundred Lowellites motored to the scene of attractions and were unanimous in declaring the fair a big success. They were particularly interested in the horse races which were exceptionally good. The only trouble they experienced was getting their automobiles out of the jam of machines that packed the 10-acre parking space. The number of machines parked there was estimated at 10,000.

The feature of the harness racing program for the hundreds of regular followers of the horses, who struggled for a vantage point in the curbs of humanity, was the victory of the giant pacer, R. J. Brett, in a \$3000 purse, the winner's share of which looked, before the start and even until well along into the second heat, to be an in-

centive for just a nice workout for the Hartford gelding, Almaden Onward.

The wonder horse owned by Thomas McWilliams of Portsmouth, N. H., won with a lot to spare in 2:10 1/4, 2:09 1/4, 2:14 1/4, the favorite getting second money because he won the first heat.

R. J. Brett was not the only surprise winner, the two-year-old Trumpet being the only favorite to come through. Starting the racing Will Flemming landed the 2:15 trot, in which three heats had been raced Wednesday with the Boston gelding, The Ultimate, winning handily in 2:14 1/4, 2:15 1/4.

Then along came the four-year-old Mr. Kent from Comsewogue farm, Monroe, N. Y., tipping over Admiral Harris in a two-heat contest in which "Urban Boy" Proctor made the boys sit up by taking the second heat in 2:10 1/4 with Querita.

The half-brother to Miss Harris M. 1:58 1/4, won the first and fifth heats, but was outranked in the summary by Mr. Kent.

Trumpet, the son of Etawah, 2:03, and Nery Tipton, 2:14, which State Post handles for Charles Welland of New York, was the best of the two.

year-old trotters. This made his eighth win over the half-mile track. Two Massachusetts bred pacers stood first and second when the 2:18 class was postponed because of darkness. Putty Chatham took two heats, then lost the third to King Challenor, which was bred on the fair grounds by Supt. Harry C. Briggs.

PETER THE BREWER WINS PENNSYLVANIA STAKE

LEXINGTON, Ky., Oct. 5.—The \$5000 Pennsylvania stake for 2:05 trotters, feature of the card at the trots yesterday, furnished a big upset, the heavy favorite, Great Briton, being beaten by the Michigan 4-year-old, Peter the Brewer, driven by Nat Ray and owned by E. Stout of Pontiac, Mich. In winning the colt equalled the record of the stake of 2:02 1/4, made two years ago by Peter Manning, this also being the fastest trotting race ever recorded.

A bad start in the first heat and a break in the second rubbed the favorite of whatever chance he might have had of winning, but it is doubtful if he could have beaten the colt from the Ray stable on even terms yesterday. The Cox candidate, E. Colorado, trotted a great race and landed second money.

The auction selling on the Pennsylvania was heavy, Great Briton bringing \$600, Peter the Brewer \$410, Escocott \$300, E. Colorado \$250, Prince George \$235, The Great Rose \$225, Bill Sharen and Peter Coley \$200 each and the field \$40. The scoring was as follows: For the first heat and the favorite was far back on a break when the word was given.

Kilo Watts set the pace, but Peter the Brewer, Bill Sharen and E. Colorado hooked up in the last eighth and finished as named in 2:02 1/4. Great Briton got away well in the final heat but was a break at once, and this time the finish was between Peter the Brewer and E. Colorado, with the colt winning in 2:02 1/4.

The 2:05 trot was won by the favorite, Pluto Watts, a four-year-old from the Roland Harriman stable, driven by Will Dickerman. The youngster was much the best and took a new record of 2:06 1/4 in the second heat. A favorite to him was Havana in the 2:03 trot, the Brooklyn mare Wilaska beating him in straight heats, the first in 2:05 1/4, Russell Ongile and Walter M. were equal choices for the 2:17 pace, but were beaten by the outsider, Peter Cico.

TWO KINGS OF WORLD OF GOLF CLASH

PITTSBURGH, Oct. 6.—(By the Associated Press) Two kings of the world of golf met today on the difficult course at Oakmont in the first half of a two day struggle of 72 holes to determine, in an unofficial way, which champion shall be hailed king-conqueror.

The contestants are Walter Hagen of New York, a veteran but still in his prime, and Eugene Sarazen of Pittsburgh, who flashed into stardom at Skokie, last July.

Hagen is open champion of Great Britain. Sarazen is the first youth in history to hold the national professional and national open titles at the same time.

The final round of 36 holes will be played tomorrow on the Westchester-Billmore links at Rye, N. Y. The winner will receive 60 per cent of a purse of \$3000 and the loser will get the rest. Hagen, like Sarazen, is familiar with the fairways and pitfalls of both courses.

TRACK OPENING AT SHAWNEEN VILLAGE

Everything is in readiness for the mammoth field day and track events that will mark the formal opening of the new running cinder path and athletic field in Shawneen Village Saturday afternoon. Athletes for miles around are looking forward to the occasion with a view to participating as some of the most valuable and beautiful cups, medals and other prizes will be awarded the winners in the many events to be held. The entire affair is under the auspices of the Shawneen Athletic association.

The occasion of the field day and track events is the formal opening of the elegant new cinder track and grand athletic field, located off Baltimore street, in the rear of the Baltimore Spa and beside the gracefully winding Shawneen river. The site is ideal in every way and the thorough that will flock to the spectacular races will readily place their stamp of approval on the entire grounds. For weeks the track and athletic field have been in course of preparation for Saturday's events. The track is a quarter mile one, circular in form, entirely encircling a baseball and football field as level as a billiard table. The track is amply wide for any number of contestants and has been rolled and made firm. It is one of the finest cinder paths and athletic fields in the entire east and promises to be a mecca for athletic admirers and contestants. Mighty fast marks and even new records are looked for on the new track.

RECORD RECEIPTS GO TO CHARITY

NEW YORK, Oct. 6.—The entire receipts from yesterday's world series game between the New York Giants and the New York Yankees will be

All Goods Standard Brands and Reliable.

given to disabled soldiers and charities of New York City. Commissioner Landis announced last night. The total receipts amounted to \$120,554. A record for a world series game.

In a statement issued to newspapermen, who had been called to his hotel room, Commissioner Landis gave no direct explanation for the decision. He referred, however, to the fact that "many spectators" were disappointed with the game. He made no reference to the mistreatment accorded him by a large number of fans when he was leaving the field.

"Under baseball law the umpires are charged with the sole authority of calling a game on account of darkness. In exercise of this authority yesterday's game was called by them at the end of the 10th inning. Many spectators were of the opinion that the game might have continued.

made in yesterday's game, however, will be included in the records of the series.

Of course, the umpires on the field are in much better position to judge conditions that affect play. But, regardless of any question whether this decision was erroneous, the two New York clubs, acting for themselves and their teams, have decided, with the approval of the commissioner, that the entire receipts of yesterday's game shall be turned over to funds for the benefit of the disabled soldiers and to the charities of New York city.

This will give the players, the clubs and the baseball commission a share in the next three games. The records signing up Partington (formerly of Leather association.

Manchester Blues) and P. Currie (formerly of Clan McPherson's of Lawrence). The game will start at 3:30 sharp and a big crowd is expected to be on hand. All Mass. players are requested to be on the ground at 1:30 sharp.

SOCER FOOTBALL

A fast soccer game is expected on the Aiken street playground Saturday afternoon, when the Mass. Cotton Sox meet the Y.M.C.A. in a Merrimack Valley league contest. The Y.M.C.A. are made up of Portuguese players who know how to bring out all the fine points of the game. They will also be strengthened for this game and will have five new men from Hudson in the lineup. This game also means a lot to the Mass. team, who have strengthened considerably by signing up Partington (formerly of Leather association.

A. C. LAWRENCE DEAD
BOSTON, Oct. 5.—Arthur C. Lawrence, head of the A. C. Lawrence Leather company, died here yesterday in his 74th year. He had been vice president of the National Leather Co. and of the New England Shoe & Leather association.

HIGH SCHOOL ATHLETICS

Ad Club Plans to Arouse
General Interest in High
School Sports

For the first time since the opening of the new school the entire student body of the high school will gather in the gymnasium next Monday morning. Today men were busy placing 300 seats on the stage of the auditorium which will be occupied by the seniors. The school will assemble in the hall at 8.15 and the exercises will get under way about 8.30. There will last about one hour as the first period has been omitted.

Following the decision of the Ad club to rally to the support of the Lowell high school football team in order to arouse the interest of the business men and the entire city in high school athletics, a committee from the Ad club, composed of George H. Wood, Abel R. Campbell and Elias McQuade, called on Principal Harris today to confer about the meeting of the pupils next Monday morning. The committee wished to address the pupils on the question of the revival of high school athletics, and Mr. Harris was quite pleased with the idea. As a result the meeting will be turned over to this committee and special plans have been laid to make it a real athletic rally.

It is the plan of the committee to secure the services of some well known figure in the college athletics world to address the students on the subject of school athletics and school spirit, and at present they are trying to secure Major Cavanaugh, coach of the Boston college football team, to come here on that day. In addition, Mr. Benjamin Prouzner of the Ad club will speak to the pupils for a few minutes on the subject of school spirit and the method of arousing it. Charles J. Keyes will be on hand to lead the singing of the Booster song, and Assistant Secretary Edward V. Gallagher of the chamber of commerce will also take part in the rally.

Mr. Keyes will call on the boys to sing the Booster song first and will then call on the girls to sing it and in this way will arouse a spirit of enthusiasm at the meeting that will be kept alive by future meetings of this kind. The newly chosen cheer leaders will be on hand and will conduct a practice session of the old and new high school cheers.

Such a meeting marks a new departure in the history of high school athletics and it is one that is bound to bring good results. For some years past, interest, not only of the people of the city, but also of the high school students, in high school athletics, and particularly football, has been at a low ebb. The Ad club has taken up the idea and plans to give the best to high school and place football on a scale in this city that it has attained in other cities where such campaigns have been carried out.

Similar meetings will be held every Monday morning at the high school and interesting speakers, closely connected with school athletics, will be brought here to speak to the pupils. The club will also carry this work to outside organizations in an attempt to arouse the entire city.

Tuesday noon at the meeting of the Rotary club, Abel R. Campbell and Elias McQuade will address the Rotarians on the matter and plan to secure their whole-hearted support in this undertaking. The two speakers will outline the benefits that will come to the city in the way of outside advertising through such a scheme and also the benefit that will accrue to the high school by such an enlarged scope of interest. Charles J. Keyes will lead the Rotarians in the singing of the Booster song of the Ad club and help them rouse the interest of this representative group of business men in the proposed plan.

In order to reach people in the various walks of life, George H. Wood and Charles J. Keyes will address the Grace Church Men's club on this same subject. In this way they plan to win the support and awaken the spirit of the men in this quarter so that the idea will be taken up with a bang by the entire city.

The members of the Ad club have

NOTRE DAME ACADEMY CHAPEL RENOVATED

The work of renovating the beautiful chapel of the girls' academy in charge of the Sisters of Notre Dame of Namur is completed and the chapel will be open for inspection to all former friends and patrons of the institution on Sunday, Oct. 8, between the hours of 9 a. m. and 3 p. m.

The Notre Dame chapel is 15 years old and today stands as an architectural structure of beauty. The altars, statuary and woodwork are very beautiful, and the renovating process has completely changed the appearance of the little house of worship. The interior woodwork has been freshly painted and varnished, the statues cleaned and the priceless paintings made to look as new. It took three months' time to complete the work, but visitors next Sunday will appreciate the care that has been taken to make this chapel a beautiful and inspiring place. Academy services will be conducted here throughout the school year.

DEATHS

O'BRIEN—Michael H. O'Brien, a well known resident of this city and for years an employee of the health department, died last night at his home, 155 Walker street, aged 56 years. He is survived by a wife, Nellie (Elizabeth) O'Brien, a son, James T. and two daughters, Alice and Catherine; two sisters, Mrs. Ellen Brennan and Mrs. Daniel McElhinne; a niece and a nephew.

FUNERAL NOTICES

O'BRIEN—The funeral of Michael H. O'Brien will take place from his late home, 155 Walker street, on Saturday morning at 8 o'clock. The funeral high mass of requiem will be sung at St. Patrick's church at 9.30 o'clock. Interment will be in St. Patrick's cemetery. Undertaker Peter H. Rogers in charge of funeral arrangements.

SULLIVAN—Died Oct. 4, John J. Sullivan. Funeral will take place on Saturday morning at 8 o'clock from his late home, 155 Walker street. High mass of requiem will be sung at St. Peter's church at 9 o'clock. Interment will take place at St. Patrick's cemetery. Undertakers M. H. McDonough Sons in charge.

FLANNERY—Died Oct. 4, Hugh J. Flannery. Funeral will take place on Saturday morning at 8 o'clock from his late home, 155 Walker street. Solemn high mass of requiem will be sung at St. Patrick's church at 9 o'clock. Interment will take place in St. Patrick's cemetery. Undertakers M. H. McDonough Sons in charge.

HESSE—Died in Baltimore, Md., Oct. 1st. (By accident) William Hesse, aged 27 years. Military funeral on Sunday afternoon at 2.30 o'clock from 39 Clark street.

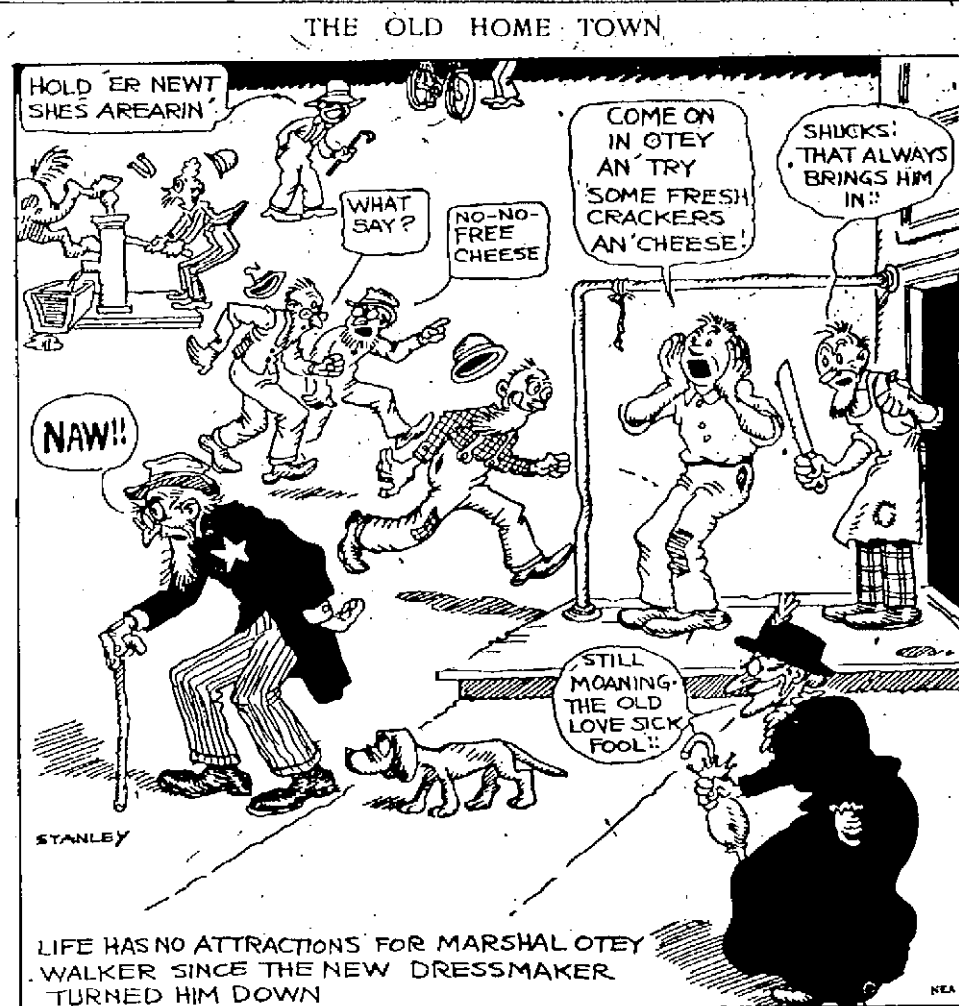

Veterans of the late war are invited to attend. On Monday morning at 8.45 o'clock a mass for the repose of his soul will be celebrated at St. Patrick's church. Burial in St. Patrick's cemetery, under the direction of Undertakers James F. O'Donnell and Sons.

PURMAN—The funeral of Sarah Barry Purman will take place Saturday morning at 8 o'clock from her home, 155 Walker street. A solemn high mass will be celebrated at the Immaculate Conception church at 9 o'clock. Burial will be in the Lowell cemetery. Funeral in charge of Charles H. Molloy's Sons.

FUNERALS

WOOD—The funeral services of Rufus C. Wood were held yesterday afternoon and were largely attended. Rev. John G. Lovell, pastor of the Congregational church of Chelmsford, officiated. There were appropriate eulogies by Mr. and Mrs. Arthur M. Warren. There were many beautiful flowers. The body was taken to East Johnsonbury, Vt., where services were held and burial took place today. The funeral arrangements were in charge of Undertaker William H. Saunders.

PLATT—The funeral services of Albert A. Platt were held yesterday afternoon at the home of his daughter, Mrs. Charles J. Keyes, 155 Walker street. The funeral was held with the greatest enthusiasm and plan to put it across with the greatest possible success. They have not been working on this idea a week yet but the amount of work they have done in this short time augurs well for the success of the idea. It is absolutely certain that the supporters of the Lawrence team, who back their team with a wonderful show of spirit, are bound to receive a surprise on next Thanksgiving day when the two teams meet at O'Sullivan park.

LIFE HAS NO ATTRACTIONS FOR MARSHAL OTEY WALKER SINCE THE NEW DRESSMAKER TURNED HIM DOWN

afternoon at his home in Tyngsboro and were largely attended. Rev. C. White, pastor of the United church of Tyngsboro, officiated. A quartet, composed of Harry L. Littlehale, Ralph S. Harlow, Norman R. Sherwood and Charles H. Littlehale, sang appropriate selections. There were many floral tributes. The body was taken to Danville, Vt., where burial took place today. The arrangements were in charge of Undertaker W. Herbert Blake.

SHANLEY—The funeral of Private Edward J. Shanley, a member of Battery B, 10th Field Artillery, took place today at 8.30 o'clock from his late home, 101 Chelmsford street. The young soldier was accorded full military honors, the caisson bearing the remains of the deceased soldier, accompanied by a solemn high mass, was taken to the church where it proceeded to St. Peter's church where, at 9 o'clock, a solemn high mass was celebrated by the Rev. Peter J. Linehan, assisted by the Rev. Daniel J. Heffernan, as deacon and the Rev. John M. Manion as sub-deacon. The choir rendered the Gregorian mass. Solos were rendered during the mass by Miss Mary Ryan, Mr. James E. Donnelly, Miss Gertrude Quigley presided at the organ. The caisson was borne by the following bearers: All members of the deceased's Messengers, John Cozzetti, John Regan, Benjamin O'Grady, Henry Partell, David Hoban, William Houck, Charles Carroll and Charles O'Dell. There was a profusion of beautiful and appropriate floral offerings and numerous spiritual bouquets from friends and relatives. Papers were sung at the grave by Bugle Bello J. Lamoureux and three volleys were fired over his grave through a 75 inch gun, which saw service on the battlefields of Europe. The caisson was in command assisted by Chief Mechanic Harry H. Hale. The gun was in charge of Albert Shelton, Jr., and the caisson was in charge of Corp. Louis Leeseard and Gordon Streeter. The burial took place in St. Patrick's cemetery, the committal prayers being read at the grave by the Rev. Peter J. Linehan. The funeral was largely attended and under the direction of Undertakers Higgins Bros.

HARGADEN—The funeral of the late Miss Nora Hargaden took place this morning at 8.30 o'clock from the home of her sister, Mrs. James King, 50 Pleasant street, and was largely attended by sorrowing relatives and friends. The cortege proceeded to St. John's church where at 9 o'clock a solemn high funeral mass was sung by the pastor, Rev. Francis Kenney, assisted by Rev. John Linehan as deacon and Rev. Emil Dupont as sub-deacon. The choir rendered the Gregorian chant, the solos being sustained by Miss Katherine Jennings, Miss Anna Curry presiding at the organ. There was a profusion of beautiful floral tributes and of spiritual bouquets. At the grave Rev. Fr. Kenney, assisted by Rev. Fr. Linehan and Rev. Fr. Dupont, read the committal prayers and the burial was in St. Patrick's cemetery under the direction of Undertakers James F. O'Donnell & Sons.

WELCH—The funeral of the late Mrs. Catherine (Walsh) Welch took place this morning at 8.30 o'clock from her home, Highland avenue, North Chelmsford, and was largely attended by sorrowing relatives and friends. The cortege proceeded to St. John's church where at 9 o'clock a solemn high funeral mass was sung by the pastor, Rev. Francis Kenney, assisted by Rev. John Linehan as deacon and Rev. Emil Dupont as sub-deacon. The choir rendered the Gregorian chant, the solos being sustained by Miss Katherine Jennings, Miss Anna Curry presiding at the organ. There was a profusion of beautiful floral tributes and of spiritual bouquets. At the grave Rev. Fr. Kenney, assisted by Rev. Fr. Linehan and Rev. Fr. Dupont, read the committal prayers and the burial was in St. Patrick's cemetery under the direction of Undertakers James F. O'Donnell & Sons.

COLBY—The funeral of Walter H. Colby, formerly of this city, took place today at 8.30 o'clock from his late home, 155 Walker street, Cambridge, at 1 o'clock this afternoon. The services were conducted by Rev. William A. Bartlett, a former Lowell resident. The funeral cortege was here about 9 o'clock. Interment was in the Lowell cemetery. Deceased was manager of the bureau of information and investigation of the Boston chamber of commerce. His death occurred Tuesday.

BRADDOCK—The funeral of Lionel, infant son of Joseph and Anna (Perreault) Bradnock, took place at ten o'clock this morning from the home of his parents, 256 Cheever st. Burial was in the family lot in St. Joseph's cemetery under the direction of Undertaker Joseph Albert.

tended by sorrowing relatives and friends. The cortege proceeded to the Immaculate Conception church where, at 9 o'clock, a funeral high mass was sung by Rev. Martin Norton, O.S.B. The choir, under the direction of Mr. Charles P. Smith, rendered the Gregorian mass, the solos being sustained by Mrs. Walker and Mr. Smith. Mrs. Walker presiding at the organ. There was a profusion of beautiful floral tributes and of spiritual bouquets. The bearers were Patrick Linskey, Thomas Linskey, Albert Aubrey, Maurice Foley, James King and John King. At the grave Rev. Fr. Norton read the committal prayers and the burial was in St. Patrick's cemetery, under the direction of Undertakers James F. O'Donnell & Sons.

JACOBS—The funeral of Mrs. Marie Jacobs took place this morning from the home of her daughter, Mrs. L. L. Hall, Walnut street, North Billerica. High mass of requiem was celebrated at St. Andrew's church at 9 o'clock by Rev. Charles Sullivan. The choir, under the direction of Miss Ella Hunt, who also presided at the organ, rendered the Gregorian chant, the solos being sustained by Joseph Gannon and Miss Estelle Gannon. The bearers were: Joseph Gannon, Fred Lablane, George Lablane and James White. Burial was in the family lot in St. Joseph's cemetery under the direction of Undertakers James F. O'Donnell & Sons.

WELCH—The funeral of the late Mrs. Catherine (Walsh) Welch took place this morning at 8.30 o'clock from her home, Highland avenue, North Chelmsford, and was largely attended by sorrowing relatives and friends. The cortege proceeded to St. John's church where at 9 o'clock a solemn high funeral mass was sung by the pastor, Rev. Francis Kenney, assisted by Rev. John Linehan as deacon and Rev. Emil Dupont as sub-deacon. The choir rendered the Gregorian chant, the solos being sustained by Miss Katherine Jennings, Miss Anna Curry presiding at the organ. There was a profusion of beautiful floral tributes and of spiritual bouquets. At the grave Rev. Fr. Kenney, assisted by Rev. Fr. Linehan and Rev. Fr. Dupont, read the committal prayers and the burial was in St. Patrick's cemetery under the direction of Undertakers James F. O'Donnell & Sons.

SUN BREVITIES

Best printing, Tobin's Associate Bldg. 112 electric heaters for \$9 while they last. Electric shop, 62 Central street.

Medium brown hair looks best of all after a Golden Gilt Shampoo—Adv. Hair and beauty insurance, Daniel J. O'Brien, Wyman's Exchange.

Edison Hot Point Irons, \$6; Simplex Iron, \$5. Fairview Bros., 121 Merrimack st.

Mr. Edward O'Connor is renewing old acquaintances in Lowell after an extended absence from this city. He is employed in Maine.

The fire alarm from Box 86 at 12.55 this noon was for a fire in Wyman street. There was considerable smoke but no damage.

Donald, Robert and Samuel Erdis and Nelson Gray are auto touring in the White mountains and Canada. Post cards received from them en route indicate a pleasant trip enhanced by beautiful weather and gorgeous scenery.

It has just been announced that Walter Donahue of 381 Dutton street, a student at Holy Cross, has been awarded the silver medal for excellence in the French class. He also received honorable mention in his other studies.

For the late November meetings of the Lowell Ad club, Mr. Hovey, sales manager for the Frank E. Davis Fish Co., of Gloucester and E. Fred Cullen, president of the Johnson Educator Food Co., have been secured as speakers. Other prominent speakers are being lined up but no definite word can be given on them at present.

NEEDLESS ALARM
A still alarm at 10.03 this morning called a portion of the fire department to Bagshaw's old mill off Chelmsford street. Smoke issuing from the basement of the building caused someone in the neighborhood to telephone the department, but on arrival it was found that men were baking potatoes, and there was no fire.

AVIATION ENDURANCE

RECORDS SMASHED

SAN DIEGO, Cal., Oct. 6.—All aviation endurance records for heavier than air craft were smashed today by Lieutenants John A. Macready and Oakley Kelly of the United States army, who at 8.30 o'clock had been aloft in their monoplane T-2 for 26 hours and 34 minutes. The previous record was 22 hours, 19 minutes and 35 seconds.

Wong Carried Narcotics

This morning that it was reported to him as 12 grains of opium. The officer said that he would probably bring the drug violation charge against Wong before the case came to trial next week.

In connection with the alleged finding of the drug, Supt. of Police Thomas R. Atkinson was questioned relative to the number of drug addicts in this city and their methods for obtaining drugs. He said that he thought the number of addicts in this city was small. He added that from time to time

MAIL CARRIER WOUNDED

Loaded Rifle Sent Through the Mails Exploded—Bullet Entered Arm

ROCHESTER, N. Y., Oct. 5.—William Alexander Rural mail carrier of Mount Morris, near here, was wounded today when a loaded rifle, sent through the mails from Philadelphia, exploded as he was lifting the package containing it from a sack. The bullet entered his right arm, shattering the bone.

Federal agents visited the city and checked up the amount of drugs sold and investigated the drug situation in detail. Also he said that the vice squad was continually on the watch for drug-users and peddlers but that few cases were brought to its attention.
